ASTOR EXPLORATIONS CORP.
Notes to the Unaudited Financial Statements
June 30, 2022

NOTE 1 - BUSINESS

ASTOR EXPLORATIONS Corp. (the “Company”), was incorporated under the laws of the State of Wyoming on July 26, 1990. The Company was involved in Mining and Exploration.

The Company never filed its Quarterly or Annual Financial Statements since 2001 to 2018. No records of any business activity are available since then and current Financials are based solely on the written and verbal statements of current Management on the company’s current activity. Since 2019 the Company has been operating actively, maintaining relevant records and filing necessary documents with the state and regulatory bodies.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The Company’s unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”). The accompanying unaudited financial statements reflect all adjustments, consisting of only normal recurring items, which, in the opinion of management, are a full and fair representation of the results for the full year ending June 30, 2022. These unaudited financial statements should be read in conjunction with the financial statements and related notes in the Company’s Financial Statements for the Year ended June 30, 2021.

These Financial Statements are prepared on the basis of information provided by the Management of the Company, and the Management is responsible for the completeness and materiality of these financial statements.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and cash equivalents

The Company considers all highly liquid investments purchased with original maturities of three months or less to be cash equivalents.

Concentration of Credit Risk

The Company has no significant off-balance-sheet concentrations of credit risk such as foreign exchange contracts, options contracts or other foreign hedging arrangements.

Revenue Recognition

The Company recognizes revenue when there is persuasive evidence of an arrangement, delivery has occurred, the fee is determinable, collectability is reasonably assured and there are no significant remaining performance obligations.

Employment Agreement

There are no Employment Agreements with any employees of the Company.

Income Taxes

Income taxes are accounted for under the assets and liability method. Current income taxes are provided in accordance with the laws of the respective taxing authorities. Deferred income taxes are provided for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry-forwards. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will be realized.

NOTE 3 - GOING CONCERN

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates the realization of assets and the discharge of liabilities in the normal course of business for the foreseeable future. As of June 30, 2022, the Company has no revenue generating operation, no assets and an accumulated Shareholder deficit of \$371,000. The Company's ability to raise additional capital through the future issuances of common stock and/or debt financing is unknown. The obtainment of additional financing, the successful development of the Company's contemplated plan of operations, and its transition, ultimately, to the attainment of profitable operations are necessary for the Company to continue operations. These conditions and the ability to successfully resolve these factors raise substantial doubt about the Company's ability to continue as a going concern. The financial statements of the Company do not include any adjustments that may result from the outcome of these aforementioned uncertainties.

1. Legal Proceedings - The company is not currently involved in legal proceedings.
2. The company has marginal net operating loss carry forwards for federal income tax purposes estimated at about \$413,144 through June 30, 2022. 3. The Company receives Management Services and borrows money to fund its expenses and working capital needs. All payables are considered a loan and paid interest at 7% p.a.
