ALTERNATURALS
NOTES TO FINANCIAL STATEMENTS
(UNAUDITED)

Note 1 – Organization and basis of accounting

Basis of Presentation and Organization

This summary of significant accounting policies of ALTERNATURALS, INC. (a development stage company) ("the Company") is presented to assist in understanding the Company's financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the accompanying financial statements. The Company has realized minimal revenues from its planned principal business purpose and, accordingly, is considered to be in its development stage in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic No. 915 (SFAS No. 7). The Company has elected a fiscal year-end of December 31.

Business Description

Alternaturals, Inc. (the "Company") was incorporated in the State of Nevada on August 17, 1995, under the name "Mortgage Resources, Inc." The name of the Company was changed on August 20, 1997, to its current name. The Company began to commence operations in the mortgage banking industry in 1998. The Company held a license to operate as a mortgage banking entity until 2003. Since the date of incorporation and through August 1998, the Company has had steady operations. From August 1998 to June 30, 2011, the Company has performed loan processing and telemarketing services. From July 1, 2011, to the present, the Company has operated as a consulting corporation making referrals in the mortgage industry. In March of 2007, an amendment was filed with the State of Nevada to increase the number of authorized shares to 5,000,000,000 shares, which is the current structure to date. During the fiscal year ended December 31, 2013, the Company acquired DBA Alternaturals.com in order to move forward with its plan to sell alternative healthcare products including Hemp and cannabis related products as well as several substitutes for popular prescription drugs. On April 30, 2014, a name and symbol change was approved by FINRA and took effect changing the company name to Alternaturals, Inc. and the symbol to ANAS. The new business operates out of a small office but has plans to expand rapidly over the next year using organic growth from the sale of the products online and in retail stores and dispensaries.

In January 2015, the Company corrected several inconsistencies throughout its disclosures regarding the CEO's preferred shares. Confusion about whether the shares were Series A or B was due to several typos in previous disclosures. The Company subsequently filed a designation to clarify those "control" shares as series "A" shares. Each series "A" share is convertible into common shares, but the preferred shares hold the same voting rights as the common they would be converted into, giving the holder more than 51% control of the Company. A new series of preferred shares were also designated Series "B" which are convertible into common shares. However, Series B shares are not convertible until one year after their issuance and never in an amount more than 10% of the outstanding shares at the time of the conversion. The Company ceased operations in early 2014. The Company has fully impaired all assets since the shutdown of its operations in 2014 and has recorded the effects of this impairment as part of its discontinued operations.

On November 19, 2019, the eight judicial District Court of Nevada appointed Custodian Ventures, LLC as custodian for Alternaturals, Inc., proper notice having been given to the officers and directors of Alternaturals, Inc. There was no opposition. On December 30, 2019, the Company filed a certificate of revival with the state of Nevada, appointing David Lazar as, President, Secretary, Treasurer and Director.

On September 15, 2021, Gold City Co. Ltd, based in New Taipei City in Taiwan purchased controlling interest in the Company by acquiring 1,000,000 shares of preferred stock and 20,000,000 shares of common stock.

The accompanying financial statements are prepared on the basis of accounting principles generally accepted in the United States of America ("GAAP"). The Company is a development stage enterprise devoting substantial efforts to establishing a new business, financial planning, raising capital, and research into products which may become part of the Company's product portfolio. The Company has not realized significant sales through since inception. A development stage company is defined as one in which all efforts are devoted substantially to establishing a new business and, even if planned principal operations have commenced, revenues are insignificant.

The accompanying financial statements have been prepared assuming the continuation of the Company as a going concern. The Company has not yet established an ongoing source of revenues sufficient to cover its operating costs and is dependent on debt and equity financing to fund its operations. Management of the Company is making efforts to raise additional funding until a registration statement relating to an equity funding facility is in effect. While management of the Company believes that it will be successful in its capital formation and planned operating activities, there can be no assurance that the Company will be able to raise additional equity capital, or be successful in the development and commercialization of the products it develops or initiates collaboration agreements thereon. The accompanying financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from the possible inability of the Company to continue as a going concern. Note 2 – Summary of significant accounting policies

Cash and Cash Equivalents

For purposes of reporting within the statements of cash flows, the Company considers all cash on hand, cash accounts not subject to withdrawal restrictions or penalties, and all highly liquid debt instruments purchased with a maturity of three months or less to be cash and cash equivalents.

Income Taxes

The Company accounts for income taxes pursuant to FASB ASC Topic 740, *Income Taxes*. Under FASB ASC Topic 740, deferred tax assets and liabilities are determined based on temporary differences between the bases of certain assets and liabilities for income tax and financial reporting purposes. The deferred tax assets and liabilities are classified according to the financial statement classification of the assets and liabilities generating the differences.

The Company maintains a valuation allowance with respect to deferred tax assets. The Company establishes a valuation allowance based upon the potential likelihood of realizing the deferred tax asset and taking into consideration the Company's financial position and results of operations for the current period. Future realization of the deferred tax benefit depends on the existence of sufficient taxable income within the carry-forward period under the Federal tax laws.

Changes in circumstances, such as the Company generating taxable income, could cause a change in judgment about the reliability of the related deferred tax asset. Any change in the valuation allowance will be included in income in the year of the change in estimate.

Employee Stock-Based Compensation

The Company accounts for stock-based compensation in accordance with ASC 718 Compensation - Stock Compensation ("ASC 718"). ASC 718 addresses all forms of share-based payment ("SBP") awards including shares issued under employee stock purchase plans and stock incentive shares. Under ASC 718 awards result in a cost that is measured at fair value on the awards' grant date, based on the estimated number of awards that are expected to vest and will result in a charge to operations.

Subsequent Event

The Company evaluated subsequent events through the date when financial statements are issued for disclosure consideration.

Recent Accounting Pronouncements

In February 2016, the FASB issued an accounting standards update for leases. The ASU introduces a lessee model that brings most leases on the balance sheet. The new standard also aligns many of the underlying principles of the new lessor model with those in the current accounting guidance as well as the FASB's new revenue recognition standard. However, the ASU eliminates the use of bright-line tests in determining lease classification as required in the current guidance. The ASU also requires additional qualitative disclosures along with specific quantitative disclosures to better enable users of financial statements to assess the amount, timing, and uncertainty of cash flows arising from leases. The pronouncement is effective for annual reporting periods beginning after December 15, 2019, and interim periods within fiscal years beginning after December 15, 2020, for nonpublic entities using a modified retrospective approach. Early adoption is permitted. The Company is still evaluating the impact that the new accounting guidance will have on its financial statements and related disclosures and has not yet determined the method by which it will adopt the standard.

Note 3- Going Concern

The accompanying financial statements have been prepared assuming the continuation of the Company as a going concern. The Company has not yet established an ongoing source of revenues sufficient to cover its operating costs and is dependent on debt and equity financing to fund its operations. Management of the Company is making efforts to raise additional funding until a registration statement relating to an equity funding facility is in effect. While management of the Company believes that it will be successful in its capital formation and planned operating activities, there can be no assurance that the Company will be able to raise additional equity capital or be successful in the development and commercialization of the products it develops or initiates collaboration agreements thereon. The accompanying financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from the possible inability of the Company to continue as a going concern.

The Company has fully impaired all assets since the shutdown of its operations in 2014 and has recorded the effects of this impairment as part of its discontinued operations. With the absence of a substantial amount of the old records and the passage of the statute of limitations the Company has recorded a discontinued operations expense in 2014 the most current year since operations shutdown based on the accumulated records obtained to date through the full year 2019.

In addition, the state of Nevada Revised Statutes (NRS 11.190) establishes a statute of limitations on enforcement of any contract, obligation or liability founded upon an instrument, to be done in writing within six years of establishment of such obligation or debt. To date, no written acknowledgement nor any partial payments has been delivered to the Company by a creditor within six years from the date of this quarterly report.
