CONSIDERATION FOR CATEGORICALLY EXCLUDED ACTIONS**

<b>INTRODUCTION</b>	
<p>The purpose of this Record of Environmental Consideration (REC)<sup>1</sup> is to provide a record that shows that the potential for impacts to the quality of the human environment has been considered in the decision to implement this Proposed Action, in compliance with National Environmental Policy Act (NEPA) and Department of Homeland Security (DHS) Directive 023-01, Revision (Rev) 01, <i>Implementation of the National Environmental Policy Act</i> (DHS Directive 023-01 (series)) and the U.S. Coast Guard (Coast Guard)'s <i>Environmental Planning Policy</i>, COMDTINST 5090.1 (series) (COMDTINST 5090.1). The NEPA process takes into account other environmental planning and historic preservation (EP&amp;HP) requirements. **SECTION III - Summary of Required Conditions**

Any change to the Proposed Action that may cause a physical interaction with the human environment will require re-evaluation for compliance with NEPA and other EP&HP requirements before the action can proceed. This review addresses NEPA and other EP&HP requirements as described in DHS Directive 023-01, (series) and COMDTINST 5090.1 (series). This review may identify the need for additional federal, state, and/or local permits, approvals, etc. required for the Proposed Action. However, this review may not satisfy all those requirements, and the Proponent is responsible for ensuring that all other applicable federal, state, and/or local permits, approvals, etc. have been obtained. **No additional conditions are required for this rule.**

**SECTION IV Finding**

This action is not expected to result in any significant adverse environmental impacts as described in NEPA. The Proposed Action has been thoroughly reviewed by the Coast Guard, and it has been determined, by the undersigned, that this action is categorically excluded under current DHS/Coast Guard CATEXs **L54 and L56** from further environmental documentation, in accordance with DHS Instruction Manual 023-01-001-01, (series) and/or COMDTINST 5090.1 (series) since implementation of this action:

1. Clearly fits within one or more of the categories of excludable actions listed in Appendix A of DHS Instruction Manual 023-01-001-01 (series) and/or in COMDTINST 5090.1 (series);
2. Has not been segmented into smaller parts in order to avoid a more extensive evaluation of the potential for significant environmental impacts; and,
3. Does not involve any extraordinary circumstances, as defined in DHS Instruction Manual 023-01-001-01 (series) and COMDTINST 5090.1 (series) that would create the potential for a normally excluded action to have a significant environmental effect.
