Record Trips Booked – Q4 FY22 Market Update

Jayride Group Limited (ASX:JAY) ("**Jayride**" or the "**Company**") the world leading global travel marketplace for airport transfers today provides the following market update.

- Record high passenger trips booked of 136,000 in Q4 FY22; up 81% vs Q3 FY22, up 190% vs Q4 FY21; above pre-pandemic levels,
- Net Revenue of \$1.09M in Q4 FY22; an all-time high revenue increase of \$506K in a single quarter; up 86% vs Q3 FY22; up 213% vs Q4 FY21,
- Full-year FY22 net revenue grew to \$2.56 million, up +237% vs FY21,
- For Q4 FY22 Jayride expects to report its first quarter with positive cash flow after stand-still operating costs, delivering one of the Company's key milestones,
- Q1 FY23 outlook is positive with growth set to continue – Jayride is winning market share and is positioned to leverage US and Europe summer travel season, and the continued reopening of Asia and Oceania travel destinations.

Passenger Trips Booked – Quarters

Months

Managing Director, Rod Bishop, said "We are delighted to report an all-time high volume of trips booked, and our largest ever increase in revenues in a quarter – an increase of \$506K. This growth is a direct result of our strategies to expand our traveller offer and win market share. With this momentum, we will continue to invest in growth to capture the once-in-a-generation market opportunity in front of us.

"Later in July we will report on the Company's improved contribution profit, and our first quarter of positive cash flow after stand still operating costs, for Q4. We look forward to delivering ongoing growth and progress across the FY23 year ahead."

Record high passenger trips booked, and record revenue increase

Passenger Trips Booked above Pre-Pandemic

Q4 FY22 passenger trips and net revenues

- Net revenue per trip grew to \$8.02 in Q4 FY22, up 27% from \$7.81 in the previous quarter, due to improving refund rates and Jayride's expanded traveller offer of larger vehicles and premium service classes,
- Jayride is winning market share, including in Europe and US where the Company is larger than the pre-pandemic Q4 FY19 PCP. The Company is positioned to be a significantly larger and more profitable company than before,
- Jayride's passenger trips booked are now above pre-pandemic levels, with US and Europe summer and Oceania and Asia recovery still ahead.

Q4 FY22 contribution profit and cash flows

- Contribution profit in Q4 FY22 is expected to have set a new record, above pre-pandemic highs for the fifth consecutive quarter, driven by growth in trips, increased net revenue per trip, and operating leverage leading to high contribution profit margins,
- As announced on 9th June 2022, Jayride expects to have been cash-flow positive after stand-still operating costs for the full quarter of Q4 FY22,
- The Company expects to release its Q4 FY22 Quarterly Business Review and Appendix 4C with full details of contribution profit and cash flows during the week of 25th July 2022.

Q1 FY23 outlook

- Jayride expects continued growth in Q1 FY23 in passenger trips booked, net revenue, and contribution profits compared to the prior quarter and PCP,
- Growth is supported by Jayride's enhanced competitive advantages, the structural changes in the industry, the US and Europe summer peak travel season, and further reopenings in Oceania and Asia,
- Jayride is well positioned to be cash flow positive after stand-still operating costs in Q1 FY23 and each quarter going forward,
- With Jayride's momentum and the substantial market opportunity, the Company intends to continue to invest in growth initiatives including its expanded traveller offer and launch of enhanced travel partnerships.
