Mayur investment Adyton Resources announces further high grade intercepts at Gameta Gold Project.

Mayur Resources Limited (ASX:MRL) notes that the company's recently spun out Adyton Resources (TSVV:ADY) has announced further high-grade gold intersections from its current drilling program at its Gameta Gold Project, located in the Woodlark basin that hosts the Misma and Woodlark projects.

Mayur owns 43% of Adyton which is developing copper/gold projects within Papua New Guinea's Pacific Rim of Fire, a prolific geological region hosting some of the world's largest mines including Ok Tedi, Porgera, Lihir and Golpu.

Mayur shareholders are able to view the announcement at Adyton's website (adytonresources.com) or alternatively on the SEDAR platform.

**This announcement was authorised by Mr Paul Mulder, Managing Director of Mayur Resources Limited.

ABOUT MAYUR RESOURCES

Mayur Resources is an ASX-listed company focused on the development of natural resources in Papua New Guinea. The maturation of our diversified asset portfolio, which spans industrial minerals (iron, construction sands, lime and cement), energy and power generation, will contribute to nation-building and job creation in a country experiencing a significant growth trajectory. Our unique portfolio of projects, many in close proximity to world scale producing mines, are either coastal or near the coast for easy development and access to future seaborne markets.
