

ANA to Temporarily Change Service on Select International Routes Due to the Coronavirus as of Sept. 14, 2021

- In order to meet the growing demand for flights between Japan and the U.S. as well as connecting flights between Asia and North America, ANA will resume and/or increase flights on the Narita = San Francisco, Haneda = Seattle, Haneda = New York routes. In addition, ANA will increase the number of flights on the Narita = Ho Chi Minh City and Narita = Jakarta routes in Asia.
- In Europe, ANA will increase the number of flights on the Haneda = London, Haneda = Paris, Haneda = Frankfurt, and Narita = Brussels routes to further accommodate demand for travel between Japan and Europe.
- In December, ANA will operate an interim flight from Frankfurt bound for Osaka/Kansai International Airport.

TOKYO, Sept. 14, 2021 – All Nippon Airways (ANA) is updating its international flight schedule for service from September through January 11, 2022 to select cities due to the ongoing changes to immigration guidelines, recently instituted public health measures and passenger demand trends.

ANA will continue to monitor local restrictions and quarantine guidelines as well as demand trends and travel viability as it decides on the frequency of flights and when to resume certain routes. Furthermore, ANA is committed to maintaining the standards and protocols established by the [“ANA Care Promise,”](#) our initiative to provide a clean and hygienic environment at airports and aboard aircraft so that all customers can travel safely and comfortably.

The summary of today's announcement regarding route changes on international flights is given below. Please visit the [ANA Website](#) for more details about our flight operations.

About ANA

Founded in 1952 with just two helicopters, All Nippon Airways (ANA) has grown to become the largest airline in Japan. ANA HOLDINGS Inc. (ANA HD) was established in 2013 as the largest airline group holding company in Japan, comprising 71 companies including ANA and Peach Aviation, the leading LCC in Japan.

ANA is a launch customer and the largest operator of the Boeing 787 Dreamliner, making ANA HD the biggest Dreamliner owner in the world. A member of Star Alliance since 1999, ANA has joint venture agreements with United Airlines, Lufthansa German Airlines, Swiss International Airlines, Austrian Airlines and Brussels Airlines - giving it a truly global presence.

The airline's legacy of superior service has helped it earn SKYTRAX's respected 5-Star rating every year since 2013, with ANA being the only Japanese airline to win this prestigious designation for eight consecutive years. ANA also has been recognized by Air Transport World as "Airline of the Year" three times (2007, 2013 and 2018); it is one of only a select few airlines to win this prominent award multiple times.

In 2021, ANA was awarded the 5-star COVID-19 safety rating by SKYTRAX, recognizing the airline's initiatives to provide a safe, clean and hygienic environment at airports and aboard aircraft, embodied in the ANA Care Promise.

ANA is the only company in the aviation industry to receive the Gold Class distinction from the 2021 S&P Global Sustainability Awards and ANA HD has been selected as a member of the Dow Jones Sustainability World Index list for the fourth consecutive year and the Dow Jones Sustainability Asia Pacific Index list for the fifth consecutive year.
