3) Issuance History

The goal of this section is to provide disclosure with respect to each event that resulted in any direct changes to the total shares outstanding of any class of the issuer's securities **in the past two completed fiscal years and any subsequent interim period**.

Disclosure under this item shall include, in chronological order, all offerings and issuances of securities, including debt convertible into equity securities, whether private or public, and all shares, or any other securities or options to acquire such securities, issued for services. Using the tabular format below, please describe these events.

Institute of Biomedical Research Corp. (formerly M45 Mining Resources Inc.) was incorporated on July 26, 1990, under the laws of the State of Nevada, to engage in any lawful corporate undertaking, including, but not limited to, selected mergers and acquisitions which would provide an eventual profit for the Company.

In November 1995, the Company, in consideration of the issuance of 150,000 authorized but unissued shares, received \$75,000 (USD) from Capital General Corporation. The sales price \$0.50 (USD) per share was arbitrarily decided upon by both parties. After the completion of the stock purchase, Capital General became the holder of approximately 49.6% of the outstanding shares of the Company.

On January 8, 1999, the board of directors of M45 entered into an Agreement with Softguard Enterprises Inc. ("Softguard"), a private Canadian corporation, whereby the Company issued and delivered, 7,650,000 shares, of its common stock bearing a restrictive legend, in exchange for which issuance, M45 acquired all of the outstanding shares of Softguard. The transaction was exempt from the registration requirements of the Securities Act of 1933 by virtue of Section 4(2) thereof. Following the transaction the former shareholders of Softguard owned 82% of the outstanding shares of the Company.

On December 1, 2005, M45 consummated the transaction contemplated by the Share Exchange Agreement between M45, Roadvision and the Roadvision Selling Shareholders, pursuant to which the parties agreed that M45 would acquire all of the issued and outstanding shares of Roadvision in exchange for the issuance in the aggregate of 7,250,000 of M45's shares of common stock to Roadvision Selling Shareholders. The issuance of M45's shares of common stock to

² "Public Float" shall mean the total number of unrestricted shares not held directly or indirectly by an officer, director, any person who is the beneficial owner of more than 10 percent of the total shares outstanding (a "control person"), or any affiliates thereof, or any immediate family members of officers, directors and control persons.

³ To be included in the Pink Current Information tier, the transfer agent must be registered under the Exchange Act.

Roadvision Selling Shareholders was exempt from registration under the Securities Act of 1933, as amended, pursuant to Section 4(2) thereof and to provisions of Regulation S.

Roadvision became a wholly-owned subsidiary of M45 and, upon the issuance of shares, the Roadvision Selling Shareholders owned approximately 42% of all of M45's issued and outstanding stock. M45 currently has a total of 53,120,886 shares of common stock issued and outstanding.

On January 17, 2007, the Issuer entered into an agreement with Exploration Minière Grenville Inc. ("EMG"), a Quebec corporation, whereby EMG sold to the Issuer a total of 292 mining claims located in the Matagami Mining Camp, Province of Quebec in or around designated territory 32F for the purchase price of 909,090 shares of common stock of the Issuer. The agreement stipulates that following completed drilling and positive results the Company will pay the sum of \$ 2,000,000 to "EMG".

On January 17, 2007, in connection with the EMG transaction, the Company filed with the State of Nevada an Amendment to its Certificate of Incorporation to change its name to M45 Mining Resources, Inc.

On February 11, 2010, the Company changed its name to Neuro-Biotech Corp. The Company's office is located at 13 Frunze Street, 420033 Kazan City, Russian Federation.

On April 30, 2010, the Company's Board of Directors approved a revision to the Company's charter to increase the number of common shares available for issuance to an aggregate of 1,000,000,000 shares. All other provisions of the charter remained unchanged. The Company subsequently approved a change in the par value of the Company's common stock to \$0.001 per share.

On or about June 21, 2010 the Company entered into a Stock Repurchase and Termination of Contracts Agreement with Minière Grenville, Inc., whereby 7,159,090 shares of the Company's common stock were returned to the Company's treasury.

On March 17, 2014, the Company entered into an agreement and plan of acquisition with the Institute of Biomedical Research (IBS) to acquire all of its assets and assumed existing liabilities for an aggregate purchase price of \$5.0 million.

The Institute of Biomedical Research Corp. was formerly known as Neuro-Biotech Corp. and in March 2014 Neuro-Biotech Corp. purchased all of the assets and assumed the liabilities of the Institute of Biomedical Research. On March 18, 2014 Neuro-Biotech Corp. changed its name to Institute of Biomedical Research Corp.

The Company has 50,000,000 Preferred A Shares Authorized, and 8,540,000 shares issued and outstanding as on June 30, 2022. These are Control Block shares and are NOT convertible into Common Shares, but each Preferred A share has voting rights equal to ten thousand (10,000) shares of Common Stock.

The Company has 100,000,000 Preferred B Shares Authorized, and 1,851,323 shares outstanding as on June 30, 2022. Each Preferred B share is convertible into One thousand (1,000) Shares of Common Stock at par at the option of the holder.

As of Quarter ended June 30, 2022, there are 518 shareholders with 1,960,789,038 shares outstanding.

5) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. In answering this item, please include the following:

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

Institute of Biomedical Research Corp. was incorporated to engage in any lawful corporate undertaking, including, but not limited to, selected mergers and acquisitions which would provide an eventual profit for the Company. The

⁴ The financial statements requested pursuant to this item must be prepared in accordance with US GAAP or IFRS by persons with sufficient financial skills.

Company is a Montenegro based biomedical research and development firm providing biomedical research and development services.

B. Please list any subsidiaries, parents, or affiliated companies.

In June 2022, the Company acquired M2Bio Sciences, a bioceutical company focused on alternative plant-based cannabinoids and mental health therapeutic research. M2Bio's mission is to advance botanical-based medicine to the forefront by deploying best-practice science and medicine, clinical research, and emerging technologies. As one of a handful of companies in the world, M2Bio is actively researching the magic mushroom compound psilocybin by funding research at the University of Pretoria in South Africa. The exploratory research is aiming to discover novel indications for medical conditions such as depression, inflammation, and substance addiction.

In addition, its newly-established private subsidiary, Neur.ai, is developing a portfolio of next-generation receptor agonists based on neurotransformational medicine (also known as psychedelic medicine) for the treatment of mental illness.

C. Describe the issuers' principal products or services.

The Company's services include highly diversified scientific research and sophisticated biomedical services, i.e. research and development, quality control, standardization of pharmaceuticals, cosmetics and food products. The Company also provides major long-term biomedical and environmental research projects, develops new diagnostic biomedical technologies and innovative experimental medical treatments. Included in the array of services is regulatory certification of new drugs and biomedical products. The Institute has expanded its research to also include the augmentation of traditional medicine and emerging science of medicinal mushrooms. Mushrooms which contain large, sugar-based molecules called polysaccharides that have demonstrated positive effects on components of the immune system and the ability to stand up to cancer cells. Preliminary research in people suggests that extracts from some of these fungi may also strengthen and balance immune response and may work alongside conventional chemotherapy drugs, in experimental protocols, to better attack a wide variety of cancers. The institute is committed to early detection and the ongoing quest to find more effective cancer treatments.

The company, through its subsidiaries, also owns and operates three cannabis consumer goods brands Medspresso™, Dr. AnnaRx™, and Liviana™. The brands span across a wide range of premium CBD- and mushroom-infused consumer goods including bioceuticals, health and wellness, and precision foods and beverages. With operations currently based in Cape Town, South Africa the company and its brands are positioned in the high-value market segment. In order to position itself within the high-value market segment, M2Bio has had to consistently focus on producing and sourcing the highest-quality ingredients available in the market, from pharmaceutical-grade CBD extract to premium coffees and extra virgin olive oils.

INSTITUTE OF BIOMEDICAL RESEARCH CORP.

Notes to the Unaudited Financial Statements

June 30, 2022

NOTE 1 - BUSINESS

INSTITUTE OF BIOMEDICAL RESEARCH Corp. (the “Company”) was incorporated under the laws of the State of Nevada on July 26, 1990. The Company was involved in Mining and Exploration.

The Company has been dormant since it filed its Quarterly Financial Statements for the quarter ending December 31, 2015. No records of any business activity are available since then. OTC Markets Filings commenced from the quarter ended June 30, 2019 where Financials were recreated and finalized solely on the basis of written and verbal statements of current Management of the company’s current activity.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The Company’s unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”). The accompanying unaudited financial statements reflect all adjustments, consisting of only normal recurring items, which, in the opinion of management, are not necessarily indicative of the results to be expected for the full year ending March 31, 2023. These unaudited financial statements should be read in conjunction with the financial statements and related notes in the Company’s financial statements for the three months ended June 30, 2021.

These Financial Statements are prepared on the basis of information provided by the Management of the Company, and the Management is responsible for the completeness and materiality of these financial statements.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and cash equivalents

The Company considers all highly liquid investments purchased with original maturities of three months or less to be cash equivalents.

Concentration of Credit Risk

The Company has no significant off-balance-sheet concentrations of credit risk such as foreign exchange contracts, options contracts or other foreign hedging arrangements.

Revenue Recognition

The Company recognizes revenue when there is persuasive evidence of an arrangement, delivery has occurred, the fee is determinable, collectability is reasonably assured and there are no significant remaining performance obligations.

Employment Agreement

There are no Employment Agreements with any employees of the Company.

Income Taxes

Income taxes are accounted for under the assets and liability method. Current income taxes are provided in accordance with the laws of the respective taxing authorities. Deferred income taxes are provided for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry-forwards. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will be realized.

NOTE 3 - GOING CONCERN

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates the realization of assets and the discharge of liabilities in the normal course of business for the foreseeable future. As of June 30, 2022, the Company has no revenue generating operation, no assets and an accumulated deficit of \$58,612,687. The Company's ability to raise additional capital through the future issuances of common stock and/or debt financing is unknown. The obtainment of additional financing, the successful development of the Company's contemplated plan of operations, and its transition, ultimately, to the attainment of profitable operations are necessary for the Company to continue operations. These conditions and the ability to successfully resolve these factors raise substantial doubt about the Company's ability to continue as a going concern. The financial statements of the Company do not include any adjustments that may result from the outcome of these aforementioned uncertainties.

NOTE 4 – OTHER ITEMS

1. Legal Proceedings - The company is not currently involved in legal proceedings.
2. The company has substantial net operating loss carry forwards for federal income tax purposes estimated at about \$58,612,687 through 2023. Due to the company's issuance of stock, the company's use of its existing loss carry-forwards may be restricted under Section 382 of the Internal Revenue Code.

NOTE 5 - ACQUISITION

On 06/28/2022, the Company acquired 100% interest in M2Bio Sciences in an all cash transaction. These Financial Statements reflect the Combined Financials of both companies. The Companies are in the process of changing Management of the Combined Company.

NOTE 6 - SUBSEQUENT EVENTS

Management has evaluated subsequent events pursuant to the requirements of ASC Topic 855, from the Balance Sheet date through the date the Financial Statements were issued, and has determined that no material subsequent events exist other than the following.

Transfer of Control:

Management has determined the Transfer of Control to the new Management will have no material impact on the Financial Statements contained herein.
