

NEWS RELEASE

Stem, Inc. Provides Additional Information for Cowen Investor Conference

6/8/2021

MILLBRAE, Calif.--(BUSINESS WIRE)-- Stem, Inc. ("Stem" or "the Company") (NYSE: STEM), a global leader in artificial intelligence (AI)-driven clean energy storage services, today provided additional information related to its previously announced participation at the upcoming Cowen Sustainability and Energy Transition Summit virtual investor conference. To access a live webcast of the Company's presentation on Wednesday, June 9, 2021 at 11:50am EST, please register ahead of the scheduled start time at <https://wsw.com/webcast/cowen93/stem/1973160>. A link to the live webcast will also be made available on the Events and Presentations section of Stem's investor relations website at <https://investors.stem.com>. At the conclusion of the presentation, a webcast replay will be available at the same website until September 8, 2021.

About Stem, Inc.

Stem (NYSE: STEM) provides solutions that address the challenges of today's dynamic energy market. By combining advanced energy storage solutions with Athena™, a world-class AI-powered analytics platform, Stem enables customers and partners to optimize energy use by automatically switching between battery power, onsite generation and grid power. Stem's solutions help enterprise customers benefit from a clean, adaptive energy infrastructure and achieve a wide variety of goals, including expense reduction, resilience, sustainability, environmental and corporate responsibility and innovation. Stem also offers full support for solar partners interested in adding storage to standalone, community or commercial solar projects – both behind and in front of the meter. For more information, visit www.stem.com.
