Subject: Interagency comments on LMDV and HD rules

Good morning Matthew and Kim,

One interagency reviewer just messaged someone on the EPA Team saying they have more comments on the LMDV Preamble. After talking to the team about it, we wanted to share that we will not be accepting any more comments from this agency. We feel that we have gone above and beyond to address their comments already, including late comments that have come in over the past couple of days. If we receive anything else from them, I plan to not forward to the teams.

Feel free to give me a call if you have any questions or want to discuss.

Best,

Tuana Phillips
