**Closure of the Arbitral Proceedings**

COPEL (“Company”), a company that generates, transmits, distributes and trades energy, informs its shareholders and the market in general that, after approval by the Board of Directors (“CAD”), formalized, on this date, an agreement involving an Arbitration Process (“Dispute” or “Process”) that began in 2015 and which, in accordance with legislation, is processed in secrecy at the Brazil-Canada Arbitration and Mediation (“CAM-CCBC”).

The Company received from the counterparty, on 12/04/23, a formal proposal to close the aforementioned Process. Subsequently, the parties compromised until reaching a consensus that gives general and reciprocal settlement between them, through payment, by the Company, of the total amount of R\$ 672 million, in two installments, the first being on 01/31/24 and the last, duly updated, until 03/31/25.

The litigation claims reached approximately R\$ 3 billion, as disclosed in the Company's Reference Form and in the Explanatory Notes on the Financial Statements referring to 09/30/2023, and the composition definitively closes the demand that originated from a term of commitment celebrated by the Company in December 2012.

Throughout the arbitration procedure, the Company made its best efforts to mitigate the damages arising from the partial decisions that followed until reaching the arbitration award settlement phase and, finally, the best possible agreement, preserving Copel's interests.
