Review Report

AM/ 008607

To the Chairman and Members of the Board of Directors
United Insurance Company
(A Public Shareholding Limited Company)
Amman – Jordan

Introduction

We have reviewed the accompanying condensed interim statement of financial position of United Insurance Company (A Public Shareholding Limited Company) as of September 30, 2021 and the related condensed interim statements of income and comprehensive income for the three and nine-month period then ended, changes in Shareholders' equity and cash flows for the nine-month period then ended, and a summary of significant accounting policies and other explanatory information. Management is responsible for the preparation and fair presentation of these condensed interim financial statements in accordance with International Accounting Standard (34) Interim Financial Reporting. Our responsibility is to express a conclusion on these condensed interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Company". A review of condensed interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing, and consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that the accompanying condensed interim financial statements for United Insurance Company are not prepared in accordance with International Accounting Standard No. (34) Related to Interim Financial Reporting.

Other Matter

The accompanying condensed interim financial statements are a translation of the statutory condensed interim financial statements which are in the Arabic language and to which reference should be made.

UNITED INSURANCE COMPANY
(A PUBLIC SHAREHOLDING LIMITED COMPANY)
AMMAN – JORDAN
NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS
(REVIEWED NOT AUDITED)

1. General

- a. United Insurance Company was established in 1972 and registered as a Jordanian Public Shareholding Limited Company under Number (74) according to the Companies Law and its amendments. Moreover, United Insurance Company was merged with Egyptian Orient Insurance Company and New India Insurance Company in Jordan. The merger took effect from the beginning of 1988 and the Company resulting from the merger (United Insurance Company) has become the general success of the Company. In addition, more capital adjustments were made, the last of which was during the year 2008, so that authorized and paid-up capital became JD 8 million, divided into 8 million shares at a par value of JD 1 each.

The Company's address is P.O. Box 7521, Building No. (188), Zahran Street – 11118 Amman, Jordan.

The Company's objective is conducting all types of insurance, including life insurance.

2. Basis of preparation

- The condensed interim financial information has been prepared in accordance with International Accounting Standard (IAS) (34) (Interim Financial Reporting), and in accordance with the local laws and regulations in force, as well as the form prescribed by the Insurance administrative (previously known as the Insurance Commission).
- The condensed interim financial information is prepared on the historical cost basis except for the financial assets and financial liabilities, which are presented at their fair value as of the condensed interim financial information date.
- The Jordanian Dinar is the functional and reporting currency of the condensed interim financial information.
- The condensed interim financial information does not include all the information and disclosures required for the annual financial statements prepared in accordance with International Financial Reporting Standards and should be read with company's annual report for the year ended December 31, 2020. In addition, the results of the Company's operations for the nine months ended September 30, 2021 do not necessarily represent an indication of the expected results for the year ending December 31, 2021.
- The Company did not deduct any statutory reserves for the profit of the nine months ended September 30, 2021 in accordance with the regulations of the Companies Law and the issued instructions, as these financial information are interim information, and the deductions are made at the end of the fiscal year.

Judgments, Estimates and Risk Management

The preparation of the condensed interim financial information requires management to make judgments, estimates and assumptions that affects the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. The significant judgments made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the Company's annual financial statements for the year ended December 31, 2020 except for what is mentioned in note (3) below.

We believe that the estimates used in the preparation of these condensed interim financial information are consistent with those used in the annual financial information for the year 2020.

3. Significant Accounting Policies

The accounting policies used in the preparation of the condensed interim financial information are consistent with those used in the preparation of the financial statements for the year ended December 31, 2020. However, the following revised IFRSs were adopted which became in effect for the financial periods beginning on or after the first of January 2021, in preparing the interim condensed financial statements of the company, which did not materially affect the amounts and disclosures contained in the interim condensed financial information for the previous period and years, noting that they may have an impact on the accounting treatment of future transactions and arrangements.

Reformation of Interest Rate Benchmark-phase 2

Effective from January 1, 2021, the Company has implemented Interest Rate Benchmark Reform - Phase 2 amendments which address issues that might affect financial reporting as a result of the reform of an interest rate benchmark, including the effects of changes to contractual cash flows or hedging relationships arising from the replacement of an interest rate benchmark with an alternative benchmark rate. The amendments provide practical relief from certain requirements in IFRS 9, IFRS 7, IFRS 4, IFRS 16 and IAS 39 relating to changes in the basis for determining contractual cash flows of financial assets, financial liabilities and lease liabilities and hedge accounting.

The amendments require an entity to account for a change in the basis for determining the contractual cash flows of a financial asset or financial liability that is required by interest rate benchmark reform by updating the effective interest rate of the financial asset or financial liability. In addition, it provides certain exceptions to hedge accounting requirements.

Regarding to exposure to cash flow and fair value hedges and non-derivative financial assets and liabilities linked to Inter Bank Offered Rate maturing beyond the year 2021 and it was found that there is no material impact of the interest rate reform on the company's results.

4. Deposits at Banks

- During the period ended September 30, 2021, annual interest rates on deposits in Jordanian Dinar ranged from 3.5% to 4.5% (4% to 4.6% during the period ended September 30, 2020).
- Deposits collateralized to the order of the General Director of the Insurance Commission in addition to his position amounted to JD 600,000 as of September 30, 2021 (JD 325,000 as of December 31, 2020).
- Restricted balances amounted to JD 300,000 as of September 30, 2021 (JD 300,000 as of December 31, 2020) representing cash margins for an overdraft granted to the Company in addition to the deposits collateralized to the order of the General Director of the Insurance Commission.

Balances with banks are assessed to have low credit risk of default since these banks are highly regulated by the central banks of their respective countries. Accordingly, the management of the Company estimates the loss allowance on balances with banks at the end of the reporting period at an amount equal to expected credit losses for 12 months. Considering the historical default rates and the current credit ratings for banks.

This note represents the geographical distribution of the Company's operations. Moreover, the Company conducts its operations mainly in the Kingdom, representing local operations.

The following is the distribution of the Company's revenue and capital expenditures according to geographical sector:

	Inside Jordan					
	For the Nine Months					
	Ended September 30,					
	2021			2020		
	JD		JD		JD	
Earned premiums revenue	10,259,305		12,171,488			
Interest revenue	248,618		349,673			
Investment revenue	267,983		135,223			
Other revenues	13,127		583			
Capital expenditures	307,396		294,642			

	Inside Jordan		Outside Jordan		Total	
	September 30,	December 31,	September 30,	December 31,	September 30,	December 31,
	2021	2020	2021	2020	2021	2020
	JD	JD	JD	JD	JD	JD
Total assets	37,480,053	40,574,992	3,599,505	788,330	41,079,558	41,363,322

- The sectoral distribution of the company's business has been disclosed through the lists of revenues and the cost of compensation for the insurance business.

26. Dividend Distribution

On April 12, 2021, the company's general assembly approved the recommendation of the company's board of directors at its meeting held on January 24, 2021, to distribute profits of JD 800,000, or 10% of the nominal value of profits related to the year 2020.

27. Coronavirus (COVID-19) pandemic effect

The management has taken into consideration the impact of the COVID-19 virus and its unique circumstances and studied the risks of exposures to the company, as well as assessing the expected effects on the company's business and operations in order to review and evaluate the potential risks arising from this event. However, the company's management is constantly monitoring the impact of this event and its impact on the company's continuity. Including its adequacy and adequacy of its capital, it also evaluated its impact on management estimates used, including the expected credit loss model for related financial assets, valuation of investments, debt and equity instruments, evaluation the indicators of impairment of tangible assets and the reasonableness of the inputs used for this purpose in the financial statements as of December 31, 2020, and there was no modification to the interim condensed financial information for the period ended on September 30, 2021.

28. Fair Value Levels

A. Fair value of financial assets and financial liabilities that are measured at fair value on a recurring basis:

Some of the financial assets and financial liabilities are measured at fair value at the end of each reporting period. The following table gives information about how the fair value of these financial assets and financial liabilities are determined (valuation methods and used inputs).

Financial Assets / Financial Liabilities	Fair Value		Fair Value Levels	Valuation Methods and used Inputs	Important Intangible Inputs	Relation between Fair Value and Significant Intangible Inputs
	September 30, 2021	December 31, 2020				
Financial Assets at Fair Value Through Income Statement	JD	JD				
Shares with available market prices	141,240	151,356	Level One	Stated Rates in financial markets	Not Applicable	Not Applicable
	141,240	151,356				
Financial Assets at Fair Value through statement of Comprehensive Income						
Shares without market prices	195,940	195,940				
Shares with available market prices	5,098,115	4,435,776				
	5,294,055	4,631,716				

B. Fair value of financial assets and financial liabilities that are not measured at fair value on a recurring basis:

Except for what is set out in the table below, we believe that the book value of financial assets and liabilities shown in the condensed interim financial statements approximates their fair value because the Company's management believes that the carrying value of the items is equivalent to their fair value. This is due to either maturity or short-term interest rates repriced during the financial period.

	September 30, 2021		December 31, 2020		Fair Value Hierarchy
	Book Value	Fair Value	Book Value	Fair Value	
Financial assets without specific at fair value	JD	JD	JD	JD	
Deposits at banks	8,107,802	8,282,462	9,449,992	9,631,738	Level 2
Real-estate investment	4,796,030	7,558,758	4,860,268	7,558,758	Level 2
Total financial assets without specific at fair value	12,903,832	15,841,220	14,310,260	17,190,496	

The fair values of the above financial assets and financial liabilities included in level 2 categories have been determined in accordance with the generally accepted pricing models, which reflects the credit risk of counterparties.

29. Approval of the Condensed Interim Financial Information

The accompanying condensed interim financial information was approved by the Board of Directors on October 24, 2021.
