

M8 SUSTAINABLE LIMITED
ACN 620 758 358

ENTITLEMENT ISSUE PROSPECTUS

For a pro-rata renounceable entitlement issue of twenty-one (21) Shares for every ten (10) Shares held by those Shareholders registered at the Record Date at an issue price of \$0.01 per Share to raise up to approximately \$10,021,403 (based on the number of Shares on issue as at the date of this Prospectus) (**Offer**).

IMPORTANT NOTICE

This document is important and should be read in its entirety. If, after reading this Prospectus you have any questions about the Securities being offered under this Prospectus or any other matter, then you should consult your professional advisers without delay.

The Securities offered by this Prospectus should be considered as highly speculative.

IMPORTANT NOTICE

This Prospectus is dated 20 May 2022 and was lodged with the ASIC on that date. The ASIC, ASX and their respective officers take no responsibility for the contents of this Prospectus or the merits of the investment to which this Prospectus relates.

No Securities may be issued on the basis of this Prospectus later than 13 months after the date of this Prospectus.

No person is authorised to give information or to make any representation in connection with this Prospectus, which is not contained in this Prospectus. Any information or representation not so contained may not be relied on as having been authorised by the Company in connection with this Prospectus.

It is important that investors read this Prospectus in its entirety and seek professional advice where necessary. The Securities offered by this Prospectus should be considered as highly speculative.

Applications for Securities offered pursuant to this Prospectus can only be made by an original Entitlement and Acceptance Form or Shortfall Application Form.

This Prospectus is a transaction specific prospectus for an offer of continuously quoted securities (as defined in the Corporations Act) and has been prepared in accordance with section 713 of the Corporations Act. It does not contain the same level of disclosure as an initial public offering prospectus and is only required to contain information in relation to the effect of the issue of securities on a company and the rights attaching to the securities. It is not necessary to include general information in relation to all of the assets and liabilities, financial position, profits and losses or prospects of the issuing company.

Representations contained in this Prospectus are made taking into account that the Company is a disclosing entity for the purposes of the Corporations Act and certain matters are publicly available information or may reasonably be expected to be known to investors and professional advisers whom prospective investors may consult.

No Investment Advice

The information contained in this Prospectus is not financial product advice or investment advice and does not take into account your financial or investment objectives,

financial situation or particular needs (including financial or taxation issues). You should seek professional advice from your accountant, financial adviser, stockbroker, lawyer or other professional adviser before deciding to subscribe for Securities under this Prospectus to determine whether it meets your objectives, financial situation and needs.

Forward-looking statements

This Prospectus contains forward-looking statements which are identified by words such as 'may', 'could', 'believes', 'estimates', 'targets', 'expects', or 'intends' and other similar words that involve risks and uncertainties.

These statements are based on an assessment of present economic and operating conditions, and on a number of assumptions regarding future events and actions that, as at the date of this Prospectus, are expected to take place.

Such forward-looking statements are not guarantees of future performance and involve known and unknown risks, uncertainties, assumptions and other important factors, many of which are beyond the control of the Company, the Directors and the Company's management.

The Company cannot and does not give any assurance that the results, performance or achievements expressed or implied by the forward-looking statements contained in this Prospectus will actually occur and investors are cautioned not to place undue reliance on these forward-looking statements.

The Company has no intention to update or revise forward-looking statements, or to publish prospective financial information in the future, regardless of whether new information, future events or any other factors affect the information contained in this Prospectus, except where required by law.

These forward-looking statements are subject to various risk factors that could cause the Company's actual results to differ materially from the results expressed or anticipated in these statements. These risk factors are set out in Section 5.

Overseas shareholders

This Offer does not, and is not intended to, constitute an offer in any place or jurisdiction in which, or to any person to whom, it would not be lawful to make such an offer or to issue this Prospectus.

For further information on overseas Shareholders please refer to Section 2.10.

Continuous disclosure obligations

The Company is a "disclosing entity" (as defined in section 111AC of the Corporations Act) for the purposes of section 713 of the Corporations Act and, as such, is subject to regular reporting and disclosure obligations. Specifically, like all listed companies, the Company is required to continuously disclose any information it has to the market which a reasonable person would expect to have a material effect on the price or the value of the Securities.

This Prospectus is intended to be read in conjunction with the publicly available information in relation to the Company which has been notified to ASX and does not include all of the information that would be included in a prospectus for an initial public offering of securities in an entity that is not already listed on a stock exchange. Investors should therefore have regard to the other publicly available information in relation to the Company before making a decision whether or not to invest.

Having taken such precautions and having made such enquires as are reasonable, the Company believes that it has complied with the general and specific requirements of ASX as applicable from time to time throughout the three months before the issue of this Prospectus which required the Company to notify ASX of information about specified events or matters as they arise for the purpose of ASX making that information available to the stock market conducted by ASX.

Please refer to Section 6.2 for further details.

Electronic Prospectus

A copy of this Prospectus can be downloaded from the website of the Company at www.m8sustainable.com.au/investors/corporate-governance/. If you are accessing the electronic version of this Prospectus for the purpose of making an investment in the Company, you must be a resident of Australia, New Zealand, Hong Kong, Singapore or Thailand and must only access this Prospectus from within Australia, New Zealand, Hong Kong, Singapore or Thailand.

The Corporations Act prohibits any person passing onto another person an Application Form unless it is

attached to a hard copy of this Prospectus or it accompanies the complete and unaltered version of this Prospectus. You may obtain a hard copy of this Prospectus free of charge by contacting the Company by phone on +61 8 6140 9500 during office hours or by emailing the Company at info@m8sustainable.com.

The Company reserves the right not to accept an Application Form from a person if it has reason to believe that when that person was given access to the electronic Application Form, it was not provided together with the electronic Prospectus and any relevant supplementary or replacement prospectus or any of those documents were incomplete or altered.

Company Website

No documents or other information available on the Company's website is incorporated into this Prospectus by reference.

Financial forecasts

The Directors have considered the matters set out in ASIC Regulatory Guide 170 and believe that they do not have a reasonable basis to forecast future earnings on the basis that the operations of the Company are inherently uncertain. Accordingly, any forecast or projection information would contain such a broad range of potential outcomes and possibilities that it is not possible to prepare a reliable best estimate forecast or projection.

Clearing House Electronic Sub-Register System (CHES) and Issuer Sponsorship

The Company will apply to participate in CHES, for those investors who have, or wish to have, a sponsoring stockbroker. Investors who do not wish to participate through CHES will be issuer sponsored by the Company.

Electronic sub-registers mean that the Company will not be issuing certificates to investors. Instead, investors will be provided with statements (similar to a bank account statement) that set out the number of Securities issued to them under this Prospectus. The notice will also advise holders of their Holder Identification Number or Security Holder Reference Number and explain, for future reference, the sale and purchase procedures under CHES and issuer sponsorship.

Electronic sub-registers also mean ownership of securities can be transferred without having to rely upon paper documentation. Further monthly statements will be provided

to holders if there have been any changes in their security holding in the Company during the preceding month.

Photographs and Diagrams

Photographs used in this Prospectus which do not have descriptions are for illustration only and should not be interpreted to mean that any person shown endorses the Prospectus or its contents or that the assets shown in them are owned by the Company. Diagrams used in this Prospectus are illustrative only and may not be drawn to scale.

Definitions and Time

Unless the contrary intention appears or the context otherwise requires, words and phrases contained in this Prospectus have the same meaning and interpretation as given in the Corporations Act and capitalised terms have the meaning given in the Glossary in Section 0.

All references to time in this Prospectus are references to Australian Western Standard Time.

Privacy statement

If you complete an Application Form, you will be providing personal information to the Company. The Company collects, holds and will use that information to assess your application, service your needs as a Shareholder and to facilitate distribution payments and corporate communications to you as a Shareholder.

The information may also be used from time to time and disclosed to persons inspecting the register, including bidders for your securities in the context of takeovers, regulatory bodies including the Australian Taxation Office, authorised securities brokers, print service providers, mail houses and the share registry.

You can access, correct and update the personal information that we hold about you. If you wish to do so, please contact the share registry at the relevant contact number set out in this Prospectus.

Collection, maintenance and disclosure of certain personal information is governed by legislation including the Privacy Act 1988 (as amended), the Corporations Act and certain rules such as the ASX Settlement Operating Rules. You should note that if you do not provide the information required on the application for Securities, the Company may not be able to accept or process your application.

Enquiries

If you are in any doubt as to how to deal with any of the matters raised in this Prospectus, you should consult with your broker or legal, financial or other professional adviser without delay. Should you have any questions about the Offer or how to accept the Offer please call the Company Secretary on +61 8 6377 9600.

1.3 Risk Factors

Prospective investors should be aware that subscribing for Securities involves a number of risks and an investment in the Company should be considered as highly speculative. The future performance of the Company and the value of the Securities may be influenced by a range of factors, many of which are largely beyond the control of the Company and the Directors. The key risks associated with the Company's business, the industry in which it operates and general risks applicable to all investments in listed securities and financial markets generally are set out in Section 5.

1.4 Directors' Interests in Securities and Effect on Control by M8H

The relevant interest of each of the Directors in the Securities of the Company as at the date of this Prospectus, together with their respective Entitlement, is set out in the table below:

Director	Shares	Options	Share Entitlement	\$
Mark Puzey	1,500,000 ¹	-	3,150,000	31,500
Tomasz Rudas	2,000,002 ²	-	4,200,005	42,000.05
Saithsiri Saksitthisereekul	166,430,076 ³	-	349,503,160	3,495,031.60

Notes:

1. Comprising 450,000 Shares held by Mr Puzey and 1,050,000 Shares held by Ingrid Puzey, the spouse of Mr Puzey.
2. Comprising 1 Share each held by Mr Rudas and Jane Rudas, the spouse of Mr Rudas and 2,000,000 Shares held by Krystyna Rudas, the mother of Mr Rudas.
3. These Shares are held by M8 Holding Limited (formerly named SBANG Sustainable Energies Ltd) (**M8H**). Mr Saksitthisereekul is a director and holds 42.95% of the issued capital of M8H.

The Company and M8H have entered a deed of debt conversion. M8H agrees to take up a portion of its Entitlement under the Offer to convert debt into equity (representing a subscription for 140,000,000 Shares for a sum of \$1,400,000) subject to successful completion of the Offer (**M8H Conversion Amount**). Assuming M8H takes up the M8H Conversion Amount and no other Shareholders accept their entitlements (and no other Shortfall Shares are issued), M8H's voting power in the Company would increase to approximately 49.65%. Assuming M8H takes up its full Entitlement and no other Shareholders accept their entitlements (and no other Shortfall Shares are issued), M8H's voting power in the Company would increase to approximately 62.4%.

The Directors reserve the right to take up their respective Entitlement in whole or in part at their discretion.

1.5 Details of Substantial Holders

Based on publicly available information as at the date of this Prospectus, those persons which (together with their associates) have a relevant interest in 5% or more of the Shares on issue are set out below:

Shareholder	Shares	% ¹
M8 Holding Limited (formerly named SBANG Sustainable Energies Ltd) ²	166,430,076	34.9
Star Universal Network Public Company Limited	23,900,000	5.0

Notes:

1. Based on 477,209,670 Shares on issue. as at the date of this Prospectus.
2. As noted above, Director Mr Saksitthisereekul is a director and holds 42.95% of the issued capital of M8H.

In the event all Entitlements are accepted there will be no change to the substantial holders on completion of the Offer.

1.6 Top-up Placement

The Company also reserves the right to undertake a placement of up to 200,000,000 Shares to professional and sophisticated investors at the same price as the Offer (being \$0.01 per Share) to raise up to an additional \$2,000,000 (**Top-up Placement**). Where the number of Shares applied for under the Top-up Placement exceeds the Company's available placement capacity, Shareholder approval will be sought for the issue of the number of Shares which is in excess of the available placement capacity.

1.7 Potential dilution on non-participating Shareholders

In addition to potential control impacts set out in Section 1.6, Shareholders should note that if they do not participate in the Offer, their holdings are likely to be diluted by approximately 67.74% (as compared to their holdings and number of Shares on issue as at the date of this Prospectus) assuming the Full Subscription is raised.

For illustrative purposes, the table below shows how the dilution may impact the holdings of Shareholders:

Holder	Holding as at Record date	% at Record Date ¹	Entitlements under the Offer	Holdings if Offer not taken Up	% post Offer ²
Shareholder 1	10,000,000	2.10%	21,000,000	10,000,000	0.68%
Shareholder 2	5,000,000	1.05%	10,500,000	5,000,000	0.34%
Shareholder 3	1,500,000	0.31%	3,150,000	1,500,000	0.10%
Shareholder 4	400,000	0.08%	840,000	400,000	0.03%
Shareholder 5	50,000	0.01%	105,000	50,000	0.00%

Notes:

1. This is based on a share capital of 477,209,670 Shares as at the date of the Prospectus and assumes no Shares are issued including on exercise or conversion of other Securities on issue prior to the Record Date.

- For personal use only
2. This is based on a share capital of 1,479,349,977 Shares following completion of the Offer and assumes no Shares are issued including on exercise or conversion of other Securities on issue prior to the Record Date.

2. DETAILS OF THE OFFER

2.1 The Offer

The Offer is being made as a pro-rata renounceable entitlement offer of twenty-one (21) Shares for every ten (10) Shares held by Shareholders registered at the Record Date at an issue price of \$0.01 per Share. Fractional entitlements will be rounded up to the nearest whole number.

Based on the capital structure of the Company as at the date of this Prospectus, (and assuming no Shares are issued prior to the Record Date including on exercise or conversion of Securities on issue) approximately 1,002,140,307 Shares may be issued under the Offer to raise up to approximately \$10,021,403.

As at the date of this Prospectus, the Company has 30,000,000 Options on issue all of which may be exercised prior to the Record Date in order to participate in the Offer. Please refer to Section 3.3 for information on the exercise price and expiry date of the Options on issue.

All of the Shares offered under this Prospectus will rank equally with the Shares on issue at the date of this Prospectus. Please refer to Section 4.1 for further information regarding the rights and liabilities attaching to the Shares.

The purpose of the Offer and the intended use of funds raised are set out in Section 3.1.

2.3 Payment options

(a) By BPAY®

For payment by BPAY®, please follow the instructions on the Entitlement and Acceptance Form. You can only make a payment via BPAY® if you are the holder of an account with an Australian financial institution that supports BPAY® transactions. Please note that should you choose to pay by BPAY®:

- (i) you do not need to submit the Entitlement and Acceptance Form but are taken to have made the declarations on that Entitlement and Acceptance Form;
- (ii) if you do not pay for your Entitlement in full, you are deemed to have taken up your Entitlement in respect of such whole number of Shares which is covered in full by your Application monies; and
- (iii) if you pay more than is required to subscribe for your Entitlement, you will be taken to have applied for Shortfall Securities (if any) under the Shortfall Offer, to the extent of the excess.

You should be aware that your own financial institution may implement earlier cut-off times with regard to electronic payment, and you should therefore take this into consideration when making payment. **It is your responsibility to ensure that funds submitted through BPAY® are received by 3.00pm (WST) on the Closing Date. The Company shall not be responsible for any delay in the receipt of the BPAY® payment.**

Guidance where you have more than one CRN (Shareholding of Shares)

If you have more than one shareholding of Shares and consequently receive more than one Entitlement and Acceptance Form, when taking up your Entitlement in respect of one of those Shareholdings only use the CRN specific to that Shareholding as set out in the applicable Entitlement and Acceptance Form. **Do not use the same CRN for more than one of your Shareholdings.** This can result in your Application monies being applied to your Entitlement in respect of only one of your Shareholdings (with the result that any Application in respect of your remaining Shareholdings will not be valid).

(b) **By Cheque**

All cheques must be drawn on an Australian bank or bank draft made payable in Australian currency to "M8 Sustainable Limited" and crossed "Not Negotiable".

Your completed Entitlement and Acceptance Form and cheque must reach the Company's share registry no later than 5.00pm (WST) on the Closing Date.

2.4 Implications of an acceptance

Returning a completed Entitlement and Acceptance Form or paying any Application monies by BPAY® will be taken to constitute a representation by you that:

- (a) you have received a copy of this Prospectus and the accompanying Entitlement and Acceptance Form, and read them both in their entirety; and
- (b) you acknowledge that once the Entitlement and Acceptance Form is returned, or a BPAY® payment instruction is given in relation to any Application monies, the application may not be varied or withdrawn except as required by law.

2.5 Minimum subscription

The minimum subscription in respect of the Offer is \$8,000,000.

No Securities will be issued until the minimum subscription has been received. If the minimum subscription is not achieved within 4 months after the date of issue of this Prospectus, the Company will either repay the Application monies to the Applicants or issue a supplementary prospectus or replacement prospectus and allow Applicants one month to withdraw their Application and be repaid their Application monies.

2.6 Shortfall Offer

Any Entitlement not taken up pursuant to the Offer will form the Shortfall Offer (**Shortfall Securities**). The Shortfall Offer is a separate offer made pursuant to this Prospectus and will remain open for up to three months following the Closing Date. The issue price for each Share to be issued under the Shortfall Offer shall be \$0.01 being the price at which Shares have been offered under the Offer.

If you do not wish to take up any part of your Entitlement you are not required to take any action. That part of your Entitlement not taken up will form part of the Shortfall Offer and potentially be allocated to other Eligible Shareholders or other third parties as part of the Shortfall Offer. The Shortfall Offer will only be available where there is a Shortfall between applications received from Eligible Shareholders and the number of Shares proposed to be issued under the Offer.

Eligible Shareholders who wish to subscribe for Securities above their Entitlement are invited to apply for Shortfall Securities under the Shortfall Offer by completing the appropriate section on their Entitlement and Acceptance Form or by making payment for such Shortfall Securities in accordance with Section 2.3.

The Board presently intends to allocate Shortfall Securities as follows:

- For personal use only
- (a) to Eligible Shareholders who apply for an excess of their full Entitlement so long as the issue of Shortfall Securities to that Eligible Shareholder would not take their voting power to in excess of 19.99%; and then
 - (b) to other parties identified by the Directors, which may include parties who are not currently Shareholders.

No Shares will be issued to party under the Shortfall Offer if the effect would be to increase that party's voting power in the Company to an amount greater than 19.99%. Similarly, no Securities will be issued via the Shortfall Offer to any related parties of the Company.

The Company reserves the right to issue an Eligible Shareholder a lesser number of Shortfall Securities than applied for or no Shortfall Securities at all. However, the Directors do not intend to refuse an application for Shortfall Securities from Eligible Shareholders other than in circumstances of oversubscription or where acceptance may result in a breach of the Corporations Act. If the number of Shortfall Securities applied for by Eligible Shareholders exceeds the total Shortfall, scale back will be applied to applications under the Shortfall Offer and the Shortfall Securities will be allocated among applying Eligible Shareholders proportionate to their existing holdings.

All decisions regarding the allocation of Shortfall Securities will be made by the Directors and will be final and binding on all applicants under the Shortfall Offer; as such there is no guarantee that any Shortfall Securities applied for will be issued to Eligible Shareholders.

The Company will have no liability to any Applicant who receives less than the number of Shortfall Securities they applied for under the Shortfall Offer. If the Company scales back any applications for Shortfall Securities under the Shortfall Offer any Application monies will be returned (without interest) as soon as practicable.

Eligible Shareholders resident in jurisdictions outside Australia should note that their participation in the Shortfall Offer may be restricted by Australia's foreign investment laws. The Company reserves the right to not issue Shortfall Shares to an Eligible Shareholder where it reasonably believes that doing so may infringe on Australia's foreign investment laws.

2.7 Canaccord Offer

This Prospectus also includes an offer of 8,000,000 Shares to Canaccord (or its nominees) in consideration for corporate advisory services provided to the Company (**Corporate Advisory Fee Shares**). These Shares will rank equally with the Shares on issue at the date of this Prospectus. Please refer to Section 4.1 for further information regarding the rights and liabilities attaching to the Shares. Only Canaccord (or its nominees) may accept the offer of the Corporate Advisory Fee Shares. A personalised Application Form will be issued to Canaccord (or its nominees) together with a copy of this Prospectus.

2.8 ASX listing

Application for Official Quotation of the Shares offered pursuant to this Prospectus will be made in accordance with the timetable set out at Section 1. If ASX does not grant Official Quotation of the Shares offered pursuant to this Prospectus before the expiration of three months after the date of issue of the Prospectus, (or such period as varied by the ASIC), the Company will not issue any Shares and will

For personal use only

repay all Application monies for the Shares within the time prescribed under the Corporations Act, without interest.

The fact that ASX may grant Official Quotation to the Shares is not to be taken in any way as an indication of the merits of the Company or the Shares now offered for subscription.

2.9 Issue of Securities

Securities issued pursuant to the Offer will be issued in accordance with the ASX Listing Rules and timetable set out at Section 1.

Securities issued pursuant to the Shortfall Offer will be issued on a progressive basis. Where the number of Securities issued is less than the number applied for, or where no issue is made surplus Application monies will be refunded without any interest to the Applicant as soon as practicable after the closing date of the Shortfall Offer.

Pending the issue of the Securities or payment of refunds pursuant to this Prospectus, all Application monies will be held by the Company in trust for the Applicants in a separate bank account as required by the Corporations Act. The Company, however, will be entitled to retain all interest that accrues on the bank account and each Applicant waives the right to claim interest.

Holding statements for Securities issued under the Offer will be mailed as soon as practicable after the issue of Securities and for Shortfall Securities issued under the Shortfall Offer as soon as practicable after their issue.

2.10 Commissions payable

The Company reserves the right to pay commissions of up to 6% (exclusive of goods and services tax) of amounts subscribed through any licensed securities dealers or Australian financial services licensees in respect of any valid applications lodged and accepted by the Company and bearing the stamp of the licensed securities dealer or Australian financial services licensee. Payments will be subject to the receipt of a proper tax invoice from the licensed securities dealer or Australian financial services licensee.

2.11 Overseas shareholders

This Offer does not, and is not intended to, constitute an offer in any place or jurisdiction in which, or to any person to whom, it would not be lawful to make such an offer or to issue this Prospectus.

All of the Company's Shareholders are resident in either, Australia, New Zealand, Hong Kong, Singapore or Thailand as at the date of this Prospectus and the Offer is extended to Shareholders resident in all of these countries.

New Zealand

The Securities are not being offered to the public within New Zealand other than to existing shareholders of the Company with registered addresses in New Zealand to whom the offer of these securities is being made in reliance on the Financial Markets Conduct (Incidental Offers) Exemption Notice 2021. The offer of New Securities is renounceable in favour of members of the public.

This Prospectus has been prepared in compliance with Australian law and has not been registered, filed with or approved by any New Zealand regulatory authority

under the Financial Markets Conduct Act 2013. This document is not a product disclosure statement under New Zealand law and is not required to, and may not, contain all the information that a product disclosure statement under New Zealand law is required to contain.

Hong Kong

WARNING: The contents of this Prospectus have not been reviewed by any Hong Kong regulatory authority. You are advised to exercise caution in relation to the offer. If you are in doubt about any contents of this Prospectus, you should obtain independent professional advice.

Singapore

This Prospectus and any other materials relating to the Securities have not been, and will not be, lodged or registered as a prospectus in Singapore with the Monetary Authority of Singapore. Accordingly, this Prospectus and any other document relating to the Securities may not be issued, circulated or distributed, nor may the Securities be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore except pursuant to and in accordance with exemptions in Subdivision (4) Division 1, Part 13 of the Securities and Futures Act 2001 of Singapore (the **SFA**) or another exemption under the SFA.

This Prospectus has been given to you on the basis that you are an existing holder of the Company's Shares. If you are not such a shareholder, please return this Prospectus immediately. You may not forward or circulate this Prospectus to any other person in Singapore.

Any offer is not made to you with a view to the Securities being subsequently offered for sale to any other party. There are on-sale restrictions in Singapore that may be applicable to investors who acquire Securities. As such, investors are advised to acquaint themselves with the SFA provisions relating to resale restrictions in Singapore and comply accordingly.

Thailand

This Prospectus is not intended to be an offer, sale or invitation for subscription or purchase of securities in Thailand. This Prospectus has not been registered as a prospectus with the Office of the Securities and Exchange Commission of Thailand. Accordingly, this Prospectus and any other document relating to the offer, sale or invitation for subscription or purchase, of the Securities may not be circulated or distributed, nor may the Securities be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to the public of Thailand. This Prospectus may be distributed in Thailand only to existing shareholders of the Company.

Nominees and custodians

Nominees and custodians may not distribute this Prospectus, and may not permit any beneficial shareholder to participate in the Offer, in any country outside Australia, New Zealand and Singapore except, with the consent of the Company, to beneficial shareholders resident in certain other countries where the Company may determine it is lawful and practical to make the Offer.

3. PURPOSE AND EFFECT OF THE OFFER

3.1 Purpose of the Offer

The purpose of the Offer is to raise up to approximately \$10,021,403 (and a minimum of \$8,000,000) before costs. The funds raised from the Offer are intended to be applied in accordance with the table set out below:

Item	Proceeds of the Offer	Minimum Subscription (\$)		Full Subscription (\$)	%
1.	Construction of the Gingin Landfill Facility	2,500,000	31.2	2,500,000	25
2.	Payment of SBANG Australia Invoices – Gingin Landfill Facility Construction	1,500,000	18.8	1,500,000	15
3.	Repayment of M8H Loan	1,400,000	17.5	1,400,000	14
4.	Repayment of Remagen Loan	-	-	1,900,000	19
5.	Working capital	2,000,000	25	2,021,403	20
6.	Expenses of the Offer ¹	600,000	7.5	700,000	7
	Total	8,000,000		10,021,403	100.0

Notes:

1. Refer to Section 6.7 for further details relating to the estimated expenses of the Offer.

On completion of the Offer, the Board believes the Company will have sufficient working capital to achieve its stated objectives. The Company notes however that it will need to raise further equity or debt funding to repay the Remagen Loan Facility which is repayable on or before January 2023. In addition to this, and depending on the Company's ability to generate income from its operations, the Company may require further financing in addition to amounts raised under the Offer and in addition to amounts raised to repay the Remagen Loan Facility. Please refer to the risk factors entitled 'Going Concern', 'Additional Requirements for Capital' and 'Default Risk – Remagen Loan' for further details.

In the event the Offer is not fully subscribed, operational objectives may be modified, which may result in delay or substantial changes to the Company's future plans. In addition, it should be noted that the Company's budgets and forecasts will be subject to modification on an ongoing basis depending on the results achieved from its business activities and operations.

The Company intends to apply any funds raised under the Top-up Placement toward repayment of the Remagen Loan.

The above table and disclosure are statements of current intentions as of the date of this Prospectus. As with any budget, intervening events and new circumstances

have the potential to affect the manner in which the funds are ultimately applied. The Board reserves the right to alter the way funds are applied on this basis.

3.2 Effect of the Offer

The principal effect of the Offer, assuming all Entitlements are accepted, and no Shares are issued including on exercise or conversion of other Securities on issue prior to the Record Date, will be to:

- (a) increase the cash reserves by \$9,321,403 (after deducting the estimated expenses of the Offer) immediately after completion of the Offer; and
- (b) increase the number of Shares on issue from 477,209,670 as at the date of this Prospectus to 1,479,349,977 Shares.

3.3 Effect on capital structure

The effect of the Offer on the capital structure of the Company, assuming all Entitlements are accepted and no Shares are issued including on exercise or conversion of other Securities on issue prior to the Record Date, is set out below.

Shares

	Number
Shares currently on issue	477,209,670
Shares offered pursuant to the Offer	1,002,140,307
Shares offered to Canaccord in lieu of corporate advisory services	8,000,000
Total Shares on issue after completion of the Offer	1,487,349,977

Notes:

1. The Company also reserves the right to issue up to an additional 200,000,000 Shares at \$0.01 per Share under the Top-up Placement.

Options

	Number
Options currently on issue ¹	30,000,000
Options to be issued pursuant to the Offer	nil
Total Options on issue after completion of the Offer	30,000,000

Notes:

1. Comprising of 20,000,000 unlisted Options (exercisable at \$0.25 each on or before 4 December 2022) and 10,000,000 unlisted options (exercisable at \$0.04 on or before 2 August 2024).

The capital structure on a fully diluted basis as at the date of this Prospectus would be 507,209,670 Shares, and on completion of the Offer (assuming all Entitlements are accepted, and no Shares are issued including on exercise or conversion of other Securities on issue prior to the Record Date) would be 1,517,349,977 Shares.

3.4 Pro-forma balance sheet

The reviewed balance sheet as at 31 December 2021, the unaudited balance sheet at 31 March 2022 and the unaudited pro-forma balance sheet as at 31 March 2022 shown below have been prepared on the basis of the accounting policies normally adopted by the Company and reflect the changes to its financial position.

The pro-forma balance sheet has been prepared assuming both the Minimum Subscription and the Full Subscription under the Offer are raised, no Options or convertible securities are exercised prior to the Record Date and including expenses of the Offer.

The pro-forma balance sheet has been prepared to provide investors with information on the assets and liabilities of the Company and pro-forma assets and liabilities of the Company as noted below. The historical and pro-forma financial information is presented in an abbreviated form, insofar as it does not include all of the disclosures required by Australian Accounting Standards applicable to annual financial statements.

Notes:

1. An amount of \$4,266,424 is owed to SBANG Australia Pty Ltd (for the Gingin construction contract). Upon successful completion of the Offer, a payment of \$1,500,000 will be made from the proceeds of the Offer.
2. Under the Maximum Subscription of \$10,021,403, the Company proposes to repay \$1,921,403 of the Remagen Loan.
3. M8 Holdings Ltd (M8H): The Company has entered into a loan agreement with M8H for an amount of AUD \$4,000,000 at an interest rate of 10% per annum. In addition to a historical amount owed of \$1,057,548, a further \$342,452 is expected to be received (between 1 April 2022 and completion of the Offer) resulting in a total debt of \$1,400,000. M8H has agreed to convert the debt as part of its Entitlement under the Offer.
4. Proceeds from offer: Total share capital raised: \$8,000,000 (800,000,000 Shares) – Minimum Subscription; \$10,021,403 (1,002,140,307 Shares) – Full Subscription
5. Transaction costs: Minimum Subscription (\$8m) a sum total of \$600,000 and Full Subscription (\$10m), a sum total of \$700,000 - comprising corporate advisory fees, Broker fees, selling fees and legal fees to be paid from the proceeds of the Offer.

4. RIGHTS AND LIABILITIES ATTACHING TO SECURITIES

4.1 Rights and liabilities attaching to Shares

The following is a summary of the more significant rights and liabilities attaching to the Shares being offered pursuant to this Prospectus. This summary is not exhaustive and does not constitute a definitive statement of the rights and liabilities of Shareholders. To obtain such a statement, persons should seek independent legal advice.

Full details of the rights and liabilities attaching to Shares are set out in the Constitution, a copy of which is available for inspection at the Company's registered office during normal business hours.

(a) General meetings

Shareholders are entitled to be present in person, or by proxy, attorney or representative to attend and vote at general meetings of the Company.

Shareholders may requisition meetings in accordance with section 249D of the Corporations Act and the Constitution of the Company.

(b) Voting rights

Subject to any rights or restrictions for the time being attached to any class or classes of shares, at general meetings of shareholders or classes of shareholders:

- (i) each Shareholder entitled to vote may vote in person or by proxy, attorney or representative;
- (ii) on a show of hands, every person present who is a Shareholder or a proxy, attorney or representative of a Shareholder has one vote; and
- (iii) on a poll, every person present who is a Shareholder or a proxy, attorney or representative of a Shareholder shall, in respect of each fully paid Share held by him, or in respect of which he is appointed a proxy, attorney or representative, have one vote for each Share held, but in respect of partly paid shares shall have such number of votes as bears the same proportion to the total of such Shares registered in the Shareholder's name as the amount paid (not credited) bears to the total amounts paid and payable (excluding amounts credited).

(c) Dividend rights

Subject to the rights of any preference Shareholders and to the rights of the holders of any shares created or raised under any special arrangement as to dividend, the Directors may from time to time declare a dividend to be paid to the Shareholders entitled to the dividend which shall be payable on all Shares according to the proportion that the amount paid (not credited) is of the total amounts paid and payable (excluding amounts credited) in respect of such Shares.

The Directors may from time to time pay to the Shareholders any interim dividends as they may determine. No dividend shall carry interest as against the Company. The Directors may set aside out of the profits of

the Company any amounts that they may determine as reserves, to be applied at the discretion of the Directors, for any purpose for which the profits of the Company may be properly applied.

Subject to the ASX Listing Rules and the Corporations Act, the Company may, by resolution of the Directors, implement a dividend reinvestment plan on such terms and conditions as the Directors think fit and which provides for any dividend which the Directors may declare from time to time payable on Shares which are participating Shares in the dividend reinvestment plan, less any amount which the Company shall either pursuant to the Constitution or any law be entitled or obliged to retain, be applied by the Company to the payment of the subscription price of Shares.

(d) **Winding-up**

If the Company is wound up, the liquidator may, with the authority of a special resolution, divide among the Shareholders in kind the whole or any part of the property of the Company, and may for that purpose set such value as he considers fair upon any property to be so divided, and may determine how the division is to be carried out as between the Shareholders or different classes of Shareholders.

The liquidator may, with the authority of a special resolution, vest the whole or any part of any such property in trustees upon such trusts for the benefit of the contributories as the liquidator thinks fit, but so that no Shareholder is compelled to accept any shares or other securities in respect of which there is any liability.

(e) **Shareholder liability**

As the Shares issued will be fully paid shares, they will not be subject to any calls for money by the Directors and will therefore not become liable for forfeiture.

(f) **Transfer of shares**

Generally, shares in the Company are freely transferable, subject to formal requirements, the registration of the transfer not resulting in a contravention of or failure to observe the provisions of a law of Australia and the transfer not being in breach of the Corporations Act and the ASX Listing Rules.

(g) **Future increase in capital**

The issue of any new Shares is under the control of the Directors of the Company. Subject to restrictions on the issue or grant of securities contained in the ASX Listing Rules, the Constitution and the Corporations Act (and without affecting any special right previously conferred on the holder of an existing share or class of shares), the Directors may issue Shares as they shall, in their absolute discretion, determine.

(h) **Variation of rights**

Under section 246B of the Corporations Act, the Company may, with the sanction of a special resolution passed at a meeting of Shareholders vary or abrogate the rights attaching to Shares.

If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class), whether or not the Company is being wound up, may be varied or abrogated with the consent in writing of the holders of three quarters of the issued shares of that class, or if authorised by a special resolution passed at a separate meeting of the holders of the shares of that class.

(i) **Alteration of constitution**

In accordance with the Corporations Act, the Constitution can only be amended by a special resolution passed by at least three quarters of Shareholders present and voting at the general meeting. In addition, at least 28 days written notice specifying the intention to propose the resolution as a special resolution must be given.

5. RISK FACTORS

5.1 Introduction

The Shares offered under this Prospectus should be considered as highly speculative and an investment in the Company is not risk free.

The Directors strongly recommend that prospective investors consider the risk factors set out in this Section 5, together with all other information contained in this Prospectus.

The future performance of the Company and the value of the Securities may be influenced by a range of factors, many of which are largely beyond the control of the Company and the Directors. Key risks associated with the Company's business, the industry in which it operates and general risks applicable to all investments in listed securities and financial markets generally are described below.

The risks factors set out in this Section 5, or other risk factors not specifically referred to, may have a materially adverse impact on the performance of the Company and the value of the Shares. This Section 5 is not intended to provide an exhaustive list of the risk factors to which the Company is exposed.

Before determining whether to invest in the Company you should ensure that you have a sufficient understanding of the risks described in this Section 5 and all of the other information set out in this Prospectus and consider whether an investment in the Company is suitable for you, taking into account your objectives, financial situation and needs.

If you do not understand any matters contained in this Prospectus or have any queries about whether to invest in the Company, you should consult your accountant, financial adviser, stockbroker, lawyer or other professional adviser.

5.2 Company specific

Potential for Dilution

Upon implementation of the Offer, assuming all Entitlements are accepted, no other Shares are issued prior to the Record Date (including as a result of the exercise or conversion of Options), the number of Shares in the Company will increase from 477,209,670 Shares currently on issue to 1,479,349,977 Shares. This means that immediately after the Offer each Share will represent a significantly lower proportion of the ownership of the Company.

It is not possible to predict what the value of the Company's Share will be following the completion of the Offer being implemented and the Directors do not make any representation as to such matters.

The last trading price of Shares on ASX prior to the Prospectus being lodged of \$0.019 is not a reliable indicator as to the potential trading price of Shares after implementation of the Offer.

Control

M8 Holding Limited (formerly SBANG Sustainable Energies Limited) (**M8H**) is currently the largest Shareholder of the Company and has a relevant interest in approximately 34.9% of the Shares in the Company. Assuming M8H takes up its full Entitlement and no other Shareholders accept their entitlements, M8H's voting power in the Company could be as high as 62.4%.

	<p>M8H's significant interest in the capital of the Company means that it is in a position to potentially influence the financial decisions of the Company, and its interests may not align with those of all other Shareholders.</p> <p>M8H holds a relevant interest in more than 25% of the Company which means that it has the potential to prevent a special resolution from being passed by the Company (such resolution requiring at least 75% of the votes cast by members entitled to vote on the resolution). Special resolutions are required in relation to approve certain Company matters including potentially seeking the delisting of the Company, amending the Constitution, approving the voluntary winding up of the Company and, if at any time the share capital of the Company is divided into different classes of Shares, approving the variation of the rights attached to any such class.</p>
<p>Going Concern</p>	<p>The Company's financial report for the half year ended 31 December 2021 (Financial Report) stated that the Company had recorded a net loss before tax of \$5,118,288, had operating and investing cash outflows of \$5,616,495, had cash and cash equivalents amounting to \$486,481 and had net current liabilities of \$4,770,053. In addition, the Financial Report stated that the Company's cash flow forecasts for the 12 months ended February 2023 showed that the Company would be required to raise additional equity or debt funding in order to fund working capital and debt repayment requirements. The Financial Report included a note which described the principal conditions that raised doubt about the Company's ability to continue as a going concern. Specifically, the Financial Report noted that there remained a material uncertainty as to whether the Company could raise sufficient funding (as outlined above) which may cast significant doubt about the Company's ability to continue as a going concern and, therefore, whether the Company would be able to realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the Financial Report. Please refer to the Financial Report (announced on 1 March 2022) for further details.</p> <p>It should also be noted that since the end of the half year covered by the Financial Report, the Remagen Loan Facility (defined below) has been re-classified as a current liability of the Company (i.e. repayment is due in less than 12 months). Please refer to the pro forma balance sheet at Section 3.4 for further details.</p> <p>Notwithstanding the 'going concern' matters included in the Financial Report, the Directors believe that upon the successful completion of the Offer, the Company will have sufficient funds to adequately meet the Company's current commitments and short-term working capital requirements, provided further equity or debt fund raising is achieved (i.e. in addition to the funds raised under the Offer) that is required to meet the repayment schedule for the Remagen Loan Facility (refer to the risk factor below for further details).</p> <p>In the event that the Offer is not completed successfully there is significant uncertainty as to whether the Company can continue as a going concern which is likely to have a material adverse effect on the Company's activities. Further, in the event the Company is unable to raise the further equity or debt funding required to repay the Remagen Loan Facility, there would be significant uncertainty as to whether the Company could continue as a going concern which is likely to have a material adverse effect on the Company's activities.</p>

Additional requirements for capital	<p>The Company's capital requirements depend on numerous factors. As noted above, the Company will need to raise further equity or debt funding to repay the Remagen Loan Facility which is repayable on or before January 2023. In addition to this, and depending on the Company's ability to generate income from its operations, the Company may require further financing in addition to amounts raised under the Offer and in addition to amounts raised to repay the Remagen Loan Facility. Any additional equity financing will dilute shareholdings, and additional debt financing, if available, may involve restrictions on financing and operating activities. If the Company is unable to obtain additional financing as needed, it may be required to reduce the scope of its operations and scale back its operations as the case may be. There is however no guarantee that the Company will be able to secure any additional funding or be able to secure funding on terms favourable to the Company.</p>
Default Risk Remagen Loan	<p>–</p> <p>As announced on 11 February 2021, the Company secured an \$11 million financing facility provided by Remagen Capital Management Pty Ltd (Remagen) to enable construction of the Gingin Facility, fund the \$3.5 million bank guarantee required by the regulatory authority for Gingin Facility and for general working capital (Loan Facility). The Loan Facility is secured by a first ranking mortgage over the land upon which the Gingin Facility is being constructed and over the Company's lease over the Maddington Waste Facility and a security interest over all of the present and future property and assets of the Company and its subsidiary, Fernview Environmental Pty Ltd.</p> <p>Under the terms of the Loan Facility, the Company has obligations to make periodic interest and principal payments to Remagen on a monthly basis and fully repay the Remagen Loan Facility on or before January 2023.</p> <p>The Company expects to be able to repay the Loan Facility from the proceeds from future debt or equity raisings, cash flows from operations or proceeds from the sale of assets. However, there is a risk that the Company may be unable to procure or raise sufficient cash resources from its operations, future debt or equity raisings.</p> <p>Should the Company default on its obligations under the Loan Facility (including the obligation to make interest payments) an event of default will occur. In these circumstances, if the Company is unable to raise sufficient funds or otherwise cure the default, Remagen will be able to seek immediate repayment of the debts or enforce the security granted and sell some or all of the Company's assets.</p>
Joint Venture Risk	<p>On 17 September 2021, the Company announced that it had launched Access Waste Management, a cloud-based waste management and logistics platform joint venture in which the Company holds a 50% interest. The Company is subject to the risk that changes in the status of this joint venture (or any joint venture the Company enters into in the future) may adversely affect the operations and performance of the Company.</p> <p>There is also a risk of financial failure or default by a joint venture participant under the Access Waste Management joint venture arrangements or any future joint venture the Company enters. Any withdrawal by a joint venture party or any issues with their ability to perform the obligations due under the joint venture arrangements could have a material adverse impact on the financial position of the Company. There is also the risk of disputes arising with the Company's joint venture partners, the</p>

	resolution of which could lead to delays in the Company's proposed development activities or financial loss and could lead to reputational damage.
Negative publicity may adversely affect the Share price	Any negative publicity or announcement relating to any of the Company's substantial Shareholders, key personnel or activities may adversely affect the stock performance of the Company, whether or not this is justifiable. Examples of such negative publicity or announcements may include involvement in legal or insolvency proceedings, failed attempts in takeovers, joint ventures or other business transactions. No such issues are currently known to affect the Company.
Activity in the waste management sector and geographical concentration	<p>The Company operates in the waste management sector, focusing on the collection and recycling of waste in Western Australia.</p> <p>The continued performance and future growth of the Company is dependent on continued activity and expansion in the Western Australian waste management sector, and any new geographical markets in which the Company operates from time to time. The level of activity in the waste management sector may vary and be affected by prevailing or predicted economic activity. There can be no assurance that the current levels of activity in the waste management sector will be maintained in the future or that customers of M8S (including those in the construction sector – see below) will not reduce their activities, capital expenditure and requirements for waste management services in the future. Any prolonged period of low growth in the waste management industry would be likely to have an adverse effect on the business, financial condition and profitability of the Company. As the Company is located in Western Australia, it may be impacted by any decline in activity in the Western Australia waste management industry more so than a company that had a diversified geographical presence.</p>
Increasing competition in the waste management sector	A number of entities currently compete with the Company in the Western Australian waste management sector, and new competitors may enter the sector in the future. The market share of M8S's competitors may increase or decrease as a result of various factors such as securing major new contracts, developing new technologies, adopting pricing strategies specifically designed to gain market share and the emergence of disruptors or disruptive behaviours. These competitive actions may reduce the prices the Company is able to charge for its services and products or reduce the Company's activity levels, both of which would negatively impact the financial performance of the Company.
Business operating risks	<p>The performance of the Company may be subject to conditions beyond the control of management, and these conditions may reduce sales of its services and/or increase costs of both current and future operations.</p> <p>The Company believes that one of the most significant operating risks is the unplanned shutdown of the Maddington Facility for an extended period of time, whether due to a fire, flood or otherwise.</p> <p>Other operating risks beyond the control of management include, but are not limited to changes in legislative requirements, variation in timing of regulatory approvals, abnormal or severe weather or climatic conditions, natural disasters, unexpected maintenance or technical problems, new technology failures and industrial disruption.</p>

	These circumstances may adversely affect M8S's reputation, profitability and growth.
Reliance on customers and customer concentration	<p>The success of the Company's business and its ability to grow relies on its ability to retain existing client relationships and develop new ones. This is particularly relevant to the Company's revenue with its contracted clients. There is no guarantee that these relationships will continue beyond the terms of contracts or if they do continue, that these relationships will be successful.</p> <p>If the Company's clients amend or terminate their agreements with M8S, this may have an adverse effect on the financial performance and/or financial position of the Company. There is also potential that the Company will not receive payments for the provision of its services if a customer becomes insolvent or fails to provide payment in accordance with its agreement with the Company.</p>
Supplier arrangements	<p>The Company has arrangements with a number of key suppliers to the business. Some arrangements with suppliers are not subject to fixed terms or are not the subject of a formal contract, meaning that if they were to come to an end at the instigation of a counterparty, there may be a time lag until the Company has entered into new arrangements with an alternative supplier. An inability to secure ongoing supply of required goods and services at prices assumed within production targets could also potentially impact the results of the Company S's operations.</p>
Environmental compliance costs and liabilities	<p>Waste management activities are subject to significant environmental and other regulation. Key legislation that M8S is required to comply with includes legislation relating to the environment and the protection of the environment such as the Environment Protection and Biodiversity Conservation Act 1999 (Cth), Environmental Protection Act 1986 (WA), Environmental Protection Regulations 1987 (WA) and the Environmental Protection (Clearing of Native Vegetation) Regulations 2004 (WA).</p> <p>These regulations impact the Company both from a site planning/development perspective and also at an operational level, seeking to minimise the impact of waste management activities on human health, the environment (including in relation to minimising the risk of hazardous materials and contamination, dust or other environmental impacts) and public transport infrastructure (such as roads).</p> <p>Unforeseen environmental issues may affect any of the recycling facilities used by the Company and there is a risk that a recycling facility may be contaminated now or in the future.</p> <p>Although the Company does have measures in place to minimise the risk of contamination and pollution, this may not always be effective. For example, stockpiles of waste at recycling facilities may unintentionally become contaminated with prohibited or hazardous materials which were not detected at the time of entry to the Company's facilities. If even a small amount of a prohibited or hazardous material is processed at a plant and contaminates a stockpile of waste and/or product material, the entire stockpile or product material could be deemed to be contaminated waste. There is also a risk that contaminated material originating from a recycling facility is transferred to the land of a customer or otherwise causes or contributes to a pollution incident.</p> <p>In these and other circumstances, environmental authorities may take regulatory action against the Company. Regulatory</p>

	<p>action may require the Company to pay a fine and/or remediate any contamination and may require the Company to undertake such remediation at its own cost. M8S may be liable to remedy recycling facilities affected by environmental issues even in circumstances where the Company is not responsible for causing the environmental liability. The cost of such fine and/or remediation could be substantial. If the Company is not able to remediate the recycling facility properly, this may adversely impact the Company's financial performance.</p> <p>In addition, environmental laws impose penalties for environmental damage and contamination. If a person is exposed to a hazardous substance at a recycling facility used by the Company or in a product material supplied by the Company, they may make a personal injury claim against the Company. Such a claim could be for an amount that is greater than the value of the contaminated property.</p> <p>An environmental issue may also result in interruptions to the operations of a recycling facility. Any lost income caused by such an interruption to operations may not be recoverable.</p>
Capital costs and planned capital projects	<p>The Company's forecasts are based on the best available information at the time, and certain assumptions in relation to cost and timing of planned development or expansion of facilities, receipt of design and development approvals and regulatory approvals, and the level of capital expenditure required to undertake planned development and maintain the assets. Any significant unforeseen increases in the capital costs or delays in receipt of approvals may adversely impact the Company's future cash flow and profitability.</p>
Delays in Gingin operational regulatory approvals	<p>In the event there are delays in receiving the regulatory approvals required to enable operations to commence at the Gingin Landfill Facility in a timely fashion as us currently planned, it will take longer for the Company to reach break-even in cash flow and profitability for the Company overall, which would result in the Company requiring further working capital.</p>
Regulatory risks	<p>The Company may be exposed to changes in the regulatory conditions under which it operates in Western Australia. Such regulatory changes can include, for instance, changes in taxation laws and policies, transport legislation, accounting laws, policies, standards and practices, environmental laws and regulations that may impact upon the operations and processes of the Company, and employment laws and regulations, including laws and regulations relating to occupational health and safety. Any changes required to be made to the business model of M8S as a result of any legislative or regulatory changes may result in a material loss of revenue for the Company and to the extent that fixed costs cannot be reduced and/or costs cannot be passed onto customers, could adversely impact the financial performance of the Company.</p> <p>The Company's facilities have the benefit of approvals from Government authorities. These approvals may contain ambiguous conditions that require legal interpretation. There is a risk that the Company may incorrectly interpret the conditions of any such approvals. This may cause the Company to be at risk of adverse regulatory action by a Government authority which may result in a material adverse impact on the Company's forecasted earnings, expenses and profitability.</p>

Metals Recycling	<p>The Company is exposed to changes in the regulatory conditions in the metals recycling industry. Any changes required to be made to the business model of M8S as a result of any legislative or regulatory changes may result in a material loss of turnover/profit for the Company and to the extent that fixed costs cannot be reduced and/or costs cannot be passed onto customers, could adversely impact the financial performance of the Company.</p>
Contractual risk	<p>The Company is party to numerous contracts in respect of its business, including an Operation and Maintenance Agreement with Star Shenton Energy Pty Ltd for the Brockwaste Facility. The Operation and Maintenance Agreement includes certain obligations that the Company and Star Shenton Energy Pty Ltd must comply with. There is no guarantee that such obligations will be met or that the Operation and Maintenance Agreement might not be terminated. Termination of this agreement may have a material adverse effect on the Company and its operations.</p> <p>There are a number of other risks associated with contracts entered into by the Company, including the risk that those contracts may contain unfavourable provisions, or be terminated, lost or impaired, or renewed on less favourable terms. As with any contract, there is a risk that the business could be disrupted in situations where there is a disagreement or dispute in relation to a term of the contract. Should such a disagreement or dispute occur, this may have an adverse impact on the Company's operations and performance generally. It is not possible for the Company to predict or protect itself against all such risks.</p>
Growth strategy and funding	<p>Part of the Company's strategic plan involves the ability to identify and acquire suitable business acquisitions and sites in the future. In particular, the success of the Company's acquisition strategy will be dependent on a number of factors, including:</p> <ul style="list-style-type: none"> (a) the availability of suitable business acquisitions or sites at an acceptable price to the Company, including geographic expansion nationally and into Asia; (b) leveraging the key competencies of the Company's major shareholder, M8H; (c) the Company's competitors bidding for any target acquisitions; (d) securing long term contractual relationships with local government authorities in close proximity to the facilities and large industrial clients both in the waste management sector as well as the construction sector; (e) the availability of debt and equity funding and the suitability of the terms of funding; and (f) due diligence issues. <p>There is no assurance that the Company will secure any acquisitions to drive future growth. While the Company intends that its historic and future acquisitions will improve its competitiveness and profitability, the Company cannot be certain that they will meet its operational or strategic expectations.</p> <p>Acquisitions involve special risks, including accounting, regulatory, compliance, information technology and human resource issues that could arise in connection with, or as a result of, the acquisition of the acquired business, the potential</p>

	<p>assumption of unanticipated liabilities and contingencies, and difficulties in integrating acquired businesses. There are integration risks, including challenges in implementing a consistent culture across the business, the loss of key personnel, higher than anticipated integration costs, delays in achieving integration and the realisation of lower than anticipated cost synergies. In addition, the success of a geographic expansion by the Company could be adversely affected if the Company is unable to adapt to the local operating and regulatory environment.</p> <p>Further, if the performance of an acquired business varies from that in the Company's projections or assumptions, or estimates about future profitability of an acquired business change, the estimated fair value of an acquired business could change materially and could result in an impairment of goodwill and other acquisition-related intangible assets recorded on the Company's statement of financial position.</p> <p>The performance and profitability of the Company will also be affected by:</p> <ul style="list-style-type: none"> (a) its success in ramping up volumes at both the Gingen Facility (once operations have commenced) and Maddington Facility, including via Access Waste Management; and (b) its business mix and end market exposures, including its exposure to the Construction & Demolition and Commercial & Industrial waste sector and other end markets as well as its exposure to different geographic markets.
Reliance on key personnel	<p>The responsibility of overseeing day-to-day operations and the strategic management of the Company is currently concentrated amongst a number of key employees. While it is not currently anticipated, one or any number of these key employees may cease employment with the Company, the loss of any such key employees of the Company could have the potential to have a detrimental impact on the Company until the skills that are lost are adequately replaced.</p>
Construction risk	<p>The Company has obtained planning and environmental approvals and a works approval which allows for the commencement of construction of the first landfill cell and associated infrastructure on the Gingen Facility. There is a risk that the development and construction of the Gingen Facility is not completed on schedule, or that the construction cost exceeds the budget, or that significant problems in constructing the Gingen Facility arise. The Company will also depend on third party contractors to undertake construction, equipment supply, installation, commissioning and operation. There is a risk that one or more of these third party contractors will not perform its contractual obligations properly or at all. Weather conditions are unpredictable and may also have a material adverse effect on construction of the Gingen Facility, including on the delivery of supplies, equipment and fuel.</p>
Occupational health and safety	<p>The Company is exposed to risks associated with the occupational health and safety of its employees. These risks include hazardous material exposure for staff, fire caused by welding or other activities and occurrences in recycling facilities, injuries associated with the servicing and operation of machinery, accidents around mobile plant, dust exposure and electrical hazards.</p>

		<p>Injuries to employees may result in significant lost time for the employee and costs and impacts on the Company's business beyond what is covered under workers compensation schemes.</p> <p>The Company has taken steps in order to increase the safety of, and mitigate the risk of, workplace injuries occurring to staff.</p>
Information technology		<p>The Company is dependent on technology for the delivery of various services made available to customers, including core technologies such as its phone systems, its computer servers, its back-end processing systems, its website, weigh bridge related systems and its other information technology systems including the Access Waste Management platform joint venture in which the Company holds a 50% interest.</p> <p>The Company has invested in the development of management information and information technology systems designed to maximise the efficiency of the Company's operations (including its investment in the Access Waste Management joint venture). Should these systems not be adequately maintained, secured or updated or if the Company's (or the Access Waste Management joint venture's) disaster recovery plans do not adequately address an event that occurs, this may negatively impact on the Company's performance. Any damage to, or failure of, the Company's (or the Access Waste Management joint venture's) key systems can result in disruptions in the Company's ability to provide services. This in turn can reduce the Company's ability to generate revenue, impact customer service levels and damage the Company's brand. This could adversely affect the Company's ability to generate new business and cause it to suffer financial loss.</p> <p>Key systems developed by the Company (and the Access Waste Management joint venture) have been developed on licenced software and the licence costs may increase. Licences may be terminated or not renewed and certain technology suppliers of the Company have early termination rights which, if exercised, requires the Company to pay a fee to the supplier. The suppliers may be subject to events, such as insolvency or technical failures, leading to temporary or permanent loss of services and systems. If any of these events occur, this may adversely affect the Company's financial performance.</p>
Potential breaches	data	<p>Through the ordinary course of business, the Company (and the Access Waste Management joint venture) collects a wide range of personal and financial data from customers using its website and platforms through the secure transmission of confidential information over public networks. This includes information such as personal contact details as well as payment information and credit card details.</p> <p>The Company (and the Access Waste Management joint venture) have a number of mechanisms in place that form a control network to prevent potential data security breaches. Among others, these include firewalls, encryption of consumer data, a privacy policy, and policies to restrict access to data to authorised employees. However, there is no guarantee that the measures taken by the Company (or the Access Waste Management joint venture) will be sufficient to detect or prevent breaches.</p> <p>Advancements in computing capabilities and cryptography (or other similar developments) may lead to a compromise or even breach of the technology platform used by M8S (or the Access Waste Management joint venture) to protect confidential information. Third parties may attempt to penetrate the</p>

	<p>Company's (or the Access Waste Management joint venture's) network security and misappropriate consumer information.</p> <p>If successful, any data breaches or the Company's (or the Access Waste Management joint venture's) failure to protect confidential information could result in loss of information integrity, breaches of the Company's (or the Access Waste Management joint venture's) obligations under applicable privacy laws (which will result in heavy penalties for serious and repeated breaches) or contracts and website and system outages, each of which may potentially have a material adverse impact on the Company's reputation as well as the Company's level of sales revenue and profitability.</p>
Commodity prices	<p>The Company collects and processes recyclable materials such as metals and civil construction products for sale to third parties. The Company's results of operations may be affected by changing prices or market requirements for recyclable materials and fluctuations in the cost of tipping.</p> <p>The resale and purchase prices of, and market demand for, recyclable materials as well as the cost of tipping fluctuate due to changes in economic conditions and numerous other factors beyond the Company's control. These fluctuations may adversely affect the Company's financial condition, results of operations, cash flows and the ability to dispose of recyclable materials at forecasted rates. If the Company is unable to pass on any increases in the cost of tipping to its customers, this may also adversely affect its financial performance.</p>
Weather conditions	<p>The Company's operating results may be adversely affected by weather conditions. In general, the volume of waste collected by customers decreases during periods of heavy and sustained rainfall, which in turn has an adverse impact on the volume passed on to the Company for recycling and processing. In addition, greater precipitation increases the weight of collected waste, resulting in higher disposal costs. As a consequence of these factors, management anticipates operating income to be generally lower during periods of heavy and sustained rainfall.</p>
Climate Risk	<p>There are a number of climate-related factors that may affect the operations and proposed activities of the Company. The climate change risks particularly attributable to the Company include:</p> <ul style="list-style-type: none"> (a) the emergence of new or expanded regulations associated with the transitioning to a lower-carbon economy and market changes related to climate change mitigation. The Company may be impacted by changes to local or international compliance regulations related to climate change mitigation efforts, or by specific taxation or penalties for carbon emissions or environmental damage. These examples sit amongst an array of possible restraints on industry that may further impact the Company and its profitability. While the Company will endeavour to manage these risks and limit any consequential impacts, there can be no guarantee that the Company will not be impacted by these occurrences; and (b) climate change may cause certain physical and environmental risks that cannot be predicted by the Company, including events such as increased severity of weather patterns and incidence of extreme weather events and longer-term physical risks such as

	shifting climate patterns. All these risks associated with climate change may significantly change the industry in which the Company operates.
Insurance	<p>The Company has in place various insurances for its current business undertakings. However, the Company's insurance arrangements may not be available, attract prohibitive premium costs, or may not adequately protect the Company, against liability for all losses, including, but not limited to environmental losses, property damage, public liability or losses arising from business interruption, flood, war, riots and civil commotion. Any losses incurred due to uninsured risks, or a loss in excess of the insured amounts could lead to a loss of some of the capital invested by the Company, and could adversely affect the financial performance of M8S. Additionally, if the Company is unable to maintain sufficient insurance cover in the future, the Company's financial performance may be adversely affected.</p> <p>Increases in insurance premiums as a result of insurance claims, global events, higher industry specific risks (particularly in the waste recycling sector) or otherwise, may also adversely affect the Company's financial performance. Insurance of all risks associated with the Company's business may not always be available and where available the costs may be prohibitive.</p>
Leases	<p>The Company currently leases the land, office space and buildings upon which the Maddington Facility business is operated from a third party. The Company may also lease or licence additional properties from third parties in the future. Failure of a third party lessor or licensor to discharge its obligations as agreed with the Company or vice versa, or failure by the Company to exercise remaining options or renew any leases or licences when they are due to expire, could adversely affect the Company's operations and financial performance.</p>
Litigation or disputes	<p>The Company may, from time to time, be involved in legal proceedings or disputes with a variety of parties, including, but not limited to, employees, major shareholders, former employees, members of the communities around its facilities, Government agencies or regulators, end-consumers, customers, vendors or suppliers arising in the ordinary course of business or otherwise. The outcome of litigation or a dispute cannot be predicted with certainty, and adverse litigation outcomes could adversely affect the Company's business, reputation, financial condition and results of operations.</p>

5.3 General risks

Coronavirus (COVID-19)	<p>The outbreak of the coronavirus disease (COVID-19) is continuing to impact global economic markets. The nature and extent of the effect of the outbreak on the performance of the Company remains unknown. The Company's Share price may be adversely affected in the short to medium term by the economic uncertainty caused by COVID-19. Further, any future governmental or industry measures taken in response to COVID-19 may adversely impact the Company's operations and are likely to be beyond the control of the Company.</p> <p>The Directors are monitoring the situation closely and have considered the impact of COVID-19 on the Company's business and financial performance. However, the situation is continually evolving, and the consequences are therefore inevitably uncertain. In compliance with its continuous disclosure</p>
-------------------------------	--

	obligations, the Company will continue to update the market in regard to the impact of COVID-19 on its revenue channels and any adverse impact on the Company. If any of these impacts appear material prior to close of the Offer, the Company will notify investors under a supplementary prospectus.
Economic	General economic conditions, introduction of tax reform, commercial lending practices by the banking sector, new legislation, movements in interest and inflation rates and currency exchange rates may have an adverse effect on the Company, as well as on its ability to fund its operations.
Market conditions	<p>Share market conditions may affect the value of the Company's quoted securities regardless of the Company's operating performance. Share market conditions are affected by many factors such as:</p> <ul style="list-style-type: none"> (a) general economic outlook; (c) introduction of tax reform or other new legislation; (d) interest rates and inflation rates; (e) changes in investor sentiment toward particular market sectors; (f) the demand for, and supply of, capital; (g) global events; and (h) terrorism or other hostilities. <p>The market price of securities can rise and fall and may be subject to varied and unpredictable influences on the market for equities. Neither the Company nor the Directors warrant the future performance of the Company or any return on an investment in the Company.</p> <p>Applicants should be aware that there are risks associated with any securities investment. Securities listed on the stock market experience extreme price and volume fluctuations that have often been unrelated to the operating performance of such companies. These factors may materially affect the market price of the Shares regardless of the Company's performance.</p> <p>In addition, the extent of the effects of COVID-19 is at this stage uncertain and continuing to evolve. The COVID-19 pandemic is having, and is expected to continue to have, a significant influence on the volatility of equity markets generally and may continue to impact and influence the value of the Company's Shares.</p>
Taxation	<p>The acquisition and disposal of Shares will have tax consequences, which will differ depending on the individual financial affairs of each investor. All potential investors in the Company are urged to obtain independent financial advice about the consequences of acquiring Shares from a taxation viewpoint and generally.</p> <p>To the maximum extent permitted by law, the Company, its officers and each of their respective advisors accept no liability and responsibility with respect to the taxation consequences of subscribing for Shares under this Prospectus.</p>
Government policy changes	Adverse changes in government policies or legislation may affect the activities of the Company.
Dividends	Any future determination as to the payment of dividends by the Company will be at the discretion of the Directors and will depend on the financial condition of the Company, future

	capital requirements and general business and other factors considered relevant by the Directors. No assurance in relation to the payment of dividends or franking credits attaching to dividends can be given by the Company.
Ukraine Conflict	<p>The current conflict between Ukraine and Russia (Ukraine Conflict) is impacting global economies and financial markets. The nature and extent of the effect the Ukraine Conflict may have on the Company's operations remains uncertain at this time. In the short to medium term, the Company's Share price may be adversely affected by the economic uncertainty caused by the Ukraine Conflict and the wider effect the conflict has on global economies and financial markets.</p> <p>The Directors are monitoring the potential secondary and tertiary macroeconomic impacts of the Ukraine Conflict, including the fluctuations in commodity and energy prices and the potential risk of cyber activity impacting governments and businesses. The Company is monitoring the situation closely and considers the impact of the Ukraine Conflict on the Company's business and financial performance to, at this stage, be low. However, the situation is continually evolving, and the consequences are therefore inevitably uncertain.</p>

5.4 Speculative investment

The risk factors described above, and other risks factors not specifically referred to, may have a materially adverse impact on the performance of the Company and the value of the Shares.

Prospective investors should consider that an investment in the Company is highly speculative.

There is no guarantee that the Shares offered under this Prospectus will provide a return on capital, payment of dividends or increases in the market value of those Shares.

Before deciding whether to subscribe for Shares under this Prospectus you should read this Prospectus in its entirety and consider all factors, taking into account your objectives, financial situation and needs.

6. ADDITIONAL INFORMATION

6.1 Litigation

As at the date of this Prospectus, the Company is not involved in any legal proceedings and the Directors are not aware of any legal proceedings pending or threatened against the Company.

6.2 Continuous disclosure obligations

As set out in the Important Notes Section of this Prospectus, the Company is a disclosing entity for the purposes of section 713 of the Corporations Act. Accordingly, information that is already in the public domain has not been reported in this Prospectus other than that which is considered necessary to make this Prospectus complete.

The Company is in the early stages of negotiations with a third party in relation to a potential joint venture focused on metals recycling activities, including at the Company's Maddington facility. In the event a formal binding agreement is entered into, the Company will release an announcement on ASX with full details of the joint venture.

The Company, as a disclosing entity under the Corporations Act states that:

- (a) it is subject to regular reporting and disclosure obligations;
- (b) copies of documents lodged with the ASIC in relation to the Company (not being documents referred to in section 1274(2)(a) of the Corporations Act) may be obtained from, or inspected at, the offices of the ASIC; and
- (c) it will provide a copy of each of the following documents, free of charge, to any person on request between the date of issue of this Prospectus and the Closing Date:
 - (i) the annual financial report most recently lodged by the Company with the ASIC;
 - (ii) any half-year financial report lodged by the Company with the ASIC after the lodgement of the annual financial report referred to in (i) and before the lodgement of this Prospectus with the ASIC; and
 - (iii) any continuous disclosure documents given by the Company to ASX in accordance with the ASX Listing Rules as referred to in section 674(1) of the Corporations Act after the lodgement of the annual financial report referred to in (i) and before the lodgement of this Prospectus with the ASIC.

Copies of all documents lodged with the ASIC in relation to the Company can be inspected at the registered office of the Company during normal office hours.

Details of documents lodged by the Company with ASX since the date of lodgement of the Company's latest annual financial report and before the lodgement of this Prospectus with the ASIC are set out in the table below.

ASX maintains files containing publicly available information for all listed companies. The Company's file is available for inspection at ASX during normal office hours.

The announcements are also available through the Company's website www.m8sustainable.com.au – under the tab Investors - ASX Announcements.

6.3 Market price of Shares

The Company is a disclosing entity for the purposes of the Corporations Act and its Shares are enhanced disclosure securities quoted on ASX.

The highest, lowest and last market sale prices of the Shares on ASX during the three months immediately preceding the date of lodgement of this Prospectus with the ASIC and the respective dates of those sales were:

	(\$)	Date
Highest	\$0.024	13, 14 & 19 April 2022
Lowest	\$0.015	29 March and 6 April 2022
Last	\$0.019	19 May 2022

6.4 Interests of Directors

Other than as set out in this Prospectus, no Director or proposed director holds, or has held within the two years preceding lodgement of this Prospectus with the ASIC, any interest in:

- (a) the formation or promotion of the Company;
- (b) any property acquired or proposed to be acquired by the Company in connection with:
 - (i) its formation or promotion; or
 - (ii) the Offer; or
- (c) the Offer,

and no amounts have been paid or agreed to be paid and no benefits have been given or agreed to be given to a Director or proposed director:

- (d) as an inducement to become, or to qualify as, a Director; or
- (e) for services provided in connection with:
 - (i) the formation or promotion of the Company; or
 - (i) the Offer.

Security holdings

The relevant interest of each of the Directors in the Securities as at the date of this Prospectus, together with their respective Entitlement, is set in Section 1.4.

Remuneration

The remuneration of an executive Director is decided by the Board, without the affected executive Director participating in that decision-making process. The total maximum remuneration of non-executive Directors is initially set by the Constitution and subsequent variation is by ordinary resolution of Shareholders in general meeting in accordance with the Constitution, the Corporations Act and the ASX Listing Rules, as applicable. The determination of non-executive Directors'

remuneration within that maximum will be made by the Board having regard to the inputs and value to the Company of the respective contributions by each non-executive Director. The current amount has been set at an amount not to exceed \$500,000 per annum.

A Director may be paid fees or other amounts (i.e. non-cash performance incentives such as Options, subject to any necessary Shareholder approval) as the other Directors determine where a Director performs special duties or otherwise performs services outside the scope of the ordinary duties of a Director. In addition, Directors are also entitled to be paid reasonable travelling, hotel and other expenses incurred by them respectively in or about the performance of their duties as Directors.

The following table shows the total (and proposed) annual remuneration, including superannuation entitlements, paid to both executive and non-executive Directors as disclosed in the Company's Annual Report for the financial year ended 30 June 2021.

Director	Proposed Remuneration for FY ending 30 June 2022	Remuneration for FY ended 30 June 2021
Mark Puzey	\$150,053 ²	\$102,111
Tomasz Rudas	\$347,513 ³	\$200,395
Saithsir Saksitthisereekul	\$75,000	\$54,927

Notes:

1. Remuneration fee includes committee fees (if any) and superannuation contributions required under the Australian superannuation guarantee legislation, annual leave, fringe benefits tax and share based payments (if any).
2. Mark Puzey assumed the role of Chairman in October 2020, resulting in an increased level of remuneration for the financial year ending June 2022.
3. Tomasz Rudas (or his nominee) was also issued 2,000,000 Shares (for no cash consideration) in December 2021, as outlined in the December 2021 half year financial statements as additional remuneration.

The Company's intention is to transition its current significant focus on the development of the Gingin Landfill to a focus on operating the fully constructed facility (in conjunction with its other operations). The Board is considering bolstering its current mix of skills and experience to ensure the Company has sufficient management to properly supervise its operations which is expected to include increasing the size of the current Board.

6.5 Interests of experts and advisers

Other than as set out below or elsewhere in this Prospectus, no:

- (a) person named in this Prospectus as performing a function in a professional, advisory or other capacity in connection with the preparation or distribution of this Prospectus;
- (b) promoter of the Company; or
- (c) underwriter (but not a sub-underwriter) to the issue or a financial services licensee named in this Prospectus as a financial services licensee involved in the issue,

holds, or has held within the two years preceding lodgement of this Prospectus with the ASIC, any interest in:

- (d) the formation or promotion of the Company;
- (e) any property acquired or proposed to be acquired by the Company in connection with:
 - (i) its formation or promotion; or
 - (ii) the Offer,

and no amounts have been paid or agreed to be paid and no benefits have been given or agreed to be given to any of these persons for services provided in connection with:

- (f) the formation or promotion of the Company; or
- (g) the Offer.

Steinepreis Paganin has acted as the legal advisers to the Company in relation to the Offer. The Company estimates it will pay Steinepreis Paganin \$40,000 (excluding GST and disbursements) for these services. During the 24 months preceding lodgement of this Prospectus with the ASIC, Steinepreis Paganin has been paid fees totalling \$372,426 (excluding GST and disbursements) for legal services provided to the Company.

6.6 Consents

Chapter 6D of the Corporations Act imposes a liability regime on the Company (as the offeror of the securities), the Directors, the persons named in the Prospectus with their consent as Proposed Directors, any underwriters, persons named in the Prospectus with their consent having made a statement in the Prospectus and persons involved in a contravention in relation to the Prospectus, with regard to misleading and deceptive statements made in the Prospectus. Although the Company bears primary responsibility for the Prospectus, the other parties involved in the preparation of the Prospectus can also be responsible for certain statements made in it.

Each of the parties referred to in this Section:

- (a) does not make, or purport to make, any statement in this Prospectus other than those referred to in this Section;
- (b) in light of the above, only to the maximum extent permitted by law, expressly disclaim and take no responsibility for any part of this Prospectus other than a reference to its name and a statement included in this Prospectus with the consent of that party as specified in this Section; and
- (c) has not withdrawn its consent prior to the lodgement of this Prospectus with the ASIC.

Steinepreis Paganin has given its written consent to being named as the legal advisers to the Company in this Prospectus.
