NRP Stone, Inc

Notes to the Financial Statements December 31, 2023 and 2022

NOTE 1 - ORGANIZATION AND DESCRIPTION OF BUSINESS

NRP Stone, Inc. was originally incorporated under the laws of the state of Colorado on June 21, 1983, under the name Leesburg Land & Mining, Inc. On March 11, 1998, the Company approved the change of its domicile from Colorado to Nevada. On January 8, 1999, the Company changed its name to Intelliquis International, Inc. On March 6, 2007, the Company changed its name to NRP Stone, Inc. The shares of the Company trade on the Over-the-Counter Bulletin Board under the symbol, "NRPI."

On June 30, 2021, the Company acquired an 80% controlling interest in Uplift Aerospace LLC. On February 17, 2022, the Company acquired the remaining 20% interest in Uplift Aerospace LLC and now owns the entire entity.

During the three months ended September 30, 2021, the Company spun off a subsidiary, UIHC 1 LLC, and contributed artwork into that entity, and then sold 25.75% of the ownership of the entity. NRP Stone then acquired a 15.70% interest in a stock conversion resulting in net ownership of 89.95% of the entity.

NRP Stone, Inc. and its subsidiaries are collectively referred to herein as "the Company."

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Company is presented to assist in understanding the Company's financial statements which conform to U.S. generally accepted accounting principles. The financial statements and notes are representations of the Company's management, which is responsible for their integrity and objectivity. These accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of financial statements. The following policies are considered to be significant:

Principles of Consolidation

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and include the accounts of NRP Stone, Inc., and its subsidiaries, Uplift Aerospace LLC and UIHC 1 LLC. All significant intercompany transactions and balances have been eliminated.

Basis of Accounting

The financial statements of the Company are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. The Company has elected a calendar year-end.

NRP Stone, Inc

Notes to the Financial Statements December 31, 2023 and 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and Cash Equivalents

The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents, unless held for reinvestment as part of the investment portfolio, pledged to secure loan agreements or otherwise encumbered. The carrying amount approximates the fair value because of the short maturities of those instruments.

Property and Equipment

Property and equipment are stated at cost less accumulated depreciation. Minor repairs and maintenance are expensed as incurred, whereas major improvements are capitalized. When property and equipment are retired or otherwise disposed of, the cost and accumulated depreciation are removed from the accounts and any resulting gain or loss is included in the results of operations for the respective period. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets. The Company uses other depreciation methods (generally accelerated) for tax purposes where appropriate.

Impairment of Long-Lived Assets

The Company reviews long-lived assets for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. The Organization evaluates the recoverability of long-lived assets by measuring the carrying amounts of the assets against the estimated undiscounted cash flows associated with these assets. At the time such evaluation indicates that the future undiscounted cash flows of certain long-lived assets are not sufficient to recover the assets' carrying value, the assets are adjusted to their fair value (based upon discounted cash flows). During the year ended December 31, 2023 no impairment of long-lived assets was recognized.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses, including functional allocations during the reporting period. Actual results could differ from those estimates. Management bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances in making judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. While actual results could differ from those estimates, management believes that the estimates are reasonable.

Key estimates made in the accompanying financial statements include, among others, the economic useful lives and recovery of long-lived assets and contingencies.

NRP Stone, Inc

Notes to the Financial Statements December 31, 2023 and 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Concentrations of Risk

The Company maintains its cash in bank deposit accounts which, at times, may exceed the federally insured limits. Accounts are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to certain limits. The Company has not experienced any losses in such accounts or lack of access to its cash, and believes it is not exposed to a significant risk of loss with respect to cash. However, no assurance can be provided that access to the Company's cash will not be impacted by adverse economic conditions in the financial markets.

On December 31, 2023 and 2022, the Company had in its bank accounts no funds in excess of the \$250,000 per depository institution that is federally insured.

Contingencies

Certain conditions may exist as of the date that these financial statements are issued which may result in a loss to the Company, but which will only be resolved when one or more future events occur or fail to occur. The Company's management and its legal counsel assess such contingent liabilities and such assessments inherently involve the exercise of judgment. In assessing loss contingencies related to legal proceedings that are pending against the Company or unasserted claims that may result in such proceedings, the Company's legal counsel evaluates the perceived merits of any legal proceedings or unasserted claims as well as the perceived merits of the amount of relief sought or expected to be sought therein.

If the assessment of a contingency indicates that it is probable that a material loss has been incurred and the amount of the liability can be estimated, then the estimated liability is accrued in the Company's financial statements. If the assessment indicates that a potential material loss contingency is not probable, but is reasonably possible, or is probable but cannot be estimated, then the nature of the contingent liability, together with an estimate of the range of possible loss if determinable and material, is disclosed. Loss contingencies considered remote are generally not disclosed unless they involve guarantees, in which case the nature of the guarantee is disclosed.

Fair Value of Financial Instruments

The Company's financial instruments consist of cash and cash equivalents, accounts payable and accrued expenses, and shareholder loans. The carrying amount of these financial instruments approximates fair value due either to length of maturity or interest rates that approximate prevailing market rates unless otherwise disclosed in these financial statements.

Financial assets and liabilities recorded at fair value on the balance sheets are categorized based on a fair value hierarchy established by GAAP, which prioritizes the inputs used to measure fair value into the following levels:

Level 1— Quoted market prices in active markets for identical assets or liabilities at the measurement date.

NRP Stone, Inc

Notes to the Financial Statements December 31, 2023 and 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value of Financial Instruments (Continued)

Level 2— Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable and can be corroborated by observable market data.

Level 3— Inputs reflecting management's best estimates and assumptions of what market participants would use in pricing assets or liabilities at the measurement date. The inputs are unobservable in the market and significant to the valuation of the instruments.

Financial instruments' categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Revenue Recognition

The Company recognizes revenue when it is realized or realizable and earned less estimated future doubtful accounts. The Company considers revenue realized or realizable and earned by evaluating our revenue contracts with customers based on the five-step model under ASC 606:

1. Identify the contract with the customer;
2. Identify the performance obligations in the contract;
3. Determine the transaction price;
4. Allocate the transaction price to separate performance obligations; and
5. Recognize revenue when (or as) each performance obligation is satisfied.

Recent Accounting Pronouncements

Other recent accounting pronouncements issued by the FASB (including its Emerging Issues Task Force) did not or are not believed to have a material impact on the Company's present or future financial statements.

NOTE 3 - RELATED PARTY TRANSACTIONS

The Company acquired loans from 4 officers/shareholders summarized in the below table:

NOTE 3 - RELATED PARTY TRANSACTIONS

During the year that ended December 31, 2022, an unsecured promissory note was signed for funds that were advanced to the Company for \$500,000, payments were made on this unsecured note in the amount \$184,100, leaving a remaining balance of \$315,900.

NOTE 4 - STOCKHOLDERS' EQUITY

As of December 31, 2021, the Company had 299,735,541 shares of common stock outstanding.

During the year ended December 31, 2022, the Company issued 95 shares of class B preferred stock in exchange for the remaining 20% ownership of Uplift. The Company issued 15,446,210 shares of common stock in exchange for the debt that was retired. The Company issued 4,210,000 shares of common stock for services rendered. The Company also issued 8,156,191 shares of common stock in an equity conversion for shareholders of UIHC, LLC.

During the year ended December 31, 2023, the Company issued 22,988,961 shares in an equity conversion for shareholders of UIHC, LLC. The Company issued 2,500,000 shares for services rendered.

The Company has authorized the issuance of up to 500,000,000 shares of common stock, of which there are 351,789,480 shares outstanding. Of the 500,000,000 common stock, the Company has authorized and issued 40,000,000 shares of common Series B shares, which provide 1:1 ownership and 20:1 voting power to common stock. There were also 30,000,000 shares returned to the treasury.

During the year ended December 31, 2023, the Company held a meeting with a quorum of the stockholders and voted to update and reinstate the articles of incorporation with the Nevada Secretary of State.

NOTE 5 - LIQUIDITY AND GOING CONCERN

The Company has incurred losses since its inception. Though the Company received revenue in 2023, expenditures and the market downturn led to an overall loss for 2023. These factors create substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustment that might be necessary if the Company is unable to continue as a going concern.

The ability of the Company to continue as a going concern is dependent on the Company generating cash from the sale of its common stock and/or obtaining debt financing and attaining future profitable operations. Management's plans include selling its equity securities and obtaining debt financing to fund its capital requirement and ongoing operations; however, there can be no assurance the Company will be successful in these efforts.

NOTE 6 – INTANGIBLE ASSETS

As of December 31, 2023 and 2022, the website had a basis of \$8,338, and an accumulated amortization balance of \$3,336 and \$1,668, respectively. Amortization expense for the year ended December 31, 2023 and 2022, was \$1,668, respectively.
