## No. JKNGB-013-06/2022

June 20, 2022

Subject	Issuance and Offering of the Convertible Debentures No.7/2022
То	The President
	The Stock Exchange of Thailand
Enclosure	Summary of Important Terms and Conditions of the Convertible Debentures of JKN Global Group Public
	Company Limited (formerly known as "JKN Global Media Public Company Limited")

The Extraordinary General Meeting of the shareholders No.2/2022 of JKN Global Group Public Company Limited (the "**Company**") held on March 14, 2022 has resolved to approve the issuance and offering of the newly issued convertible debentures of the Company of not exceeding THB 1,500 million by way of private placement to specific investors, namely Advance Opportunities Fund ("AO Fund") and Advance Opportunities Fund 1 ("AO Fund 1"), which are not related persons of the Company, the details are attached in the Enclosure.

The Company would like to inform that the Company has offered and issued the convertible debentures pursuant to the agreement in respect of "Convertible debentures granting the right to convert into ordinary shares of JKN Global Group Public Company Limited No. 7/2022, due in 2025, unsubordinated and unsecured" in the amount of THB 20 million to AO Fund on June 20, 2022 and the maturity date of the said convertible debentures will be on April 21, 2025 unless the conversion rights have been exercised before the maturity date. In addition, the Company has the remaining amount for the issuance and offering of convertible debentures of THB 1,240 million.

Please be informed accordingly.

Yours sincerely,

(Mr. Jakkaphong Jakrajutatip) Chief Executive Officer and Managing Director Authorized Disclosing Person

Details
redemption has to be followed by the terms and conditions of certain convertible
debentures aligned with rules, regulations, laws and/or permissions from related
authorized Governmental Bodies.
Principle amount of the Convertible Debentures divided by the conversion price.
Not lower than 90% of the market price, therefore it is not considered an offer for sale
of newly issued shares at a price lower than the market price as prescribed in the
Notification of the Capital Market Supervisory Board No. TorJor. 72/2558 Re: Approval
of the issuance of newly issued shares to private placement ("Notification No. TorJor.
72/2558").
"Market Price" is calculated from the weighted average price of the Company's shares
traded in the Stock Exchange of Thailand for at least 7 consecutive business days, but
not more than 15 consecutive business days prior to the date the convertible bond
holder exercises the right to convert the bonds. The weighted average price is
calculated from the traded volume weighted closing price for each consecutive
business days ("Floating Conversion Price") in accordance with Notification No. TorJor.
17/2561 and Announcement No. SorJor. 39/2551. However, if the above-calculated
conversion price is lower than the current par value of the Company's shares, the
Company shall issue additional compensation shares in a manner that complies with
the calculation of all shares to be issued at par value, which are subjected to the
conversion price.
Market price will be calculated by specifying 2 decimal places. If the 3rd decimal place
is 5 or more, it will be rounded up.
The conversion price of the convertible debentures will be calculated by specifying 3
decimal places. If the 4th decimal place is 5 or more, it will be rounded up.
Remarks:
O If the ordinary shares resulted from the exercise of conversion rights of the
Convertible Debentures has a conversion price of less than 90% of the market
price at the date of conversion (the market price is calculated based on the
weighted average price of the Company's shares traded on the Stock Exchange
of Thailand for not less than 7 consecutive business days, but not more than 15
consecutive business days prior to the date that the convertible bond holders
exercise their conversion rights. The weighted average price is calculated from the
closing price weighted by the trading volume of each consecutive business days).
The Company has the duty to prohibit AO Fund and AO Fund 1 ("Investors") from
exercising such conversion rights within 1 year from the date the investors receive
such convertible securities (Silent Period). After the date the investor receives the

Heading	Details
	convertible securities for a period of 6 months, the investors will be able to
	gradually sell the prohibited shares in the amount of 25% of the total number of
	shares prohibited in accordance with the rules prescribed in the Notification of the
	Stock Exchange of Thailand Re: Rules, Conditions and Procedures for
	Consideration of the Request for Ordinary Shares or Preferred Shares as for the
	capital increase as listed securities B.E. 2558 dated May 11, 2015 (as amended).
	O In the case that the accommodating shares are insufficient, the Company will follow
	the guideline in the topic "The event that the Company has to issue new shares to
	accommodate the change in the exercise of conversion rights".
Conversion Period	The Convertible Debentures holders may exercise their conversion rights of the
	Convertible Debentures every day until the close of business hours 1 week prior to the
	Convertible Debenture maturity date.
Number of ordinary shares	The number of shares accommodated for this offering of convertible debentures is
accommodated for	122,700,000 shares and the number of shares accommodated for other convertible
conversion	debentures is 177,962,331 shares. The total number of shares accommodated for all
	convertible debentures is 300,662,331 shares, equivalent to 49.49% of the total number
	of the Company's shares issued and sold as of the date of the Board of Directors
	Meeting on 31 January 2022.
Secondary market for	The Company shall arrange to list the ordinary shares issued as a result of the
ordinary shares as a result	conversion on the Stock Exchange of Thailand or any exchange that the Company's
of the conversion	securities are listed on.
Restrictions on transfer of	As this issuance and offering of the Convertible Debentures is considered as an
the Convertible Debentures	offering to no more than 10 specific investors within 4-month period as specified in the
	Notification of the Capital Market Supervisory Board No. TorJor. 17/2561 Re:
	Application for and Approval of the Offering for Sale of Newly Issued Debt Instruments
	("Notification No. TorJor. 17/2561"). Therefore, the transfer of the Convertible
	Debentures to any person at any time throughout its tenure shall not cause the number
	of the holders to exceed 10 specific investors within 4 month period, provided that the
	number of the holders shall be calculated from actual investors holding the Convertible
	Debentures on private placement basis (whether such investors hold the newly issued
	convertible debentures or receive the convertible debenture from the transfer by any
	existing Convertible Debentures holders), except by way of inheritance.
Allocation Method	Allocated by private placement, once or several times, to Advance Opportunities Fund
	(AO Fund) and Advance Opportunities Fund 1 (AO Fund 1), which is an institutional
	investor pursuant to Clause 4 (10) of the Notification of the Securities and Exchange
	Commission KorJor. 4/2560 Re: Determination of the Definitions of Institutional Investor,

	Ultra-high Net Worth Investor and High Net Worth Investor. This offering of the
	Convertible Debentures is in accordance with Clauses 43 and 56 of the Notification
	No. TorJor. 17/2561.
The event that the	The Company may register the increase in capital to accommodate the conversion by
Company has to issue new	the resolution of shareholders' meeting or compensate in cash to the Convertible
shares to accommodate the	Debentures holder in regards with the terms and conditions of the Convertible
change in the exercise of	Debentures.
conversion rights	
Impact on Shareholders	In consideration of the impacts on the Company's shareholders, it will be taken into
	consideration the impact of the Convertible Debentures in case the Company issued
	and offered Convertible Debentures to investors. In this regard, two aspects of the
	impacts on the shareholders of the Company will be taken into consideration, which
	are, impact to the market price of shares (Price Dilution) and impact to the voting rights
	of existing shareholders (Control Dilution), with details as follows:
	In the case that not all of the existing convertible debentures are converted
	(1) Price Dilution can be calculated from the following formula:
	Price Dilution = (Po - PE) / Po
	Whereas,
	Po = Existing share price which is equivalent to 8.0718 Baht per share, calculated
	based on the weighted average price of the Company's shares trading on the
	Stock Exchange of Thailand for 15 consecutive business days prior to the date the
	Board of Directors' Meeting resolved to propose to the Extraordinary General
	Meeting of Shareholders No. 2/2022 to consider and approve the issuance of the
	newly issued ordinary shares to accommodate for the exercise of the Convertible
	Debentures' conversion rights by private placement during the period from
	December 30, 2021 to January 21, 2022.
	Pe = Conversion Price of Convertible Debentures, 90% of the market price
	assumed to be equal to Po which is equivalent to 7.2646 Baht per share
	PE = Share price after the issuance of Convertible Debentures,
	Whereas,
	PE = ((Po x Qo) + (Pe x Qe)) / (Qo + Qe)
	Qo = Number of existing shares which is equivalent to 607,498,256 shares
	Qe = Number of shares arising from the exercise of conversion right of the
	Convertible Debentures, number of ordinary shares reserved for conversion of
	122,700,000 shares
	Therefore,

Heading	Details
	PE = (8.0718 × 607,498,256) + (7.2646 × 122,700,000) /
	(607,498,256 + 122,700,000)
	PE = 7.9362 Baht per share
	Price Dilution = (Po - PE) / Po) = (8.0718 – 7.9362)/ 8.0718 = 1.68%
	In case that all convertible debentures are fully exercised, the impact to the market
	price of the shares will be 1.68% which incurred from issuing convertible
	debentures at 90% of Po.
	In the case that <u>all</u> of the existing convertible debentures are converted
	(2) Price Dilution can be calculated from the following formula:
	Price Dilution = (Po - PE) / Po
	Whereas,
	Po = Existing share price which is equivalent to 8.0718 Baht per share, calculated
	based on the weighted average price of the Company's shares trading on the
	Stock Exchange of Thailand for 15 consecutive business days prior to the date the
	Board of Directors' Meeting resolved to propose to the Extraordinary General
	Meeting of Shareholders No. 2/2022 to consider and approve the issuance of the
	newly issued ordinary shares to accommodate for the exercise of the Convertible
	Debentures' conversion rights by private placement during the period from
	December 30, 2021 to January 21, 2022.
	Pe = Conversion Price of Convertible Debentures, 90% of the market price
	assumed to be equal to Po which is equivalent to 7.2646 Baht per share
	PE = Share price after the issuance of Convertible Debentures,
	Whereas,
	PE = ((Po x Qo) + (Pe x Qe)) / (Qo + Qe)
	Qo = Number of existing shares which is equivalent to 785,460,587 shares
	Qe = Number of shares arising from the exercise of conversion right of the
	Convertible Debentures, number of ordinary shares reserved for conversion of
	122,700,000 shares
	Therefore,
	PE = (8.0718 x 785,460,587) + (7.2646 x 122,700,000) /
	(785,460,587 + 122,700,000)
	PE = 7.9627 Baht per share
	Price Dilution = (Po - PE) / Po) = (8.0718 – 7.9442)/ 8.0718 = 1.35%

Heading	Details
	In case that all convertible debentures are fully exercised, the impact to the market
	price of the shares will be 1.35% which incurred from issuing convertible
	debentures at 90% of Po.
	In the case that <u>not all</u> of the existing convertible debentures are converted
	(3) Control Dilution can be calculated from the following formula:
	Control Dilution = $Qe / (Qo + Qe)$
	Whereas,
	Qo = Number of existing shares which is equivalent to 607,498,256 shares
	Qe = Number of shares arising from the exercise of conversion right of the
	Convertible Debentures, number of ordinary shares reserved for conversion of
	122,700,000 shares
	Control Dilution = 122,700,000 / (607,498,256 + 122,700,000)
	= 16.80%
	In case that all convertible debentures are fully exercised, the shareholders of the
	Company will be diluted of its shareholding (Control Dilution) at the rate of 16.80%.
	In the case that <u>all</u> of the existing convertible debentures are converted
	(4) Control Dilution can be calculated from the following formula:
	Control Dilution = $Qe / (Qo + Qe)$
	Whereas,
	Qo = Number of existing shares which is equivalent to 785,460,587 shares
	Qe = Number of shares arising from the exercise of conversion right of the
	Convertible Debentures, number of ordinary shares reserved for conversion of
	122,700,000 shares
	Control Dilution = 122,700,000 / (785,460,587 + 122,700,000)
	= 13.51%
	In case that all convertible debentures are fully exercised, the shareholders of the
	Company will be diluted of its shareholding (Control Dilution) at the rate of 13.51%.
Other Information	The details described above are the summary of the terms and conditions of the
	Convertible Debentures and are still subject to change. Further relevant details will be
	stipulated in the terms and conditions of the Convertible Debentures.
Objectives of issuing	Please consider the objectives of issuing convertible debentures and plans for utilizing
convertible debentures and	proceeds as detailed in the Capital Increase Report Form (F53-4) (Attachment 2)
plans for utilizing proceeds	

Heading	Details
Board of Directors' Opinions	
Reason, necessity, and	The Board of Directors is of the opinion that fundraising by issuing and offering
suitability for the issuance	convertible debentures is a good choice to increase the Company's capital, to increase
and offering of convertible	liquidity, and for fast fundraising to adapt to the rapidly changing stock market and
debentures, including	environment conditions. This will benefit the Company's business operations in order
analyzing the Company's	to increase its financial liquidity and to expand investments when the Company has a
ability to repay shareholders	need in a timely manner. It also helps to reduce the financial cost of the Company in
who do not exercise their	the event that the capital increase is used to pay off debts, including increasing the
conversion rights at maturity	stability and sustainability of the financial position of the Company, which will
date.	undoubtedly strengthen and stabilize the Company's financial position. It also
	restructures the appropriateness of the Company's capital structure. The Company can
	use the money to generate income from investments and business development of the
	Company and/or invest in new businesses that are related to or supports the business
	that is currently operating. This will generate returns for the company and shareholders
	in the future. In addition, this fundraising will also benefit the company and
	shareholders. Details are shown in the Capital Increase Report Form (Attachment 2).
	However, in the event that the Company has issued convertible debentures and the
	convertible debenture holders do not exercise their convertible rights at maturity date,
	the Company expects that its future cash flow should be sufficient for business
	operations, if business conditions return to normal. In addition, if necessary, the
	Company may issue and offer newly issued ordinary shares to shareholders or private
	placement, which is another solution. However, the Company will consider the
	appropriateness during that particular time and decide again.
Possibility of the plan for	The Company expects to proceed with the issuance and offering of newly issued shares
utilizing funds	to investors as well as to receive money from the sale of such newly issued shares
	within 1 year from the date that the shareholders' meeting approved to issue and offer
	for sale the newly issued shares. However, if the Company does not receive money
	from this capital increase, the Company may lose the opportunity to expand its business
	according to the Company's business plan.
Expected impacts on the	Increasing the Company's registered capital by issuing convertible debentures will
Company's business	strengthen both its financial structure and increase its financial flexibility to invest in
operations, including its	future projects. Therefore, such capital increase will not adversely affect the business
financial position and	operation, financial position, and performance of the Company.
operating results due to the	
capital increase
