To our **shareholders**

We are pleased to report financial results for the first quarter of 2021 (unaudited) for Kish Bancorp, Inc. that reflect the continued challenges and opportunities created by the ongoing COVID-19 pandemic. The elements of first quarter 2021 financial performance remain closely connected to government stimulus efforts and an accommodative monetary policy that has supported sustained low interest rates and robust mortgage revenue generation. Additionally, the expansion of the banking team into new markets in the fourth quarter of 2020 has contributed significantly to new customer acquisition and the sustained expansion of the loan portfolio.

BALANCE SHEET

The Corporation's total assets ended the period at \$1.140 billion, an increase of \$187.2 million, or 19.64%, compared to total assets of \$953.2 million as of March 31, 2020. Total loans outstanding grew year over year by \$84.8 million to \$797.8 million, or 11.89%. Loans originated in the first quarter to businesses in our communities as part of the third round of PPP totaled \$35 million. This follows forgiveness of PPP loans originated in 2020 of \$17.3 million during the first quarter. Requests for PPP loan forgiveness continue to be received and processed, even as we continue to receive new PPP loan applications and approvals. Investment securities grew to \$168.4 million, a \$38.1 million increase over the first quarter of last year. Total deposits grew by \$194.4 million to \$916.7 million, an increase of 27.10% from \$721.3 million a year ago, with a continued notable expansion in core deposits. Borrowings decreased to \$133 million, compared to \$143.6 million as of March 31, 2020.

NET INCOME

Net income for the three months ended March 31, 2021 was \$2.66 million, an increase of \$1.31 million, or 96.5%, compared to \$1.35 million for the same period in 2020. The increase includes expansion in both net interest income, up 19.13% over the prior year, and noninterest income, which increased 37.25% overall. Net income was also positively impacted by market value increases in the equity portfolio. Overall credit quality metrics remain at excellent levels, as is reflected in low delinquencies and non-performing loan levels; however, the potential for loan quality deterioration cannot be underestimated until economic activity is fully restored following the coronavirus-driven recession.

NET INTEREST INCOME

Strong growth in loans and core deposits supported an expansion of net interest income before provision to \$8.4 million as of March 31, 2021, an increase of \$1.4 million, or 19.13%, compared to \$7.1 million as of March 31, 2020.

Contributions to the loan loss reserve from earnings equaled \$180 thousand in the first quarter of 2021, compared to \$318 thousand in the same period of 2020. Supporting the provision was fee income recognized during the first quarter related to the origination and forgiveness of PPP loans.

NONINTEREST INCOME

Noninterest income was \$2.9 million for the first quarter of 2021, which is an increase of \$780 thousand, or 37.25%, when compared to the first quarter of 2020. When unrealized gains/losses from equity securities are excluded, noninterest income increased by \$141 thousand, or 5.58%, year over year. Residential mortgage originations resulted in a 115.48% increase in fee income from mortgage loan sales. Fees derived from deposit activities remained steady, while revenues from benefits consulting and insurance agency activities both showed good growth when compared to the first quarter of 2020.

NONINTEREST EXPENSE

Year over year, noninterest expense increased by \$691 thousand, or 9.50%, to \$8 million as of March 31, 2021, compared to \$7.3 million the prior year. In part, the increase reflects higher salaries and employee benefits over the same period in 2020. Data processing expense for the first quarter decreased to \$382 thousand from \$688 thousand in the first quarter of the prior year, an improvement of 44.48%. These lower costs are the result of a core conversion that was completed during the second quarter of 2020. All other expense categories were well controlled when compared to the prior year.

DIVIDEND

The Board of Directors has declared a quarterly dividend in the amount of \$0.29 per share, payable April 30, 2021, to shareholders of record as of April 15, 2021. This represents a 7.41% increase in the quarterly dividend, compared to \$0.27 the previous quarter.
