CHAIRPERSON'S MESSAGE

"Challenges ahead: Build Resilience or Perish"

Welcome to the Seventieth Annual General Meeting of the Company

RESULTS

The year 2021/2022, with the country going back into lockdown in April 2021, and Sri Lanka entering the second full year in the Covid 19 pandemic. The country's balance of payment, forex crisis, and the multitude of other crises, as expected, stemmed from them. It was the most challenging year for the company in living memory.

The lockdowns and other challenges continued throughout the period. In the latter part of the year, establishing letters of credit was near impossible due to lack of US dollars with banks. Exchange loss for the year was a record Rs. 40.2 million (2021 - Rs. 5.86 million) The Sri Lanka rupee depreciated significantly by 33.0% by year end (2021 - 7.0%). We managed to secure inventory to remain resilient during this time. We recorded a turnover value of Rs. 651 million (2021- Rs. 509 million) for the period.

The After-tax profit for the company was Rs. 49.8 million (2021 - Rs. 61.2 million). This was not an ideal environment to do business and pricing was a challenge with highly volatile exchange rate. Company managed to secure an average gross margin of 26% (2021 -27%). Rent income was Rs. 25 million (2021 - Rs. 32 Million) where our predominantly IT based tenants downsized their businesses introducing new operational procedures such as working from home. By the end of the year, we had no vacancies; but the loss of revenue was felt during the year. We continued to grow our short term investments in Unit Trusts, which ended the year at Rs. 347.7 million (2021- Rs. 258.8 million), yielding a total interest income of Rs. 20.5 million (2021 - Rs. 13.6 million). This was mainly driven by profitable liquidation of trading stocks and collections from debtors.

The net asset per share improves to Rs. 165.27 (2021 - Rs. 147.50).

As we navigate this business environment to improved performance despite all the myriad of challenges, we were able to control the administrative expense even with a reduction of 1.55% (2021- 7.3% increase). This was in spite of periodic, non-recurring repair and maintenance expenses to the main building of around Rs. 3.4 million (2021- Rs. 2.5 million).

Business Environment

The year ahead is once again perennially the most challenging year, in turn. In this context importing and delivery are challenges, since banks do not have the required liquidity to accommodate import requirements and fuel is scarce.

We have taken short term cost-cutting measures to minimise losses, to keep the business running and our staff supported, and we remain optimistic of a recovery by the 4th quarter of 2022/23.

Dividend and Share

The price of the share fluctuated during the period from Rs. 90.00 to Rs. 220.00 and was Rs. 115.00 at the financial year end.

The Board of Directors of the Company has not declared a dividend for the year ended 31 March 2022.

Future Prospects

The county is experiencing its most severe economic downturn since independence, aggravating by a period of political instability, and social unrest caused by the Economic Crisis. Our principals too were affected by the Global Economic Crisis to some extent with our Distributorship and the region now being moved to Bridgestone India Pvt Ltd from Bridgestone Singapore Pte Ltd. Headline Inflation is in the middle double digits at the time of writing. Due to lack of foreign exchange, imports during the financial year will be hampered. However, we believe things will improve by the latter part of 2022/2023, with the assistance of the International Monetary Fund, other international agencies, and friendly nations on a bilateral basis, in particular India and China.

Digital Reporting

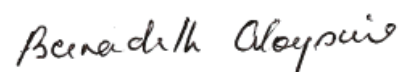

As per the CSE guidelines, this report is available on both the Company website

and the CSE website, for easy download. To minimise cost and to protect the environment, the annual reports will not be in CD format. We will continue to provide you with hard copies of the report on request in writing, to the contact person specified at the beginning of this annual report.

Gratitude to Stakeholders

I take this opportunity to thank the Company's valued customers and suppliers for their support, and the team for their commitment and dedication the Board of Directors for their invaluable guidance and advice throughout the year. We wish to express our thanks, deep respect and regard to the Triforces, Security and all Essential workers who perform their duties under very trying circumstances.

I also thank all of you, the over 500 shareholders of the Company, for your continued confidence and trust. We record with sadness the demise of our late director, Mr. C. Lakshman Sirimanne, during the year under review. He served the Board loyally from 2007 until he passed away, and we acknowledge his valuable contribution and express our condolences to his family.

Mrs. Bernadette J. Aloysius
Chairperson of the Board

24th August 2022
Colombo

MANAGEMENT REVIEW

OPERATING RESULTS

In the financial year of 2022, The Autodrome PLC secured a profit of Rs. 49.8 million (2021- Rs. 61.7 million), despite the extenuating circumstances it faced including the COVID pandemic, fuel, power and political crisis. This is in comparison to Rs. 61 million in 2021. Major contributors for this bottom line were the Gross Margin from its main business of Rs. 170 million (2021 – Rs. 139 million). During the year the company sold 26,786 units (2021 – 21,186) of Bridgestone brand tyres, and provided workshop services to 4,706 (2021- 3,972) clients.

Company reported other income and gains of Rs. 26.2 million (2021 - Rs. 46.9 million) for the financial year. Other income mainly represents rent income. The company rents six office premises to third parties including the fuel station at the front of the building. Main cause for the decreased other income was that the company rent income came down due to termination of few lease agreements. Home working and downsizing of office premises due to economic condition are the main causes for reducing rent income. This year company finance income increased to Rs. 33.3 million (2021 – Rs. 27.7 million). This is mainly due to careful re-investment of working capital in high-yielding investments. Total other financial investments as at 31st March 2022 stood at Rs. 483.33 million (2021 – Rs. 356.15 million). The main reason for the high holding of financial assets was the liquidation of stocks and debtors, in a volatile and import restrictive market.

Land and Building

Company Land and Building was valued by professional valuers in 2022 and since

the amount was substantial, adjusted the books of accounts of the company. The Company owned land valued at Rs. 1,770 million (2021 - Rs. 1,584 million) and building at Rs. 263.8 million (2021 – Rs. 236.75 million). Valuation of Property was done by same valuers who done the valuation in 2020 financial year.

Inventory

Company faced import restrictions during the year 2021/22 and as a result Inventories as of balance sheet date decreased to Rs. 67.7 million (2021 – Rs. 147.9 million).

Trade and Other Receivables

Trade debtors as of year end was Rs. 28.4 million (2021 – Rs. 70.9 million) this is mainly due to the prevailing country situation company limited its credit offers to the customers.

Trade payables

Trade and other payables reduced mainly due to import restrictions and our payables to Itochu Middle East FZE dropped. As of year end the balance stood at Rs. 135 million (2021 – Rs. 144 million).

Administrative Expenses

Due to strict internal controls and cost management, the company managed to control its Administrative Expenses for the year in the face of rampant inflation, at Rs. 112.7 million (2021 – Rs. 114.6 million). The major contributor for this is employee salaries, EPF & ETF of Rs. 63.7 million (2021 – Rs. 58 million). The company staff strength is 40 employees out of which five are working directors of the company. During the year electricity and water

expenses amounted to Rs. 2.5 million (2021 – Rs. 2.6 million). The total electricity consumed by both offices was 140,161 units for the year, and water 3,050 units. The Company owns 11 vehicles, and key executives are entitled to claim their fuel expenses from the company. The total fuel cost, for the company was Rs. 2.7 million (2021 – Rs. 2.3 million).

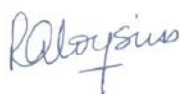

The Company subcontracts its security to KayJay Group to safeguard its assets and security charges came to Rs. 6.6 million (2021 – Rs. 5.9 million). The other major expense was repairs and maintenance to the main building and stores, which was Rs. 3.4 million (2021 – Rs. 2.5 million).

Business Environment

During the year under review import of tyres and related products were discouraged with many restrictions, including a gazette to bar imports, followed by a shortage of US dollars in the market for importers, which severely limited our ability to import our products.

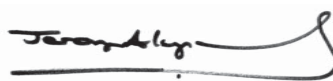

Internal Controls and Adequacy

Company applies a sound internal control system, reviewed by the Audit Committee, where all issues and any payment or discharge has to be approved by the management. Management periodically monitors and reviews the adequacy of internal controls.

Rajeev Aloysius
Joint Managing Director / CEO

24th August 2022
Colombo

Jeremy Aloysius
Joint Managing Director / CEO

STATUTORY COMMITTEES

AUDIT COMMITTEE

Terms of Reference

Audit committee is responsible for assisting the Board in discharging its responsibilities for monitoring the integrity of the Company's financial statements and the effectiveness of the systems of internal controls and to monitor the effectiveness, performance and objectivity of the internal and external auditors.

1. Membership

1.1 The Committee shall be composed of at least three members.

1.2 The Committee shall consist of at least two independent non-executive directors, and the Chairman shall have significant, recent and relevant financial experience.

1.3 The Board shall appoint the Committee Chairman.

In the absence of the Committee Chairman and/or an appointed deputy, the remaining members present shall elect one of themselves to chair the meeting.

2. Proceedings

2.1 A quorum for the Committee is two Committee members. A duly convened meeting of the Committee at which a quorum is present shall be competent to exercise all or any of the authorities and duties vested in or exercisable by the Committee.

2.2 The Joint Managing Director and Executive Director, although not members of the Committee will attend meetings with the agreement of the Chairman of the Committee.

2.3 Other directors of the Company may attend with the agreement of the Chairman of the Committee.

2.4 Any Committee member may call additional meetings as necessary.

2.5 The terms of reference and the effectiveness of the Committee shall be reviewed annually and any necessary recommendations made to the Board.

2.6 The Committee shall meet at least four times a year, linked to the announcement of the Autodrome's Group financial results.

3. Minutes

The minutes of meetings of the Committee are circulated to all members of the Committee and to nominated recipients as soon as practicable after the meeting. The minutes are also circulated to all members of the Board.

4. Authority

The Committee has authority to:

(a) oversee any investigation of activities

COMPOSITION OF THE AUDIT COMMITTEE AS AT 31 MARCH 2022

Subcommittee Member	Directorship Status
Mr. M.R Ratnasabapathy - Chairman	Independent
Mr. Bri Ponnambalam - Member	Independent
Mr. Ranil De Silva - Member	Independent
Mr. Lakshman Sirimanne (Deceased on 20.05.21)	Independent
By invitation	
Mr. Rajeev Aloysius - Joint Managing Director	
Mrs. Joanne Aloysius Rajiyah - Marketing Director	

which are within its terms of reference;
(b) require provision of any necessary information to fulfill the above;
(c) call any member of staff, through the Executive Director, to be questioned at a meeting of the Committee as and when required;
(d) meet with the external auditors without management present.

5. Principal Duties

5.1 External Audit

5.1.1 Recommend to the Board the appointment and reappointment of external auditors to Autodrome PLC, ensuring that key partners are rotated at appropriate intervals; and consider their resignation and removal and recommend appropriate action.

5.1.2 Review the performance of the external auditors including the scope of their audit and recommend to the Board appropriate remuneration.

5.1.3 Review, at least annually, the cost effectiveness of the audit and the qualification, expertise, independence and objectivity of the external auditors, including the nature and extent of non-audit and consultancy services to ensure that independence or objectivity is not impaired.

5.1.4 Review and approve the Group Audit Engagement Letter.

5.1.5 Discuss with the external auditors the scope of their audits before they commence and review the results and consider their Management Letter, and report the results of those reviews to the Board.

5.1.6 Review and discuss any reports from the external auditors on critical accounting policies, including management's response.

5.2 Internal Audit

There is no internal audit function at present. However, if the Audit Committee

deems it necessary, at any time; it may appoint a firm of accountants to conduct an internal audit and to determine the scope of such audit, at the Company's expense.

5.3 Financial Reporting

5.3.1 Review the annual, half year and quarterly financial results and the Annual Report and other published information to satisfy itself that they meet all statutory requirements, SEC requirements, Sri Lanka Accounting Standards and the regulations of the Colombo Stock Exchange.

5.3.2 Review annually the accounting policies and make recommendations to the Board.

5.4 Internal control and risk management

5.4.1 Monitor and review the standards of internal control, including the processes and procedures for ensuring that material business risks, fraud and related matters, are properly identified and managed, the effectiveness of internal control, financial reporting, accounting policies and procedures.

5.4.2 Review processes for dealing with complaints received by the Company regarding accounting, internal accounting controls or auditing matters and the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters ('whistle blowing' procedures), ensuring arrangements are in place for the proportionate and independent investigation and appropriate follow up action.

6. Other

The Committee shall:

6.1 Review any other matter referred to it by either the Board or the Chairman;

6.2 Delegate any of its powers to one or more of its members, or the Secretary if it deems this appropriate.

STATUTORY COMMITTEES

RELATED PARTY TRANSACTIONS REVIEW COMMITTEE

Terms of Reference

The Board established the Related Party Transactions Review Committee on the 4th December 2015 by the early adoption of the Code of Best Practice on Related Party Transactions, issued by the Securities & Exchange Commission of Sri Lanka (the 'Code') and Section 9 of the Listing Rules of the Colombo Stock Exchange (the "Rules").

The purpose of the Related Party Transactions Review Committee (the Committee) is to conduct an appropriate review of the Company's related party transactions ("RPTs") and to ensure that the Company complies with the rules set out in the Code. The primary objectives of the said rules are to ensure that the interests of the shareholders as a whole are taken into account when entering into related party transactions and to prevent Directors, key management personnel or substantial shareholders taking advantage of their positions.

1. Membership

1.1 The Committee should comprise independent non-executive directors. One independent non-executive director shall be appointed as Chairman of the Committee.

1.2 Chairman shall have significant, recent and relevant financial experience.

1.3 The Board shall appoint the Committee Chairman. In the absence of the Committee Chairman and/or an appointed deputy, the remaining members present shall elect one of themselves to chair the meeting.

2. Meeting

The Committee should have four meetings on a quarterly basis during a financial year, if there is business to discuss. Proceedings of the committee meetings should be reported to the Board of Directors.

The minutes of meetings of the Committee should be circulated to all members of the Committee and to nominated recipients as soon as practicable after the meeting. The minutes should also be circulated to all members of the Board.

3. Authority

-To develop and recommend a related party transaction policy.

-To ensure that the Company complies with the Rules.

-To review in advance all proposed related

Mr. Bri Ponnambalam - Member	Independent
Mr. Lakshman Sirimanne (Deceased on 20.05.21)	Independent

party transactions to ensure compliance with the Rules.

-To update the Board of Directors on the related party transactions of the Company on a quarterly basis.

-Define and establish the threshold values in setting a benchmark for related party transactions which have to be pre-approved by the Board, which require to be reviewed in advance and annually and similar issues relating to listed Companies.

-To make immediate market disclosures on applicable related party transactions as required by the Rules..

-To include appropriate disclosures on related party transactions in the annual report as required by the Rules..

Policies and procedures in related party transactions are being reviewed and strengthened on an ongoing basis. Necessary steps have been taken by the Committee to avoid any conflicts of interests that may arise in transacting with related parties.

4. Proceedings

The Committee in discharging its functions, review processes and periodic reporting by the entity with a view to ensure that;

- There is compliance with the Code
- Shareholder interests are protected and
- Fairness and transparency are maintained.

Any member of the committee, who has an interest in related party transaction under discussion, shall abstain from voting on the approval of such transaction. A related party transaction entered into without pre-approval of the committee, shall not be deemed to violate this policy, be invalid or unenforceable so long as the transaction is brought to the notice of the Committee as promptly as reasonably practical, after it is entered into or after it becomes apparent that the transaction is covered by the policy. As such all RPTs, other than the exempted transactions, will be reviewed either prior to the transaction

is entered into or if the transaction is expressed to be conditional on such review, prior to the completion of the transaction.

The Related Party Transactions of the Company are disclosed in the Note 21 to the Financial Statements. The Board believes those transactions are recurrent transactions and are in the ordinary course of business of the Company.

STATUTORY COMMITTEES

NOMINATION COMMITTEE

1. Membership

The nomination committee appointed by the Board of Directors comprises two (2) Independent Non-Executive Directors (IND/ NED), and the Group Chairperson

COMPOSITION OF THE NOMINATION COMMITTEE AS AT 31 MARCH 2022

Subcommittee Member	Directorship Status
Mr. Bri Ponnambalam - Chairman	Independent
Mr. M.R Ratnasabapathy - Member	Independent
Mrs. Bernadette Aloysius - Member	Chairperson

2. Authority

The Nomination Committee was established for the purpose of advising the Board in relation to nominations, retirement, succession and training of the Board members. The committee has the authority to discuss the issues under its purview and report back to the Board of Directors with recommendations, enabling the Board to take a decision.

3. Meetings

The Nomination Committee meets once during the year. The proceedings of the meetings are regularly reported to the Board of Directors. A member of Nomination Committee does not participate in decisions relating to his own appointment.

4. Professional Advice

The committee has the authority to seek external professional advice on matters within its purview whenever required.

5. Proceedings

The committee focuses on the following objectives in discharging its responsibilities.

- To regularly review the structure, size, composition and competencies (including the skills, knowledge and the experience) of the Board and make recommendations to the Board with regard to any changes.

- To identify and recommend suitable Directors for appointment to the Board and Board sub committees.

- To consider and recommend (or not recommend) the reappointment of current Directors, taking into account the performance and contribution made by the Director concerned and provide advice and recommendations to the Board on any such appointment.

- To look into and make recommendations on any other matters referred to it by the Board of Directors.

REPORT OF THE AUDIT COMMITTEE

Purpose of the Committee

The Committee was established to assist the Board in fulfilling its oversight responsibility for the Companies financial reporting system, compliance with legal and regulatory requirements, internal controls and risk management process including the systems established to identify assess manage and monitor risk.

Subcommittee Member	Directorship Status	Meetings attended
Mr. M.R Ratnasabapathy - Chairman	Independent	6/6
Mr. Bri Ponnambalam - Member	Independent	6/6
Mr. Ranil De Silva - Member appointed w.e.f 01.11.2021	Independent	2/6
Mr. Lakshman Sirimanne - (Deceased on 20.05.21)	Independent	1/4

Financial Reporting

The Audit Committee review the quarterly and annual Financial Statements prior to publication

The Review includes

- Appropriateness and changes in Accounting Policies
- Significant estimates and judgements made by the management
- Compliance with relevant accounting standards and applicable regulatory requirements
- Companies working capital management

on compliance with applicable laws and regulations. The Committee is satisfied that laws and regulations are duly complied with and statutory payments have been made on a timely basis.

Reporting

The activity and views of the Committee have been communicated to the Board of Directors through verbal briefings, and by tabling the minutes of the Committee's meetings

Meetings

The Committee held six meetings during the financial year 28.04.2021, 19.07.2021, 16.09.2021, 25.10.2021, 20.01.2022 and 16.03.2022

Risk Management and Internal Controls

The Committee reviewed and assessed the Company's risk management process including the adequacy of the overall control environment and controls in areas of significant risk. Key risks that exceeded the Group's risk appetite are discussed in the risk management section presented in page 21.

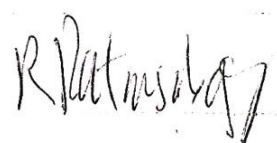

The Committee is satisfied that an effective system of Internal Controls are in place to provide reasonable assurance on safeguarding the Company's assets and the reliability of the Financial Statements.

Conclusion

The Audit Committee is satisfied that the effectiveness of the organisational structure of the Group and implementation of the Group's accounting policies and operational controls provide reasonable assurance that the affairs of the Group are managed in accordance with Group policies and Group assets are properly accounted for and adequately safeguarded. The Committee is also satisfied that the Company and its subsidiaries are able to continue as going concern.

External Audit

The Committee has reviewed the independence and objectivity of the External Auditors, Messrs Ernst and Young, Chartered Accountants. The Audit Committee has met with the External Auditors to review their audit plan and observations made by them.

The Committee has recommend to the Board that Messrs Ernst and Young be re-appointed as the External Auditors and that the re-appointment be included in the agenda of the Annual General Meeting.

REPORT OF THE REMUNERATION COMMITTEE

Chairman's report

Dear shareholder,

I am pleased to present the report of the Remuneration Committee for the year ended 31st March 2022. Through this report I will share with you how the Remuneration Committee worked towards discharging its responsibilities.

Purpose of the committee

The Committee was established for the purpose of recommending the remuneration of the Chairman, and the Executive Directors. The Committee also approves the remuneration of the senior executives on the recommendations made by the Executive Directors.

Terms of reference

The Committee has written terms of reference, dealing with its authority and duties, which is carefully designed to discharge the Committee's purpose, duties and responsibilities.

The Committee is committed to the principles of accountability and transparency and to ensuring that remuneration arrangements align rewards with performance.

The proposals relating to the remuneration of Executive Directors and the members of the Group Management Committee were devised in consultation with the Chairman and the Directors and the Jt. Managing Directors. No Director is involved in deciding his own remuneration. The Committee has acted within the parameters set by its terms of reference.

Remuneration policy

The remuneration policy is designed to reward, motivate and retain the Company's management team, with market competitive remuneration and benefits, to support the continued success of the business. The Committee makes every endeavor to maintain remuneration levels that are sufficient to attract and retain Executive Directors and Senior Executives. Accordingly, salaries and other benefits are reviewed periodically, taking into account the performance of the individual and industry standards.

The remuneration packages which are linked to individual performances are aligned with the Company's short-term and longterm strategy. Further, the benefit packages awarded to Executive Directors are intended to be competitive and comprise a mix of fixed and variable pay. The variable remuneration is linked to group's profitability.

Components of the Executive Directors' remuneration Fixed remuneration (Basic

REPORT OF THE NOMINATION COMMITTEE

Purpose of the Committee

The Nomination Committee was established for the purpose of advising the Board in relation to nominations, retirement and succession of the Board members. The committee has the authority to discuss the issues under its purview and report back to the Board of Directors with recommendations, enabling the Board to take a decision.

The Committee comprises of one Executive Director and two Non-Executive Directors, two of whom are Independent Non-Executive Directors.

Meetings and Attendance

The Committee held one meeting during the financial year.

Terms of reference

The Nomination Committee has written Terms of Reference dealing with its authority and duties which may be amended at any time by the Board of Directors. The Nomination Committee may, from time to time, investigate, discuss or review matters outside its Terms of Reference if so, required by the Board. The Committee reviews and assesses the adequacy of the Terms of Reference.

Summary of Work in 2021/2022

The Committee takes into consideration aspects such as qualifications, competencies, independence, relationships which have the potential to give rise to conflict vis-à-vis the business of the company, etc, when nominations are given to the Board for appointment of a Director.

During the year Committee approved the appointment of Mr. Ranil De Silva as an independent non-executive Director of the company.

On behalf of the Nomination Committee.

CORPORATE GOVERNANCE

A brief overview of our application of some of the Guiding Principles formulated by the Institute of Chartered Accountants of Sri Lanka, as well as the current listing rules of the Colombo Stock Exchange is given below.

We the Board confirm that as at the date of the Annual Report, that the Company is in compliance with the Corporate Governance Rules of the Colombo Stock Exchange.

Board of Directors

The composition of the Board of Directors throughout the year under review from 01 April to 31 March, has been 5 Executive Directors and 4 non-Executive Directors. The profiles of these directors, and their qualifications are on page 07. A disclosure of the status of the board, whether non-executive, executive or independent non-executive, is given on page 26, in note 12 of the Annual report of the Board of Directors. There have been one changes to the composition of the board during the year.

The Chairperson of the Board and Managing Director positions are held by different persons. The Joint Managing Directors function as joint Chief Executive Officers of the Company. The Non-Executive Directors are not involved in the day to day running of the Company, but participate in the review and monitoring of operations, while also participating in Governance Committees (see below). Three directors are both Independent and Non-Executive, as per the definitions given by the Colombo Stock Exchange.

In accordance with CSE Listing Rule 7.10.3 (b), it was unanimously resolved and affirmed at the board meeting held on 16 August 2016, that Mr. Raviraj Ratnasabapathy, considering his credentials and positions as director of privately held conglomerates, shall be henceforth considered nevertheless independent.

All Non-Executive Directors have submitted a declaration on the status of their independence to the Company.

The Board of Directors met on 28th April 2021, 16th September 2021, 29th October 2021 and 16th March 2022. Resolutions were passed by circulation on 14th July 2021, 19th July 2021, 03rd August 2021, 15th November 2021, 16th November 2021, 19th January 2022 and 20th January 2022.

Audit Committee

The audit committee consists of three

RISK MANAGEMENT

The Board is primarily responsible in ensuring that risks are identified and managed properly for the group. The Audit committee is responsible for reviewing the effectiveness of the group's risk management process, including the systems established to identify, assess, manage and monitor risk.

The business operations of the Group and performance are subject to a variety of risk factors; the Management constantly monitors and evaluates risk factors in order to respond effectively. The Company and group core risk areas are as follows:

BUSINESS & OPERATIONS

Competitive Environment

Import and Distribution business is operating in a competitive environment and this could contrast the margin on sales and thereby exert additional pressures to meet planned objectives. To meet the Company and group objectives the group has to compete with rivals in areas including price, product range, quality and service.

Human Resources

Failure to protect the group's reputation could lead to loss of trust and confidence of employees. This could affect the ability to recruit and retain highcaliber employees. This is addressed by offering attractive reward systems and implementing carrier development programmes.

Finance Risk - Foreign exchange rate risk

The group exposure to exchange risk is high as the group is involved in the import and wholesale trade. Therefore, managing foreign exchange rate exposure through negotiation with banks, as well as applying financial management techniques are required.

Reputational Risk

The loyalty to Bridgestone brand have helped the group to diversify in to new areas of business such as IT related services. The group recognizes the commercial imperative to safeguard the interests of all its stakeholders and avoid or minimise the loss of such loyalty.

Regulatory Environment

An adverse impact on profit may result from adverse changes in government fiscal policies, and these are addressed through strong brand loyalty. Lately the business impacted with import bans and

restriction of import of certain sizes.

National Security

An adverse impact to the society by way of a local or international terrorist attack can adversely affect the business of the Company.

Uncertainty in Demand and supply

Uncertainty in demand and supply due to interruptions to the global and local supply chain due to the spread of COVID-19 pandemic, the Company and group experiences negative impact on the availability of supply, and reduction in demand, negatively affecting Group's liquidity.

Product safety risk

The safety and quality of our products is of paramount importance to the Group as well as being essential for maintaining customer trust and confidence. A breach in confidence could affect the size of our customer base and hence financial results. We have detailed and established procedures for ensuring product integrity and quality at all times

Health and safety risk

Provision of adequate safety to our staff is of the utmost importance to us. With the spread of COVID-19, the risk of our employees coming into contact with the virus is high, especially when using public transport and during customer visits. Such contact can interrupt our business operations as well. We introduced standard guidelines shared by the government to protect employees and customers. We operate stringent health and safety processes in line with best practice in our outlets and service centres.

Distribution Network

Our Bridgestone tyres are sold across a wide distribution network in Sri Lanka, comprising of many dealers. In order to ensure a strong distribution network, we ensure that we maintain positive long term relationship with our dealers and maintain an open communication line with our dealers.

Loss of agency

The Company is the local distributor for Bridgestone tyres tubes and flaps since 1954. The Company ensures that it maintains a close relationship with its principals and an agreement is signed between the parties concerned, to ensure business continuity for the foreseeable future.

SUSTAINABILITY REVIEW

WE STRIVE TO CONSTANTLY IMPROVE OUR PRODUCT RANGE AND CUSTOMER SERVICE LEVELS

The standard of service provided to customers who walk into our head office and Ja-Ela stores is the key to our success. Our online platform for inquiries, reservations and best competitive prices attracted new customers. Also we have taken steps to improve the island-wide network of customers who sell our products to end users. Our main business remains as sole distributor of the world-leading tyre brand Bridgestone, in Sri Lanka. Apart from tyre sales during 2021/2022 financial year the Company earned a considerable amount of income from renting of premises and investment income, in addition web development income contributes to the turnover of the Company. Our main partner, Bridgestone Asia Pacific (Pte.) Ltd is highly concerned about the quality of their products and visit several times every year to check the standards maintained and to address claims to investigate whether there are product quality related issues. We give value added services to the customers who walk into our alignment centre for tyre fitting and alignment. Customer satisfaction is high in this department. In order to ensure and enhance our customer relationship, the Company carries out frequent surveys which include outdoor surveys and opinion checks, which help us to understand our customer requirement better, and ensure that we deliver what customers are expecting. We continuously strive to improve our customer service levels and minimize complaints through constant improvement.

SHAREHOLDERS

As a listed Company governed by numerous regulatory provisions under the Securities and Exchange Commission (SEC) and the Colombo Stock Exchange (CSE), we are bound to deliver maximum value to our investors whilst adhering to the above regulatory procedures. We conduct our business in a manner which adds value to our investors and manage the risks faced by the Company prudently following good corporate governance practices at all times. We are also aware of the fact that it is our duty to provide them with timely and accurate information on the affairs of the Company.

Our asset base has accumulated consistently over the years and provides a strong foundation which ensures that the Company is able to withstand the vagaries of the competitive business environment. Our prudent corporate strategies have resulted in the delivery of a consistent

return on capital employed in the business, thereby enhancing shareholder wealth. Over the years, The Autodrome PLC has delivered on its promise to shareholders by ensuring a consistent return on their investments through capital appreciation and dividends, providing one of the most consistent and dependable investment opportunities to investors. The quarterly financial statements and annual reports are produced in accordance with the Listing Rules of the Colombo Stock Exchange, and other applicable laws and regulations. The Company's website (www.autodrome.lk) provides information on the Company, including the annual and quarterly reports. In addition to the annual reports, relevant press releases and announcements are also made available on the Company's website to facilitate communication between all stakeholders of the Company Shareholders may, at any time direct questions, request for publicly available information and provide comments and suggestions to Directors or Management of the Company. Such questions, requests and comments can be addressed to the Company Secretary by post to Level 03, No. 11, Castle Lane, Colombo 4; or to finance@autodrome.lk, or through the Company's official Facebook page. (facebook.com/autodromeplc)

EMPLOYEES

We believe that every employee wants to be part of a winning organisation and have their contribution valued by the management and their peers. Employees thrive on performing meaningful work and knowing their part in the contribution to the success of the organisation. In order to develop a sustainable relationship, we duly recognize the accomplishments of our employees and offer them many opportunities for learning and growth. At The Autodrome PLC out of 40

employees, the majority of our staff, 85% are in permanent cadre and only 15% staff are on fixed term contracts.

All the employees above the age of 55 are contract employees.

The Company's employment policy ensures that we recruit the candidates best suited for positions, applying fair, objective and accepted evaluation methods.

EMPLOYEE ENGAGEMENT

Employee engagement is our top business priority. We are aware that the employee engagement brings out the best of productivity and bottom line performance while reducing costs related to hiring and retention in highly competitive talent markets.

The culture at The Autodrome PLC is such that the employees and management work together towards a shared vision. We encourage employees to express their suggestions and grievances openly to senior management. All employees are encouraged to actively participate in idea generation and problem solving.

During the year under review no employee training sections was done due to the prevailing situation in the country and in the world, but encourage employees to develop their work related and personal carrier.

EQUAL OPPORTUNITY EMPLOYER

The Autodrome PLC is committed to maintain a work environment where all employees are offered equal opportunity and valued for their diversity.

We believe that a diverse workforce enhances our business and that a wide range of experience, skills and qualifications, enable us to provide a

Head Office at Colombo	35
Tyre stores at Ja-Ela	05

SUSTAINABILITY REVIEW

higher level of service quality and excellent customer satisfaction. The Company does not discriminate on the basis of gender, race, age, social origin, disability, religion or any other basis.

EMPLOYEE AGE-WISE

The Autodrome PLC is committed to ensuring diversity at workplace and makes an ongoing effort to drive gender diversity. We encourage female participation at all levels of management with a strong belief that a diverse workforce adds great value to the business. The nature of our business is such that requires a higher percentage of males at the operational level especially in Marketing on the field. We maintain an open mind and recruit female employees at our head office for the Sales function exclusively, and in a majority for Finance, and for many business functions. The total female participation at The Autodrome PLC at executive level is 30%.

Our Non-Executive staff strength is 14 people (35% of the total work force), and the percentage of staff 35% is young and dynamic, falling between the age group of 21-40 years.

PERFORMANCE MANAGEMENT

We believe that an effective performance appraisal system helps us to build a performance driven culture. Therefore all employees are subject to performance evaluation annually and feedback is given to enable the employees to gain insights into how they can enhance their performance.

Employee KPIs are linked to divisional and organisational goals, the assessment of the extent to which employees have achieved their KPIs serves as a key driver of employee productivity in the Company.

TRAINING AND DEVELOPMENT

Learning and development forms the cornerstone of our strategy to develop our resources to meet evolving needs of customers and other stakeholders. At The Autodrome PLC, we are committed to

developing our people and building a high performing team through training and development.

Due to the global pandemic no employee training was conducted during the year through workshops and seminars. We respected the government guidelines on limiting social gatherings and arranging events.

EMPLOYEE WELFARE

Due to the adverse environment in the county no special welfare events were arranged for the company employees. However our employees are our strength and we ensured they get their remuneration on time and ensured the bonus for the year 2021. Our intention was to retain all employees intact during the difficult times.

EMPLOYEE RETENTION

We have a clear strategy to increase employee retention rates with career mapping, equality, respect & upholding employees' dignity, remuneration package in par with the industry, ample opportunities for rewards and recognition. In return 26 (65%) employees are above 40 years excluding directors contributing their experiences for the value addition.

CODE OF CONDUCT, ETHICS AND ANTI-CORRUPTION BEHAVIOR

The Autodrome PLC expects all its employees to ensure compliance with the laws and regulations applicable to its business. Moreover, the Code directs employees towards ethical conduct which helps uphold high standard of business integrity. We have a zero tolerance for violence and harassments.

ENVIRONMENT

OUR APPROACH

The Autodrome PLC and our business partner Bridgestone are cognizant of the fact that we derive our sustenance from the environment. In doing so, our business activities impact our planet's renewable and non-renewable resources and ecosystems. Being a stakeholder in the transport industry, means that our carbon footprint is of concern.

Our environmental strategy is to minimize the impact on the environment through the Company's operations and inspire employees and society towards constructing a greener environment. Keeping this in mind we took several

initiatives towards our environmental commitment as detailed below.

OUR INITIATIVE TO MAINTAIN A GREENER SURROUNDING

Our commitment to a greener environment can be witnessed at head office at Union Place and at Ja-Ela stores, a well trained staff actively looks after the plants within our premises. The greenery is well looked after, keeping the surroundings clean, and we are committed to maintain this green environment. Our main product range Bridgestone Ecopia, reduces carbon emissions through lower rolling resistance, saving fuel and money for our valued end-users.

OUR INITIATIVES TO REDUCE PAPER USAGE

We looked at our internal processes and systems to reduce the negative impacts caused to the environment through paper usage in our business processes to adhere to the 3R concept of Reduce, Reuse and Recycle in paper waste management. Process improvements were already identified where use of papers could be reduced and implementation is in progress. Use of both sides of paper, printing documents only when absolutely necessary and collection of waste paper for recycling were some of the initiatives taken to reduce paper usage. Our new Management Information System cuts out the need for printing excessive ad-hoc reports.

GOVERNMENT & REGULATORY AUTHORITIES

We are committed to comply with all statutory and regulatory requirements. As a tax payer our Group obtained a certificate from the department for timely submitting tax

STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RELATION TO THE FINANCIAL STATEMENTS

The responsibilities of the Directors in relation to the Financial Statements of the Company differ from the responsibilities of the Auditors, which are set out in their report appearing on page 30 to 32.

The Companies Act No. 7 of 2007 requires the Directors to prepare Financial Statements for each financial year giving a true and fair view of the state of affairs of the Company as at the end of the financial year and of the profit of the Company for the financial year. In preparing the financial statements appropriate accounting policies have been selected and applied consistently, reasonable and prudent judgements and estimates have been made and applicable accounting standards have been followed.

The Directors are responsible for ensuring that the Company keeps sufficient accounting records to disclose with reasonable accuracy the financial position of the Company for ensuring that the financial statements have been prepared and presented in accordance with the Sri Lanka Accounting Standards and provide the information required by the Companies Act No 7 of 2007. They are also responsible for taking reasonable measures to safeguard the assets of the Company and in that context to have proper regard to the establishment of appropriate systems of internal control with view to the prevention and detection of fraud and other irregularities.

The Directors continue to adopt the going concern basis in preparing Financial Statements. The Directors, after making enquiries and following a review of the Company's cash flows and borrowing facilities, consider that the Company has adequate resources to continue in operation.

The Directors are confident that they have discharged their responsibilities as set out in this statement. The Directors also confirm that to the best of their knowledge, all statutory payments payable by the Group as at the reporting date are paid, or where relevant, provided for.

INDEPENDENT AUDITOR'S REPORT

TO THE SHAREHOLDERS OF THE AUTODROME PLC

Report on the audit of the financial statements

Opinion

We have audited the financial statements of The Autodrome PLC ("the Company") and the consolidated financial statements of the Company and its subsidiaries ("the Group"), which comprise the statement of financial position as at 31 March 2022, and the statement of profit or loss, statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements of the Company and the Group give a true and fair view of the financial position of the Company and the Group as at 31 March 2022 and of their financial performance and cash flows for the year then ended in accordance with Sri Lanka Accounting Standards.

Basis for opinion

We conducted our audit in accordance with Sri Lanka Auditing Standards (SLAuSs). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by CA Sri Lanka (Code of Ethics) and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of

most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

Key audit matter	How our audit addressed the key audit matter
Assessment of fair value of land and buildings Property, Plant and Equipment include land and buildings carried at fair value. This was a key audit matter due to: <ul style="list-style-type: none">• Materiality of the reported Land & Buildings balances which amounted to Rs. 2,034 Mn and represented 77% of the total assets as of reporting date.• The degree of assumptions, judgements and estimation uncertainties associated with assessing the fair value of Land and Buildings such as reliance on comparable market transactions, and current market conditions. Key areas of significant judgments, estimates and assumptions used in assessing the fair value of the land and buildings included judgements involved in ascertaining the appropriateness of valuation techniques and estimates such as: <ul style="list-style-type: none">• Per perch value of the land.• the per square foot value of the buildings.	<p>Our audit procedures included the following;</p> <ul style="list-style-type: none">• We assessed the competency, capability and objectivity of the external valuers engaged by the Group;• We read the external valuer's report and understood the key estimates made and the approach taken by the valuer in assessing the fair value of each property;• We assessed the reasonableness of the significant judgements, estimates and assumptions made by the valuer including the appropriateness of valuation techniques, per perch price and value per square foot;• We have also assessed the adequacy of the disclosures made in notes 2.4 and 10 to the financial statements.

INDEPENDENT AUDITORS' REPORT

Other information included in the 2022 Annual Report

Other information consists of the information included in the Annual Report, other than the financial statements and our auditor's report thereon. Management is responsible for the other information.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the management and those charged with governance

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with Sri Lanka Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's and the Group's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SLAuSs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SLAuSs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal controls of the Company and the Group.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained,

whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with ethical requirements in accordance with the Code of Ethics regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's

INDEPENDENT AUDITORS' REPORT

report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

As required by section 163 (2) of the Companies Act No. 07 of 2007, we have obtained all the information and explanations that were required for the audit and, as far as appears from our examination, proper accounting records have been kept by the Company.

CA Sri Lanka membership number of the engagement partner responsible for signing this independent auditor's report is 2471.

A handwritten signature in black ink, appearing to read 'Sri Lanka', is positioned above the date and location.

NOTES TO THE FINANCIAL STATEMENTS

1. CORPORATE INFORMATION

1.1 Reporting Entity

1.1.1 General

The Autodrome PLC (Parent Company) is a public limited liability Company incorporated and domiciled in Sri Lanka. The registered office of the Company is located at No. 304, Union Place, Colombo 02, and the principal place of business is located at the above address.

1.1.2 Principal Activities and Nature of Operations

The principal activities of the Company are to import and distribute tyres and provide ancillary services.

Tourama (Private) Limited, the subsidiary of The Autodrome PLC, is a private limited liability Company incorporated and domiciled in Sri Lanka and is engaged as a travel agent and destination management Company.

1.1.3 Date of Authorization for Issue

The Financial Statement of The Autodrome PLC for year ended 31 March 2022 was authorized for issue in accordance with a resolution of the Board of Directors dated 24th August 2022.

1.2 BASIS OF PREPARATION

1.2.1 Statement of Compliance

The consolidated Financial Statements of the Group and the separate Financial Statements of the Company, have been prepared and presented in accordance with the Sri Lanka Accounting Standards (SLFRSs and LKASs), laid down by The Institute of Chartered Accountants of Sri Lanka (CA Sri Lanka).

The preparation and presentation of these financial statements is in compliance with the requirements of the Companies Act No. 07 of 2007.

1.2.2 Basis of Measurement

The financial statements of the Company and the Group have been prepared on a historical cost basis, except for the following material items in the statement of financial position,

- The liability of defined benefit obligations is measured at present value
- Land and Buildings which are classified under Property, Plant and Equipment are measured at cost at the time of the acquisition and subsequently carried at fair value.

Where appropriate, the specific policies are explained in the succeeding notes.

1.2.3 Events Occurring After the Reporting Period

The materiality of the events occurring after the reporting date is considered and appropriate adjustments or disclosures are made in the Financial Statements in Note 24.

1.2.4 Functional and Presentation Currency

The functional currency is the currency of the primary economic environment in which the entities of the Group operate.

The Financial Statements are presented in Sri Lankan Rupees which is the functional currency of the Company and its Subsidiary.

All financial information presented in Sri Lanka Rupees has been rounded to the nearest thousand, unless otherwise stated.

1.2.5 Basis of Consolidation

The Consolidated Financial Statements comprise the Financial Statements of the Group and its subsidiary as at the reporting date. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

NOTES TO THE FINANCIAL STATEMENTS

The country of incorporation, effective shareholding and principal activities of the subsidiary incorporated in the Financial Statements are as follows:

Name of the subsidiary	Country of incorporation	Effective shareholding	
		2022	2021
Tourama (Private) Limited	Sri Lanka	99.99%	99.99%

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the Consolidated Financial Statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

All intra-group assets, liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated full on consolidation.

Company does not have an identifiable parent on its own.

Transactions Eliminated on Consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions are eliminated in preparing the Consolidated Financial Statements. Unrealised gains arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Group's interest in the investee. Unrealized losses are eliminated in the same way as unrealized gains, but only to the extent that there is no evidence of impairment.

If the Group loses control over a subsidiary, it derecognises the related assets (including goodwill), liabilities and other components of equity while any resultant gain or loss is recognised in the Consolidated Statement of Profit or Loss.

The Financial Statements of the subsidiary is prepared for the same reporting period as the holding Company. The accounting policies set out below have been applied consistently by the Group entities to all periods presented in the Financial Statements.

1.2.6 Changes in Accounting Policies

1.2.6.1 New and Amended Standards and Interpretations

The Group applied for the first time, certain standards and amendments, which are effective for annual periods beginning on or after 1 April 2021.

The Group has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

Amendments to LKAS 1 and LKAS 8 Definition of Material

The amendments provide a new definition of material that states, "information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements, which provide financial information about a specific reporting entity." The amendments clarify that materiality will depend on the nature or magnitude of information, either individually or in combination with other information, in the context of the financial statements. A misstatement of information is material if it could reasonably be expected to influence decisions made by the primary users.

These amendments had no impact on the financial statements of, nor is there expected to be any future impact to, the Group.

Amendments to references to the conceptual framework in SLFRS standards

Revisions to the Conceptual Framework were made because some important issues were not covered and some guidance was unclear or out of date. The revised Conceptual Framework includes: a new chapter on measurement; guidance on reporting financial performance; improved definitions of an asset and a liability, and guidance supporting these definitions; and clarifications in important areas, such as the roles of stewardship, prudence and measurement uncertainty in financial reporting.

These amendments had no impact on the financial statements of the Group.

1.2.7 Comparative Information

Comparative information has been presented in respect of the preceding period for all amounts reported in the current period.

NOTES TO THE FINANCIAL STATEMENTS

1.2.8 Use of Estimates and Judgements

The preparation of the Financial Statements in conformity with SLFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

The Estimates and underlying assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results which form the basis of making the judgments about the carrying amount of assets and liabilities that are not readily apparent from other sources. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Information about critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements are included in the following notes to these financial statements.

Going Concern

The Group has prepared the financial statements for the year ended 31 March 2022 on the basis that it will continue to operate as a going concern. In determining the basis of preparing the financial statements for the year ended 31 March 2022, based on available information, the management has assessed the prevailing economic conditions and its effect on the Group and the appropriateness of the use of the going concern basis. It is the view of the management that there are no material uncertainties that may cast significant doubt on the Group's ability to continue to operate as a going concern.

Employee Benefit Liability - Gratuity

The cost as well as the present value of defined benefit plans - gratuity is determined using Actuarial Valuations. The Actuarial Valuation involves making assumptions about discount rates, future salary increases and other important related data. Due to the long term nature of employee benefits, such estimates are subject to significant uncertainty. Refer Notes 18 and 2.11.2

Useful Lives of Property, Plant and Equipment

Management assigns useful lives to Property, Plant and Equipment based on the intended use of assets and the economic lives of these assets. Subsequent changes in circumstances such as technological advances or utilization of the assets concerned could result in the actual useful lives differing from initial estimates. Management reviews annually the useful lives of major items of Property, Plant and Equipment. Refer Notes 10 and 2.4.3.

Fair value of Freehold Land and Buildings

The Group measures freehold land and buildings at fair value with changes in fair value being recognized in other comprehensive income. Land and buildings were valued by reference to market-based evidence, using comparable prices adjusted for specific market factors such as nature, location and condition of the property. The valuer has used valuation techniques such as market values and discounted cash flow method where there was lack of comparable market data available based on the nature of the property. Refer Note 10.2.

Provision for Obsolete Stocks

A provision for slow moving inventories is recognised based on the best estimates available to management on their future recoverability. As Management uses present conditions and historical information as the basis to determine the future recoverability, actual future losses on inventories could vary from the allowance made in these financial statements. Refer Note 14.

Impairment losses on Trade & Other Receivables

The Group reviews its individually significant Receivables at each reporting date to assess whether an impairment loss should be recorded in the Statement of Profit or Loss. In particular, management's judgment is required in the estimation of the amount and timing of future cash flows when determining the impairment loss. These estimates are based on assumptions about a number of factors and actual results may differ, resulting in future changes to the impairment allowance. The Group applies a simplified approach in calculating ECLs for the impairment assessment.

Receivables that have been assessed individually and found not to be impaired and all individually insignificant Receivables are then assessed collectively, in groups of assets with similar risk characteristics, to determine whether provision should be made due to incurred loss events for which there is objective evidence, but the effects of which are not yet evident.

The impairment loss on Trade & Other Receivables is disclosed in Note 15.

1.2.9 Materiality and Aggregation

Each material class of similar items is presented separately in the Financial Statements. Items of dissimilar nature or function are presented separately unless they are immaterial as permitted by the Sri Lanka Accounting Standard – LKAS 1 on 'Presentation of Financial Statements' and amendments to the LKAS 1 on 'Disclosure Initiative' which was effective from 01 January

NOTES TO THE FINANCIAL STATEMENTS

2016.

Notes to the financial statements are presented in a systematic manner which ensures the understandability and comparability of financial statements of the Group and the Company. Understandability of the financial statements is not compromised by obscuring material information with immaterial information or by aggregating material items that have different natures or functions.

1.3 Parent Entity and Ultimate Parent Entity

The Company does not have an identifiable parent on its own.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Foreign Currency

Foreign Currency Translations and Balances

The Financial Statements are presented in Sri Lanka Rupees, which is the Group's functional and presentation currency. Transactions in foreign currencies are initially recorded at the functional currency rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency rate of exchange ruling at the Statement of Financial Position date. All differences are taken to the Statement of Profit or Loss.

2.2 Assets and Bases of their Valuation

The Group presents assets and liabilities in statement of financial position based on current/non-current classification. An asset as current when it is:

- Expected to be realized or intended to sold or consumed in a normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- it is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Group classifies all other liabilities as non-current.

2.3 Fair Value Measurement

The Group measures financial instruments such as financial assets at fair value through profit or loss, and non-financial assets such as Land and Buildings classified under Property, Plant and Equipment at fair value at each reporting date. Fair value related disclosures for financial instruments and non-financial assets that are measured at fair value or where fair values are disclosed are summarized in Note 23.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to

NOTES TO THE FINANCIAL STATEMENTS

measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as Land. Involvement of external values is decided upon annually by the Management after discussion with and approval by the Group's Audit Committee. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. The Management decides, after discussions with the Group's external valuers, which valuation techniques and inputs to use for each case.

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be premeasured or re-assessed as per the Group's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Management presents the valuation results to the Audit Committee and the Group's independent auditors. This includes a discussion of the major assumptions used in the valuations.

The Management, in conjunction with the Group's external valuers, also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.4 Property, Plant and Equipment

2.4.1 Basis of recognition

Property, plant and equipment is recognised if it is probable that future economic benefits associated with the assets will flow to the Group and cost of the asset can be reliably measured.

2.4.2 Measurement and Subsequent Costs

Property, Plant and Equipment is recorded at cost less accumulated depreciation and any accumulated impairment in value. Cost includes expenditures that are directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct labour, any other costs directly attributable to bringing the asset to a working condition for its intended use, and the cost of dismantling and removing the items and restoring the site on which they are located. The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

Free hold land and buildings are subsequently measured at fair value. Valuations are performed at least once in every 5 years (or frequently enough) to ensure that the fair value of a revalued asset does not differ materially from its carrying amount. A revaluation surplus is recognised in other comprehensive income and credited to the revaluation surplus in equity. However, to the extent that it reverses a revaluation deficit of the same asset previously recognised in the income statement, in which case the increase is recognised in the income statement. A revaluation deficit is recognised in profit or loss, except to the extent that it offsets an existing surplus on the same asset recognised in the asset revaluation reserve. Upon disposal, any revaluation reserve relating to the particular asset being sold is transferred to retained earnings. In relation to depreciable assets carried at fair value until retirement and/or disposal, an amount of the surplus that is the difference between depreciation based on the revalued carrying amount of the asset and depreciation based on the asset's original cost is transferred to retained earnings.

2.4.3 Depreciation

Depreciation is calculated on a straight-line basis over the useful life of the assets. Useful lives for the current and comparative periods are as follows.

	2022	2021
Buildings	50 Years	50 Years
Furniture and Fittings	4 Years	4 Years

NOTES TO THE FINANCIAL STATEMENTS

Motor Vehicles	4 Years	4 Years
Machinery and Equipment	4 Years	4 Years
Computers	4 Years	4 Years

The asset's residual values, useful lives and methods of depreciation are reviewed, and adjusted if appropriate, at end of each reporting period. An estimation change in the useful life of property, plant and equipment are considered as revisions to accounting estimates and recognised prospectively.

2.4.4 Derecognition

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognizing of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the profit or loss statement in the year the asset is derecognised.

2.4.5 Summary Description of Valuation Methodologies.

Open Market Value Method

Open market value method uses prices and other relevant information generated by market transactions involving identical or comparable assets, liabilities or a group of assets, liabilities or a group of assets and liabilities such as a business.

Depreciated Replacement Cost Method.

Depreciated replacement cost uses the current cost of reproduction or replacement of an asset less deductions for physical deterioration and all relevant forms of obsolescence and optimization.

2.4.6 Dual Purpose Properties

Under LKAS 40, Group determines investment property from dual purpose properties based on the saleability and relative percentage of usage.

The Group will recognize a dual-purpose property as an investment property when 75% of the floor area of the property is rented to third parties or the portion that is under a Finance Lease and/or is held for sale. As of reporting date all the rented areas are under operating leases, which are due to expire within the next three years.

2.5 Intangible Assets

Basis of recognition

An Intangible asset is recognised if it is probable that the future economic benefits associated with the assets will flow to the Group and cost of the assets can be reliably measured.

Measurement and Subsequent Costs

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and any accumulated impairment losses. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in the profit or loss statement in the year in which the expenditure is incurred.

2.5.1 Amortization

The useful lives of intangible assets are assessed to be either finite or indefinite. The estimated useful lives of intangible assets with finite lives are as follows.

Asset class	Useful life
Computer software	4 years

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period.

Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortization period or method, as appropriate, and treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognised in the profit or loss statement in the expense category consistent with the function of the intangible asset.

2.5.2 Derecognition

Intangible assets are de-recognised on disposal or when no future economic benefits are expected from its use. Gains or

NOTES TO THE FINANCIAL STATEMENTS

losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognized.

2.6 Inventories

Inventories are valued at the lower of cost and net realizable value, and cost includes expenses in bringing each product to its present location and condition. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs to sell.

The cost incurred in bringing inventories to its present location and conditions are accounted using the following cost formula:

Finished Goods – At cost on Weighted Average Cost

Goods In Transit- At cost

2.7 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and financial liability or equity instrument of another entity.

2.7.1 Financial Assets

a) Financial Assets - Initial Recognition and Subsequent Measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortized cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient, the Group initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

Trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price determined under SLFRS 15.

In order for a financial asset to be classified and measured at amortized cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

b) Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in four categories.

- Financial assets at amortized cost (debt instruments)
- Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon de-recognition (equity instruments)
- Financial assets at fair value through profit or loss

Financial assets at amortized cost

This category is the most relevant to the Group. The Group measures financial assets at amortized cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows, and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Financial assets at amortized cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognized, modified or impaired.

The Group's financial assets at amortized cost includes trade receivables, amounts due from related parties and Cash and Cash Equivalents

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets held for trading.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognised in the statement of profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

c) Derecognition

A financial asset is derecognized when the rights to receive cash flows from an asset have expired or the Group has transferred substantially all the risks and reward of the asset.

d) Impairment of Financial Assets

The Group recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

For trade receivables and contract assets, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

2.7.2 Financial Liabilities

a) Initial Recognition and Measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and in the case of loans and borrowings net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, bank overdrafts, loans and borrowings, financial guarantee contracts, derivatives and amounts due to related parties.

b) Subsequent Measurement

The measurement of financial liabilities depends on their classification as described below:

Loans and borrowings

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognised in the Statement of Profit or Loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the Statement of Profit or Loss.

c) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

2.7.3 Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount reported in the statement of financial position if, and only if;

- There is a currently enforceable legal right to offset the recognised amounts and
- There is an intention to settle on a net basis, or to realize the assets and settle the liabilities simultaneously.

2.7.4 Fair Value of Financial Instruments

The fair value of financial instruments that are traded in active markets at each reporting date is determined by reference to quoted market prices. For financial instruments not traded in an active market, the fair value is determined using appropriate valuation techniques. Such techniques may include using recent arm's length market transactions; reference to the current fair value of another instrument that is substantially the same; a discounted cash flow analysis or other valuation model

NOTES TO THE FINANCIAL STATEMENTS

2.8 Cash and Cash Equivalents

Cash and cash equivalents are cash in hand, demand deposits and short-term highly liquid investments, readily convertible to known amounts of cash and subject to insignificant risk of changes in value.

For the purpose of cash flow statement, cash and cash equivalents consist of cash in hand and deposits in banks net of outstanding bank overdrafts. Investments with short maturities i.e. three months or less from the date of acquisition are also treated as cash equivalents.

2.9 Impairment of Non-Financial Assets

The Company assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial assets is impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Group makes an estimate of the Group of non-financial asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash generating unit's fair value less costs to sell or its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of non-financial assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. The amount of impairment losses are recognised in the profit and loss during the reporting period.

2.10 Liabilities and Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, where it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Liabilities classified as current liabilities in the Statement of Financial Position are those obligations payable on demand or within one year from the reporting date.

2.11 Retirement benefit Obligations

2.11.1 Defined Contribution Plans– Employees' Provident Fund & Employees' Trust Fund

Employees are eligible for Employees' Provident Fund Contributions and Employees' Trust Fund Contributions in line with the respective statutes and regulations in Sri Lanka. The Group contributes 12 % and 3% of gross emoluments of employees to Employees' Provident Fund and Employees' Trust Fund respectively.

2.11.2 Defined Benefit Plan – Retirement Gratuity

The retirement benefit plan adopted is as required under the Payment of Gratuity Act No.12 of 1983.

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The defined benefit is calculated by independent actuaries. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related liability.

The present value of the defined benefit obligations depends on a number of factors that are determined on an actuarial basis using a number of assumptions. Key assumptions used in determining the defined retirement benefit obligations are given in Note 18. Any changes in these assumptions will impact the carrying amount of defined benefit obligations.

The actuarial valuation was carried out by a professionally qualified firm of actuaries, Meserss. Smiles Global (Private) Limited as at 31 March 2022. The liability is not externally funded

2.12 Taxation

2.12.1 Current Income Tax

Current income tax assets and liabilities for the current period are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income taxes relating to items recognised directly in Other Comprehensive Income are also recognised in Other Comprehensive Income and not in the statement of profit or loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

2.12.2 Deferred Tax

NOTES TO THE FINANCIAL STATEMENTS

Deferred tax is provided using the liability method on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax liabilities are recognised for all taxable temporary differences, except:

- Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized, except:

- Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Current tax and deferred tax relating to items recognised directly in statement of other comprehensive income are also recognised in statement of other comprehensive income and not in the statement of profit or loss.

Deferred tax assets and liabilities are set off if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

2.12.3 Sales Tax

Revenues, expenses and assets are recognised net of the amount of sales tax, except:

- Where the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the sales tax is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable

Receivables and payables are stated with the amount of sales tax included. The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

2.13 Capital Commitments and Contingencies

All material capital commitments and contingent liabilities which exist as at the reporting date are disclosed in the Financial Statements in Note 25.

2.14 Related Party Disclosures

Disclosures are made in respect of related party transactions in accordance with LKAS 24. Refer Note 21

2.15 Statement of Profit or Loss

For the purpose of presentation of the statement of profit or loss, the function of expenses method is adopted.

2.15.1 Revenue from Contracts with Customers

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue and associated costs incurred or to be incurred can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, net of trade discounts and sales taxes. The following specific recognition criteria are used for the purpose of recognition of revenue:

Sale of Goods

Revenue from sales of goods is recognized at the point in time when control of the goods is transferred to the customer, generally on delivery of the goods which include one performance obligation. In determining the transaction price for the sale of goods, the Group considers the effects of variable considerations.

NOTES TO THE FINANCIAL STATEMENTS

2.15.2 Contract Assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional. Refer Note 15.

2.15.3 Other Income

a) Dividends

Dividend income is recognised when the shareholder's right to receive payment is established.

b) Rental Income

Rental income is recognised on an accrual basis.

c) Gains and Losses

Net gains and losses of a revenue nature on the disposal of Property, Plant & Equipment and other non-current assets including investments are accounted for in the Statement of Profit or Loss, after deducting from proceeds on disposal, the carrying amount of the assets and related selling expenses.

Gains and losses arising from activities incidental to the main revenue generating activities and those arising from a group of similar transactions which are not material, are aggregated, reported and presented on a net basis.

d) Other Income

Other income is recognised on an accrual basis.

2.15.4 Expenditure Recognition

Expenses are recognised in the statement of profit or loss on the basis of a direct association between the cost incurred and the earnings of specific items of income.

All expenditure incurred in the running of the business has been charged to income in arriving at the profit for the year.

Repairs and renewals are charged to the statement of profit or loss in the year in which the expenditure is incurred.

2.15.5 Finance Income and Finance Costs

Finance income comprises interest income on funds invested. Interest income is recognised based on the EIR in the Statement of Profit or Loss.

Finance costs comprise interest expense on borrowings, unwinding of the discount on provisions, changes in the fair value of financial assets at fair value through profit or loss, and losses on hedging instruments that are recognised in the statement of profit or loss.

2.16 Earnings Per Share

The Group presents basic and diluted Earnings Per Share (EPS) for its ordinary shares. Basic EPS is calculated by dividing the profit attributable to ordinary shareholders of the Company by the weighted-average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

3. NEW AND AMENDED STANDARDS AND INTERPRETATIONS

The following SLFRS have been issued by the Institute of Chartered Accountants of Sri Lanka that have an effective date in the future and have not been applied in preparing these financial statements.

Amendments to SLFRS 3: Definition of a Business

The amendments update SLFRS 3 so that it refers to the 2018 Conceptual Framework instead of the 1989 Framework. IASB also add to SLFRS 3 a requirement that, for obligations within the scope of LKAS 37, an acquirer applies LKAS 37 to determine whether at the acquisition date a present obligation exists as a result of past events. For a levy that would be within the scope of IFRIC 21 Levies, the acquirer applies IFRIC 21 to determine whether the obligating event that gives rise to a liability to pay the levy has occurred by the acquisition date. Finally, the amendments add an explicit statement that an acquirer does not recognise contingent assets acquired in a business combination.

The amendments are effective for business combinations for which the date of acquisition is on or after the beginning of the first annual period beginning on or after 1 January 2022. Early application is permitted if an entity also applies all other updated references (published together with the updated Conceptual Framework) at the same time or earlier.

NOTES TO THE FINANCIAL STATEMENTS

Onerous Contracts – Costs of Fulfilling a Contract – Amendments to LKAS 37

In March 2021, the ICASL adopted amendments to LKAS 37 to specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making.

The amendments apply a “directly related cost approach”. The costs that relate directly to a contract to provide goods or services include both incremental costs and an allocation of costs directly related to contract activities. General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

The amendments are effective for annual reporting periods beginning on or after 1 January 2022. The Group will apply these amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments

Property, Plant and Equipment: Proceeds before Intended Use – Amendments to LKAS 16

In March 2021, the ICASL adopted amendments to LKAS16-Property, Plant and Equipment — Proceeds before Intended Use, which prohibits entities deducting from the cost of an item of property, plant and equipment, any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognises the proceeds from selling such items, and the costs of producing those items, in profit or loss.

The amendment is effective for annual reporting periods beginning on or after 1 January 2022 and must be applied retrospectively to items of property, plant and equipment made available for use on or after the beginning of the earliest period presented when the entity first applies the amendment.

22. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's principal financial liabilities, comprise trade and other payables and bank overdraft. The main purpose of these financial liabilities is to finance the Group's operations and assets. The Group has trade and other receivables, and other investments that arrive directly from its operations

The Group is exposed to market risk, credit risk and liquidity risk. The Group's oversees the management of these risks. The Group's senior management advises on financial risks and the appropriate financial risk governance framework for the Group.

Market Risk

Market risk is the risk of losses in positions arising from movements in market prices. Market risk exposed by the Group comprise of interest rate risk, Foreign currency risk, Credit Risk and Liquidity risk.

Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fluctuation in interest rate has a impact on bank overdrafts. Group's interest rate varies according to the Bank.

Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily for trade receivables) and from its financing activities, including other financial assets with banks and financial institutions.

Foreign exchange risk

Foreign currency risk is the risk that the changes in cash flows because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities.

NOTES TO THE FINANCIAL STATEMENTS

A sensitivity of the Group exposure to USD (which is the only significant foreign currency the Group exposed to) based on the Trade Payable balances outstanding as of reporting date as follows.

For the year ended 31 March	Increase / (Decrease) in Exchange rate US	Change in Profit before tax	
		GROUP LKR'000	COMPANY LKR'000
2022	5%	(6,764,797)	(6,764,797)
	10%	(13,529,594)	(13,529,594)
2021	5%	(7,201,936)	(7,201,936)
	10%	(14,403,854)	(14,403,854)

Liquidity risk

The Group's objective is to maintain a balance between continuity of funding and use of bank overdrafts. Access to sources of funding is sufficiently available and payables maturing within 12 months can be rolled over with existing lenders.

The table below summarizes the maturity profile of the Group's financial liabilities based on contractual payments.

	On demand LKR'000	< 3 months LKR'000	3 to 12 months LKR'000	1 to 5 years LKR'000	Total LKR'000
Year ended 31 March 2022

	30,550	-	135,296	-	165,846
Year ended 31 March 2021					
Bank Overdraft	2,943	-	-	-	2,943
Trade and other payables	36,015	-	144,038	-	180,053
	38,958	-	144,038	-	182,996

Capital management

Capital includes only the equity attributable to the equity holders of the parent.

The primary objective of the Group's capital management is to ensure the healthy capital ratios in order to support its business and maximize shareholder value.

The Group manages its capital structure and makes adjustments to it in light of changes in economic conditions. No changes were made in the objectives, policies or processes for managing capital during the year ended 31 March 2022.

Consistent with others in the industry, the Group monitors capital on the basis of the gearing ratio. This ratio is calculated as total borrowings by total equity. Total borrowings including non-current and current borrowings as shown in the statement of financial position. Total equity is calculated as 'Total equity' in the statement of financial position.

Gearing ratio as at 31 March is as follows :

For the year ended 31 March	GROUP		COMPANY	
	2022 LKR'000	2021 LKR'000	2022 LKR'000	2021 LKR'000
Long Tem Borrowings	-	-	-	-
Total Equity	1,983,275	1,769,977	1,971,436	1,759,225
Gearing Ration : Debt to Equity	0%	0%	0%	0%

NOTES TO THE FINANCIAL STATEMENTS

23. FAIR VALUES

The fair value is the price that would be received to sell an assets or paid to transfer a liability in an orderly transaction between market participants of the measurement date.

23.1.

	Date of valuation	Total	"Quoted prices in active markets (Level 1) "	"Significant observable inputs (Level 2)"	"Significant unobservable inputs (Level 3)"
The fair value measurement hierarchy for non financial assets as at 31 March 2022:					
Assets measured at fair value					
Revalued Property, Plant and Equipment					
Land	31-Mar-22	1,770,194	-	-	1,770,194
Buildings	31-Mar-22	263,805	-	-	263,805
Other Financial Assets					
Unquoted Unit Trust Investment*	31-Mar-22	347,714	-	347,714	-
The fair value measurement hierarchy for non financial assets as at 31 March 2021:					
Assets measured at fair value					
Revalued Property, Plant and Equipment					
Land	31-Mar-21	1,584,230	-	-	1,584,230
Buildings	31-Mar-21	236,957	-	-	236,957
Other Financial Assets					
Unquoted Unit Trust Investment *	31-Mar-21	258,868		258,868	-

There were no transfers between level 1 and level 2 during the year of 2022.

*Fair value of Unquoted Unit Trust has been calculated based on the Company's asset manager's fair value assessment.

23.2.

*Fair value of Unit Trust has been calculated based on a management fair value assesment

	GROUP				COMPANY			
	CARRYING AMOUNT		FAIR VALUE		CARRYING AMOUNT		FAIR VALUE	
For the year ended 31 March	2022 LKR'000	2021 LKR'000	2022 LKR'000	2021 LKR'000	2022 LKR'000	2021 LKR'000	2022 LKR'000	2021 LKR'000
Financial Assets								
Financial Assets Carried at Amortized Costs								
-Trade and other receivables	28,407	82,870	28,407	82,870	27,895	82,519	27,895	82,519
-Cash and cash equivalents	31,312	1,676	31,312	1,676	28,308	736	28,308	736
-Quoted Debentures	46,973	2,206	46,973	2,206	46,973	2,206	46,973	2,206
-Fixed Deposits	88,651	95,075	88,651	98,590	81,551	87,975	81,551	91,259
Financial Liabilities								
-Trade and other payables	165,846	180,053	165,846	180,053	163,324	179,381	163,324	179,381
-Bank overdraft	-	2,943	-	2,943	-	2,943	-	2,943

Cash and cash equivalents, trade and other receivables, debentures and trade payables approximate their carrying amounts to fair values largely due to the short term maturities of these instruments.

24. EVENTS AFTER THE REPORTING PERIOD

There were no material events occurring after the reporting date that require adjustments to or disclosure in the financial statements.

25. CAPITAL COMMITMENTS AND CONTINGENCIES

There were no significant capital commitments and contingencies as at reporting date.

26. OPERATING SEGMENT

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components, whose operating results are reviewed regularly by the Senior Management to make decisions about resources allocated to each segment and assess its performance and for which discrete financial information is available. There were no material events occurring after the reporting date that require adjustments to or disclosure in the financial statements.
