Illinois 18 Henry bridge inspection underway *Lane reductions necessary through end of week*

HENRY – The Illinois Department of Transportation announced that a routine inspection of the Illinois 18 bridge over the Illinois River at Henry is underway.

The inspection will reduce the bridge to one lane, with traffic controlled by flaggers during the day when workers are present, until April 19, weather permitting.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
