Roosevelt Road bridge repairs begin April 8

CHICAGO – The Illinois Department of Transportation announced today that repairs to the bridge carrying Roosevelt Road (Illinois 38) over Winfield Creek, east of County Farm Road, in Wheaton, will begin, weather permitting, Monday, April 8.

To complete the work, Roosevelt Road will be reduced from two lanes to one in each direction, between Fapp Circle and Community Drive/Hazelton Avenue. Motorists also should expect various lane shifts on both sides of Roosevelt Road approaching the bridge.

The project, which consists of installing a new deck overlay, replacing expansion joints and repairing approaches, is anticipated to be completed in October.

The public can expect delays and should allow extra time for trips through this area. Alternative routes are encouraged. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.

Over the [next six years](#), IDOT is planning to improve more than 3,000 miles of highway and nearly 10 million square feet of bridge deck as part of Rebuild Illinois, which is investing \$33.2 billion into all modes of transportation. [Accomplishments](#) through Year Four of Rebuild Illinois included approximately \$12.1 billion of improvements statewide on 5,339 miles of highway, 533 bridges and 762 additional safety improvements.
