Fowler Street Power Pole Replacement Project

Construction Notice

LADWP will be updating its power infrastructure by replacing several aged power poles and upgrading the conductor and transformer located Fowler Street in Bishop, CA. Fowler Street from Line Street to Lagoon Street will be closed to perform this work and for the safety of the LADWP crews and the public. Work will take place from 7 a.m. to 5:30 p.m. from Tuesday, January 31, through Friday, February 3.

Fowler Street will be restored to normal traffic conditions at the end of each work day.

We appreciate your patience as we work to improve our power infrastructure.
