**CBD INFUSED WINE BEVERAGES**

Health Advance has carried out consumer research to determine which approach to the commercialization of the Company's proprietary CBD wine beverages strikes the most efficient balance between commercial opportunity and regulatory constraints. In response to the findings of this research, New York State was selected for licensing. The Certificate of Licensure was issued, shown below, shortly after the end of the March 31, 2022 reporting period. This has enabled production planning for August 2022 and associated revenue to be attributed to the Quarterly Report for the three months ending September 30, 2022.

An additional finding of this research was a consensus amongst experts that exceptional growth of interest in non-alcoholic adult beverages in the food & beverage industry is occurring. This has been reiterated by mainstream media and business press reporting. CNN reporting provided herewith. VIDEO LINK: <https://www.youtube.com/watch?v=XhUM5saUGDI&t=1s>

For these reasons, and the likelihood of a roll-out with mainstream grocery partners of a de-alcoholized product initially, the following product characterizations have been adopted Health Advance's initial CBD product positioning. A wide range of marketing initiatives will be undertaken in the summer of 2022, and beyond, to support the launch of Health Advance's first product range in this category under the branding 66° Beverage Company: [www.66BEVS.com](http://www.66BEVS.com)

*Photo Caption: Unique de-alcoholized CBD infused wine gives the market a new twist as consumers embrace innovative non-alcoholic options in the adult beverage lifestyle. 66° Beverage Company from Health Advance Inc (OTC:HADV) is right on target for this sector for launch purposes.*

## NUTRACEUTICALS

Health Advance has a history of seeking the launch of a nutraceutical range. Previous attempts sought to acquire formulations developed by 3<sup>rd</sup> parties, either through purchase or licensing. Progress was hampered by operational details external to Health Advance. As a result, a new approach is being adopted instead, namely, to develop the product internally. In March 2022, Health Advance announced its intention to proceed with this initiative.

### *Proprietary Techniques for a Burgeoning Problem*

**NEW YORK, NY / ACCESSWIRE / March 17, 2022 /** Health Advance, Inc (OTC PINK:HADV) [www.HealthAdvanceGroup.com](http://www.HealthAdvanceGroup.com) is launching a joint venture to supply new treatment options for the growing number of people internationally who are past their COVID illness, yet suffer from lingering generalized weakness and lack of well-being.

The joint venture, provisionally called Health Advance CV, will operate as a division of Health Advance Inc to provide affected persons with a curated nutraceutical regime for this condition through pre-packaged proprietary supplement pouches where regulations permit, utilizing infusion techniques and novel combinations to deliver superior results over conventional supplement methods. The new product name will be announced separately.

Leader of the Health Advance Science Team for the new venture is Dr. Alvin Pettie, a practicing anti-aging and bio-identical hormone specialist. Dr. Pettie is applying his medical philosophy to this launch derived from decades of clinical observation intended to protect consumers from casual experimentation with nutraceuticals without adequate understanding of the importance of proper combination. According to Dr. Pettie, a lost opportunity for optimal human immune system tuning arises from the abundance of choice confronting consumers within today's complex supplement options.

Dr. Pettie remarks, "It's impossible for consumers to casually know how to combine available supplements for maximum impact. Deep expertise in effective combinations and timing makes an immense difference. I have decades of life-giving medical experience. An over-arching observation by me in use of supplements by patients is that combination guidance is a key missing factor, not a lack of safe and effective supplements, per se. Our initiative is going to make it easy, safer and more effective for consumers through a systematic kit approach that will be prepared with exceptionally relevant specific knowledge. The kits will be made intuitive to normal daily life routines for effortless compliance by sufferers of this condition, and others. Doctors know that reliable patient compliance is a huge issue. Our design addresses this as the starting point, and then builds sophisticated pairings of elements. We are bringing fresh inspiration and modern concepts. Enormous interest in this project is already being shown by consumers eager to have insightful options in this category."

The current status of this project is active internal development of a nutraceutical sachet that has the following attractive market characteristics:

- *Ease of launch in the US market. (Still the largest supplement market in the world)*
- *Doctor Formulated*
- *Access to exclusive content from formulating practitioner including blogs, videos and video calls/chats*
- *Vegan / Plant Based / Vegetarian Friendly*
- *Nut Free / Gluten Free / Dairy Free*
- *Costs - The same as a "Latte per Day"*
- *Costs - It would cost consumers 3x more per month if they tried to buy ingredients separately*
- *Portable - Consumers can travel with the sachets conveniently. Gym bag, Purse, Luggage*
- *Freshness - pouch number 30 of monthly supply is just as fresh as the first*
- *Easy to Use, Intuitive*
- *Easy for consumers to choose a subscription service for automatic monthly orders*
- *With QR code, gaining access to consumers directly through smartphone daily reminders and monthly reminders if they are not on a subscription model. Messaging for exclusive content to members.*

Design development work for this product range is still ongoing. The initial approach is shown below. Initial physical production of test kits is anticipated by the end of 2022.

## 6) Issuer's Facilities

The goal of this section is to provide a potential investor with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer, give the location of the principal plants and other property of the issuer and describe the condition of the properties. If the issuer does not have complete ownership or control of the property (for example, if others also own the property or if there is a mortgage on the property), describe the limitations on the ownership.

If the issuer leases any assets, properties or facilities, clearly describe them as above and the terms of their leases.

Health Advance former management was, in the past, not local to the Company's official business address. Current management has rectified this situation, as shown below in the photograph of Health Advance Inc physical business address. Courtship Wines distribution facilities will be reported upon activation of distribution, corresponding to use at that time.

*Health Advance occupies a modern shared-use office premises within reasonable proximity of management, consultants, and service providers.*

*The facility accommodates all foreseeable meeting and collaboration requirements at modest rent within industry norms.*

## 7) Company Insiders (Officers, Directors, and Control Persons)

The goal of this section is to provide an investor with a clear understanding of the identity of all the persons or entities that are involved in managing, controlling or advising the operations, business development and disclosure of the issuer, as well as the identity of any significant or beneficial shareholders.

Using the tabular format below, please provide information, as of the period end date of this report, regarding any person or entity owning 5% of more of any class of the issuer's securities, as well as any officer, and any director of the company, or any person that performs a similar function, regardless of the number of shares they own. **If any insiders listed are corporate shareholders or entities, provide the name and address of the person(s) beneficially owning or controlling such corporate shareholders, or the name and contact information (City, State) of an individual representing the corporation or entity in the note section.**

**ADVISORY NOTE TO READER:** The holdings described below are presented by the Company without prejudice vis a vis any potential claim or off-set that may be made by the Company at any time in the future, either as Plaintiff or Defendant, or in any administrative proceeding with regard to vesting, completion of contract, earned entitlement or any other factor affecting beneficial ownership. This chart is not evidentiary. Domestic and International Clearing agencies, such as CEDE for illustration, are not included as beneficial owners.

## **NOTES TO THE FINANCIAL STATEMENTS OF HEALTH ADVANCE INC FOR THE FISCAL YEAR ENDING MARCH 31, 2022**

### **1. NATURE OF OPERATIONS AND ORGANIZATION**

Health Advance Inc. (the “Company” or “Health Advance”) was incorporated on April 14, 2010 in the State of Wyoming. The Company was originally a development stage online retailer of home medical products with operations in Canada and the United States. Since that time, the Company has pursued broader business opportunities in the field of human wellness. The Company is in good standing with the State of Wyoming.

### **2. BASIS OF PRESENTATION**

The condensed financial statements have been prepared by the Company in accordance with accounting principles generally accepted in the USA for the Alternative Reporting Guidelines of OTC Markets. All adjustments, consisting of normal recurring accruals, considered necessary for a fair presentation have been included.

### **3. GOING CONCERN**

These financial statements have been prepared assuming the Company will continue on a going concern basis. The Company has incurred losses, historically, and the ability of the Company to continue as a going concern depends upon its ability to develop profitable operations and to continue to raise adequate financing. Management is actively seeking sources of additional financing to provide continuation of the Company's operations. In order for the Company to meet its liabilities as they come due and to continue its operations, the Company is solely dependent upon its ability to generate such financing.

There can be no assurance that the Company will be able to continue to raise funds, in which case the Company may be unable to meet its obligations. Should the Company be unable to realize its assets and discharge its liabilities in the normal course of business, the net realizable value of its assets may be materially less than the amounts recorded in these financial statements. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue in existence.

### **4. PROFIT / LOSS PER SHARE**

The Company has not yet adopted the Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") Topic 260-10 which provides for calculation of “basic” and “diluted” earnings per share. Basic earnings per share includes no dilution and is computed by dividing net income or loss available to common shareholders by the weighted average number of common shares outstanding for the period. Diluted earnings per share reflect the potential dilution of securities that could share in the earnings of an entity. Diluted earnings per share exclude all potentially dilutive shares if their effect is anti-dilutive.

## 5. ACCOUNTING PRONOUNCEMENTS

### Periodically Issued Accounting Standards

The Company has not yet adopted all accounting pronouncements issued by the Financial Accounting Standards Board ("FASB") that would apply to SEC reporting issuers, which Health Advance is not. For illustration only, the guidance on how companies account for certain aspects of share-based payments to employees, This pronouncement, for illustration, became effective for fiscal years beginning after December 15, 2016. This guidance called for income tax effects of awards to be recognized in the income statement when the awards vest or are settled and changes the presentation of excess tax benefits on the statement of cash flows. In addition, this pronouncement changes guidance on: (a) accounting for forfeitures of share-based awards and (b) employers' accounting for an employee's use of shares to satisfy the employer's statutory income tax withholding obligation. In the opinion of management adoption of this pronouncement in particular, and similar pronouncements in general, would not have a material impact on Company's financial position and/or results of operations until such time that the scale of the Company's operation expands considerably. The cost and complexity of applying such measures are not feasible, or material, for the Company at the present time. Readers are therefore cautioned that these unaudited internal financial statements may not be suitable for their purposes, notwithstanding the attempt within these statements to present fairly the material conditions of the Company.

## 6. RELATED PARTY TRANSACTIONS AND BALANCES

The transactions with any related parties are kept within standards that would apply to arm's length transactions unless otherwise specified in the Company's disclosures.

## 7. CONTINUITY

The financial statements of Health Advance were audited up to and including the 2016 fiscal year. Former management undertook to vend in business projects that would have required international auditing that exceeded the company's financial resources relative to the potential value of the vend in. They did not therefore carry on with auditing. The current information disclosure filed with OTC Markets under the Alternative Reporting Guidelines resets to the present from the last audited trial balance, rather than from the unaudited EDGAR Q filings, and does not merge largely non-cash subsequent activity in the interests of present clarity and reality. Only known assets are recorded. Liabilities which are statute-barred or forgiven are reflected as recoveries. This serves the cause of accuracy of the current information by avoiding all unsubstantiated presumptions, and restoring simple, reliable and up-to-date presentation of the present conditions. Management believes that no taxes are payable due to the historical absence of net profit and substantial tax loss carry-forwards. The Company may amend any aspect of the financial statements and other disclosure if new information calls for restatement of any fact.
