NEWS RELEASE

Johnson & Johnson Reports Q1 2024 Results

4/16/2024

• 2024 First-Quarter reported sales growth of 2.3% to \$21.4 Billion with operational growth of 3.9%* and adjusted operational growth of 4.0%*

 $\circ~$ Adjusted operational growth excluding COVID-19 Vaccine of 7.7%*

- 2024 First-Quarter Earnings per share (EPS) increased to \$2.20 and adjusted EPS increased to \$2.71 or 12.4%*
- Company increasing the midpoint for Full-Year 2024 operational sales⁵ and adjusted operational EPS guidance

NEW BRUNSWICK, N.J.--(BUSINESS WIRE)--- Johnson & Johnson (NYSE: JNJ) today announced results for first-quarter 2024. "Johnson & Johnson's solid first quarter performance reflects our sharpened focus and the progress in our portfolio and pipeline," said Joaquin Duato, Chairman and Chief Executive Officer. "Our impact across the full spectrum of healthcare is unique in our industry, and the milestones achieved this quarter reinforce our position as an innovation powerhouse."

Unless otherwise noted, the financial results and earnings guidance included below reflect the continuing operations of Johnson & Johnson.

First Quarter 2024 Segment Commentary:

Operational sales* reflected below excludes the impact of translational currency. Adjusted operational sales* reflected below excludes the net impact of acquisitions and divestitures and translational currency.

Innovative Medicine

Innovative Medicine worldwide operational sales, excluding the COVID-19 Vaccine, grew 8.3%*. Growth was driven by DARZALEX (daratumumab), ERLEADA (apalutamide), CARVYKTI (ciltacabtagene autoleucel), TECVAYLI (teclistamab-cqyv) and Other Oncology in Oncology, UPTRAVI (selexipag) and OPSUMIT (macitentan) in Pulmonary Hypertension, TREMFYA (guselkumab) in Immunology, and SPRAVATO (esketamine) in Neuroscience. Including the COVID-19 Vaccine, Innovative Medicine worldwide operational sales grew 2.5%*.

MedTech

MedTech worldwide operational sales grew 6.3%* driven primarily by electrophysiology products and Abiomed in Cardiovascular, previously referred to as Interventional Solutions, and wound closure products in General Surgery.

Full-Year 2024 Guidance:

Johnson & Johnson does not provide GAAP financial measures on a forward-looking basis because the company is unable to predict with reasonable certainty the ultimate outcome of legal proceedings, unusual gains and losses, acquisition-related expenses, and purchase accounting fair value adjustments without unreasonable effort. These items are uncertain, depend on various factors, and could be material to Johnson & Johnson's results computed in accordance with GAAP.

(\$ in Billions, except EPS) Adjusted Operational Sales ^{1,2,5} Change vs. Prior Year (Mid-point	April 2024 5.5% - 6.0% / 5.8%	<u> anuary 2024</u> 5.0% - 6.0% / 5.5%

Other modeling considerations will be provided on the webcast.

Webcast Information:

Johnson & Johnson will conduct a conference call with investors to discuss this earnings release today at 8:30 a.m., Eastern Time. A simultaneous webcast of the call for investors and other interested parties may be accessed by visiting the Johnson & Johnson website. A replay and podcast will be available approximately two hours after the live webcast in the Investor Relations section of the company's website at events-and-presentations.

About Johnson & Johnson:

At Johnson & Johnson, we believe health is everything. Our strength in healthcare innovation empowers us to build a world where complex diseases are prevented, treated, and cured, where treatments are smarter and less invasive, and solutions are personal. Through our expertise in Innovative Medicine and MedTech, we are uniquely positioned to innovate across the full spectrum of healthcare solutions today to deliver the breakthroughs of tomorrow, and profoundly impact health for humanity. Learn more at https://www.inj.com/

Non-GAAP Financial Measures:

* "Operational sales growth" excluding the impact of translational currency, "adjusted operational sales growth" excluding the net impact of acquisitions and divestitures and translational currency, as well as "adjusted net earnings", "adjusted diluted earnings per share" and "adjusted operational diluted earnings per share" excluding after-tax intangible amortization expense and special items, are non-GAAP financial measures and should not be considered replacements for, and should be read together with, the most comparable GAAP financial measures. Except for guidance measures, reconciliations of these non-GAAP financial measures to the most directly comparable GAAP financial measures can be found in the accompanying financial schedules of the earnings release and the Investor Relations section of the company's website at quarterly results.

Copies of the financial schedules accompanying this earnings release are available on the company's website at quarterly results. These schedules include supplementary sales data, a condensed consolidated statement of earnings, reconciliations of non-GAAP financial measures, and sales of key products/franchises. Additional

information on Johnson & Johnson, including adjusted income before tax by segment, an **Innovative Medicine pipeline** of selected compounds in late stage development and a copy of today's earnings call presentation can also be found in the Investor Relations section of the company's website at **quarterly results**.

Note to Investors Concerning Forward-Looking Statements:

This press release contains "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995 regarding, among other things: future operating and financial performance, product development, and market position and business strategy. The reader is cautioned not to rely on these forward-looking statements. These statements are based on current expectations of future events. If underlying assumptions prove inaccurate or known or unknown risks or uncertainties materialize, actual results could vary materially from the expectations and projections of Johnson & Johnson. Risks and uncertainties include, but are not limited to: economic factors, such as interest rate and currency exchange rate fluctuations; competition, including technological advances, new products and patents attained by competitors; challenges inherent in new product research and development, including uncertainty of clinical success and obtaining regulatory approvals; uncertainty of commercial success for new and existing products; challenges to patents; the impact of patent expirations; the ability of the Company to successfully execute strategic plans, including restructuring plans; the impact of business combinations and divestitures; manufacturing difficulties or delays, internally or within the supply chain; product efficacy or safety concerns resulting in product recalls or regulatory action; significant adverse litigation or government action, including related to product liability claims; changes to applicable laws and regulations, including tax laws and global health care reforms; trends toward health care cost containment; changes in behavior and spending patterns of purchasers of health care products and services; financial instability of international economies and legal systems and sovereign risk; increased scrutiny of the health care industry by government agencies; the Company's ability to realize the anticipated benefits from the separation of Kenvue Inc; and Kenvue's ability to succeed as a standalone publicly traded company. A further list and descriptions of these risks, uncertainties and other factors can be found in Johnson & Johnson's Annual Report on Form 10-K for the fiscal year ended December 31, 2023, including in the sections captioned "Cautionary Note Regarding Forward-Looking Statements" and "Item 1A. Risk Factors," and in Johnson & Johnson's subsequent Quarterly Reports on Form 10-Q and other filings with the Securities and Exchange Commission. Copies of these filings are available online at www.sec.gov, www.jnj.com or on request from Johnson & Johnson. Any forward-looking statement made in this release speaks only as of the date of this release. Johnson & Johnson does not undertake to update any forward-looking statement as a result of new information or future events or developments.

- Notes: 1 COVID-19 Vaccine related costs include remaining commitments and obligations, including external manufacturing network exit costs and required clinical trial expenses, associated with the Company's completion of its COVID-19 vaccine contractual commitments.
- 2 In fiscal 2023, the company completed a prioritization of its research and development (R&D) investment within the Innovative Medicine segment to focus on the most promising medicines with the greatest benefit to patients. This resulted in the exit of certain programs within therapeutic areas. The R&D program exits are primarily in infectious diseases and vaccines including the discontinuation of its respiratory syncytial virus (RSV) adult vaccine program, hepatitis and HIV development. The restructuring expenses of \$144 million in the fiscal first quarter of 2024 and \$130 million in the fiscal first quarter of 2024 and \$130 million in the fiscal first quarter of 2024 and \$130 million in the fiscal first quarter of 2024 million first quarter of 2024 million in the fiscal first quarter of 2024 milli
- In fiscal 2023, the company initiated a restructuring program of its Orthopaedics franchise within the MedTech segment to streamline operations by exiting certain markets, product lines and distribution network arrangements. The restructuring expenses of \$27 million in the fiscal first quarter of 2024 primarily includes costs related to market and product exits.
- 3 European Medical Device Regulation (MDR) costs represent one-time compliance costs for the Company's previously registered products. MDR is a replacement of the existing European Medical Devices Directive regulatory framework, and manufacturers of currently marketed medical devices were required to comply with EU MDR beginning in May 2021. The Company Considers the adoption of EU MDR to be a significant one-time or one-time to require the complication of one-time to require the adoption of EU MDR to be a significant one-time or one-time devices are required to comply with EU MDR beginning in May 2021. The Company Considers the adoption of EU MDR to be a significant one-time or one-time of the complex or one-time or one-time
