

Environmental Protection Agency Meeting Notes
Atrazine Registration Review
EPA Office of Pesticide Programs and Florida Fruit and Vegetable Association
August 10, 2022 / 1:00pm – 2:00pm
Via MS TEAMS

Meeting Summary

Staff from EPA's Office of Pesticide Programs (OPP) met with Florida Fruit and Vegetable Association (FFVA) regarding proposed mitigations identified in the *Proposed Revisions to the Atrazine Interim Registration Review Decision* memorandum that was published in the docket on June 30, 2022. FFVA provided input on growing practices and field conditions specific to Florida agriculture. OPP provided details on the modeling and monitoring data used to predict atrazine concentrations in response to inquiries from FFVA.
