## ChargeSPOT™ Installations in Singapore Exceed 100 Units!

\*\*\*\*\*

T-Gaia Asia Pacific Pte. Ltd.\* (Singapore, Managing Director: Yuji Goshima) is pleased to announce that its power bank sharing service, "ChargeSPOT™" has now been successfully deployed at over 100 locations across Singapore.

\* ChargeSPOT in Singapore based on the Master Franchise Agreement signed in March 2023 with INFORICH

### ■ What is ChargeSPOT

ChargeSPOT began its service in Japan in April 2018 with the concept of 'rent anywhere, return anywhere,' and has been expanding its installation locations. The service also started in Singapore in December 2023, and in about four months, the number of installations exceeded 100 units. Moving forward, we aim to make it even more convenient for users by ensuring that you can borrow and return power banks anywhere. Our goal is to expand the number of installations progressively.

Here's how ChargeSPOT use:

- 1.Download the ChargeSPOT app.
- 2.Scan the QR code on the rental stations using the app.
- 3.Borrow the power bank.
- 4.When you're done, return it to another nearby rental stations.

**Click here to download the ChargeSPOT application.** <https://go.onelink.me/GQjX/cc9f2407>

\*Detailed locations can be checked from within the application.

\*ChargeSPOT is a trademark or registered trademark of INFORICH INC.
