Subject: Supplement to Petition to Delist Stationary Combustion Turbine Source Category Under Clean Air Act Section 112

Dear Administrator Wheeler,

Attached please find an electronic copy of a supplement to our August 28, 2019 petition requesting that the U.S. Environmental Protection Agency delist stationary combustion turbines as a source category subject to regulation under section 112 of the Clean Air Act. The petition was submitted on behalf of American Fuel & Petrochemical Manufacturers, the American Petroleum Institute, the American Public Power Association, the Gas Turbine Association, the Interstate Natural Gas Association of America, and the National Rural Electric Cooperative Association. A hard copy of this supplement has also been delivered to your office.

This supplement provides three additional reports, published in October 2019 after the petition was submitted, that further support delisting stationary combustion turbines from regulation under section 112. The reports are not directly attached to this message due to their large file size. The reports can be downloaded by using the link and password provided below. The link and password will expire on December 21, 2019.

If you have any questions regarding this supplemental submission or the petition, please do not hesitate to contact me or Makram Jaber (mjaber@huntonAK.com or 202-955-1567). Thank you for your attention in this matter.

Sincerely,
Andrew Knudsen
