

Stock Exchange of Mauritius

OPERATIONS OF THE STOCK EXCHANGE OF MAURITIUS DURING CYCLONIC WEATHER

The following procedures concerning the operations of the SEM shall prevail during cyclonic weather conditions:

- (a) The SEM shall not be open and no trading sessions will take place in the following circumstances:
 - (i) *On the announcement of a cyclone warning class III or IV and for so long as the warning remains in force;*
 - (ii) *In the event that a cyclone warning class IV is in force at 6.00 a.m. on any business day and the cyclone warning is downgraded or removed subsequently;*
 - (iii) *If the removal or a downgrading of a cyclone warning class III occurs at or after 10.30 a.m. on a business day.*
- (b) Subject to paragraph (a)(iii), where the removal or downgrading of a cyclone warning class III before 10.30 a.m. on a business day, the SEM will open for business within two hours after the removal or downgrading.
- (c) On the announcement of a cyclone warning class III during a trading session, the market will be closed after half an hour. The market will be informed of the closure immediately after receipt of the announcement.

NOTE: The above Procedures may be subject to modifications to reflect any safety measures announced by the Mauritius Meteorological Services. The market will be informed accordingly.
