## ***About Pershing Resources Company***

Pershing Resources Company Inc. is a precious and base metals exploration and development company with projects located exclusively in North America. The Company is based in Reno, Nevada and is currently focused on the development of its 100% owned New Enterprise Project. The New Enterprise Project is located near Kingman, Arizona and lies within a regional porphyry copper trend known as the Laramide Arc from which Arizona produces 65% of the copper mined in the US annually. The New Enterprise lies on the north-western end of the Laramide Arc and is situated twenty miles southeast of the Mineral Park Mine and forty-five miles northwest of the Baghdad Mine, both of which are porphyry Cu-Mo mines. The Company's other assets are comprised of exploration properties located in Arizona and Nevada. Pershing Resources is committed to environmentally responsible mining practices.
