# INVESTMENT HIGHLIGHTS

## Meaningful Valuation Upside with In-Place Yield and Long-Term Growth

### Significant Discount to Peer Group

PINE trades at nearly half the 2022E FFO multiple as compared to the top peer, implying significant valuation upside.

### Stable & Attractive Dividend

PINE has grown its quarterly dividend by 27.5% since the beginning of 2020 and now provides the highest dividend yield with one of the lowest implied payout ratios of its net lease peer group.

### Small Asset Base Provides Opportunity for Outsized Growth

PINE has thoughtfully grown its portfolio by more than 180% since inception, focusing on high-quality real estate and well-performing tenants.

### Closing the Valuation Gap

PINE is employing a number of strategic initiatives to narrow the peer group valuation gap by addressing identified opportunities for improvement, including portfolio refinement, strategic infusions of capital and eventual internalization of management.

- ▶ **Sell office assets to position the portfolio and investment strategy as 100% retail**
- ▶ **Thoughtfully increase the organization's size and liquidity through strategic capital deployment**
- ▶ **Internalize management once the company reaches or exceeds critical mass**

Alpine Income Property Trust is externally managed by CTO Realty Growth (NYSE: CTO) under an agreement that, combined with CTO's ownership in PINE, provides economies of scale, significant shareholder alignment and a flexible/collapsible structure.

## Notable Management Agreement Terms

---

- **Five-year initial term, with one-year extension options thereafter**
- **Quarterly management fee of 0.375%, calculated on equity, net of share buybacks and issuance costs**
- **Terminable with payment of a one-time fee of 3x the average management fee for the preceding 24-months**

## Benefits and Alignment of External Management

---

### Aligned Ownership

CTO currently owns an approximate 16% interest in PINE, meaningfully aligning its interests with PINE shareholders

### Independent Board of Directors

PINE has its own independent Board of Directors and realizes significant economies of scale from the 18-member CTO team without the corresponding G&A expense

### Shadow Pipeline for External Growth

PINE has a potential shadow pipeline within the CTO portfolio as a result of its right of first refusal on all CTO single tenant net lease asset sales

### Internalization on the Horizon

Internalization of management for PINE is anticipated in the future when the Company approaches or exceeds critical mass

### Opportunities for Collaboration

PINE reviews transaction opportunities resulting from CTO's acquisition efforts that it otherwise would not see in the market through normal single tenant acquisition efforts and relationships

# EXTERNAL MANAGEMENT ALIGNMENT

As PINE's external manager, CTO Realty Growth has significant shareholder alignment as the largest share and unit holder of Alpine Income Property Trust.

## Significant Discount to Peer Group

Meaningful potential upside in valuation as PINE has the lowest 2022E FFO multiple of its net lease peer group.

## Stable & Growing Dividend

PINE has grown its quarterly dividend by 27.5% since the beginning of 2020 and currently has a 2022E FFO<sup>1</sup> payout ratio of approximately 70%, one of the lowest implied payout ratios of the net lease peer group.

## Small Asset Base is an Opportunity for Outsized Growth

Small asset denominator means management can drive outsized growth relative to its net lease peers.

## Disciplined Investment Strategy

Real estate and credit-focused underwriting, targeting investments that exhibit strong demographic trends, leased to high-quality, industry-leading tenants.

## High-Quality, Stable and Growing Portfolio

Portfolio rooted in publicly-traded, credit-rated tenants and larger markets means there is a high-quality, stable asset base and an opportunity to add a diverse array of new tenants, markets and sectors.

## Financial Strength

Balance sheet with ample liquidity and no near-term debt maturities provides financial stability and flexibility.

## Aligned Sponsorship & Management

Externally managed by CTO Realty Growth (NYSE: CTO), a publicly traded REIT that owns 16% of PINE and is committed to internalization of management once critical mass is attained.

1. MSA, or metropolitan statistical area, is the formal definition of a region that consists of a city and surrounding communities that are linked by social and economic factors, as established by the U.S. Office of Management and Budget.
2. A credit rated, or investment grade rated tenant (rating of BBB-, Baa3 or NAIC-2 or higher) is a tenant or the parent of a tenant with a credit rating from S&P Global Ratings, Moody's Investors Service, Fitch Ratings or the National Association of Insurance Commissioners (NAIC).

■ Green shading denotes a ground lease property where the Company owns the land, and the tenant owns the building and the improvements and leases the land from the Company.

This presentation may contain “forward-looking statements.” Forward-looking statements include statements that may be identified by words such as “could,” “may,” “might,” “will,” “likely,” “anticipates,” “intends,” “plans,” “seeks,” “believes,” “estimates,” “expects,” “continues,” “projects” and similar references to future periods, or by the inclusion of forecasts or projections. Forward-looking statements are based on the Company’s current expectations and assumptions regarding capital market conditions, the Company’s business, the economy and other future conditions. Because forward-looking statements relate to the future, by their nature, they are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict. As a result, the Company’s actual results may differ materially from those contemplated by the forward-looking statements. Important factors that could cause actual results to differ materially from those in the forward-looking statements include general business and economic conditions, continued volatility and uncertainty in the credit markets and broader financial markets, risks inherent in the real estate business, including tenant defaults, potential liability relating to environmental matters, illiquidity of real estate investments and potential damages from natural disasters, the impact of the COVID-19 Pandemic on the Company’s business and the business of its tenants and the impact on the U.S. economy and market conditions generally, other factors affecting the Company’s business or the business of its tenants that are beyond the control of the Company or its tenants, and the factors set forth under “Risk Factors” in the Company’s Annual Report on Form 10-K for the year ended December 31, 2020 and other risks and uncertainties discussed from time to time in the Company’s filings with the U.S. Securities and Exchange Commission. Any forward-looking statement made in this presentation speaks only as of the date on which it is made. The Company undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future developments or otherwise.

1. All information is as of September 30, 2021, unless otherwise noted.
2. Annualized straight-line Base Rent (“ABR” or “Rent”) and the statistics based on ABR are calculated based on our current portfolio as of September 30, 2021.
3. Dividends are set by the Board of Directors and declared on a quarterly basis and there can be no assurances as to the likelihood or amount of dividends in the future.
4. A credit rated, or investment grade rated tenant (a tenant carrying a rating of BBB-, Baa3 or NAIC-2 or higher) is a tenant or the parent of a tenant with a credit rating from S&P Global Ratings, Moody’s Investors Service, Fitch Ratings or the National Association of Insurance Commissioners (NAIC).
5. Contractual Base Rent (“CBR”) represents the amount owed to the Company under the terms of its lease agreements at the time referenced.

Our reported results are presented in accordance with accounting principles generally accepted in the United States of America ("GAAP"). We also disclose Funds From Operations ("FFO"), Adjusted Funds From Operations ("AFFO") and Pro Forma Earnings Before Interest, Taxes, Depreciation and Amortization ("Pro Forma EBITDA"), all of which are non-GAAP financial measures. We believe these non-GAAP financial measures are useful to investors because they are widely accepted industry measures used by analysts and investors to compare the operating performance of REITs.

FFO, AFFO and Pro Forma EBITDA do not represent cash generated from operating activities and are not necessarily indicative of cash available to fund cash requirements; accordingly, they should not be considered alternatives to net income as a performance measure or cash flows from operations as reported on our statement of cash flows as a liquidity measure and should be considered in addition to, and not in lieu of, GAAP financial measures.

We compute FFO in accordance with the definition adopted by the Board of Governors of the National Association of Real Estate Investment Trusts, or NAREIT. NAREIT defines FFO as GAAP net income or loss adjusted to exclude extraordinary items (as defined by GAAP), net gain or loss from sales of depreciable real estate assets, impairment write-downs associated with depreciable real estate assets and real estate related depreciation and amortization, including the pro rata share of such adjustments of unconsolidated subsidiaries.

To derive AFFO, we modify the NAREIT computation of FFO to include other adjustments to GAAP net income related to non-cash revenues and expenses such as straight-line rental revenue, amortization of deferred financing costs, amortization of capitalized lease incentives and above- and below-market lease related intangibles, and non-cash compensation. Such items may cause short-term fluctuations in net income but have no impact on operating cash flows or long-term operating performance. We use AFFO as one measure of our performance when we formulate corporate goals.

To derive Pro Forma EBITDA, GAAP net income or loss is adjusted to exclude extraordinary items (as defined by GAAP), net gain or loss from sales of depreciable real estate assets, impairment write-downs associated with depreciable real estate assets and real estate related depreciation and amortization, including the pro rata share of such adjustments of unconsolidated subsidiaries, non-cash revenues and expenses such as straight-line rental revenue, amortization of deferred financing costs, amortization of capitalized lease incentives and above- and below-market lease related intangibles, and non-cash compensation. Cash interest expense is also excluded from Pro Forma EBITDA, and GAAP net income or loss is adjusted for the annualized impact of acquisitions, dispositions and other similar activities.

FFO is used by management, investors and analysts to facilitate meaningful comparisons of operating performance between periods and among our peers primarily because it excludes the effect of real estate depreciation and amortization and net gains or losses on sales, which are based on historical costs and implicitly assume that the value of real estate diminishes predictably over time, rather than fluctuating based on existing market conditions. We believe that AFFO is an additional useful supplemental measure for investors to consider because it will help them to better assess our operating performance without the distortions created by other non-cash revenues or expenses. We also believe that Pro Forma EBITDA is an additional useful supplemental measure for investors to consider as it allows for a better assessment of our operating performance without the distortions created by other non-cash revenues, expenses or certain effects of the Company's capital structure on our operating performance. FFO, AFFO and Pro Forma EBITDA may not be comparable to similarly titled measures employed by other companies.
