^{*2022:} Forecast, measurement period from 1 April to 31 March

Metalli Living Space project

A residential tower will be built at the new Metalli Square on Baarerstrasse. Another storey will be added to some of the existing buildings.

- Draft development plans including an environmental impact assessment have been drawn up for both Metalli and Bergli
- The preliminary examination at cantonal level is now under way
- The first reading in the Greater Municipal Council (GGR) of the City of Zug is expected to take place in mid-2023
- Under the current schedule, the development plans will be approved in 2024 and construction start no sooner than 2026

Outlook

Outlook for 2023

Area

Outlook/expectations for 2023

Real estate segment

- Higher property income due to acquisition of Renggli Holding, leases signed in 2022 and rent increases on indexed leases
- Renovation-related vacancies and investment costs incurred in connection with a few of the rentable spaces in the Metalli shopping mall
- Higher financing costs caused by portfolio growth and changed interest rate environment

Hotel & catering segment

- Recovery seen in the second half of 2022 continues
- Income slightly below last year due to total refurbishment of the Bären site starting April 2023 and the renovation of all catering and conference spaces at Parkhotel between June and October 2023
- Earnings to be sharply lower because of lower GOP margin caused by renovation work and much higher electricity costs

Net income

Slightly lower net income excluding revaluation and special effects
