Illinois 98 work in Tazewell County begins April 23

GROVELAND – The Illinois Department of Transportation announced that guardrail replacement on Illinois 98 from just west of Groveland to McNaughton Park Drive in Tazewell County begins April 23.

The daytime work will reduce Illinois 98 to one lane, with traffic controlled by flaggers, through the end of May.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
