

Forward-Looking Statements

This presentation includes forward-looking statements within the meaning of the securities laws. Forward-looking statements are statements as to matters that are not historical facts, and include statements about Bally's Corporation ("Bally's") plans, objectives, expectations, and intentions. Forward-looking statements are not guarantees and are subject to risks and uncertainties. Forward-looking statements are based on Bally's current expectations and assumptions. Although Bally's believes that its expectations and assumptions are reasonable at this time, they should not be regarded as representations that its expectations will be achieved. Actual results may vary materially. Forward-looking statements speak only as of the date of this presentation and Bally's does not undertake to update or revise them as more information becomes available, except as required by law.

Important factors beyond those that apply to most businesses, some of which are beyond the control of Bally's and Gamesys Group plc ("Gamesys"), that could cause actual results to differ materially from their expectations and assumptions include, without limitation: (1) Bally's ability to meet expectations regarding the accounting and tax treatments of the Gamesys acquisition; (2) the possibility that Bally's may be unable to achieve any expected synergies and operating efficiencies in connection with the Gamesys acquisition within the expected time-frames or at all and to successfully integrate the Gamesys' operations into those of Bally's; (3) uncertainties surrounding the COVID-19 pandemic, including limitations on Bally's operations, increased costs, changes in customer attitudes, impact on employees and the ongoing impact of COVID-19 on general economic conditions; (4) changes in the capital markets; (5) unexpected costs, difficulties integrating and other events impacting Bally's recently completed and proposed acquisitions and Bally's ability to realize anticipated benefits; (6) risks associated with Bally's rapid growth, including those affecting customer and employee retention, integration and controls; (7) risks associated with the impact of the digitalization of gaming on Bally's casino operations, Bally's expansion into iGaming and sports betting and the highly competitive and rapidly changing aspects of its new interactive businesses generally; (8) the very substantial regulatory restrictions applicable to Bally's, including costs of compliance; (9) restrictions and limitations in agreements to which Bally's is subject, including its debt, which could significantly affect Bally's liquidity and ability to operate; and (10) other risks identified in Part I. Item 1A. "Risk Factors" of Bally's Annual Report on Form 10-K for the fiscal year ended December 31, 2020 as filed with the Securities and Exchange Commission on March 10, 2021 and Bally's Quarterly Report on Form 10-C for the fiscal quarter ended

Non-GAAP Financial Measures

To supplement the financial information presented on a U.S. generally accepted accounting principles ("GAAP") basis, Bally's has included in this presentation certain non-GAAP financial measures, including Adjusted EBITDA and Total Further Adjusted EBITDA. The presentation of non-GAAP financial measures in this presentation is not intended to be considered in isolation or as a substitute for any measure prepared in accordance with GAAP. Reconciliations of these non-GAAP financial measures to the most directly comparable financial measure calculated and presented in accordance with GAAP are included in this presentation. Bally's believes that presenting non-GAAP financial measures aids in making period-to-period comparisons and is a meaningful indication of its actual and estimated operating performance. Because not all companies use identical calculations, the Bally's and combined non-GAAP financial measures may not be the same as or comparable to similar non-GAAP measures presented by other companies.

Third Quarter 2021 Review

- Record revenue of \$315MM. Continued momentum in North America Interactive with revenue of \$11MM (up from \$6MM in 2Q21)
- Retail Casinos EBITDAR of \$106.5MM, EBITDAR Margin 35.3%

North America Interactive

We are in the early days of the development of the North America interactive gaming market

Drive awareness of the Bally brand at a local level using proprietary assets and partnerships building structural cost advantages relative to the competition

Work hand in glove with our Retail teams to leverage our footprint and deliver an omnichannel experience that is both relevant and value-adding to the customer

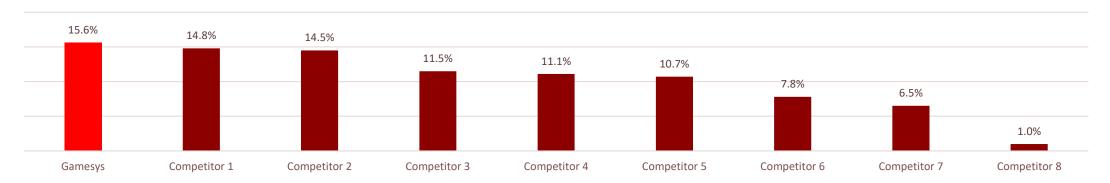

Launch iCasino and Online Sports Betting products that are loved by our customers

Developing content and consumer programming that creates unique opportunities for customer engagement with the Bally brand on a daily basis

Gamesys growth in the UK outperformed peers and we see similarities of the opportunity set in North America to that Gamesys experienced in the UK market

UK iGaming - FY16-FY21 CAGR

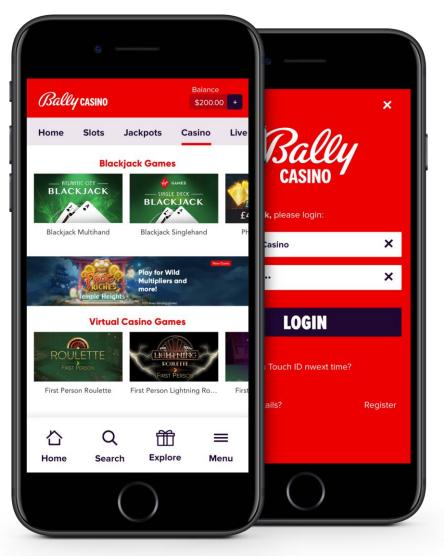

Bally iCasino – New Jersey Interactive Launch

The Bally iCasino will launch by the end of 2021

Rebranding fuels both Retail Casinos and North America Interactive

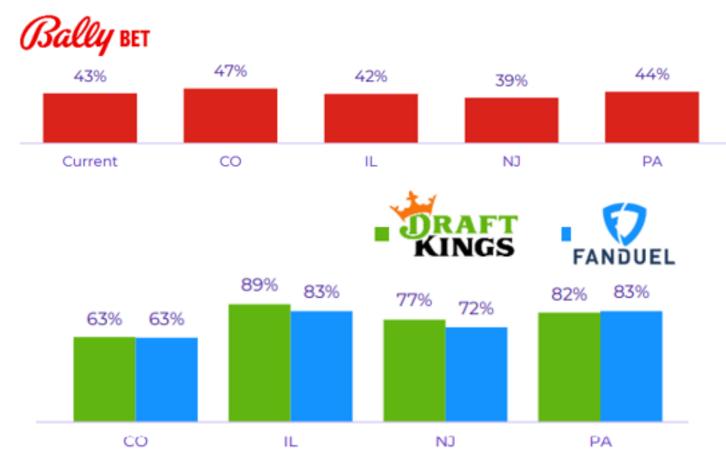

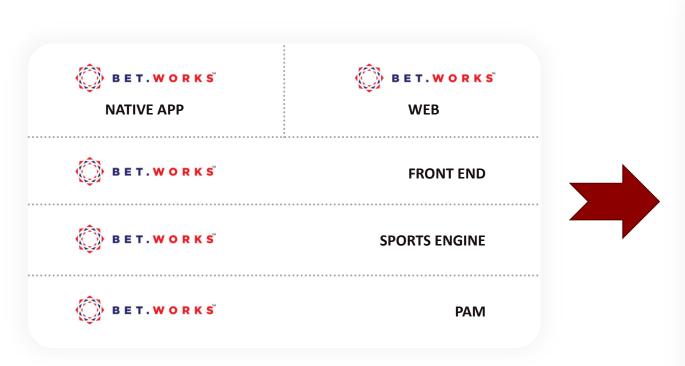

Bally's brand awareness

Awareness of the Bally's brand will continue to grow with our media and content partnerships

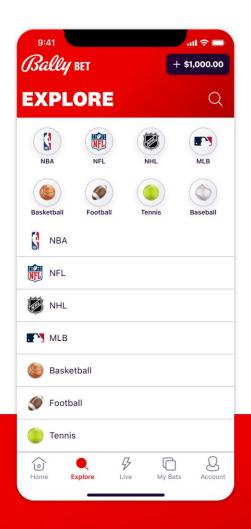

Bally Bet currently undergoing transformation from Bally Bet 1.0 to 2.0 that will be rolled out in 2022

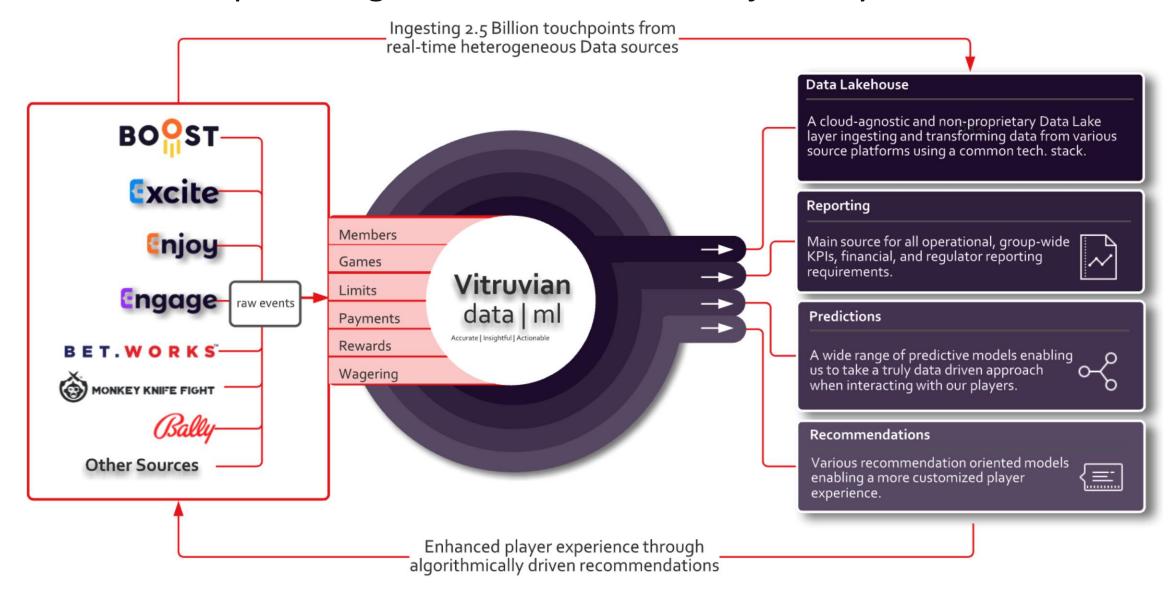

Tech stack powering data driven customer journeys

Tech stack powering data driven customer journeys

- Recommended Games Engine Recommends a set of player specific games.
- **Churn Predictor** Predicts whether a player will churn.
- Conversion Propensity Predicts whether a player will deposit within the first 3 days of registering.
- Deposit Recommendation Recommends a deposit amount based on the player's historical patterns.
- Deposit Predictor Predicts the player's net deposits for a given period.
- **Incentive Generator** Predicts the optimal reward type (cash, bonus, freespins etc.) and value that a player should receive, on a campaign basis.
- Landing Page Optimizer Test landing pages created by the SEO team and recommends the best page.
- Lifetime Deposit Predictor Predicts the player's lifetime deposit amount.
- Lifetime Value Predictor Predicts the player's lifetime value based on initial activity.

Bally's Corporation Overview

Bally's evolution into a premier, omni-channel gaming leader
