The Chairman informed the Meeting that, as all agenda items indicated in the notice of the Meeting had been fully considered by the Meeting, the shareholders were to be given an opportunity to ask further questions and express further opinions.

Ms. Chanathip Wittayakul, a proxy from Thai Investors Association, suggested that The Thai Investors Association has a policy to propose that companies listed on the SET convene the general meeting of shareholders and extraordinary meeting of shareholders in the form of both on-site and online simultaneously (Hybrid system). This hybrid approach would facilitate interaction, communication, and Q&A sessions between shareholders, management, and the board of directors. This recommendation aligns with the Securities and Exchange Commission's (SEC) Circular No. SEC Nor Ror (Wor) 2/2567, dated January 10, 2024, which requests cooperation in organizing Annual General Meeting of Shareholders. Therefore, we recommend that the Company consider convening the hybrid meeting in accordance with the policy of the Thai Investors Association.

The Chairman replied that, this suggestion would be taken into consideration.

Mr. Wiran Chimkul, a shareholder, inquired how does the Company plan to measure success that creates value for the Company and shareholders, such as Return on Invested Capital (ROIC) or Return on Equity (ROE)?

Mrs. Narumol Noi-am, Senior Executive Vice President and Chief Financial Officer, informed that when considering ROIC or ROE, it is found that Return on Equity is continuously increasing. In the case of considering the latest ROE or Return on Equity, the Company has ROE rate approximately 15.0 - 15.5 percent, which the Company views as an attractive rate for return on equity. Therefore, the Company's ROE target will be approximately 15 - 16 percent.
