## EXECUTIVE SUMMARY

The Program Year 2021 Consolidated Annual Performance Evaluation Report (CAPER) is presented to the United States Department of Housing and Urban Development (HUD), Office of Planning and Community Development (CPD) by the City of Inglewood, California, in compliance with the statutory and regulatory requirements for reporting Consolidated Plan Grant program performance. In accordance with Title 24 Code of Federal Regulations (24 CFR) Part 91, all jurisdictions receiving funding from any of the HUD Consolidated Grant programs must complete a CAPER within 90 days from the close of the jurisdiction's fiscal year. The CAPER describes the accomplishments in attaining the goals and objectives of the final year of the City's Five-Year Consolidated Plan (FY 2017-2021) covering the period October 1, 2017 through September 30, 2022.

The City's fiscal year runs concurrently with HUD's 2021 program year (October 1, 2021 – September 30, 2022). Therefore, the 2021 CAPER is due to HUD by December 30, 2022 and includes the following statutory components: Narrative statements; Program activity summaries; CDBG financial summary; and HOME program summary.

During the program year, the City of Inglewood funded projects totaling approximately \$2 million dollars to assist at least seventy percent (70%) of all assistance served people from extremely low-, to moderate-income households under the Community Development Block Grant (CDBG) and HOME Investment Partnership (HOME) programs.

As mandated by federal regulations, the CAPER describes the resources made available to the City by HUD for the CDBG and HOME funded programs during FY 2021-2022, describes the strategies undertaken to implement long-term goals, and provides a self-evaluation of the progress made in meeting the goals. Narrative statements summarize the City's community development and housing goals and objectives, and provide a description of the activities undertaken during FY 2021-2022 to meet those goals. The financial summary outlines the City's Consolidated Plan grant allocations/revenue, program income and expenditures, as recorded in HUD's Integrated Disbursement and Information System (IDIS), and tracks financial disbursements and performance at the national level.

## **CR-05 - Goals and Outcomes**

### **Progress the jurisdiction has made in carrying out its strategic plan and its action plan.**

#### **91.520(a)**

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

In accordance with Title 24 Code of Federal Regulations (24 CFR) Part 91, all jurisdictions receiving funding from any of the HUD Consolidated Grant programs, must complete a Consolidated Annual Performance and Evaluation Report (CAPER) within 90 days from the close of the jurisdiction's fiscal year. The City of Inglewood, California ("City"), has a Fiscal Year (FY) beginning October 1st through September 30th, making its CAPER due to HUD by December 30th. The FY 2021-2022 was in effect October 1, 2021 through September 30, 2022, and corresponds to the City's 2021 CAPER, which describes the City's accomplishments in reaching the goals and objectives as set out in the 2017-2021 Consolidated Plan, as carried out in the 2021-2022 Annual Action Plan.

During the FY 2021-2022 program year, the City of Inglewood administered 8 activities under the Community Development Block Grant (CDBG) Program and HOME Investment Partnerships Act (HOME) Program, namely the Minor Home Rehabilitation Program, Summer Day Camp Program, Senior Meal Program, Fair Housing Counseling Services Program, Code Enforcement Program, the Edward Vincent Pak Restroom Project, Tenant-Based Rental Assistance Program, and the Homeless Tenant-Based Rental Assistance Program (HTBRA). No less than seventy percent (70%) of the federally-funded assistance benefitted people from extremely low-income to low-income households, in accordance with HUD's annual income guidelines for the Los Angeles Metropolitan Statistical Area (MSA). The 2021 CAPER contains the following statutory components: narrative statements; program activity summaries; CDBG financial summary; the HOME program summary; and the description of resources made available to the City by HUD for the CDBG and HOME funded programs during FY 2021-2022. Furthermore, it identifies other financial resources available to implement the City's community development and housing priorities as identified in the Consolidated Plan; describes the strategies undertaken to implement long-term goals and objectives; and provides a self-evaluation of the progress made in meeting its goals.

In addition to the CDBG and HOME allocation, in FY 2020-2021, HUD awarded the City \$1,863,178 of CDBG Coronavirus (CDBG-CV) funds to prevent, assist, or respond to local impacts of the 2019 Coronavirus (COVID-19) Pandemic (Pandemic). The CDBG-CV guidelines require that no less than 80 percent of the funding is to be spent within three years of funding allocation, and the balance be spent within six years of receipt of funds. During FY 2020-2021 and FY 2021-2022, the City administered the City of Inglewood COVID-19 Rent Relief Program for Inglewood residents using CDBG-CV funds. As of the end of the reporting period, 97 households were assisted with the COVID-19 Rent Relief Program.

Narrative statements summarize the City's community development and housing goals and provide a

description of the activities undertaken during FY 2021 to meet those goals. The financial summary outlines the City's Consolidated Plan grant allocations/revenue, program income and expenditures, as recorded in HUD's Integrated Disbursement and Information System (IDIS) and tracks financial disbursements and performance at the national level.

**Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)**

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

See Table 1 – Accomplishments - Program Year and Strategic Plan to Date.

**Table 1 - Accomplishments – Program Year & Strategic Plan to Date**

DRAFT

**Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.**

In accordance with federal regulations, at least 70 percent of Consolidated Plan Grant funds benefitted very low- to moderate-income persons. Effecting projects and/or programs to improve the housing and living environments for extremely low-income to low-income households has been a priority for the City, especially during the COVID-19 Pandemic. Projects such as those that address Park facility infrastructure improvements are an additional priority for the City. To meet the park infrastructure needs and minor home repair needs, the City allocated over \$960,000 in CDBG funding. The park restroom facility improvement project began during the reporting period and is currently underway at Edward Vincent Park, a park in a CDBG-eligible Census Tract. The City leveraged its General Funds along with CDBG funds to provide the project.

The Minor Home Rehabilitation Program remains a priority in Inglewood because of its housing stock. The age and condition of the housing stock is an important and indicator of the ever-growing need for housing rehabilitation. Conservatively, housing over 30 years of age can be presumed to need some form of major rehabilitation, such as roof replacement, foundation work, electrical upgrades, and plumbing systems. Housing over 20 years of age will generally exhibit deficiencies in terms of paint, weatherization, heating/air conditioning systems, hot water heaters, and finish plumbing fixtures. According to 2013-2017 Community Housing and American Survey (CHAS) data, in Inglewood, 81.5 percent of housing units were constructed before 1980 and approximately 18.5 percent of occupied housing units were built before 1939, making them over 83 years old. Furthermore, longtime homeowners, especially the elderly and disabled, are more likely to have fixed and limited incomes and may have difficulty maintaining their homes. The CHAS reports that there are 11,655 households with at least one member over the age of 62, and 7,520 (20.6 percent) of those households earn at or below 80 percent of AMI. Approximately 6,596 of the population ages 18 to 64 are living with disabilities. It is reasonable to address the need to preserve the aging housing stock in Inglewood for our low income residents. The City provides the Minor Home Rehabilitation Program serves as a mean to improve and rehabilitate the single-family residential housing units in need of repair.

## CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).

91.520(a)

	CDBG	HOME
White	62	7
Black or African American	154	38
Asian	5	0
American Indian or American Native	6	1
Native Hawaiian or Other Pacific Islander	9	0
American Indian/Alaskan Native & White	2

Amer. Indian/Alaskan Native & Black African American	2	1
Other Multi-Racial	10	1
<b>Total</b>	<b>250</b>	<b>52</b>
Hispanic	62	6
Not Hispanic	188	46

**Table 2 – Table of assistance to racial and ethnic populations by source of funds**

### Narrative

African-Americans, Latinos, and persons identifying as other Multi-Racial make up the majority of the population living in the City of Inglewood. Residents identifying as Latino are concentrated primarily in the western and southern neighborhoods of the city (e.g., Lockhaven, Inglewood Knolls); and the African American population of Inglewood is concentrated in the eastern and northeastern neighborhoods of the city (e.g., Fairview Heights, Morningside Park). The public facility and public service programs benefit the majority of residents who live in CDBG-eligible areas predominately in the northern, western, and southern areas of the city.

## CR-15 - Resources and Investments 91.520(a)

### Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	\$2,058,806	\$1,270,236
HOME	public - federal	\$3,759,934	\$661,156
CDBG-CV	public – federal	\$1,653,091	\$337,326

**Table 3 - Resources Made Available**

### Narrative

The City resources made available were CDBG, CDBG-CV, and HOME Program funds.

### Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
City of Inglewood Community Development Block Grant Eligible Areas	70	100	Community Development Block Grant Eligible Areas

**Table 4 – Identify the geographic distribution and location of investments**

### Narrative

CDBG funding is geographically distributed among the CDBG-eligible areas within the city. These are primarily the northern, western, and southern areas of the city. CDBG-eligible areas tend to have the majority of the multi-family housing units in the city, and the households tend to be in the lower income range. Funding is primarily allocated for public improvement projects such as park facility improvements in local parks located in CDBG eligible areas. Programs serving households in extremely low- to low-income areas include summer day camp programs for youths at city parks in CDBG eligible areas; improvements to city-owned parks in CDBG eligible areas; minor home rehabilitation for very low- to low income households; fair housing counseling services for tenants and landlords city-wide; and pick-up and home-delivered senior meals to extremely low- to low-income residents.

HOME funds were used for the tenant-based rental assistance (TBRA) Programs. The TBRA programs provide rental subsidies, and in some cases rental subsidies and security deposits, for elderly persons, aged 62 years and older; persons with disabilities; honorably discharged veterans; and homeless or formerly homeless residents. The use of rental assistance stabilizes and preserves permanent housing for city residents most at-risk of becoming homeless. HOME funds are available for income-eligible

residents and are not restricted to any specific area of the city. Funding is equally available for extremely low-income- to low-income households within Inglewood with documentation regarding their eligibility, including residency and income status.

CDBG-CV funds were available to low-income households who experienced a loss of income due to the Pandemic.

DRAFT

## Leveraging

**Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.**

Housing and community development needs have been based on input from the Mayor and City Council Members as well as information received from residents during our community meetings and the community needs survey. As a result, the City designated projects and programs that best meet the needs of the elderly, persons with disabilities, and low-income families.

The City leveraged CDBG and HOME Program allocations to the greatest extent possible to meet the housing and community needs of the city with public services, including the summer day camp programs in CDBG-eligible park facilities, the fair housing counseling program, and the Senior Nutrition Program that provided hot and frozen meals to extremely low-, to low-income senior residents with the use of CDBG funds, County of Los Angeles funds, and the City's general funds. The primary objective of the funded programs or projects is to improve the housing and living environments for extremely low-income to low-income households.

In FY 2021-2022, the City has made special effort to leverage all available resources for the benefit of the residents by allocating funds for home improvement programs. Funded with CDBG entitlement funds, the Minor Home Rehabilitation Program provides grants to low-income homeowners for the purpose of making needed, and in some cases, critical home repairs to address moderate to severe deferred maintenance, update systems for compliance to building code requirements, or to modify structures for improves accessibility and safety concerns. The Code Enforcement Program, partially funded with CDBG funds and General funds, encourages compliance with building codes. Through the Residential Sound Insulation (RSI) Program, the City has made strides to improve the quality of life for all residents impacted by aircraft noise within the 2020 Noise Exposure Contour Map. By collaborating with the Los Angeles International Airport (LAX, and the Environmental Protection Agency (EPA), the RSI Department administers sound modification services as grants from the Federal Aviation Administration (FAA) and Los Angeles World Airports (LAWA) for area eligible Inglewood property owners and their tenants.

Number of households supported through The Production of New Units	0	0
Number of households supported through Rehab of Existing Units	17	22
Number of households supported through Acquisition of Existing Units	0	0
<b>Total</b>	<b>97</b>	<b>74</b>

**Table 12 – Number of Households Supported**

**Discuss the difference between goals and outcomes and problems encountered in meeting these goals.**

The City has annually provided the TBRA programs which are separated between two separate and distinct programs: the TBRA Program and the HTBRA Program.

The TBRA Program provided rental subsidies for the benefit of helping extremely low- to very low income seniors aged sixty-two years and older; persons with disabilities; and honorably discharged veterans to remain housed. The HTBRA Program focused on preventing homelessness and providing stable housing for formerly homeless residents. Both programs are temporary and is structured to be a short-term rental assistance subsidy programs. During the term of assistance, assisted households

needing long-term rental assistance were to seek such long-term, permanent rental assistance programs. During the program year, the City contracted with the Los Angeles Homeless Services Authority (LAHSA) to administer the Emergency Housing Voucher (EHV) program, which allowed participants on the temporary, short-term TBRA Programs to transition to permanent, long-term rental assistance program to remain stably housed. The City has been allotted ninety-one (91) vouchers for homeless, or at-risk-of becoming homeless households.

**Discuss how these outcomes will impact future annual action plans.**

The HOME funds previously utilized for temporary, short-term programs will be repurposed for long-term affordable rental housing programs to increase the supply of long-term affordable housing. The City will continue to seek partnership opportunities to address the urgent needs of the community experiencing homelessness and other forms of housing insecurity, including the limited affordable housing available.

The City in collaboration with the Inglewood Housing Authority will explore more opportunities for the use of project based vouchers to convert housing that would be typically become market-rate, to include more affordable housing units. To date, the City through the Housing authority has successfully partnered with several multi-family housing property owners to convert over 70 units to project-based voucher rental assistance. The long-term rental assistance provided under the project-based voucher programs bring a level of housing security to households who typically would be priced-out of market-rate housing.

**Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.**

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	0	47
Low-income	20	5
Moderate-income	2	0
<b>Total</b>	<b>22</b>	<b>52</b>

**Table 13 – Number of Households Served**

**Narrative Information**

The number of extremely low-, to low-income persons represented 100 percent of the recipients of housing under the HOME TBRA Programs. Program participants are households of seniors aged 62 years or older; persons with disabilities; and/or homeless or formerly homeless persons. Most recipients, especially households of seniors and persons with disabilities, have fixed incomes from either social security and/or supplemental social security income program, which makes them the most at risk of being “rent burdened”, meaning their rent exceeds fifty percent (50%) of their household income. Due to the vulnerability of the clientele served under the TBRA Programs, this is the worst case scenario, because but if not for this assistance, these households are at high-risk of becoming homeless or in some cases returning to homelessness. Therefore, during this reporting period, the need for a housing rental subsidy provided by the TBRA Programs aided these residents to remain housed until long-term housing rental assistance opportunities became available.

DRAFT

## **CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)**

**Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:**

### **Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

Much of the outreach was undertaken by the City is conducted by the Inglewood Mental Evaluation Team (IMET), under the direction of the Inglewood Police Department, Community Affairs section. The City's IMET referred to request to assist homeless persons sleeping on the street, in our City parks, larger encampments in business areas. The Team continues to collaborate efforts with the State of California Department of Transportation (Caltrans) to assist homeless persons encamped along the freeways and underpasses, on territory belonging to the State. The Team actively connects homeless persons with local homeless service providers, family members, or other health facilities to provide assistance. Local homeless service providers include LAHSA, U.S Vets-Inglewood, Catholica Charities-St. Margaret's Center (St. Margaret's Center).

While the City is doing much to address our homeless community members, more effort needed. The City has applied for and was awarded funding to include a homeless services coordinator who will be the main point of contact for our outreach efforts. The homeless services coordinator will take on a more case-management role in helping clients to find and secure housing. The homeless coordinator will work directly with St. Margaret's Center which will greatly increase the access to resources the City lacks to provide homeless services. The experience of St. Margaret's Center will be invaluable as they have served the city of Inglewood and Hawthorne and the surrounding area for over 30 years.

The City distributed flyers with non-profit agencies and posted notices on the City's website to alert people of availability of assistance.

### **Addressing the emergency shelter and transitional housing needs of homeless persons**

The City is not a recipient of emergency solutions grant (ESG) funds. Nevertheless, the City has leveraged its available resources with funding available from the County of Los Angeles Measure H funds. The strategy for addressing emergency shelter and transitional housing needs for homeless individuals is to strengthen the City's partnership with our local service providers, including St. Margaret's Center, LAHSA, U.S. Vets – Inglewood, and Share Collaborative Housing, a public-private agency that provides lower-cost shared housing in and around the South Bay. U.S. Vets of Inglewood, the facility has thirty-two (32) crisis beds for individual males, both veterans and non-veterans, seeking emergency shelter; bridge housing for 90 days of temporary housing designed to facilitate placement into permanent housing; and supportive services for low-income veteran families who are homeless or at risk of becoming homeless to find safe and affordable transitional or permanent housing. The City

collaborates with its nonprofit partner groups to provide transitional housing until permanent housing can be secured.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs**

When residents request assistance with the basic social service needs not provided by the City, referrals are forwarded to an appropriate service provider such as St. Margaret's Center; LAHSA; and/or U.S Vets – Inglewood; Sanctuary of Hope – Hope Connections, that provides services for youth ages 16-25; the Genesis Center. The Homeless Services Coordinator, will work closely with our residents seeking services to ensure they have the opportunity to access the appropriate services for their housing needs. Families with minor children were referred to either Harbor Interfaith, or to the Family Solutions Center Program administered through the non-profit agency, People Assisting the Homeless (PATH). These non-profit social services agencies provide the following services promoting the health, welfare and well-being of residents in the community:

Agency	Address	Phone Number	Population Served
<b>A Community of Friends</b>	1140 South Pacific Avenue San Pedro, CA 90731	(310) 519-3637	
<b>Beacon Light Mission</b>	525 Broad Avenue Wilmington, CA 90744	(310) 830-0603	(Emergency shelter for Men)
<b>Doors of Hope</b>	525 Broad Avenue Wilmington, CA 90744	(310) 518-3667	(Emergency shelter for Women)
<b>Century Villages at Cabrillo</b>	2001 River Ave. Long Beach, CA 90810	(562) 388-8000	U.S. Veterans Initiative – Long Beach

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

The City of Inglewood operated its Homeless Tenant-Based Rental Assistance (HTBRA) Program specifically geared towards assisting homeless persons and/or families into permanent housing. The program assisted thirty households by providing rental subsidies secured by yearly contracts which consisted of adults, elderly persons, persons with disabilities, and families with minor children. Throughout this fiscal year, program participants were encouraged to apply for long-term and permanent housing opportunities such as affordable housing project units, affordable housing units with income-based rents, and Section 8 programs offered during the year.

The TBRA and HTBRA Programs have been successful in transitioning eligible program participants to permanent housing by participating in the Emergency Housing Voucher (EHV) Program offered by the Los Angeles Homeless Services Authority (LAHSA) transferring participants to Section 8 programs. This offers the participants permanent low-income housing opportunities.

**CR-30 - Public Housing 91.220(h); 91.320(j)**

**Actions taken to address the needs of public housing**

Not applicable. The City of Inglewood neither owns nor operates public housing.

**Actions taken to encourage public housing residents to become more involved in management and participate in homeownership**

Not applicable.

**Actions taken to provide assistance to troubled PHAs**

Not applicable. The Inglewood Housing Authority is not a troubled PHA. We are pleased to report, the Inglewood Housing Authority is a high-performing PHA.

DRAFT

### **CR-35 - Other Actions 91.220(j)-(k); 91.320(l)-(j)**

**Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (l)**

The City's Assessment of Fair Housing Plan (AFH Plan) provides an analysis of fair housing choice and includes four goals to further fair housing within the city of Inglewood. Goals include (1) increasing the supply of affordable housing; (2) preserving the existing stock of affordable rental housing; (3) preventing the displacement of extremely low-, low- and moderate-income residents through a rent-control ordinance; and (4) increasing.

Housing is a major cost of living and the vast majority of Inglewood residents (owners/renters) as most of Southern California expend more than 35% of their income towards housing. Inglewood home values were up 16.4% over the past year. According to Zillow, the leading online real estate website, as of October 31, 2021, the typical home value in Inglewood was \$746,643. Rising home values continue to be a barrier to homeownership down payment requirements keep most first-time homebuyers out of the housing market. In response, the City has initiated a first time homebuyers program for low, to moderate income homebuyers, and plans to develop new affordable housing units within the next 5 years.

The City also has the Minor Home Rehabilitation Program for low-income homeowners to maintain the equity in their homes.

In addition, Inglewood has implemented a rent control ordinance similar to that implemented by the State of California.

### **Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)**

Underserved populations within the City include the elderly, youth, persons with disabilities, and persons experiencing homelessness. The City supported various programs that assist populations with underserved needs, including the following:

#### **CDBG-Funded Programs:**

- Housing Rights Center
- Code Enforcement Program
- Minor Home Repair Program
- Senior Meals
- CDBG-CV Rent Relief Program

### **HOME-Funded Programs:**

Tenant-Based Rental Assistance Programs for the following special needs populations:

- Senior Citizens
- Persons with Disabilities
- Homeless households
- Veterans

### **Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)**

Federal lead hazard control regulations require that federally funded housing programs conduct lead-based paint housing quality inspections and abatement on all housing built before 1978. Housing programs funded through the Inglewood Housing Authority, CDBG, HOME, and the FAA require disclosure and resident certification of their understanding of the hazards of lead-based paint and the methods of control and abatement. Lead-based paint hazard disclosure forms are required by the City from property owners upon rehabilitation or sale of the home, and potential homebuyers must certify their knowledge of possible lead-based paint hazards in homes built before 1978.

The City partnered with the agency, Habitat for Humanity of Greater Los Angeles, to administer the Minor Home Rehabilitation Program using CDBG funds. To reduce lead-based paint hazards, the agency conducted lead-based paint testing and risk assessments for each property assisted under the program for any homes built prior to January 1, 1978; and incorporated safe work practices or abatement into the scope of work as required to reduce lead-based paint hazards in accordance with 24 CFR Part 35.

### **Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)**

Continued efforts to reduce poverty included fostering working relationships with the South Bay Workforce Investment Board and Los Angeles County agencies such as the Department of Public Social Services. In accordance with the Consolidated Plan, the City helped reduce poverty through referrals for job training, employment and housing services. The provision of any one assistance component alone is not sufficient for breaking the cycle of poverty.

Therefore, the City referred those in need of assistance to non-profit agencies focused on case management and provided assistance such as: enrolling clients in job training programs leading to jobs paying wages that a household can maintain a suitable living environment; providing assistance with housing, transportation, childcare, education, and employment training until an individual has attained the necessary skills and stabilized income to leave public assistance dependency; and, utilizing local employment and education resources such as the One-Stop Job Center, located in Inglewood, and St. Margaret's Center, located in nearby Lennox, CA.

**Actions taken to develop institutional structure. 91.220(k); 91.320(j)**

Developing institutional structure is an on-going process in the city of Inglewood. Incorporated in 1908, the City of Inglewood is a municipal corporation operating under a Council/Manager form of government and currently employs approximately 500 full-time employees. Inglewood is a full service local government jurisdiction with the exception of fire protection services, which are provided under contract with the Los Angeles County Fire Department.

Under the direction of the Mayor and City Councilmembers, through the City Manager, the Community Development Block Grant Division manages CDBG and HOME grant funds from the U. S. Department of Housing and Urban Development. As noted throughout the Annual Action Plan, the City partners with federal, state, and local government entities, as well as non-profit organizations to accomplish its Consolidated Plan goals and objectives.

As with any service delivery system, Inglewood has strengths and gaps in attaining the goals and objectives of priority needs. Strengths for Inglewood include the ability to provide expedited service delivery due mostly to the small size of the city. Residents tend to have a familial relationship with the elected officials, including the Mayor, Council Members, and Commissioners. For example, Council Members tend to know the exact street where their residents live and the exact locations of potholes or damaged sidewalks. However, being a small to mid-sized city, Inglewood does not have as many resources as the City or County of Los Angeles. To overcome gaps in the service delivery system, Inglewood intends to increase coordination efforts with Los Angeles County agencies, such as the Department of Mental Health, which may assist with the needs of the homeless.

**Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)**

The City of Inglewood coordination is enhanced among public and private social services agencies by developing relationships through events such as workshops, conferences, or training sessions. Specifically for the Continuum of Care, HUD is requiring coordination efforts under the HOME Program in order to create more permanent housing. As such, these provisions have increased coordination between other public and private social services agencies to better assist individuals and families that are or at-risk of homelessness. For example, the CDBG Division staff worked with St. Margaret's Center and the Los Angeles Homeless Services Authority (LAHSA) to outreach to homeless households in need of permanent supportive housing or permanent housing.

During the program year, the Los Angeles County Homelessness Initiative, the South bay Coalition for Homelessness, and the South Bay Council of Governments hosted meetings and workshops to discuss the need for coordinating affordable housing efforts within the County of Los Angeles, nonprofits, and entitlement cities. The main reason for these discussions was to develop strategies for providing

services in a more efficient and effective manner. As a result, the City has more effective response rate when addressing homelessness and other housing related issues.

**Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)**

The City continued to provide financial and development incentives to owners or developers of multi-family housing to set aside affordable units for low and moderate income residents. The City contracted with the Southern California Housing Rights Center (HRC) to conduct fair housing counseling services for the residents. HRC held virtual walk-in clinics to conference with residents individually, and conducted two virtual workshops for tenants and landlords on fair housing laws and rights and responsibilities.

Housing Protection has been one of the City's primary goals since 2019. The Mayor and City Council Members has created the Housing Protection Department to oversee and enforce the local housing protection ordinance and the City's policies. The City sought to develop a balance in which property owners are allowed to receive a fair return when providing quality housing to tenants, while protecting the renters from unaffordable rental increases and certain no-fault evictions. To address these concerns, on May 4, 2021, the City Council adopted Ordinance No. 21-09 which provides protections to tenants regarding just cause evictions, relocation assistance in the event of certain evictions, and limitations on rental increases, among other requirements. This ordinance has been instrumental to preserve housing affordability for many Inglewood residents who would otherwise have been priced out of their homes due to outrageous and immediate rent hikes, and no fault evictions.

## **CR-40 - Monitoring 91.220 and 91.230**

**Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements**

Annual Action Plan program activities are monitored to ensure the City meets its CDBG program objectives. Program monitoring is implemented for the purpose of ensuring successful administrative requirement compliance with HUD regulations and for the detection and prevention of fraud, abuse, or mismanagement that may exist or occur in the administration, management or operation of the Consolidated Plan programs and activities. The City successfully stayed within the twenty percent (20%) administrative cap and the public services cap of 15 percent of the annual allocation. The City's CDBG Division and Finance Department staff continued to work together to ensure documentation procedures meet HUD compliance requirements. Staff continues to attend training regularly, as available throughout the year, to stay current on best practices and updated rule changes that may affect program and service delivery.

The responsibility of ensuring monitoring compliance with federal regulations governing the use of Consolidated Plan Grant funds is the full responsibility of the CDBG Division staff, which conducted quarterly and year-end desk monitoring from each sub-recipient and internal department. Sub-recipients and internal departments receiving CDBG funds were required to submit progress reports throughout the year. The progress reports included program implementation, record-keeping, service intake, financial management and regulatory compliances. The CDBG-funded programs staff monitored included:

- Code Enforcement
- Fair Housing Counseling
- Minor Home Rehabilitation
- Senior Meals
- Summer Day Camp Programs

Program participants of the Tenant-Based Rental Assistance (TBRA) and Homeless Tenant-Based Rental Assistance (HTBRA) Programs were also monitored for program eligibility. Housing Quality Standard Inspections were conducted by staff from the City's CDBG Division and the Housing Protection Department.

The City pursued all available CDBG resources and did not hinder the Consolidated Plan implementation by action or willful inaction. All efforts were made to implement programs of community benefit and value and completed projects within the estimated timeframes.

The Finance Department is responsible for all financial management and reporting compliance. The

Finance Department maintained reporting, financial management, and internal monitoring of program finances for CDBG Division programs such as the TBRA and HTBRA Programs, along with the City's COVID-19 Inglewood Rent Relief Program, all three programs were administered by CDBG Division staff. The City's HUD Programs Manager and the Finance Department review the programs for program and financial compliance.

As required by the United States Office of Management and Budget (OMB), an independent auditing firm conducted the Single Audit of all grant funds received by the City. The Single Audit confirmed the City's compliance with federal financial reporting and general accounting principles. Staff from the Finance Department and the CDBG staff met on a monthly basis to review program delivery and expenditures to ensure funding is expended and drawn from HUD, appropriately.

#### **Citizen Participation Plan 91.105(d); 91.115(d)**

##### **Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.**

The CAPER is made available to the public for review and comment for the 15-day public comment period in accordance with 24 CFR Part 91. A public hearing is held annually in December at which time the CAPER is scheduled to be approved by the City Council for submission to HUD by the December 30 deadline. A summary of the public comments received during the public hearing and public review period are included in the report along with Public Notices of the public hearing which is published in a local, adjudicated newspaper for two weeks to give the public ample time to comment on the performance report.

This 2021 CAPER is prepared to include specific information on the actual start and end date of the commenting period. The Comment Period for this 2021 CAPER shall be available for 15 days beginning Thursday, December 1, 2022 through Thursday, December 15, 2022. Persons wishing to make a comment will find the DRAFT CAPER posted on the City's official website beginning Thursday, December 1, 2022 through December 16, 2022. The CAPER is scheduled to be heard during a public hearing on Tuesday, December 13, 2022 at the regularly scheduled City Council Meeting, when members of the public may comment on the Draft CAPER. If for any reason the public hearing is not held as scheduled, then it will be continued to the next regularly scheduled City Council Meeting. The Public Hearing Notice is available in English and Spanish, and attached to this report.

**CR-45 - CDBG 91.520(c)**

**Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.**

The City did not make a significant amendment to the 2021 Annual Action Plan.

In previous program years, the City issued CDBG Section 108 loans to economic development, housing, public facility, and infrastructure projects. During this program year, the City did not receipt program income from any of the Section 108 activities.

**Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?**

No.

**[BEDI grantees] Describe accomplishments and program outcomes during the last year.**

Not applicable.

## **CR-50 - HOME 91.520(d)**

**Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations**

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

The following HOME-assisted properties were required to be inspected during the 2021 program year, however, due to COVID-19 Pandemic restrictions, the properties could not be inspected. The properties are scheduled to be inspected in the first half of Fiscal Year 2022-2023 by the City's Housing Protection Inspection Unit and Section 8 Housing Authority Inspector.

<b>Project Name</b>	<b>Project Address</b>	<b># of Units</b>	<b># of HOME Units</b>
H.O.M.E. Inc. Aerick Apts.	615 Aerick Street, Inglewood, CA 90301	4	4
H.O.M.E., Inc. Grace Manor	508 Grace Avenue, Inglewood, CA 90301	5	5
Market Park, LCC	601 North Market Street Inglewood, CA 90302	50	5
PATH Villas Osage Apts., LP	812 S. Osage Avenue Inglewood, CA 90301	20	4
Regent Square Apartments	527 W. Regent Street Inglewood, CA 90301	145	24
Eucalyptus Park Apartments	811 Eucalyptus Avenue, Inglewood, CA 90302	93	91
PATH Villas Eucalyptus	241 Lime Street, Inglewood, CA 90301	40	9

## **Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)**

The City of Inglewood departments and contractors routinely conduct affirmative marketing and outreach activities on projects utilizing federal funds and seek to employ low-income residents to the greatest extent possible. In accordance with federal regulations, the City submits semi-annual reports detailing HUD-funded projects including women-owned businesses and minority-owned business contracts activities. The City also regularly updates and maintains an Affirmative Fair Housing Marketing Plan utilized for each Consolidated Plan Grant-funded housing activity, including tenant-based rental assistance, homeowner rehabilitation and affordable rental housing rehabilitation activities.

## **Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics**

During the program year, the City received \$291,418.89 in HOME program income. However, the program income was not receipted to IDIS until after the close of the program year (September 30, 2022). Prior to the closing of the PY 2021 financial record reconciliation and reporting, the Program

income in its entirety, was allocated to the TBRA Programs for PY 2021. As of the publishing of this report, there is no unexpended program income.

**Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)**

The City used state and federal funding sources to implement subsidized housing assistance programs for renters and owners.

- Researched and prepared for the issuance of a new proposal for the use of project-based vouchers for multi-family housing units.
- Utilized density bonus funding to incentivize market rate housing developers to include affordable units in new developments; and
- Applied for the State of California Permanent Local Housing Allocation (PLHA) funding to foster the supply of affordable housing for the following purposes: increase the supply of housing for households at or below 60% of area median income; increase assistance to affordable owner-occupied workforce housing; facilitate housing affordability, particularly for low-, and moderate-income households.

### CR-58 – Section 3

Identify the number of individuals assisted and the types of assistance provided

Total Labor Hours	CDBG	HOME	ESG	HOPWA	HTF
Total Number of Activities	0	0	0	0	0
Total Labor Hours					
Total Section 3 Worker Hours					
Total Targeted Section 3 Worker Hours					

**Table 14 – Total Labor Hours**

Qualitative Efforts - Number of Activities by Program	CDBG	HOME	ESG	HOPWA	HTF
Outreach efforts to generate job applicants who are Public Housing Targeted Workers					
Outreach efforts to generate job applicants who are Other Funding Targeted Workers.					
Direct, on-the job training (including apprenticeships).					
Indirect training such as arranging for, contracting for, or paying tuition for, off-site training.					
Technical assistance to help Section 3 workers compete for jobs (e.g., resume assistance, coaching).					
Outreach efforts to identify and secure bids from Section 3 business concerns.					
Technical assistance to help Section 3 business concerns understand and bid on contracts.					
Division of contracts into smaller jobs to facilitate participation by Section 3 business concerns.					
Provided or connected residents with assistance in seeking employment including: drafting resumes, preparing for interviews, finding job opportunities, connecting residents to job placement services.					
Held one or more job fairs.					
Provided or connected residents with supportive services that can provide direct services or referrals.					
Provided or connected residents with supportive services that provide one or more of the following: work readiness health screenings, interview clothing, uniforms, test fees, transportation.					
Assisted residents with finding child care.					
Assisted residents to apply for, or attend community college or a four year educational institution.					
Assisted residents to apply for, or attend vocational/technical training.					
Assisted residents to obtain financial literacy training and/or coaching.					
Bonding assistance, guaranties, or other efforts to support viable bids from Section 3 business concerns.					
Provided or connected residents with training on computer use or online technologies.					
Promoting the use of a business registry designed to create opportunities for disadvantaged and small businesses.					
Outreach, engagement, or referrals with the state one-stop system, as designed in Section 121(e)(2) of the Workforce Innovation and Opportunity Act.					
Other.

DRAFT

## NOTICE OF PUBLIC HEARING AND 15 DAY REVIEW PERIOD

The Mayor and Council Members of the City of Inglewood, California will conduct a public hearing on December 13, 2022 to consider comments on the 2021 Consolidated Annual Performance Evaluation Report (CAPER) for the fiscal year beginning October 1, 2021 and ending September 30, 2022. Interested persons may address the City Council on the issue during the public hearing via phone using the instruction on the City of Inglewood's Agenda webpage:

**Date:** Tuesday, December 13, 2022

**Time:** 2:00 p.m.

**Location:** On Spectrum Cable Channel 35 with audio and limited video. Please check with your cable provider for details.

Or

Live online through Facebook Live, with audio and limited video, at <https://facebook.com/cityofinglewood/>

The above access options provide the public with the opportunity to both observe and listen to the meeting.

The CAPER is presented annually to the United States Department of Housing and Urban Development (HUD) by the City of Inglewood in compliance with the statutory and regulatory requirements for reporting program performance, expenditures, and accomplishments for HUD Consolidated Planning and Development Grant Entitlement Programs. The City participates in two entitlement programs: The Community Development Block Grant (CDBG) and the HOME Investment Partnership Program (HOME).

In accordance with Federal Regulations governing the use of entitlement funds, the draft CAPER describes the performance of City activities funded during the fiscal year of October 1, 2021 to September 30, 2022. The 2021 CAPER is available for review and public comments for a minimum of 15 days, beginning December 1, 2022 through December 15, 2022. The draft CAPER will be available for review on the City's official website at [www.cityofinglewood.org](http://www.cityofinglewood.org), on the homepage under Latest News.

In addition to commenting during the Public Hearing, comments on the Draft 2021 CAPER can be directed to Mr. Roberto Chavez, HUD Programs Manager for the City of Inglewood, by sending an email to [rchavez@cityofinglewood.org](mailto:rchavez@cityofinglewood.org); or by calling Mr. Chavez at 310-412-8844; or you may submit your written comments to the City of Inglewood, Community Development Block Grant Division, One West Manchester Blvd., Suite 750, Inglewood, CA 90301. A summary of the comments received during the public hearing and review period may will be included in the final version of the CAPER, submitted to HUD by December 30, 2022.

It is the intention of the City to comply with the Americans with Disabilities Act (ADA) in all respects. If, as an attendee or participant at this Public Hearing, you will need special assistance beyond what is normally provided, the City will attempt to accommodate your request in every reasonable manner. Please contact the Office of the City Clerk at (310) 412-5280 or FAX (310) 412-5533, One West Manchester Boulevard, First Floor, Inglewood City Hall, Inglewood, California, 90301. All requests for special accommodations must be received 72 hours prior to the day of the Council Meeting. In the event the Public Hearing is not held during the City Council Meeting, it will be continued to the next regularly scheduled City Council Meeting.

Notice Publish Date: 11/24/2022 and 12/01/2022

### **AVISO DE AUDIENCIA PÚBLICA Y PERÍODO DE COMENTARIOS**

El alcalde y los miembros del consejo de la ciudad de Inglewood, California, llevarán a cabo una audiencia pública el 13 de diciembre de 2022 para considerar los comentarios sobre el Informe de evaluación de desempeño anual consolidado (CAPER) de 2021 para el año fiscal que comienza el 1 de octubre de 2021 y finaliza el 30 de septiembre 2022. Las personas interesadas pueden dirigirse al Concejo Municipal sobre el tema durante la audiencia pública por teléfono siguiendo las instrucciones en la página web de la Agenda de la Ciudad de Inglewood:

**fecha:** martes, 13 de diciembre de 2022  
**hora:** 2:00 p.m.

**ubicacion:** En Spectrum Cable Canal 35 con audio y video limitado. Consulte con su proveedor de cable para obtener más detalles.

**o**

En vivo en línea a través de Facebook Live, con audio y video limitado, en <https://facebook.com/cityofinglewood/>

Las opciones de acceso anteriores brindan al público la oportunidad de observar y escuchar la reunión.

El CAPER es presentado anualmente al Departamento de Vivienda y Desarrollo Urbano de los Estados Unidos (HUD) por la ciudad de Inglewood en cumplimiento de los requisitos legales y reglamentarios para informar el desempeño del programa, los gastos y los logros para los Programas de derecho de subvención de planificación y desarrollo consolidados de HUD. La ciudad participa en dos programas de derechos: la subvención

en bloque para el desarrollo comunitario (CDBG) y el programa de asociación de inversión HOME (HOME).

De acuerdo con las Regulaciones Federales que rigen el uso de los fondos de derecho, el borrador de CAPER describe el desempeño de las actividades de la Ciudad financiadas durante el año fiscal del 1 de octubre de 2021 al 30 de septiembre de 2022. El CAPER de 2021 está disponible para revisión y comentarios públicos por un mínimo de 15 días, a partir del 1 de diciembre de 2022 hasta el 15 de diciembre de 2022. El borrador de CAPER estará disponible para su revisión en el sitio web oficial de la ciudad en [www.cityofinglewood.org](http://www.cityofinglewood.org), en la página de inicio bajo Últimas noticias.

Además de comentar durante la Audiencia Pública, los comentarios sobre el Borrador 2021 CAPER pueden dirigirse al Sr. Roberto Chavez, Gerente de Programas de HUD para la Ciudad de Inglewood, enviando un correo electrónico a [rchavez@cityofinglewood.org](mailto:rchavez@cityofinglewood.org); o llamando al Sr. Chávez al 310-412-8844; o puede enviar sus comentarios por escrito a City of Inglewood, Community Development Block Grant Division, One West Manchester Blvd., Suite 750, Inglewood, CA 90301. Se incluirá un resumen de los comentarios recibidos durante la audiencia pública y el período de revisión en la versión final de CAPER, enviada a HUD antes del 30 de diciembre de 2022.

Es la intención de la Ciudad cumplir con la Ley de Estadounidenses con Discapacidades (ADA) en todos los aspectos. Si, como asistente o participante en esta Audiencia Pública, necesita asistencia especial más allá de lo que normalmente se brinda, la Ciudad intentará satisfacer su solicitud de todas las formas razonables. Comuníquese con la Oficina del Secretario Municipal al (310) 412-5280 o FAX (310) 412-5533, One West Manchester Boulevard, primer piso, Inglewood City Hall, Inglewood, California, 90301. Todas las solicitudes de adaptaciones especiales deben recibirse 72 horas antes del día de la reunión del Consejo. En caso de que la Audiencia Pública no se celebre durante la Reunión del Concejo Municipal, continuará hasta la siguiente Reunión del Concejo Municipal programada regularmente.

Fecha de publicación del aviso: 11/24/2022 y 12/01/2022
