The amount to be paid in per share is based on the closing price of common stock on the Tokyo Stock Exchange on the previous business day of the date of resolution of each Board of Directors' Meeting to determine the subscription requirements of common stock (if there is no closing price on the same

day, the closing price of the closest preceding transaction day), and the Board of Directors will decide on the amount that is not particularly favorable to Eligible Managing Directors.

In addition, such restricted shares shall be managed in a dedicated account opened at a securities company during the transfer restriction period, so that transfers, setting of security interests, or other dispositions cannot be made during the transfer restriction period. The conditions for the removal of transfer restrictions are that, on the condition that Eligible Managing Directors remain in the position of Managing Director of the Company during the transfer restriction period, transfer restrictions shall be removed for all such allotted shares upon the expiration of the transfer restriction period.
