### Advisory Vote on the Compensation of our Named Executive Officers

We are asking our stockholders to approve, on a non-binding, advisory basis, the compensation of our CEO, our CFO and our next three most highly compensated executive officers, referred to as our Named Executive Officers throughout this proxy statement. The Board believes that our compensation policies and practices are effective in achieving our goals of paying for financial and operating performance and aligning the interests of our Named Executive Officers with those of our stockholders.

### Advisory Vote on the Frequency of Future Advisory Votes on the Compensation of our Named Executive Officers

We are once again asking our stockholders to vote, on an advisory basis, on the frequency of future advisory votes on the compensation of our Named Executive Officers. The Board continues to believe that such a vote should be conducted every year so that stockholders may annually express their views on our executive compensation program.

### Independent Registered Public Accounting Firm

As a matter of good governance, we are asking our stockholders to ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for fiscal 2022.

### Fiscal 2021 Executive Compensation Elements

Base salary and short-term incentive compensation opportunities account for approximately 29% of each Named Executive Officer's target total direct compensation, as further described below.

Long-term equity-based compensation, which accounts for approximately 71% of each Named Executive Officer's target total direct compensation, consists of performance-based and service-based restricted stock unit awards, as further described below.

Approximately 86% of each Named Executive Officer's target total direct compensation mix is "at-risk" and approximately 58% is tied to performance.

Type	Form	Terms
Base Salary	Cash	Generally eligible for annual increase.
Short-Term Incentive Awards	Cash or equity	Based on attainment of Company performance metrics. Form of payment is determined by Compensation Committee.
Long-Term Equity-Based Incentive Awards	Restricted Stock Units (RSUs) Company Objectives-Based RSUs	Based on achievement of Company performance objectives. Earned at the end of a specified performance period, with 50% vesting at the end of the performance period and the remaining 50% vesting in equal installments over the following two years.
	Service-Based RSUs	Vest in increments of 25% per year over four years.
Other Employee Benefits	Health & Disability Insurance, 401(k) Plan, Employee Stock Purchase Plan & Deferred Compensation Plan	Eligible to participate in the same employee benefit plans generally available to all employees.

### Fiscal 2021 Compensation Decisions

Effective as of the start of fiscal 2021, we made the following compensation decisions with respect to our Named Executive Officers:

- Base salaries for our Named Executive Officers remained flat due to the market uncertainties resulting from the COVID-19 pandemic.
- Based on our financial performance in the first half and second half of fiscal 2021, the Named Executive Officers received short-term incentive awards at 167.3% and 152.1%, respectively, of their fiscal 2021 target percentage based on their base salary paid during the applicable six-month performance period.

## 2021 Proxy Statement Summary

- Our Named Executive Officers earned (i) Company Objectives-based RSUs at 147.5% of the targeted number of units, reflecting the achievement of ten of the eleven pre-established Company objectives in full and partial achievement of the remaining objective, and (ii) Service-Based RSUs in amounts consistent with our equity-based compensation practices.
- Short-term incentive objectives for the first half of fiscal 2021 were set prior to the onset of business challenges caused by COVID-19 and were not adjusted despite the market uncertainties created by the pandemic.
- The long-term incentive objectives for fiscal 2021 were not adjusted despite the market uncertainties created by the pandemic.

We believe our executive compensation program provides a balanced and stable foundation for rewarding our Named Executive Officers for achieving our corporate objectives. Our compensation philosophy emphasizes team effort, which we believe fosters rapid adjustment and adaptation to fast-changing market conditions and helps not only to achieve our short-term and long-term goals, but also to align the interests of our management team with those of Qorvo and our stockholders.

## PROXY STATEMENT

### GENERAL INFORMATION

#### Solicitation of Proxies

The accompanying proxy, for use at the 2021 Annual Meeting of Stockholders of Qorvo, Inc. (the “Company” or “Qorvo”) to be held on Tuesday, August 10, 2021, at 8:00 a.m. Eastern Daylight Time at the Four Seasons Hotel, 75 Fourteenth Street NE, Atlanta, Georgia, and any adjournment thereof (the “annual meeting” or the “meeting”), is solicited on behalf of the Board of Directors of Qorvo. We are first sending and making available these proxy materials to stockholders on or about June 29, 2021. This solicitation is being made by mail and may also be made in person or by fax, telephone or Internet by our officers or employees. We will pay all expenses incurred in this solicitation. Qorvo will request banks, brokerage houses and other institutions, nominees and fiduciaries to forward the soliciting material to beneficial owners and to obtain authorization for the execution of proxies. We will, upon request, reimburse these parties for their reasonable expenses in forwarding proxy materials to beneficial owners.

#### **Important Notice Regarding the Availability of Proxy Materials for the Stockholders Meeting to be held on August 10, 2021:**

**The Notice of Annual Meeting of Stockholders, Proxy Statement, Form of Proxy and 2021 Annual Report to Stockholders are available at [www.proxyvote.com](http://www.proxyvote.com).**

The accompanying proxy is for use at the meeting if a stockholder either will be unable to attend in person or will attend but wishes to vote by proxy. “Registered holders” who have shares registered in the owner’s name through our transfer agent may vote by returning a completed proxy card in the enclosed postage-paid envelope. If your shares are held in “street name,” that is, shares held in the name of a brokerage firm, bank or other nominee, you may receive a voting instruction form from that institution in lieu of a proxy card. To lower costs, we have instructed these nominees to send a notice of Internet availability of proxy materials to certain beneficial owners. These beneficial owners will have electronic access to our proxy materials but will not receive paper proxy materials unless they request them as provided for in the notice. The notice or voting instruction form will provide information, if applicable, regarding the process for beneficial owners to vote over the Internet, by telephone or by mail. Many banks and brokerage firms participate in the Broadridge Financial Solutions online program, which provides eligible beneficial owners the opportunity to vote over the Internet or by telephone. The Internet and telephone voting facilities will close at 11:59 p.m. Eastern Daylight Time on Monday, August 9, 2021. The Internet and telephone voting procedures are designed to authenticate the stockholder’s identity and to allow stockholders to vote their shares and confirm that their instructions have been properly recorded. If a voting instruction form does not reference Internet or telephone voting information, or if the stockholder prefers to vote by mail, please complete and return the paper voting instruction form in the self-addressed, postage-paid envelope provided.

Stockholders who elected to access the proxy statement and annual report electronically over the Internet through an arrangement with their brokerage firm, bank or other nominee should receive an e-mail with information on how to access the stockholder information and voting instructions. Stockholders who vote over the Internet or by telephone need not return a proxy card or voting instruction form by mail, but may incur costs, such as usage charges, from telephone companies or Internet service providers, for which the stockholder is responsible. Registered holders may also vote their shares in person at the annual meeting. To vote shares held in street name in person at the meeting, a proxy issued in the owner’s name must be obtained from the record holder (typically the bank, broker or other nominee) and presented at the annual meeting. If you need directions to the Four Seasons Hotel so that you can attend the annual meeting and vote in person, please contact Jason K. Givens, our Corporate Secretary, at (336) 664-1233.

If you decide to attend the meeting in person, you will need to present state or government issued photo identification. After confirmation that you are a registered holder of Qorvo common stock as of the record date, you will be allowed to attend our annual meeting. If you are not a registered holder, please be sure that you bring your state or government-issued photo identification as well as either (i) a proxy issued to you in your name by your brokerage firm, bank or other nominee, or (ii) a brokerage statement showing your beneficial ownership of Qorvo common stock as of the record date (and a legal proxy from your brokerage firm, bank or other nominee if you wish to vote your shares at the meeting), to present to the registration desk upon your arrival.

## General Information

---

You may revoke your proxy at any time before it is exercised by filing with our Corporate Secretary an instrument revoking it, filing a duly executed proxy bearing a later date (including a proxy given over the Internet or by telephone) or by attending the meeting and electing to vote in person. All shares of our common stock represented by valid proxies received pursuant to this solicitation, and not revoked before they are exercised, will be voted in the manner specified therein. If no specification is made, properly executed and returned proxies will be voted “for” all director nominees, “for” approval, on an advisory basis, of the compensation of our Named Executive Officers, for “1 year” on the advisory vote on the frequency of future advisory votes on the compensation of our Named Executive Officers and “for” the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal 2022. Management is not aware of any matters, other than those specified herein, that will be presented for action at the annual meeting. If other matters are properly presented at the annual meeting for consideration, the agents named on the proxy card will have the discretion to vote on those matters for you.

The presence in person or by proxy of a majority of the shares of our common stock outstanding on the record date constitutes a quorum for purposes of voting on a particular matter and conducting business at the meeting. Once a share is represented for any purpose at a meeting, it is deemed present for quorum purposes for the remainder of the meeting. Brokers that are members of certain securities exchanges and that hold shares of our common stock in street name on behalf of beneficial owners have authority to vote on certain items when they have not received instructions from beneficial owners. Under applicable securities exchange rules, the proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm is considered a “discretionary” item. This means that brokers may vote in their discretion on this matter on behalf of beneficial owners who have not furnished voting instructions. In contrast, certain items are considered “non-discretionary,” and a “broker non-vote” occurs when brokers do not receive voting instructions from beneficial owners with respect to such items. Proposals 1-3 in this proxy statement are “non-discretionary” items, which means that brokers that have not received voting instructions from beneficial owners with respect to these matters may not vote on these proposals.

Signed proxies that withhold authority or reflect abstentions or broker non-votes will be counted for purposes of determining whether a quorum is present. Assuming the existence of a quorum at the meeting:

- The director nominees receiving a majority of the votes cast at the meeting will be elected as directors. This means that the number of votes cast “for” a director nominee must exceed the number of votes cast “against” that nominee. Abstentions and broker non-votes are not counted as votes cast “for” or “against” a director nominee and will have no effect on the outcome of the vote on this proposal.
- The compensation of our Named Executive Officers will be approved, on an advisory basis, if a majority of the shares present in person or represented by proxy at the meeting and entitled to vote on the proposal vote “for” the proposal. Because abstentions constitute shares present and entitled to vote, they will have the effect of a vote against this proposal. Because broker non-votes are not entitled to vote for purposes of this proposal, they will not be counted as a vote for or against the proposal and will have no effect on the outcome of the vote on this proposal. Because your vote is advisory, it will not be binding on the Company, our Board of Directors or our Compensation Committee. However, the Board of Directors and the Compensation Committee will consider the outcome of the vote when making future compensation decisions for our executive officers.
- The frequency of the advisory vote on future advisory votes on the compensation of our Named Executive Officers receiving the greatest number of votes cast – one year, two years, or three years – will be deemed by us as the frequency that has been recommended by stockholders. Abstentions and broker non-votes, if any, will have no effect on the outcome of the vote on this proposal. Because your vote is advisory, it will not be binding on the Company, our Board of Directors or our Compensation Committee. However, the Board of Directors and the Compensation Committee will once again consider the outcome of the vote when making future decisions regarding the frequency of the advisory vote on the compensation of our Named Executive Officers.
- The ratification of the appointment of Ernst & Young LLP will be approved if a majority of the shares present in person or represented by proxy at the meeting and entitled to vote on the proposal vote “for” the proposal. Because abstentions constitute shares present and entitled to vote, they will have the effect of a vote against the proposal. If your shares are held in street name and you do not provide voting instructions to your broker, bank or other nominee, your broker, bank or other nominee has discretionary authority to vote your shares with respect to the proposal.

## Voting Securities Outstanding

In accordance with Delaware law and our bylaws, June 17, 2021 was fixed as the record date for determining holders of our common stock entitled to notice of and to vote at the meeting. Each share of our common stock issued and outstanding on June 17, 2021 is entitled to one vote for each director nominee and one vote for each of the other proposals to be voted on at the meeting. Holders of shares of common stock vote together as a voting group on all proposals. At the close of business on June 17, 2021, there were 111,262,287 shares of Qorvo’s common stock outstanding and entitled to vote.

## PROPOSAL 1 – ELECTION OF DIRECTORS

### Nominees for Election of Directors

Under our bylaws, the Board of Directors consists of one or more members, as determined by the Board or the stockholders from time to time. Each director is elected annually to serve for a one-year term and until his or her successor is duly elected and qualified or until his or her earlier death, resignation or removal. Walter H. Wilkinson, Jr., a current member of the Board, has attained the age of 75 and, in accordance with our Corporate Governance Guidelines, tendered a letter of proposed retirement from the Board to be effective at the annual meeting. The Board has accepted Mr. Wilkinson’s letter of proposed retirement, and thanks Mr. Wilkinson for his outstanding service to the Board. The Board, upon recommendation of its Governance and Nominating Committee, set its size at nine directors upon the effectiveness of Mr. Wilkinson’s retirement.

All nominees presently serve as directors. There are no family relationships among any of our directors or officers. We intend that the proxy holders named in the accompanying proxy card will vote properly returned proxies to elect the nine nominees listed below as directors, unless the authority to vote for such election is withheld. Although we expect that each of the nominees will be available for election, if any vacancy in the slate of nominees occurs, we expect that shares of common stock represented by proxies will be voted for the election of a substitute nominee or nominees recommended by the Governance and Nominating Committee and approved by the Board of Directors.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE ELECTION OF THE NOMINEES LISTED ABOVE.**

## CORPORATE GOVERNANCE

### Independent Directors

In accordance with the listing standards of The Nasdaq Stock Market LLC, or Nasdaq, and our Corporate Governance Guidelines, the Board of Directors must consist of a majority of independent directors. The Board has determined that Messrs. Gardner, Harding, Ho, Nelson, Quinsey and Wilkinson, Dr. Rhines and Ms. Bruner and Spradley each satisfy the definition of “independent director” under the Nasdaq listing standards. The Board, in concert with its Governance and Nominating Committee, performed a review to determine the independence of its members and made a subjective determination as to each of these independent directors that no transactions, relationships or arrangements exist that, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director of Qorvo. In making these determinations, the Board reviewed the information provided by the directors and Qorvo regarding each director’s business and personal activities as they may relate to Qorvo and its management.

### Corporate Governance Guidelines

Effective January 2015, and as most recently amended in May 2021, the Board implemented written Corporate Governance Guidelines designed to assist the Board in fulfilling its duties and responsibilities. The Corporate Governance Guidelines address several matters applicable to directors, including director qualification standards, Board and committee meetings, executive sessions, director compensation, management succession, director continuing education, stock ownership guidelines, “withheld vote” policy, prohibitions on pledging and hedging of our securities and other matters. These Corporate Governance Guidelines are available in the “Investors” section of our website under the heading “Corporate Governance” at <http://www.qorvo.com>. A stockholder may request a copy of the Corporate Governance Guidelines by contacting our Investor Relations Department at 7628 Thorndike Road, Greensboro, North Carolina 27409-9421.

### Board Leadership Structure

As described in the Corporate Governance Guidelines, the Board has a general policy that the roles of Chairman of the Board and Chief Executive Officer should be separated and that the independent directors should be led by a Lead Independent Director, who would be the Chairman of the Board unless the Chairman is not independent. The Board believes this separation of roles promotes communication between the Board, the Chief Executive Officer and other senior management and enhances the Board’s oversight of management.

We believe our leadership structure provides increased accountability of our Chief Executive Officer to the Board and encourages balanced decision-making. We also separate the Chairman and Chief Executive Officer roles in recognition of the differences in the roles. While the Chief Executive Officer is responsible for day-to-day leadership of Qorvo and the setting of strategic direction, the Chairman of the Board provides guidance to the Chief Executive Officer and coordinates and manages the operation of the Board and its committees. Since January 1, 2015, non-employee director Ralph G. Quinsey has held the position of Chairman of the Board.

The duties of the Chairman of the Board include presiding at meetings of the Board, establishing, with the Chief Executive Officer, the agenda for each Board meeting and exercising such other powers and performing other duties as may from time to time be assigned to him by the Board.

Mr. Quinsey assumed the Lead Independent Director responsibilities immediately following the 2018 annual meeting since the Board determined in May 2018 that he was independent under Nasdaq listing standards. The Lead Independent Director is responsible for coordinating the activities of the independent directors, including, among other things: (a) determining appropriate schedules of and agendas for Board and committee meetings; (b) advising the Board as to the quality, quantity and timeliness of the flow of information that is necessary for the independent directors to effectively and responsibly perform their duties; and (c) coordinating, developing the agenda for and moderating executive sessions of the independent directors. The Board believes our current leadership structure with a non-employee Chairman of the Board is appropriate for Qorvo and provides many advantages for the effective operation of the Board.

### Risk Oversight

The Board, acting through itself or one or more of its committees, has general oversight responsibility for corporate risk management, including oversight of management’s implementation and application of risk management policies, practices and procedures. The Board directly oversees strategic risks such as those relating to competitive dynamics, market trends, global operations and developments and changes in macroeconomic conditions. While the Board is responsible for risk oversight, management is ultimately responsible for assessing and managing material risk exposures. Our senior management typically

reports to the Board or one of its committees on key enterprise risk topics, including network security, quality assurance, global trade matters, financial risks and disaster recovery. The Board and its committees receive these reports at regularly scheduled Board and committee meetings and through telephone briefings and other communications from management when potentially significant risks develop. Members of the Board use these communications with management to discuss and develop a shared understanding of the potential severity of these risks and management's strategies for addressing these risks. In addition, the Board evaluates our strategic goals and objectives to determine how they may be affected by particular risk exposures. During fiscal 2021, the Board and its committees discussed with management efforts to protect the health and safety of our employees and mitigate the impact of the COVID-19 pandemic.

The Board also exercises a risk oversight role through certain of its committees. Specifically, the Audit Committee discusses certain material risks and exposures with our independent registered public accounting firm and receives reports from our accounting and internal audit management personnel regarding such risks or exposures and how management has attempted to minimize Qorvo's risk. The Audit Committee's primary focus is financial risk, including our internal control over financial reporting. Particular areas of focus by the Audit Committee include risks associated with material litigation, regulatory matters, taxes, foreign exchange, liquidity, investments, global operations and information technology security. As part of its oversight role, the Audit Committee reviews global insurance coverage, oversees Qorvo's investment policy and works with management to develop policies and practices to mitigate risks in its areas of focus, including finance and accounting, information technology, fraud and anti-corruption. As part of its oversight of information technology, the Audit Committee receives regular reports, including quarterly reports from Qorvo's Chief Information Officer, on actions Qorvo is taking to enhance the protection of its IT networks and assets and to mitigate global cybersecurity risks.

The Compensation Committee makes a specific determination regarding risks associated with our compensation policies and practices as described below under "Risk Oversight in Compensation Programs." The Compensation Committee also evaluates risks associated with equity "overhang" and regulatory and other legal risks in regard to equity and retirement plans. This includes receiving reports from Qorvo's Retirement Committee on matters related to its 401(k) and non-qualified deferred compensation plans.

The Governance and Nominating Committee performs risk oversight in the areas of management succession and corporate governance. This includes adoption and administration of our Code of Business Conduct and Ethics, development of succession plans for our Chief Executive Officer and other senior management positions, conducting full Board and individual director assessments, addressing governance-related matters raised by our stockholders and serving as the Board's primary independent decision-making authority for assessing and resolving matters, such as potential conflicts of interest, that fall within the broader category of corporate governance.

Each of the above committees reports to the full Board with respect to the risk categories it oversees. These ongoing reports enable the Board, and other committees, to monitor our exposure and evaluate the mitigation of risks Qorvo faces.

## Risk Oversight in Compensation Programs

We have assessed our compensation programs and have concluded that the risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on us. The risk assessment process included a review of program policies and practices, focusing on programs with variable compensation provisions and identifying the risks related to the programs. The Compensation Committee determined that our compensation programs encourage our employees to take appropriate risk in the performance of our business, but do not encourage excessive risk-taking. We encourage our employees to make decisions that should result in positive short-term and long-term results for our business and our stockholders without providing an incentive for unnecessary risk. The Compensation Committee will continue to monitor our compensation programs on an ongoing basis to ensure that risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on us.

## Code of Ethics

Effective January 2015, and as most recently amended in May 2019, the Board adopted a Code of Business Conduct and Ethics to provide guidance on maintaining our commitment to high ethical standards. The Code of Business Conduct and Ethics applies to all employees, officers, directors, agents, independent contractors and other personnel of Qorvo and our subsidiaries.

A copy of the code is available in the "Investors" section of our website under the heading "Corporate Governance" at <http://www.qorvo.com> or may be obtained by contacting the Investor Relations Department at the address set forth above. In the event that we amend one or more of the provisions of our code that requires disclosure under applicable law, SEC rules or Nasdaq listing standards, we intend to disclose such amendment on our website. Any waiver of the code with respect to any executive officer or director of Qorvo must be approved by the Board and will be promptly disclosed, along with the reasons for the waiver, as required by applicable law or Nasdaq rules.

## Committees and Meetings

The Board maintains four standing committees: the Audit Committee; the Compensation Committee; the Governance and Nominating Committee; and the Corporate Development Committee. Each committee operates under a written charter. A copy of each of these committee charters is available in the “Investors” section of our website under the heading “Corporate Governance” at <http://www.qorvo.com> and may also be obtained by contacting the Investor Relations Department at the address set forth above.

Each of the Audit Committee, the Compensation Committee, the Governance and Nominating Committee and the Corporate Development Committee must be comprised of no fewer than three members, each of whom must satisfy membership requirements imposed by the applicable committee charter and, where applicable, Nasdaq listing standards and SEC rules and regulations. Each of the members of the Audit Committee, the Compensation Committee and the Governance and Nominating Committee has been determined by the Board to be independent under applicable Nasdaq listing standards and, in the case of the Audit Committee and the Compensation Committee, under the independence requirements established by the SEC. A majority of the members of the Corporate Development Committee has been determined by the Board to be independent under applicable Nasdaq listing standards. A brief description of the responsibilities of each of these committees and their current membership follows.

### Audit Committee

The Audit Committee is a separately-designated standing Audit Committee established in accordance with section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended, or the Exchange Act. The Audit Committee operates under a written charter adopted in January 2015 and most recently amended in May 2021. The Audit Committee is appointed by the Board to assist the Board in its duty to oversee our accounting, financial reporting and internal control functions and the audit of our financial statements. The Committee’s responsibilities include, among others, direct responsibility for: (a) appointment, compensation, retention and oversight of our independent registered public accounting firm, which reports directly to the Audit Committee; (b) establishing policies and procedures for the review and pre-approval by the Committee of, and approving or pre-approving, all auditing services and permissible non-audit services to be performed by the independent registered public accounting firm, and any non-audit services to be performed by any other accounting firm; (c) periodically reviewing major issues regarding accounting principles and financial statement presentations, including any significant changes in our selection or application of accounting principles; (d) oversight of information technology and cybersecurity matters; (e) approving the report of the Audit Committee

required by SEC rules to be included in our proxy statement; (f) discussing with management policies regarding risk assessment and risk management, including our major financial risk exposures and the steps management has taken to monitor and control such exposures; and (g) establishing and overseeing procedures for the receipt, retention and treatment of complaints received by Qorvo regarding accounting, internal accounting controls or auditing matters and for the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters.

The current members of the Audit Committee are Ms. Bruner and Messrs. Gardner (Chair), Harding, Nelson and Quinsey, none of whom is an employee of Qorvo and each of whom is independent under existing Nasdaq listing standards and SEC requirements. The Board has examined the SEC's definition of "audit committee financial expert" and determined that Ms. Bruner and Messrs. Gardner, Harding and Quinsey each satisfy this definition. See "Report of the Audit Committee," below.

## Compensation Committee

The Compensation Committee operates under a written charter adopted in January 2015 and most recently amended in May 2020. The Compensation Committee is appointed by the Board to exercise the Board's authority concerning compensation of our officers and employees and administration of our incentive compensation plans. In fulfilling its duties, the Compensation Committee has the authority to, among other things: (a) evaluate and set the compensation of our officers, including our Chief Executive Officer, in accordance with our compensation philosophy; (b) prepare the Compensation Committee report that SEC rules require to be included in our Annual Report on Form 10-K (or timely filed proxy statement); (c) evaluate and make recommendations to the Board concerning compensation of non-employee directors; (d) periodically review, and modify if necessary, our philosophy concerning executive compensation and the components of executive compensation; (e) review and discuss with management our Compensation Discussion and Analysis disclosure and formally recommend to the Board that it be included in our Annual Report on Form 10-K (or timely filed proxy statement); (f) make the determination required under SEC rules regarding risks associated with our compensation policies and practices; (g) oversee our compliance with SEC rules and regulations regarding stockholder approval of certain executive compensation matters, including advisory votes on named executive officer compensation and the frequency of such votes; (h) retain (or obtain the advice of) and terminate a compensation consultant, independent legal counsel or other adviser to assist the Compensation Committee with the discharge of its duties under the charter, after taking into consideration factors and criteria required by applicable law; (i) review and discuss with management our key human capital management strategies and programs, including diversity and inclusion initiatives; and (j) discharge certain other responsibilities generally relating to the administration of our incentive and employee benefit plans. The Compensation Committee may condition its approval of any compensation matter on ratification by the Board if Board action is required by applicable law or otherwise deemed appropriate.

The Compensation Committee regularly consults with members of our executive management team regarding our executive compensation program. Our executive compensation program, including the level of participation by our executive officers in assisting with establishing compensation, is discussed below under "Executive Compensation – Compensation Discussion and Analysis."

The Board or the Compensation Committee has the discretion to delegate certain areas of authority that are reserved to the Board or the Compensation Committee, respectively, under our equity compensation plans. The Board has delegated to the Chief Executive Officer the authority to grant equity awards: (a) generally to new or promoted Company employees provided that such employees are not directors or executive officers; (b) to Company employees to promote, reward and recognize outstanding engineering performance and other technical achievements; and (c) to individuals who become Company employees as a result of an acquisition by the Company. Pursuant to these delegations, no equity awards may be granted to persons who report directly to the Chief Executive Officer or are subject to Section 16 under the Exchange Act. Additionally, these delegations are subject to predetermined limits per individual and in the aggregate, as established by the Board or the Compensation Committee, and are subject to all terms and conditions of the applicable plan. The Chief Executive Officer is required to report all equity awards granted under these delegations to the Compensation Committee at its next regularly scheduled meeting following such grants.

To assist the Committee with its review and analysis of executive officer, non-employee director and employee compensation matters during fiscal 2021, the Compensation Committee engaged an independent compensation consulting firm, Compensia, Inc., which we refer to as Compensia. Compensia was instructed to analyze and provide recommendations on non-employee director compensation, and provide input on executive officer base salary and our short-term and long-term incentive plans. Additionally, the Committee has engaged Compensia for advice regarding executive compensation performance metrics for fiscal 2022, among other items. For a more detailed discussion of the nature and scope of the role of Compensia, see "Executive Compensation – Compensation Discussion and Analysis – Compensation Decision-Making Processes – Role of the Compensation Consultant," below.

The current members of the Compensation Committee are Mr. Ho, Dr. Rhines (Chair), Ms. Spradley and Mr. Wilkinson, none of whom is an employee of Qorvo and each of whom is independent under existing Nasdaq listing standards and SEC requirements.

See “Executive Compensation – Compensation Discussion and Analysis,” below for details of the processes and procedures involved in setting executive compensation.

### Governance and Nominating Committee

The Governance and Nominating Committee operates under a written charter adopted in January 2015 and most recently amended in May 2020. The current members of the Governance and Nominating Committee are Ms. Bruner, Mr. Gardner, Mr. Nelson, Dr. Rhines, Ms. Spradley and Mr. Wilkinson (Chair), none of whom is an employee of Qorvo and each of whom is independent under existing Nasdaq listing standards. For information regarding stockholder nominations to the Board, see “Procedures for Director Nominations” and “Proposals for 2022 Annual Meeting,” below.

### Corporate Development Committee

The Corporate Development Committee operates under a written charter adopted in January 2015 and most recently amended in May 2021. The Corporate Development Committee is appointed by the Board to, as necessary: (a) assist the Board in fulfilling its responsibilities for overseeing and facilitating the development, implementation and monitoring of our business strategies and plans; and (b) exercise the Board’s authority with respect to the review, evaluation and approval of certain strategic transactions, subject to the limitations and requirements of applicable law and our governance documents. The current members of the Corporate Development Committee are Messrs. Bruggeworth, Harding (Chair), Ho, Nelson and Quinsey and Ms. Spradley. Other than Mr. Bruggeworth, these committee members are each independent under existing Nasdaq listing standards.

### Meeting Attendance

Under our Corporate Governance Guidelines, all directors are expected to make every effort to attend meetings of the Board, assigned committees and annual meetings of stockholders. All of our directors who were then in office attended the 2020 annual meeting of stockholders. During the fiscal year ended April 3, 2021, all of our directors then in office attended at least 75% of the aggregate of the Board meetings and assigned committee meetings that were held. During fiscal 2021, the Board held eleven meetings, the Audit Committee held six meetings, the Compensation Committee held eight meetings, and the Governance and Nominating Committee held three meetings.

During fiscal 2021, Mr. Quinsey presided as Lead Independent Director at the executive sessions. During fiscal 2021, the independent directors met in executive session at all of the regularly scheduled Board meetings.

## Corporate Social Responsibility and Environmental, Social and Governance Highlights

### *Embracing Diversity and Ensuring Inclusion*

At Qorvo, we value the uniqueness that an inclusive and diverse global team brings to our company, and we are focused on creating an environment that leverages the perspectives and contributions of each employee. Diversity, equity and inclusion principles are included in our workplace training, activities, guidelines, processes and programs. Employees are equipped with the knowledge and capabilities to welcome and embrace diversity and advocate for inclusion. Through employee-driven groups called Qorvo Employee Networks, our employees have an opportunity to connect through shared interests and goals, and spur growth through professional and personal development. These and other efforts help foster an inclusive workplace of talented employees and drive employee engagement.

### *Ensuring an Engaged Workforce*

We are committed to recruiting, hiring, retaining, promoting and engaging a diverse workforce to best serve our global customers. We have established relationships with professional associations and industry groups to proactively attract talent, and we partner with universities to recruit undergraduate and graduate students for our internship program and entry level positions. We also invest in employee development programs to provide employees with the training and education they need to help achieve their career goals, build relevant skills, and lead their organizations.

We believe our competitive compensation and benefit programs, along with career growth and development opportunities offered by us, promote longer employee tenure and reduce turnover. We monitor employee turnover rates as our success depends upon retaining and investing in our highly skilled manufacturing and technical staff. Our global attrition rate has consistently been below the technology industry average.

### *Employee Health and Safety is Paramount*

We are a member of the Responsible Business Alliance (“RBA”), an industry coalition dedicated to driving sustainable value for workers in global supply chains, among other things. As an RBA member, we have adopted the RBA Code of Conduct, which establishes standards to ensure that working conditions are safe, that employees are treated with respect and dignity, and that business operations are environmentally responsible and conducted ethically. The RBA Code of Conduct has been reflected in our other employee policies and procedures.

In response to the COVID-19 pandemic, we reduced business travel and instituted comprehensive safety protocols for all Qorvo facilities. We successfully transitioned a significant number of our employees to work from home and we invested in additional wellness benefits, including reimbursement programs to help employees improve home workspaces.

As always, we prioritize safe working conditions. We are committed to an injury free workplace and provide dedicated workplace training and leadership support to reduce or eliminate health and safety risks. In fiscal 2021, we achieved a declining injury rate for the third consecutive year and recorded our lowest injury rate in Qorvo’s history.

### *Operating Sustainably*

We are committed to growing our business in a sustainable and responsible manner. We believe minimizing environmental impacts is in the long-term best interests of Qorvo and our society.

We are focused on greenhouse gas emission reduction projects including abatement (Scope 1) and process improvements (Scope 2) across multiple locations. We also reduced our waste to landfill through site specific initiatives.

We have published on our website our energy usage, greenhouse gas emissions, waste and water usage. As part of our commitment to transparency, we also completed the CDP Climate Change and Water Security questionnaires in 2020.

### *We Contribute to Our Communities*

Qorvo and its employees actively contribute to the communities in which we do business.

Our Qorvo Cares Community Engagement program provides our employees opportunities to get out in the neighborhood and spread kindness, generosity and support. The program focuses on three main areas: STEM Education, aimed at inspiring the next generation; Good Neighbor Relations, for strengthening our communities; and Environmental Stewardship, helping shape a better future.

More information about our CSR program is available at [www.qorvo.com/about-us/corporate-social-responsibility/our-program](http://www.qorvo.com/about-us/corporate-social-responsibility/our-program).

## Procedures for Director Nominations

### Criteria for Director Nominees

In accordance with our Corporate Governance Guidelines, members of the Board are expected to collectively possess a broad and diverse range of skills, industry and other knowledge and expertise, and business and other experience useful for the effective oversight of our business. The Governance and Nominating Committee is responsible for identifying, screening and recommending to the Board qualified candidates for membership. When searching for new director candidates, the Board will actively seek highly qualified women and individuals from minority groups to include in the pool of director candidates from which nominees are selected. Three of the nine director nominees standing for election at the annual meeting have gender, racial or ethnic diversity. All candidates must meet the minimum qualifications and other criteria established from time to time by the Board, and potential nominees will also be evaluated based on the other criteria identified in the Corporate Governance Guidelines. These minimum qualifications include, but are not limited to:

- having substantial or significant business or professional experience or an understanding of technology, finance, marketing, financial reporting, international business or other disciplines relevant to the business of Qorvo; and
- being free from any conflict of interest that would violate any applicable law or regulation or having any other relationship that, in the opinion of the Board, would interfere with the exercise of the individual's judgment as a member of the Board or of a Board committee.

We also consider the following criteria, among others, in our selection of directors:

- economic, technical, scientific, academic, financial and other expertise, skills, knowledge and achievements useful to the oversight of our business;
- integrity, demonstrated sound business judgment and high moral and ethical character;
- diversity of viewpoints, backgrounds, experiences and other demographics;
- business or other relevant professional experience;
- capacity and desire to represent the balanced, best interests of Qorvo and its stockholders as a whole and not primarily a special interest group or constituency;
- ability and willingness to devote time to the affairs and success of Qorvo and to fulfill the responsibilities of a director; and
- the extent to which the interplay of the candidate's expertise, skills, knowledge and experience with that of other Board members will build a Board that is effective, collegial and responsive to the needs of Qorvo.

The Governance and Nominating Committee is authorized to develop and review on a periodic basis policies regarding Board size, composition and member qualification.

The Governance and Nominating Committee evaluates suggestions concerning possible candidates for election to the Board submitted to Qorvo, including those submitted by Board members, stockholders and third parties. In fiscal 2021, the Governance and Nominating Committee engaged a third-party search firm to assist us in the identification of potential independent director candidates, and such firm identified Ms. Bruner as part of this process. All candidates, including those submitted by stockholders, will be similarly evaluated by the Governance and Nominating Committee using the Board membership criteria described above and in accordance with applicable procedures. Once candidates have been identified, the Governance and Nominating Committee will determine whether such candidates meet the minimum qualifications for director nominees established in the Corporate Governance Guidelines. The Board, taking into consideration the recommendations of the Governance and Nominating Committee, is responsible for selecting the nominees for director and for appointing directors to fill vacancies, with primary emphasis on the criteria set forth in the Corporate Governance Guidelines.

### Stockholder Nominees for Director

As noted above, the Governance and Nominating Committee will consider qualified director nominees recommended by stockholders when such recommendations are submitted in accordance with applicable SEC requirements, our bylaws and Corporate Governance Guidelines and any other applicable law, rule or regulation regarding director nominations. Under our bylaws, nominations of persons for election to the Board may be made at an annual meeting of stockholders by any Qorvo stockholder who: (a) was a stockholder of record at the time of giving of the notice provided for in our bylaws and at the time of the annual meeting; (b) is entitled to vote at the meeting; and (c) provides timely notice and otherwise complies with the procedures set forth in our bylaws.

No candidates for director nominations were submitted to the Governance and Nominating Committee by any stockholder in connection with the annual meeting. Any stockholder desiring to present a nomination for consideration by the Governance and Nominating Committee prior to the 2022 annual meeting of stockholders (“2022 Annual Meeting”) must do so in accordance with our bylaws and policies. See “Proposals for 2022 Annual Meeting” below.

### Stockholder Communications with Directors

Any stockholder desiring to contact the Board, or any specific director(s), may send written communications to: Board of Directors (Attention: (Name(s) of director(s), as applicable)), c/o Qorvo's Secretary, Jason K. Givens, 7628 Thorndike Road, Greensboro, North Carolina 27409-9421. Any proper communication so received will be processed by the Secretary. If it is unclear from the communication received whether it was intended or appropriate for the Board, the Secretary will (subject to any applicable regulatory requirements) use his judgment to determine whether such communication should be conveyed to the Board or, as appropriate, to the member(s) of the Board named in the communication.

### Prohibition on Hedging and Pledging

Our securities trading policy and Corporate Governance Guidelines prohibit any hedging of our securities by our directors and employees. This includes engaging in any type of short sale or purchasing any financial instrument (including prepaid variable forward contracts, equity swaps, collars and exchange traded funds) or engaging in any transaction that, in either case, hedges or offsets, or is designed to hedge or offset, any decrease in the market value of our common stock. Additionally, directors and employees may not pledge Company securities as collateral for a loan; however, this prohibition does not apply to any broker-assisted "cashless" exercise or settlement of awards granted under a Company equity incentive plan. Directors and employees may engage in other derivative transactions only if it is determined, to the satisfaction of the Company's Compliance Officer, that such transaction is consistent with applicable rules, laws and our securities trading policy.

### Pre-Approval Policies and Procedures

The Audit Committee has established a pre-approval policy for certain audit and non-audit services, up to a specified amount, for each identified service that may be provided by the independent registered public accounting firm. The pre-approval fee levels for all services to be provided by the independent registered public accounting firm are reviewed annually by the Audit Committee. The Audit Committee has authorized management to engage accounting firms other than Ernst & Young LLP to perform certain audit-related, tax and other non-audit services, as set forth in the policy, provided that the fees do not exceed \$250,000 per year for each separate engagement, project or assignment. The Audit Committee has delegated to the Chair of the Audit Committee the authority to approve, in between meetings of the Audit Committee, certain audit, audit-related, tax and other permissible non-audit services to be provided by Ernst & Young LLP in an amount not to exceed \$50,000. Additionally, the Audit Committee has delegated to the Chair of the Audit Committee the authority to approve, in between meetings of the Audit Committee, certain audit-related, tax and other permissible non-audit services to be provided by any accounting firm other than Ernst & Young LLP in an amount in excess of \$250,000 for each separate engagement, project or assignment, but not to exceed \$500,000 per year for each separate engagement, project or assignment. Any such approval by the Chair must be reported to the Audit Committee at its next meeting following the approval.

## Whistleblower Policy

The Audit Committee has adopted procedures for receiving and handling complaints from employees and third parties regarding conduct, events or other factual matters with respect to Qorvo or our officers, directors or employees concerning suspected misconduct related to accounting, internal accounting controls or auditing matters, or suspected violations of law or other Company policies, including procedures for confidential, anonymous reports of concerns regarding the foregoing matters. Employees may report their concerns to their supervisor or, in cases where it might be inappropriate or uncomfortable for an employee to discuss a concern with his or her supervisor, or if the supervisor does not address the issue to the employee's satisfaction, employees may report their concerns by contacting Jason K. Givens, our Compliance Officer, at 7628 Thorndike Road, Greensboro, North Carolina 27409-9421, or by e-mail or telephone. Alternatively, employees may discuss their concerns with our Chief Human Resources Officer or any other Company officer. Third parties may report concerns by contacting our Compliance Officer. If the Compliance Officer is the subject of the concern or the employee or third party otherwise believes that the Compliance Officer has not given or will not give proper attention to his or her concerns, the employee or third party may report his or her concerns directly to the Chair of the Audit Committee. An employee or third party also may forward concerns on a confidential and/or anonymous basis to the Compliance Officer by calling Qorvo's toll-free Ethics and Compliance hotline, which is operated by a third-party agency to ensure confidentiality, or by delivering a written statement setting forth his or her concerns in a sealed envelope addressed to the Chair of the Audit Committee labeled "Confidential: To be opened by the Chair of the Audit Committee only." Employees may also raise concerns via Qorvo's Ethics and Compliance website, or if the concern is a U.S. government contracting compliance issue, an employee may raise his or her concern to the Department of Defense fraud hotline.

Upon receipt of a complaint relating to the matters set forth above, supervisors will promptly notify the Compliance Officer and the Compliance Officer (or Chair of the Audit Committee, as the case may be) will promptly notify the Audit Committee, as appropriate. The Audit Committee will oversee the review of any such complaint relating to accounting matters, and the Compliance Officer will oversee the review of all other complaints. The Audit Committee, the Compliance Officer, and anyone investigating any complaint at the direction of the Audit Committee or the Compliance Officer will maintain the confidentiality of such complaint to the fullest extent possible, consistent with the need to conduct an adequate investigation. Prompt and appropriate corrective action will be taken when and as warranted in the judgment of the Audit Committee or the Compliance Officer, as appropriate. The Compliance Officer and the Chair of the Audit Committee will maintain a log or other record of all complaints received by them, tracking their receipt, investigation and resolution. The Audit Committee will determine the extent to which it is appropriate to advise the Board from time to time concerning the receipt, investigation or disposition of any complaint received by the Audit Committee. The Compliance Officer and the Chair of the Audit Committee will maintain copies of complaints and their log or other record for a reasonable time but in no event for less than five years.

#### Compensation Program Highlights

It is Qorvo’s policy to ensure that the target total direct compensation of each of our Named Executive Officers rewards strong operating performance in the near term and completion of key initiatives that drive profitability and stockholder value in the longer term.

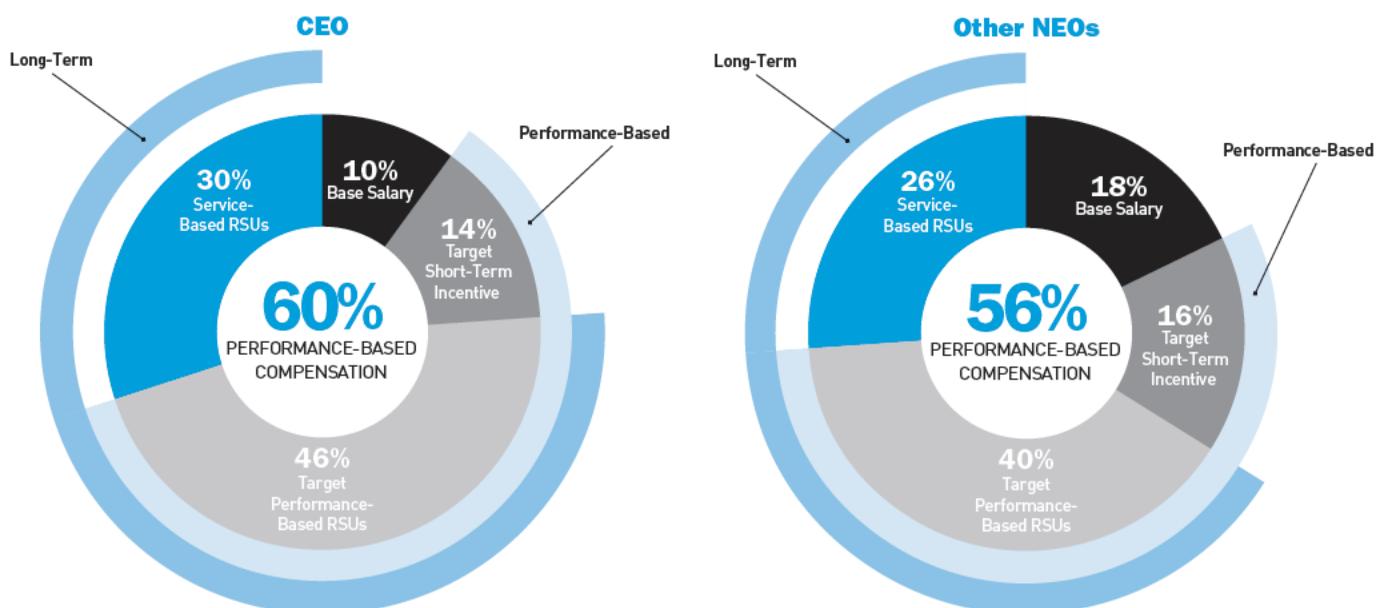

As part of our compensation policy, we provide base salary, short-term incentive award opportunities and long-term equity-based incentive award opportunities to our Named Executive Officers as follows:

- *Base salary.* Base salary accounts for approximately 10% of our CEO’s target total direct compensation and approximately 18% of each of our other Named Executive Officer’s target total direct compensation.
- *Short-term incentive awards.* Short-term incentive award opportunities account for approximately 14% of our CEO’s target total direct compensation and approximately 16% of each of our other Named Executive Officer’s target total direct compensation. Short-term incentive award opportunities are based on corporate performance relative to financial goals established by the Committee on a semi-annual basis and may be paid, at the Committee’s discretion, in cash or in equity.
- *Long-term equity-based incentive awards.* Long-term equity-based incentive award opportunities consist of performance-based and service-based restricted stock unit awards, or RSUs, and account for approximately 76% of our CEO’s target total direct compensation and approximately 66% of each of our other Named Executive Officer’s target total direct compensation.
- *Performance-based awards.* Performance-based RSU awards (“Objectives-based RSUs”) are granted in May of each fiscal year and generally account for 60% of the target total equity compensation of our Named Executive Officers. Objectives-based RSUs linked to Company performance objectives approved by the Committee are earned based on the achievement of annual business goals that drive long-term stockholder value. To support retention and reinforce long-term performance objectives, half of the award vests upon certification of achievement by the Committee, and the remaining 50% vests in equal annual installments over each of the following two years.
- *Service-based awards.* Service-based RSU awards (“Service-based RSUs”) are granted in August of each fiscal year and generally account for 40% of the target total equity compensation of our Named Executive Officers. These awards provide important retention and medium-term and long-term incentives for our Named Executive Officers as they vest over a four-year period.

The following charts show the components of our Named Executive Officers' average target total direct compensation mix and average target long-term equity-based incentive awards for fiscal 2021:

The compensation packages of our CEO and our other Named Executive Officers are closely aligned with performance. A substantial majority of the target total direct compensation mix is at-risk and performance-based, with 60% of our CEO's and 56% of our other Named Executive Officers' target total direct compensation being tied to performance. The following charts set out the compensation mix for our CEO and our other Named Executive Officers:

We believe our executive compensation program provides a balanced and stable foundation for achieving our intended objectives. Our compensation philosophy emphasizes team effort, which we believe fosters quick adjustment and adaptation to the rapidly changing market conditions we routinely face in our industry. The focus on company rather than individual performance measurement in our incentive compensation programs not only helps us achieve our short-term and long-term goals, but also aligns the interests of our executive officers with those of the Company as a whole and our stockholders.

We refer to comparative industry data and consider other factors to establish each Named Executive Officer's range of base salary, short-term incentive award opportunities and long-term equity-based incentive award opportunities. The principal features of our compensation policies and practices include the following:

- We prohibit the backdating or spring-loading of equity awards.
- We prohibit the repricing of stock options or stock appreciation rights without stockholder approval.

## Executive Compensation

---

- We do not provide “perquisites” to our executive officers.
- We prohibit any hedging of our securities by our directors and employees, including our executive officers.
- We prohibit any pledging of our securities by our directors and employees, including our executive officers.
- We have established stock ownership guidelines for our directors and our executive officers.
- We provide change-in-control agreements with a “double trigger” for acceleration of equity awards requiring a qualifying termination of employment following a change in control.
- We impose “clawback” restrictions in our senior officer equity awards in the event of certain prohibited conduct, including violation of restrictive covenants following termination of employment and misconduct to the extent required under the Sarbanes-Oxley Act of 2002 and the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010.

### *Fiscal 2021 Financial Performance Highlights*

- In fiscal 2021, our revenue increased 24% to \$4,015.3 million as compared to \$3,239.1 million in fiscal 2020, driven primarily by higher demand for our 5G mobile solutions, 5G base station products and Wi-Fi products, partially offset by lower shipments of our mobile products to Huawei.
- In fiscal 2021, our gross margin increased to 46.9% as compared to 40.8% in fiscal 2020, primarily due to increased volume, improved mix and higher factory utilization associated with the ramp of 5G, Wi-Fi 6, and other products. Productivity and lower inventory charges also contributed to gross margin expansion, partially offset by more moderate price effects.
- Our operating income in fiscal 2021 was \$906.6 million as compared to \$423.2 million in fiscal 2020, primarily due to higher revenue and higher gross margin, partially offset by higher operating expenses. Operating expenses increased primarily due to higher personnel costs and increased product development spend, partially offset by lower acquisition and integration related expenses and lower travel expense.

### *Fiscal 2020 Say-on-Pay Vote*

At our fiscal 2020 annual meeting, our stockholders approved an advisory vote on the compensation of our Named Executive Officers for fiscal 2020, with more than 94% of the votes cast in favor of the advisory proposal. The Committee considered the results of this vote and the strong approval level expressed by our stockholders and did not make any material changes to the elements or objectives of our executive compensation program for fiscal 2021.

### *Fiscal 2021 Compensation Highlights*

#### *Base Salary*

The Committee postponed any base salary increases for our Named Executive Officers for fiscal 2021 until fiscal 2022 due to the market uncertainties resulting from the COVID-19 pandemic.

#### *Short-Term Incentive Awards*

Each of our Named Executive Officers was eligible to earn a short-term incentive award based on our financial performance during fiscal 2021. The actual incentive award earned was tied to our achievement of revenue and non-GAAP operating income goals, as described below, during two six-month performance periods during the year. Short-term incentive objectives for the first half of fiscal 2021 were set prior to the onset of business challenges caused by COVID-19 and were not adjusted despite the market uncertainties created by the pandemic. As a result of our financial performance in the first half and second half of fiscal 2021, the Named Executive Officers received short-term incentive awards in amounts equal to 167.3% and 152.1%, respectively, of their target short-term incentive award opportunities (determined as a percentage of their base salary paid during the applicable six-month performance period).

#### *Long-Term Equity-Based Incentive Awards*

Our Named Executive Officers were granted long-term equity-based incentive awards in the form of Objectives-based RSUs, granted in May 2020, and Service-based RSUs, granted in August 2020. Vesting of Objectives-based RSUs, which represented about 60% of the total long-term incentive award value granted to our Named Executive Officers, was tied to achievement of Committee-approved Company performance objectives. Specifically, the performance objectives related to securing specific design wins, making specific R&D-related improvements, implementing or realizing specific manufacturing-related and operational improvements, further improving environmental performance, developing or qualifying specific product and process technologies, and making key information technology-related improvements. The performance objectives for fiscal 2021 were not adjusted despite the market uncertainties created by the pandemic.

For the Objectives-based RSUs granted in fiscal 2021, we fully achieved ten of the eleven pre-established Company performance objectives and partially achieved one of the objectives (as discussed in more detail below). As a result, the Named Executive Officers earned their Objectives-based RSUs in amounts equal to 147.5% of their target number of units. The number of Objectives-based RSUs earned by the Named Executive Officers vest over a specified period, with 50% vesting upon certification of the level of achievement of the awards and the remaining 50% vesting in equal annual installments over each of the following two years.

## Executive Compensation Program

### *Executive Compensation Program Objectives and Philosophy*

The objectives of Qorvo's executive compensation program are to enhance our ability to recruit and retain qualified management, motivate our executive officers and other employees to achieve established performance goals and ensure a strong element of congruity between the financial interests of our executive officers and our stockholders. We believe the competition in our industry for qualified executives, including our Named Executive Officers, is extremely strong. To attract and retain highly qualified employees, we must maintain an overall compensation package that is competitive with the compensation offered by the companies in our peer group and other competitors within our industry.

We do not establish goals tied to individual performance for our Named Executive Officers or other executive officers, although the Committee does evaluate individual performance when making compensation decisions. Rather, we believe strongly that focusing on the management team as a group and Company performance as a whole results in greater long-term success. Accordingly, we currently base all short-term incentive awards and long-term performance-based equity awards on the achievement of corporate financial and operational goals established by the Committee.

We also believe that substantial equity ownership provides important medium-term and long-term incentives and encourages our Named Executive Officers to take actions favorable to the long-term interests of Qorvo and our stockholders. Accordingly, long-term equity-based incentive compensation makes up a significant portion of the overall target total direct compensation of our Named Executive Officers. Additionally, our executive officers, including our Named Executive Officers, are required to own shares of our common stock in accordance with our stock ownership guidelines, as described in more detail under "Compensation Decision-Making Processes – Other Compensation Policies and Practices" below.

### *Fiscal 2021 Executive Compensation Program Design*

Our fiscal 2021 executive compensation program is designed to meet the objectives described above and consists of base salary, short-term incentive awards and long-term equity-based incentive awards. For our Named Executive Officers, base salary generally accounts, on average, for approximately 14% of their target total direct compensation. In addition, short-term incentive award opportunities, which may be paid in cash or equity at the Committee's discretion, generally account for approximately 15% of their target total direct compensation, while long-term equity-based incentive award opportunities are comprised of performance- and service-based RSUs and generally account for approximately 71% of their target total direct compensation. Our executive compensation philosophy emphasizes team effort, which we believe fosters rapid adjustment and adaptation to fast-changing market conditions. We believe that our combination of short-term incentive awards and long-term performance- and service-based RSUs helps us achieve our long-term goals and will continue to align the interests of our executive officers, including our Named Executive Officers, with those of Qorvo and our stockholders.

For our Named Executive Officers, approximately 60% of their target total long-term equity-based incentive awards are performance-based, while the balance is service-based. The Objectives-based RSU awards are linked to the achievement of Company performance objectives, with 50% vesting upon certification of the level of achievement by the Committee for the applicable portion of the Objectives-based RSUs, and the remaining 50% vesting in equal annual installments over each of the following two years. These performance-based awards are "at-risk" and do not contain any minimum guaranteed award.

Our tax-qualified defined contribution 401(k) plan and nonqualified deferred compensation plan are the only retirement plans available to our employees in the United States. To complement these plans, we have made competitive annual performance-based and service-based equity awards to our Named Executive Officers that have extended vesting periods or award terms. The purpose of these awards, which are discussed in more detail below, is to motivate and reward strong corporate performance and to retain valued executives. We also use long-term equity-based incentive awards to attract and recruit qualified executives. We believe that equity awards serve to align the interests of our Named Executive Officers with those of our stockholders by rewarding them for stock price growth. Because a significant percentage of our Named Executive Officers' target total direct compensation is in the form of equity awards with long-term vesting requirements and no guarantee of being earned, we believe our Named Executive Officers are motivated to take actions that will benefit the Company and our stockholders in the long term.

### *Fiscal 2022 Executive Compensation Program Design*

Shortly before the end of fiscal 2021, the Committee set the base salary and target short-term incentive award opportunities for our Named Executive Officers for fiscal 2022. The base salaries of each of the Named Executive Officers were increased by between 6% and 8%. These adjustments reflect the fact that no increases were made in fiscal 2021 due to the market uncertainties resulting from the COVID-19 pandemic. The adjustments were finalized by the Committee with consideration given to competitive market data as well as the individual performance and the roles and responsibilities of each Named Executive Officer. No changes were made to the target short-term incentive award opportunities for fiscal 2022 for the Named Executive Officers other than to increase Mr. Bruggeworth's short-term incentive award opportunity from 150% to 160% of his base salary after consideration of competitive market data. These compensation levels were based both on the performance and experience of our Named Executive Officers as well as market data provided by the Committee's independent compensation consultant and reflecting practices and pay levels among companies in our compensation peer group. Long-term performance-based equity awards were granted to our Named Executive Officers and other management team members for fiscal 2022 in May 2021 based on similar criteria.

### **Compensation Decision-Making Processes**

#### *Role of the Compensation Committee*

The Compensation Committee is appointed by the Board to exercise the Board's authority to set compensation of our officers (including our Named Executive Officers), to make recommendations to the Board regarding compensation of our non-employee directors and to administer our incentive compensation plans. See "Corporate Governance – Committees and Meetings – Compensation Committee," above. The current members of the Committee are Mr. Ho, Dr. Rhines (Chair), Ms. Spradley and Mr. Wilkinson. The Committee typically meets in separate session in connection with regularly-scheduled meetings of the Board. In addition, the Committee often schedules special meetings, either by telephone or in person, as necessary to fulfill its duties. Meeting agendas are established by the Chair after consultation with our Chief Human Resources Officer, other members of the Committee and our CEO.

#### *Role of the Compensation Consultant*

The Committee has retained the compensation consulting firm Compensia, Inc., which we refer to as Compensia, to assist it with executive, equity and non-employee director compensation matters. The Committee selected Compensia based primarily on its principals' depth of experience in the technology industry and its prior performance as the compensation consultant to the Committee. During fiscal 2020, Compensia supported the Committee in reviewing and finalizing the fiscal 2021 compensation of our Named Executive Officers. In addition, during fiscal 2021, Compensia worked with the Committee to help ensure that our compensation practices were appropriate for our industry and also provided an analysis of non-employee director compensation, in each case for the Committee's use in setting fiscal 2022 compensation. Compensia's recommendations to the Committee generally included suggested ranges for compensation or descriptions of policies that Compensia currently considers "best practices" in our industry.

During fiscal 2021, Compensia only worked for the Committee and performed no additional services for Qorvo or any of our Named Executive Officers. The Committee approved the engagement of Compensia, including the major projects to be performed and the proposed budget for such work. During fiscal 2021, neither the Committee nor our management used the services of any other compensation consultant other than Compensia. All the work performed by Compensia is performed at the direction of the Committee. In connection with its engagement of Compensia, the Committee considered the factors set forth in the listing standards of the Nasdaq and the relevant SEC rules on advisor independence and determined that Compensia was independent and that its engagement did not present any conflicts of interest.

#### *Role of Executives in Establishing Compensation*

During fiscal 2021, there was a continuing dialogue among our CEO, other members of management (particularly our Chief Human Resources Officer), Compensia and Committee members regarding compensation considerations. Each of these parties was and continues to be encouraged to propose ideas or issues for the Committee to consider and evaluate with respect to our compensation structure and philosophy.

The Committee, following consultation with Compensia, establishes the annual base salary, short-term incentive award opportunities and long-term equity-based incentive award opportunities for our CEO, Mr. Bruggeworth. Mr. Bruggeworth typically recommends to the Committee the annual base salary, short-term incentive award opportunities and long-term equity-based incentive award opportunities for the other members of the executive management team, including the other Named Executive Officers, for the Committee's review, modification and approval.

To assist the Committee in overseeing compensation practices, the Committee periodically requests that the Human Resources, Finance and Legal Departments' personnel present information on compensation-related topics. Therefore, certain members of the

executive management team or other employees attended portions of some Committee meetings during fiscal 2021 to fulfill these requests. Our Chief Human Resources Officer attended substantially all of the Committee's meetings and typically served as secretary of the meetings, but did not participate in executive sessions or any portion of any meeting where her own compensation was being determined. Our CEO also attended all of the Committee's meetings during fiscal 2021, but did not attend any portion of any meeting where his own compensation was being determined. In addition, when deemed appropriate, the Committee held a portion of certain meetings during fiscal 2021 in executive session with only Committee members and, in some cases, Committee advisors present.

#### *Use of Industry Comparative Data*

We operate in a highly competitive industry in which retention of qualified personnel is a critical factor in operating a successful business. As such, we try to understand as much as possible about the total compensation levels and practices at other companies in our industry. With the help of Compensia, our CEO and our Chief Human Resources Officer, the Committee has developed a peer group of companies to better understand the competitive market for executive talent that it reviews at least annually and, if appropriate, adjusts periodically. The companies included in this peer group generally have revenue ranging from one-half to two and one-half times our annual revenue, market capitalizations ranging from one-third to three times our market capitalization and are in the semiconductor, semiconductor equipment, electrical equipment and instrument, and communications equipment business sectors. The peer group is constructed such that the median revenue size of the peer group is at or close to our projected annual revenue. At the time of the development of the peer group, Qorvo was at the 40th percentile of revenue and the 33rd percentile of market capitalization of these companies. The peer group used in fiscal 2021 consisted of the following 18 companies:

Advanced Micro Devices, Inc.	Keysight Technologies, Inc.	ON Semiconductor Corporation
Analog Devices, Inc.	KLA Corporation	Skyworks Solutions, Inc.
Ciena Corporation	Marvell Technology Group Ltd.	Teradyne, Inc.
Cirrus Logic, Inc.	Maxim Integrated Products, Inc.	Trimble, Inc.
Cree, Inc.	Microchip Technology Incorporated	Xilinx, Inc.
FLIR Systems, Inc.	MKS Instruments, Inc.	Zebra Technologies Corporation

In consultation with Compensia, the Committee removed Cypress Semiconductor Corporation from the peer group (which had been acquired by Infineon Technologies AG) and added Ciena Corporation, FLIR Systems, Inc., Keysight Technologies, Inc., MKS Instruments, Inc., Teradyne, Inc., Trimble, Inc. and Zebra Technologies Corporation to the peer group (to broaden the industry scope to include technology companies that produce electrical equipment and instruments or communications equipment and reposition Qorvo closer to the median in key financial metrics).

We generally have referred to peer group data to help establish base salaries and target short-term incentive award opportunities for each Named Executive Officer. When considering the peer group data to establish base salaries and short-term incentive award opportunities, the Committee also considers each Named Executive Officer's performance, level of responsibility in comparison to the other Named Executive Officers and internal equity and other considerations and then makes adjustments it deems appropriate.

#### *Other Compensation Policies and Practices*

With the assistance of the Committee, Compensia and the executive management team, we have developed certain policies and practices that we relied upon during fiscal 2021 and that we expect to continue to rely upon during fiscal 2022:

##### *Incentive-Based Compensation Policies*

- Short-term incentive award opportunities are linked to pre-established objective metrics for our financial performance during two six-month periods each fiscal year. As discussed in more detail below under "Elements of Compensation – Short-Term Incentive Opportunities," each target short-term incentive award opportunity is expressed as a percentage of the Named Executive Officer's base salary that is paid during the applicable performance period. The short-term incentive program is structured so that as the level of a Named Executive Officer's responsibility at Qorvo increases, his target short-term incentive award opportunity as a percentage of his total base salary and target short-term incentive award opportunity will also increase, resulting in a greater percentage of his short-term incentive compensation being at-risk and linked to our operating performance.
- A substantial amount of each Named Executive Officer's total long-term equity-based incentive compensation is performance-based. For fiscal 2021, our long-term performance-based equity awards were linked to our performance as measured against pre-established Company objectives. While each individual compensation component was set with reference to comparable data drawn from the peer group, taking into account the observations of Compensia as to best practices in our industry, the Committee established a policy that approximately 60% of the value of each Named

## Executive Compensation

---

Executive Officer's potential long-term equity awards should be performance-based. See "Elements of Compensation – Performance-Based Restricted Stock Unit Awards" below for more information.

- Targeted levels of equity awards (including both performance-based and service-based awards) for each Named Executive Officer, as is the case with base salary and short-term incentive award opportunities, are established after consideration of (a) comparable data drawn from the peer group; (b) each executive officer's base salary and short-term incentive award opportunity; (c) past accomplishments and performance; (d) overall responsibilities and anticipated performance required for the upcoming fiscal year; and (e) internal equity and other considerations.
- Our fiscal 2021 long-term performance-based equity awards were linked to achievement during the year of key Company projects or initiatives that the Committee believed had a strong potential to impact long-term stockholder value creation.
- We do not provide "perquisites" to our executive officers.

### *Other Equity Award Grant Practices*

- As part of the Committee's regular process for determining whether performance-based compensation goals have been met, our Internal Audit Department reviews our performance against the applicable metrics for short-term incentive award opportunities and long-term performance-based equity compensation, confirms the level of achievement of the applicable metrics and issues a report to the Committee certifying the applicable calculations.
- In order to support the surviving family of an executive officer in the event of his or her death, for long-term equity-based incentive awards granted during or after fiscal 2016, both performance-based and service-based long-term equity awards will be treated as earned (at target levels if applicable) and fully vested in the event of the death of the executive officer prior to the end of the applicable performance or vesting period. In the event of the death of the executive officer on or after the end of a performance period, long-term performance-based equity awards will be eligible to be fully earned, based on actual performance and to the extent performance goals are met, with such earned awards being deemed fully vested as of the date of termination.
- To encourage our executive officers to keep a longer-term perspective of the Company as they approach retirement and to augment retirement savings, both Objectives-based RSUs and Service-based RSUs generally will remain outstanding and capable of being earned and/or of vesting in accordance with their terms following an executive officer's termination of employment unless such employment is terminated for cause, in which case any unearned or unvested portion of the award will be forfeited. Continuation of the award is conditioned on the departing executive officer's agreement to refrain from working for another company during the remaining vesting period and compliance with specified non-disclosure, confidentiality and other covenants. If the individual fails to satisfy these obligations, the remaining unearned or unvested portion of the award will be forfeited and any underlying shares of common stock that were earned and vested following termination and any gain from the sale of such shares will be subject to recoupment, or "clawback," by Qorvo.
- We prohibit the backdating or spring-loading of equity awards. To further that goal, we generally plan to grant Service-based RSUs once a year to existing employees on or around the date of our annual meeting of stockholders, and Objectives-based RSU opportunities once each year shortly after the beginning of the fiscal year.
- We prohibit the repricing of stock options or stock appreciation rights without stockholder approval.

The Committee also has additional responsibilities with respect to our compensation policies and practices, which are set forth in its charter and described in more detail under "Corporate Governance – Committees and Meetings – Compensation Committee," above.

### *Prohibition Against Hedging and Pledging*

Our securities trading policy and Corporate Governance Guidelines prohibit any hedging of our securities by directors or employees, including our executive officers. This includes engaging in any type of short sale or purchasing any financial instrument (including prepaid variable forward contracts, equity swaps, collars and exchange traded funds) or engaging in any transaction that, in either case, hedges or offsets, or is designed to hedge or offset any risk of decrease in the market value of our common stock. Accordingly, none of our directors or executive officers has engaged in any hedging transaction with respect to our common stock.

Our securities trading policy and Corporate Governance Guidelines also prohibit any pledging of our securities by directors or employees, including our executive officers. Accordingly, none of our directors or executive officers has pledged our common stock.

### *Stock Ownership Guidelines*

Under our Corporate Governance Guidelines, we have established stock ownership guidelines for our non-employee directors, CEO and other executive officers, which provide that within five years of first becoming a director or executive officer, as applicable,

they must own shares of our common stock with a specified value in the following amounts: for directors, five times their annual retainers; for the CEO, three times his base salary; and for other executive officers, one times their base salaries.

### Elements of Compensation

Compensation arrangements for our Named Executive Officers under our fiscal 2021 executive compensation program generally consisted of four components: (a) a base salary; (b) a performance-based short-term incentive program; (c) the grant of equity incentive awards in the form of performance-based and service-based RSUs; and (d) other compensation and employee benefits generally available to all of our employees, such as health insurance, group life and disability insurance and participation in our 401(k) plan, our nonqualified deferred compensation plan and our Employee Stock Purchase Plan, or ESPP. We believe our overall and individual incentive award grant practices are comparable to industry norms and contain sufficient performance-based elements.

### Base Salaries

The Committee reviews and establishes individual base salaries for our executive officers, including our Named Executive Officers, annually. In determining individual base salaries, the Committee considers peer group data, overall responsibilities and anticipated performance, past accomplishments and performance, labor market conditions and our overall annual budget guidelines for merit and performance increases. Due to market uncertainties resulting from the COVID-19 pandemic, at the beginning of fiscal 2021 the Committee determined to postpone any base salary increases for our Named Executive Officers until fiscal 2022. The base salaries for our Named Executive Officers are as shown in the table below:

Name	Fiscal 2020 Base Salary (1)	Fiscal 2021 Base Salary (1)	Percentage Increase
Robert A. Bruggeworth	\$852,155	\$852,155	0%
Mark J. Murphy	\$519,043	\$519,043	0%
Steven E. Creviston	\$508,726	\$508,726	0%
James L. Klein	\$466,045	\$466,045	0%
Paul J. Fego	\$458,349	\$458,349	0%

- (1) Base salary is based on the named executive officer's annual base salary rate. Actual base salary amounts paid during the fiscal year vary due to the Company's 52/53 week fiscal year and the timing of the fiscal 2022 base salary adjustments for our Named Executive Officers (as described below), which became effective in the two-week payroll period (March 28, 2021-April 10, 2021) that covered the first day of fiscal 2022 (April 4, 2021).

Shortly before the end of fiscal 2021, the Committee set the fiscal 2022 base salary for our Named Executive Officers. Effective for fiscal 2022, the Committee approved a base salary adjustment for each of our Named Executive Officers ranging from a 6% to 8% increase to their fiscal 2020 base salary, with consideration given to competitive market data as well as the individual performance and roles and responsibilities of each Named Executive Officer. These adjustments reflect the fact that none of our Named Executive Officers received a base salary increase in fiscal 2021.

### Short-Term Incentive Award Opportunities

A significant portion of each Named Executive Officer's annual target total direct compensation is intended to be at-risk and linked to our operating performance. Short-term incentives for our Named Executive Officers, as well as for all our other employees, when earned, are awarded pursuant to our Short-Term Incentive Plan. No minimum bonus is guaranteed.

The target short-term incentive award opportunity for each Named Executive Officer is expressed as a percentage of his base salary that is paid during the applicable performance period. The short-term incentive program is structured so that as a Named Executive Officer's responsibility at Qorvo increases, his target short-term incentive award opportunity as a percentage of his base salary will also increase. In March 2020, the Committee set the fiscal 2021 target short-term incentive award opportunity for Mr. Bruggeworth at 150% of his base salary and for each of our other Named Executive Officers at 90% of their respective base salary, which represented no change to the level of award opportunity for each of our Named Executive Officers compared to the prior year. The short-term incentive award opportunities reflect the Committee's view that Mr. Bruggeworth, as our CEO, bears overall management responsibility for Qorvo, while our other Named Executive Officers have more narrow responsibilities tied to a particular business unit or function.

## Executive Compensation

For fiscal 2021, the short-term incentive award opportunities were based on two separate six-month performance periods. The metrics used to measure performance were revenue and non-GAAP operating income. For purposes of the short-term incentive awards, “non-GAAP operating income” was calculated excluding stock-based compensation expense, amortization of intangible assets, restructuring costs, acquisition and integration related costs, start-up costs, and certain non-cash expenses. The revenue and non-GAAP operating income metrics each had a pre-established threshold, target and maximum level, and each constituted 50% of the total short-term incentive award opportunity during each six-month performance period. For the first six months of fiscal 2021, the target levels for revenue and non-GAAP operating income were approximately 100% of the corresponding amounts in our annual operating plan as approved by the Board. Each Named Executive Officer had the opportunity to earn a short-term incentive award in an amount between 15% and 200% of the executive officer’s target short-term incentive award opportunity depending on our actual level of revenue and non-GAAP operating income during the performance period. No minimum bonus was guaranteed. In addition, the fiscal 2021 short-term incentive awards are subject also to the fiscal year award limitation of \$5,000,000 per participant applicable under the Short-Term Incentive Plan.

The short-term incentive award earned for each metric was determined on a linear basis for performance between the threshold and maximum levels for such metric. As a result of our performance in the first six months of fiscal 2021, our Named Executive Officers earned short-term incentive awards equal to 167.3% of their target short-term incentive award opportunity for this semi-annual performance period. The following table sets forth the short-term incentive metrics and the actual results achieved for the first six-month performance period:

### First Half of Fiscal 2021 Short-Term Incentive Components, Performance Range and Results Achieved

Performance Metric	Threshold	Target	Maximum	Achieved Results	Short-Term Incentive Percentage Achieved	Weighting	Payout % Factor
Revenue	\$1,412.7M	\$1,662.0M	\$1,911.3M	\$1,847.7M	174.5%	50%	87.3%
Non-GAAP Operating Income	\$ 316.0M	\$ 451.4M	\$ 586.8M	\$ 533.1M	160.0%	50%	80.0%
							<b>167.3%</b>

We used a similar methodology to set our short-term incentive award targets for the second half of fiscal 2021 based on our forecast prepared in October 2020 for the same period, as approved by the Board. For the second six months of fiscal 2021, the target level for revenue and non-GAAP operating income was approximately 100% of the corresponding amount in our forecast. Based on our performance in the second six months of fiscal 2021, our Named Executive Officers earned short-term incentive awards equal to 152.1% of their target short-term incentive award opportunity for this semi-annual performance period. The following table sets forth the short-term incentive metrics and the actual results achieved for the second six-month performance period:

### Second Half of Fiscal 2021 Short-Term Incentive Components, Performance Range and Results Achieved

Performance Metric	Threshold	Target	Maximum	Achieved Results	Short-Term Incentive Percentage Achieved	Weighting	Payout % Factor
Revenue	\$1,683.5M	\$1,980.6M	\$2,277.7M	\$2,167.6M	162.9%	50%	81.5%
Non-GAAP Operating Income	\$ 473.0M	\$ 675.7M	\$ 878.4M	\$ 756.8M	141.2%	50%	70.6%
							<b>152.1%</b>

As our performance in fiscal 2021 demonstrates, our short-term incentive compensation targets are intended to reward performance measured against our Board-approved operating plan and forecast for the second half of the fiscal year. For fiscal 2021, the total annual compensation (base salary plus short-term incentive awards at target) was generally aligned with the market practices among companies in our compensation peer group, with the potential to earn up to 200% of the total short-term incentive target for strong performance.

Shortly before the end of fiscal 2021, the Committee determined to make no changes to the target short-term incentive award opportunities for the Named Executive Officers established for fiscal 2021 other than to increase Mr. Bruggeworth's opportunity from 150% to 160% of base salary after consideration of competitive market data. In addition, for fiscal 2022, the Committee has determined to follow the same general approach for measuring short-term incentive award opportunities based on two separate six-month performance periods, again using revenue and non-GAAP operating income as the metrics for the first six-month period. Each metric has a pre-established threshold, target and maximum level, and will constitute 50% of the total short-term incentive award opportunity. The Committee continues to believe that revenue and non-GAAP operating income are the two key metrics that will drive stockholder value creation in fiscal 2022. Each Named Executive Officer has the opportunity to earn a short-term incentive award in an amount between 15% and 200% of such executive officer's fiscal 2022 target short-term incentive award opportunity expressed as a percentage of such executive officer's base salary during the first six-month period, depending on our actual level of revenue and non-GAAP operating income. The short-term incentive award earned for each metric will be determined on a linear basis for performance between threshold and maximum levels for such metric. In addition, the fiscal 2022 short-term incentive awards are subject also to the fiscal year award limitation of \$5,000,000 per participant applicable under the Short-Term Incentive Plan.

The Committee expects to select the performance metrics and establish the related performance levels for the second portion of the short-term incentive program for fiscal 2022, which is expected to be based on performance during the third and fourth quarters of fiscal 2022, during the third quarter of fiscal 2022. The fiscal 2022 threshold, target and maximum levels of revenue and non-GAAP operating income for the first half of fiscal 2022 were derived from our internal annual operating plan, as approved by the Board, which is not disclosed publicly for competitive reasons. These performance levels constitute confidential commercial and strategic financial information, and we believe that prospective disclosure of these performance levels would result in competitive harm to the Company. The Committee believes that the target levels of performance are challenging and reflect desired above-market performance, and thus typically would not be achieved all the time. At the time the performance goals were established, the Committee also believed that performance at a level above the target level would be difficult, but not impossible, to achieve. The Committee recognizes that the likelihood of achievement in any given performance period may vary from prior performance periods and believes that the payout should be appropriate for the performance.

#### *Performance-Based Restricted Stock Unit Awards*

For fiscal 2021, the Named Executive Officers received a performance-based RSU award opportunity to be earned based on our achievement of certain pre-established Company performance objectives. No minimum level of equity award was guaranteed. These Objectives-based RSUs are designed to ensure that approximately 60% of the total target value of each Named Executive Officer's annual long-term equity-based incentive opportunity is linked to project milestones or key initiatives that the Committee believed had a strong potential to impact long-term stockholder value creation.

The Objectives-based RSUs granted in fiscal 2021 were eligible to be earned based on our actual performance as measured against eleven performance objectives approved by the Committee. The number of RSUs earned is determined by the objectives met and the specific payout percentage that was assigned to each of those objectives. Depending on the number of objectives met, each Named Executive Officer could have earned up to 150% of the target number of Objectives-based RSUs. We believe the Objectives-based RSUs advance our achievement of long-term financial and operational goals and help ensure our continued performance as an industry leader. These goals were Company-based, and the performance achieved applied to the executive management team as a group; none of the objectives were individually-based. The following table describes the performance objectives for fiscal 2021, along with the rationale, weighting, performance assessment and payout for each:

<b>Performance Objective(1)</b>	<b>Rationale for Selection of Objective</b>	<b>Weighting(2)</b>	<b>Performance Assessment(3)</b>	<b>Percent Payout</b>
Secure specific Mobile Product design wins	Increase revenue, expand margins, address customer requirements and develop key technologies	35%	Complete	35%
Qualify new semiconductor product technology	Improve product performance and address customer requirements	15%	Complete	15%
Develop key IT related processes and tools	Improve operations efficiency	10%	Complete	10%

## Executive Compensation

Performance Objective(1)	Rationale for Selection of Objective	Weighting(2)	Performance Assessment(3)	Percent Payout
Implement new design-related process to improve efficiency and reduce errors	Improve design processes and R&D efficiency	10%	Complete	10%
Automate certain business activities	Reduce transactional costs	10%	Complete	10%
Implement die level traceability	Improve manufacturing operations, including quality and yield	10%	Complete	10%
Qualify certain product technology	Improve performance and supply	10%	Complete	10%
Implement new product technology for select applications	Improve competitiveness	15%	Complete	15%
Complete development and qualify new technology	Increase revenue, expand margins, address customer requirements and develop key technology	15%	Partial	12.5%
Achieve measurable reductions in Qorvo's environmental footprint	Lessen operational impact on environment and improve external reporting to customers and stockholders	10%	Complete	10%
Implement new costing tools	Enhance visibility of costs and improve reporting	10%	Complete	10%
<b>Total:</b>		<b>150%</b>		<b>147.5%</b>

(1) Eight of the objectives contained between two and five related sub-objectives that carried separate weightings and could be separately met.

(2) Weightings are assigned based on the perceived strategic importance of each objective.

(3) The performance period was our fiscal year ended April 3, 2021, except for one objective that had a performance period that ended on May 1, 2021 and two sub-objectives that had performance periods that end on September 30, 2021. However, the Committee assessed and determined the Company's actual performance with respect to all of the objectives in May 2021, including the two sub-objectives with the performance periods that end on September 30, 2021.

Based on our actual performance against the pre-established performance objectives, each Named Executive Officer earned 147.5% of his target number of Objectives-based RSUs, as shown in the following table:

Name	Target Number of Objectives-Based RSUs	Maximum Number of Objectives-Based RSUs	Actual Number of Objectives-Based RSUs Earned*
Robert A. Bruggeworth	40,230	60,345	59,341
Mark J. Murphy	11,920	17,880	17,584
Steven E. Creviston	11,920	17,880	17,584
James L. Klein	9,536	14,304	14,066
Paul J. Fego	9,536	14,304	14,066

- \* Due to rounding, the actual number of RSUs earned may vary slightly from the calculated payout of 147.5% multiplied by the target number of RSUs.

The number of RSUs earned by our Named Executive Officers listed above will vest over a specified period, with 50% having vested upon certification of the level of achievement of the awards and the remaining 50% vesting in equal annual installments over each of the following two years.

We believe that the level of performance required to satisfy the objectives and reach the target award level should not be easily achievable. When the Committee established the performance objectives for fiscal 2021, it assigned an expected degree of difficulty of achieving each objective or sub-objective, as applicable, as either “low,” “medium” or “high.” Three of the objectives were rated with high difficulty to accomplish within the performance period, and four of the objectives was rated with medium difficulty. Two of the objectives were rated with low difficulty, while the two remaining objectives included three sub-objectives rated with high difficulty and two sub-objectives rated with medium difficulty. The Committee believes that earning any awards equal to or greater than the target level of 100% should be difficult, but still possible, to achieve. We recognize, however, that the likelihood of achievement of any level of award in any given performance period may vary from prior performance periods and believe that the amount of the award should be appropriate for the performance. No minimum level of award is guaranteed. In addition, the Committee believes it is inherently difficult to predict whether these performance objectives will be met. The Committee believes that one of the most important benefits to Qorvo from the use of the Objectives-based RSUs is the focused emphasis by all participating employees on attaining the objectives as a team, including a monthly management review of the status of each objective by responsible employees.

In May 2021, we granted Objectives-based RSUs for fiscal 2022 to our executive officers, including our Named Executive Officers. We generally used the same criteria we used in fiscal 2021 in setting these awards.

Each award will be earned by each Named Executive Officer to the extent the Company achieves at least one, and up to ten, pre-established performance objectives selected by the Committee. Named Executive Officers may earn up to 150% of the target number of Objectives-based RSUs if all ten Company performance objectives are met in full. Seven of the performance objectives have between two and seven sub-objectives that can be separately met. The fiscal 2022 objectives relate to securing specific design wins; making specific R&D-related improvements; implementing operational improvements; developing, expanding or qualifying specific product and process technologies; implementing specific manufacturing-related improvements; updating the Company’s governance framework and related monitoring and disclosure to support the Company’s ESG program; and developing and expanding the business application of advanced analytics.

#### *Service-Based Restricted Stock Unit Awards*

For fiscal 2021, the Committee granted Service-based RSUs to our executive officers, including our Named Executive Officers. The amount of each award was determined by the Committee in August 2020 following our annual meeting of stockholders upon consideration of (a) peer group data, (b) each executive officer’s base salary, short-term incentive award opportunities and performance-based RSU opportunities, (c) overall responsibilities and anticipated performance required for the upcoming fiscal year, and (d) past accomplishments and performance. Consistent with the Committee’s philosophy of promoting performance-based compensation, Service-based RSUs generally approximate 40% of the total target value of all annual long-term equity-based incentive opportunities. The RSUs generally are expected to vest over a four-year period, with 25% vesting on each anniversary of the grant date. The following table sets forth the number of Service-based RSUs granted to each Named Executive Officer, with additional detail regarding the awards set forth in the “2021 Grants of Plan-Based Awards Table.”

Name	Service-Based RSUs
Robert A. Bruggeworth	20,571
Mark J. Murphy	6,095
Steven E. Creviston	6,095
James L. Klein	4,876
Paul J. Fego	4,876

In fiscal 2022, we again expect to grant Service-based RSUs to certain members of the executive management team, including our Named Executive Officers, following the annual meeting of stockholders. We expect to continue to use the same criteria we used in fiscal 2021 in setting these awards.

## Executive Compensation

---

### *Other Employee Benefits*

Our executive officers are eligible to participate in the same employee benefit plans generally available to all our employees, including health insurance, group life and disability insurance, 401(k) and employee stock purchase plans. We also maintain a non-qualified deferred compensation plan under which eligible employees, including our Named Executive Officers, may elect to defer the receipt of a portion of their base salary and some of their short-term incentive compensation, to the extent paid in cash. We do not provide any matching contributions under our deferred compensation plan, nor do we guarantee any minimum rate of return.

### *Perquisites*

Our executive officers do not receive any perquisites or other personal benefits. We believe that perquisites are viewed by some of our stockholders and employees as being discriminatory in nature and, as such, we have taken the position that these highly visible (and sometimes controversial) benefits are not necessary to implement our current compensation philosophy and structure.

### *Tax Considerations*

Under Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code, compensation paid to each of the Company's "covered employees" that exceeds \$1 million per taxable year is generally non-deductible unless the compensation qualifies for certain grandfathered exceptions (including the "performance-based compensation" exception) for certain compensation payable pursuant to a written binding contract in effect on November 2, 2017 and not materially modified on or after such date.

Although the Committee will continue to consider tax implications as one factor in determining executive compensation, the Committee believes that it needs to continue to consider all relevant factors that attract, retain and reward talent. Therefore, the Committee will continue to maintain the flexibility to award compensation that may not be tax deductible.

### *Employment Agreement and Offer Letter Agreement*

In connection with the Business Combination, Qorvo assumed the employment agreement previously entered into between RFMD and our CEO, Mr. Bruggeworth, as required by the terms of that agreement. The Committee believes the employment agreement helps ensure that Mr. Bruggeworth will devote a significant portion of his time on long-term strategic initiatives that are in our best interests, including those that may not be in his personal best interests. Mr. Klein is a party to an employment offer letter agreement with TriQuint pursuant to which he will receive benefits in the event of the termination of his employment by the Company without cause or by Mr. Klein for good reason other than in connection with a change in control of the Company. Qorvo assumed this offer letter agreement in connection with the Business Combination. The terms of Mr. Bruggeworth's employment agreement and Mr. Klein's offer letter agreement are described in more detail below in the section entitled "Potential Payments upon Termination or Change-in-Control."

## **Change in Control Agreements**

We have entered into change-in-control agreements with each of our Named Executive Officers and certain other members of our executive management team. We entered into these arrangements to acknowledge the respective employee's importance to us and our stockholders and to attempt to avoid the distraction and loss of key management personnel that may occur in connection with rumored or actual fundamental corporate organizational changes. As more fully described in the section entitled "Potential Payments Upon Termination or Change-in-Control" below, these agreements entitle each of our Named Executive Officers to payments and benefits only if his employment is terminated without "cause," or by him for "good reason," within the two-year period following the change in control (which will include the 90 days prior to the date of the change in control in the case of a termination without cause). The Committee believes that this "double-trigger" structure provides an appropriate balance between the corporate objectives described above and the potential compensation payable upon a qualifying termination following a change of control.

## **Conclusion**

We believe our executive compensation program provides a balanced and stable foundation for rewarding our Named Executive Officers for achieving Qorvo's corporate objectives. Based on our financial performance in fiscal 2021, the Named Executive Officers received short-term incentive awards at 167.3% of their fiscal 2021 target percentage of base salary paid in the first six months of fiscal 2021 and 152.1% of their fiscal 2021 target percentage of base salary paid in the second six months of fiscal 2021. These earned incentive awards reflect operating performance by the Company above the threshold performance level required for an award, with both six-month periods of fiscal 2021 demonstrating strong performance that exceeded the target levels approved by the Committee. The Committee believes the award levels match the Company's performance against its annual

operating plan and forecast in fiscal 2021. In addition, as a result of the achievement of ten of the eleven objectives in full and partial achievement of the remaining objective, our executive officers, including our Named Executive Officers, earned their Objectives-based RSUs at 147.5% of target. The Committee believes that accomplishment of these objectives will position the Company for improved operating performance in fiscal 2022 and beyond.

Our executive compensation philosophy emphasizes team effort, which we believe fosters rapid adjustment and adaptation to fast-changing market conditions. We believe that our combination of short-term incentive awards and long-term performance- and service-based RSUs helps us achieve our long-term goals and will continue to align the interests of our executive officers, including our Named Executive Officers, with those of Qorvo and our stockholders during fiscal 2022 and beyond.

- (1) Represents the aggregate grant date fair value of performance-based and service-based restricted stock units granted during the fiscal years shown calculated in accordance with Financial Accounting Standards Board, or FASB, Accounting Standards Codification Topic 718, Compensation-Stock Compensation, or ASC Topic 718, rather than an amount paid to or realized by the Named Executive Officer, disregarding the estimate of forfeitures related to performance-based and service-based, as applicable, vesting conditions. The aggregate grant date fair value is the amount we expect to expense in our financial statements over the award's vesting schedule. See "Stock-Based Compensation" in Note 15 of the Notes to the Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended April 3, 2021 (the "10-K") for the assumptions used to calculate grant date fair value. - (1) Equity awards granted to the Named Executive Officers were made pursuant to our 2012 Plan. See “Equity Compensation Plans – 2012 Stock Incentive Plan – Qorvo, Inc.,” below for more information. The grant date above is determined in accordance with ASC Topic 718.
- (2) Each Named Executive Officer participates in our Short-Term Incentive Plan. The short-term incentive award earned by each Named Executive Officer is shown in the Summary Compensation Table under the column captioned “Non-Equity Incentive Plan Compensation.” Short-term incentive awards are earned based on attainment of Company operating performance goals based on two six-month performance periods. The short-term incentive opportunities available under the Short-Term Incentive Plan are described in greater detail under “Compensation Discussion and Analysis – Elements of Compensation – Short-term Incentive Opportunities.”
- (3) These amounts do not reflect compensation actually received by the Named Executive Officer. Amounts presented represent the aggregate grant date fair value calculated in accordance with ASC Topic 718 of our common stock awards granted during the fiscal year. See “Stock-Based Compensation” in Note 15 of the Notes to the Consolidated Financial Statements set forth in the 10-K for the assumptions used to calculate the grant date fair value of the awards. The actual amount of the stock award ultimately realized upon vesting may differ from the aggregate grant date fair value.
- (4) Information in these rows reflect the Objectives-based RSU awards granted under our 2012 Plan. The June 2020 grant does not reflect an additional Objectives-based RSU award grant, but instead represents the incremental fair value resulting from the Compensation Committee’s June 2020 approval of the modification of one of the performance goals to provide clarity with respect to such goal. Objectives-based RSUs are earned, if at all, at the end of a specified performance period based on achievement of pre-established performance goals, with 50% vesting at the end of the performance period and the remaining 50% vesting in equal installments over each of the following two years. In the event of termination of employment other than for cause, these performance-based RSU awards granted to a Named Executive Officer will continue to be capable of being earned and vest over the original vesting term as if the Named Executive Officer had remained an employee of Qorvo subject to the Named Executive Officer’s compliance with certain restrictive covenants and other conditions. For a detailed discussion of the performance-based RSU awards, see

“Compensation Discussion and Analysis – Elements of Compensation – Performance-Based Restricted Stock Unit Awards,” above.

- (5) These service-based RSU awards were granted under our 2012 Plan and vest in increments of 25% per year over a period of four years. In the event of termination of employment other than for cause, the service-based RSU awards granted to a Named Executive Officer generally will continue to vest over the original vesting term as if the Named Executive Officer had remained an employee of Qorvo subject to the Named Executive Officer’s compliance with certain restrictive covenants and other conditions. For a detailed discussion of the service-based RSU awards, see “Compensation Discussion and Analysis – Elements of Compensation – Service-Based Restricted Stock Unit Awards.”

### Equity Compensation Plans

The discussion that follows describes the material terms of our principal equity compensation plans in which the Named Executive Officers participate. The material terms of the employment agreement entered into by RFMD and Mr. Bruggeworth and assumed by Qorvo in connection with the Business Combination and the offer letter agreement entered into by TriQuint and Mr. Klein and assumed by Qorvo in connection with the Business Combination, and the change in control arrangements applicable to our Named Executive Officers are described under “Potential Payments Upon Termination or Change-in-Control” below.

#### *2012 Stock Incentive Plan – Qorvo, Inc.*

The Company currently grants equity awards to eligible employees, directors and independent contractors under the 2012 Stock Incentive Plan (the “2012 Plan”), which was approved by RFMD’s shareholders on August 16, 2012 and assumed by the Company in connection with the Business Combination. Under the 2012 Plan, the Company is permitted to grant stock options and other types of equity incentive awards, such as stock appreciation rights, restricted stock awards, performance shares and performance units. The maximum number of shares issuable under the 2012 Plan may not exceed the sum of (a) 4.3 million shares, plus (b) any shares of common stock (i) remaining available for issuance as of the effective date of the 2012 Plan under the Company’s prior plans and (ii) subject to an award granted under a prior plan, which awards are forfeited, canceled, terminated, expire or lapse for any reason. As of April 3, 2021, approximately 2.7 million shares were available for issuance under the 2012 Plan.

#### *2013 Incentive Plan – Qorvo, Inc.*

Effective upon the closing of the Business Combination, the Company assumed the TriQuint Semiconductor, Inc. 2013 Incentive Plan (the “2013 Incentive Plan”), originally adopted by TriQuint, allowing Qorvo to issue awards under this plan. The 2013 Incentive Plan provides for the grant of stock options, restricted stock units, stock appreciation rights and other stock or cash awards to employees, officers, directors, consultants, agents, advisors and independent contractors of TriQuint and its subsidiaries and affiliates who were such prior to the Business Combination or who become employed by the Company or its affiliates after the closing of the Business Combination. Former employees, officers and directors of RFMD are not eligible for awards under the 2013 Incentive Plan. The options granted thereunder must have an exercise price per share no less than 100% of the fair market value per share on the date of grant. The terms of each grant under the 2013 Incentive Plan may not exceed ten years. As of April 3, 2021, approximately 0.9 million shares were available for issuance under the 2013 Incentive Plan.

#### *Employee Stock Purchase Plan – Qorvo, Inc.*

Effective upon closing of the Business Combination, the Company assumed the TriQuint Employee Stock Purchase Plan (“ESPP”), which is intended to qualify as an “employee stock purchase plan” under Section 423 of the Code. All regular full-time employees of the Company (including officers) and all other employees who meet the eligibility requirements of the plan may participate in the ESPP. The ESPP provides eligible employees an opportunity to acquire the Company’s common stock at 85% of the lower of the closing price per share of the Company’s common stock on the first or last day of each six-month purchase period. As of April 3, 2021, approximately 3.3 million shares were available for future issuance under this plan. The Company makes no cash contributions to the ESPP, but bears the expenses of its administration.

For a discussion of the fiscal 2021 grants of performance-based RSU awards, which are capable of being earned based on objective performance goals, see “Compensation Discussion and Analysis – Elements of Compensation – Performance-Based Restricted Stock Unit Awards.” For a discussion of the methodology with respect to the grants of service-based RSU awards, see “Compensation Discussion and Analysis – Elements of Compensation – Service-Based Restricted Stock Unit Awards.” For a discussion of our Named Executive Officers’ equity award compensation in proportion to their total compensation, see “Compensation Discussion and Analysis – Executive Compensation Program – Fiscal 2021 Executive Compensation Program Design.”

(1) The grant date is determined in accordance with ASC Topic 718.

(2) The option price is equal to the closing price of our common stock as reported by Nasdaq on the grant date.

(3) The option expires seven years after the grant date.

(4) Based upon \$192.90 per share, which was the closing price of our common stock as reported by Nasdaq on April 1, 2021, the last trading day of fiscal 2021, multiplied by the number of shares subject to restricted stock unit awards that had not yet vested.

## Executive Compensation

- (5) Performance-based restricted stock unit awards, if earned, generally vest over a period of three years. Performance-based restricted stock unit awards with performance objectives not yet certified by the Compensation Committee as of April 3, 2021 are shown at target. Service-based restricted stock unit awards generally vest over a period of four years, except for Mr. Murphy's award granted on July 5, 2016, which vests over five years.
- (6) The option vested in four quarterly installments commencing the ninth quarter after the grant date. It expired April 7, 2021 unexercised.

### 2021 Option Exercises and Stock Vested Table

The table below shows the number of shares of our common stock acquired by the Named Executive Officers during fiscal year 2021 upon the exercise of stock options and the vesting of restricted stock unit awards.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)	Number of Shares Acquired on Vesting (#) (1)	Value Realized on Vesting (\$) (2)

Paul J. Fego	–	–	15,473	1,836,219

- (1) Share amounts are represented on a pre-tax basis. Our stock plans permit withholding of shares upon vesting to satisfy applicable withholding taxes.
- (2) Values represent the market value of our common stock on the vesting date multiplied by the number of shares vested, rounded to the nearest dollar.

### 2021 Nonqualified Deferred Compensation Table

The following table provides information relating to nonqualified deferred compensation of the Named Executive Officers for the fiscal year ended April 3, 2021. Mr. Fego is the only Named Executive Officer who has elected to participate in our nonqualified deferred compensation plan.

Name	Executive Contributions in Last Fiscal Year (\$)	Registrant Contributions in Last Fiscal Year (\$)	Aggregate Earnings in Last Fiscal Year (\$) (1)	Aggregate Withdrawals/Distributions (\$)	Aggregate Balance at Last Fiscal Year End (\$) (2)
Paul J. Fego	–	–	\$34.21	\$17,322.86	\$29,876.92

- (1) Amounts in this column are not reported as compensation for fiscal year 2021 in the Summary Compensation Table since they do not reflect above-market or preferential earnings. Deferrals may be allocated among investment options that generally mirror the investment options available under Qorvo's 401(k) plan. Of the available investment options, the one-year rate of return for the 12-month period ended March 31, 2021 ranged from 0.07% to 102.13%.
- (2) This column reflects the aggregate of non-equity incentive awards deferred by Mr. Fego since 2019 and the investment earnings thereon. Amounts deferred by Mr. Fego have been reported in the Summary Compensation Table in the year earned to the extent Mr. Fego was a named executive officer for purposes of proxy statement disclosure.

Under our nonqualified deferred compensation plan, which we adopted in January 2015 and has subsequently been amended, the Named Executive Officers may defer a portion of their cash compensation up to a maximum of 50% of base salary and 85% of bonuses payable pursuant to the short-term incentive plan and commissions payable pursuant to the sales incentive

plan. All amounts deferred under the plan will be credited to the respective Named Executive Officer's accounts under the plan and treated as though invested in eligible investment options selected by the officer from among the options available under the plan. The available investment options are selected by Qorvo's retirement plan committee. Each officer's account will be adjusted for notional investment returns based on the performance of the investment funds selected by the officer.

Each participant must elect, at the time the participant files his or her deferral election for any plan year, to have compensation deferrals for that plan year paid or commence to be paid: following the participant's separation from service, death or disability; following a change in control of Qorvo; or on a specified date that occurs earlier. In addition, each participant must elect from the following forms of payment: lump sum cash payment; 20 quarterly installments; 40 quarterly installments; or 60 quarterly installments. A participant can also withdraw amounts from his or her account if the participant experiences an unforeseeable emergency. A participant may change his or her elections as to the time and form of payment, provided the participant does so at least 12 months before payment would have been made or would have commenced to be made and the change results in the payment (or commencement of payment) being delayed for at least five years after the scheduled date, and meets certain other requirements established by Code Section 409A. If a participant who is a "specified employee," as defined in Code Section 409A, at the time of his or her separation from service has elected to have any portion of his or her account paid or commence to be paid upon his or her separation from service, then such payments will be delayed until six months after the participant's separation from service. If a participant dies prior to the complete distribution of his or her account, any remaining amounts will be distributed to the participant's beneficiary in accordance with the payment elections made by the participant.

### Potential Payments upon Termination or Change-In-Control

As described above under "Executive Compensation – Compensation Discussion and Analysis – Elements of Compensation – Employment Agreement and Offer Letter Agreement," Mr. Bruggeworth has an employment agreement with Qorvo and Mr. Klein has an employment offer letter agreement that he entered into when he first joined TriQuint (and which has been subsequently assumed by Qorvo). The employment agreement, the offer letter agreement and the change in control agreements between the Named Executive Officers and Qorvo are discussed below under the heading "Individual Agreements."

The information below describes and quantifies certain compensation that would become payable under existing plans and arrangements if our Named Executive Officers' employment had terminated on April 3, 2021 and the price per share of our common stock on the date of termination was \$192.90, which was the closing price of our common stock on April 1, 2021 (the last trading day of fiscal 2021). These benefits are in addition to benefits available generally to employees, such as distributions under our 401(k) plan and deferred compensation plan, disability benefits and accrued vacation pay.

Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be different. Factors that could affect these amounts include the timing during the year of any such event and our stock price.

### Equity Awards

Under our equity incentive plans, the option holder generally has three months to exercise vested options after the date employment ends (other than for death or disability). The option holder or his or her estate in the case of death may exercise the option upon the holder's respective disability or death (excluding unvested amounts) for a period of one year.

Under our equity incentive plans, unvested restricted stock unit awards are generally forfeited upon termination. However, restricted stock unit awards granted to the Named Executive Officers under the 2012 Plan generally will continue to vest pursuant to the same vesting schedule in the event of termination of employment, other than death or for cause, as if such individual had remained an employee of Qorvo, subject to certain restrictive covenants, clawback provisions and other conditions.

### 401(k) Savings Plan; Deferred Compensation Plan

The Company maintains a 401(k) plan and a deferred compensation plan for U.S. employees, including each of our Named Executive Officers. We match 100% of the first 1%, and 50% of the next 5%, of each employee's eligible earnings contributed to the 401(k) plan, and employees immediately vest in our contributions. Under the deferred compensation plan, employees who are eligible to participate are provided with the opportunity to defer a specified percentage of their base salary and short-term incentive awards paid in cash, which the Company will be obligated to deliver on a future date.

### Employee Stock Purchase Plan

Upon termination of employment, all amounts in a participant's ESPP account are not used for purchases and instead are returned to the participant.

### Medical Benefits

All medical insurance benefits terminate effective at midnight on the last day of the month in which employment is terminated. Health care continuation coverage rules, commonly referred to as COBRA, require us to provide employees enrolled in our health, dental and vision plans with an opportunity to purchase continued health care coverage at their own expense upon the occurrence of a qualifying event, such as termination of employment for reasons other than gross misconduct, reduction in hours worked, divorce, death or loss of dependency status.

### Individual Agreements

*Employment Agreement with Mr. Bruggeworth.* In connection with the Business Combination, Qorvo assumed the November 12, 2008 employment agreement previously entered into between RFMD and Mr. Bruggeworth, our President and Chief Executive Officer. Pursuant to this assumed employment agreement, the term of the employment agreement continues until the earliest of (a) November 11, 2010 (as extended as described in the following sentence); (b) Mr. Bruggeworth's death; (c) termination by Qorvo for "Cause," as defined in the employment agreement or otherwise upon 30 days' notice; (d) termination by Mr. Bruggeworth for "Good Reason," as defined in the employment agreement or otherwise on 30 days' notice; or (e) the end of any 180-day Disability Period, as defined in the employment agreement. The employment agreement is subject to automatic daily extension of the two-year term until notice of non-extension is given in accordance with the terms of the employment agreement.

Under the employment agreement, Mr. Bruggeworth is entitled to a specified annual base salary, which amount is reviewed annually by the Compensation Committee and may be increased or reduced by the Compensation Committee if part of a salary reduction plan for similarly situated officers. Mr. Bruggeworth also is eligible to receive the following compensatory benefits:

- A bonus opportunity under the Short-Term Incentive Plan for each performance period during the term of the employment agreement. The target annual bonus opportunity in each performance period cannot be less than 100% of Mr. Bruggeworth's base salary.
- The opportunity to receive periodic grants of equity compensation under the Company's equity plans, in the Compensation Committee's discretion, so long as he is treated similarly to other senior executive officers.
- The right to participate in other bonus or incentive plans, paid time off and other retirement plans and welfare benefits in which other senior executive officers may participate in accordance with our policies as in effect from time to time.

If the employment agreement is terminated, Mr. Bruggeworth would be entitled to be compensated in the following manner:

- Termination for any reason: Mr. Bruggeworth would be entitled to receive (a) base salary through the date of termination; (b) any previously earned but unpaid bonus under the Short-Term Incentive Plan for a completed performance period; (c) rights under equity plans, retirement plans and welfare benefit plans, which would be determined based on respective plan terms; and (d) unpaid paid time off per our policy.
- Termination due to death or total disability: Mr. Bruggeworth, or, in the case of his death, his beneficiary, would be entitled to receive the benefits described above under "Termination for any reason" plus the greater of Mr. Bruggeworth's accrued annual bonus or accrued target bonus for the performance period in which the termination date occurs, in each case pro-rated based on the termination date.
- Termination by Qorvo without cause or by Mr. Bruggeworth with good reason: Mr. Bruggeworth would be entitled to receive the benefits described above under "Termination for any reason" plus (a) salary continuation equal to two times base salary; (b) his accrued annual bonus (payable after end of performance period), pro-rated based on the termination date; (c) a special bonus equal to two times his target annual bonus; (d) continuation coverage of health care benefits (or substantially identical individual coverage, plus special health care benefit) for two years; (e) equity awards (other than performance-based equity awards), which will be governed by terms of the respective equity plan and individual equity award agreement (including the right of the Compensation Committee to determine if post-termination vesting and/or exercise rights apply); (f) performance-based equity awards and any previously earned equity-based awards, which will be deemed earned, if at all, on a pro rata basis only if performance goals are met during the performance period, with such earned awards being deemed fully vested at grant or as of the date of termination in the case of previously earned awards; and (g) eligibility to participate in other welfare benefit plans on the same terms and conditions as available to active employees.
- Termination by Qorvo for cause or by Mr. Bruggeworth without good reason: Mr. Bruggeworth would be entitled to receive the benefits described above under "Termination for any reason."
- Change of Control: Benefits (if any) paid under Mr. Bruggeworth's existing change in control agreement would offset benefits (if any) paid under the employment agreement following Mr. Bruggeworth's termination.

The employment agreement also establishes certain employment and post-termination obligations for Mr. Bruggeworth. He is required to assist in any Qorvo litigation and also is required to comply with certain confidentiality, nondisparagement, noncompetition and nonsolicitation covenants contained in the employment agreement.

Further, the employment agreement provides that if independent accountants determine that part or all of the payments and benefits to be paid to Mr. Bruggeworth under the employment agreement and all other plans or arrangements of Qorvo (a) constitute “parachute payments” under Code Section 280G, and (b) will more likely than not cause Mr. Bruggeworth to incur an excise tax under Code Section 4999 as a result of such payments or other benefits, Qorvo will pay a gross-up payment so that the net amount Mr. Bruggeworth will receive after payment of any excise tax equals the amount that he would have received if the excise tax had not been imposed. If the excise tax would not apply if the total payments to Mr. Bruggeworth were reduced by an amount less than 5%, then the amounts payable will be so reduced and gross-up payments would not be made to Mr. Bruggeworth.

The employment agreement also contains certain forfeiture and recoupment rights. Generally, during the term of the employment agreement and the 24-month period following the expiration thereof, if Mr. Bruggeworth engages in a “Prohibited Activity,” then (a) any equity awards granted or subject to vesting during the Prohibited Activity Term would be forfeited; (b) any and all shares issued to Mr. Bruggeworth under an equity award granted during the Prohibited Activity Term would be forfeited (without payment of consideration); (c) any gain realized by Mr. Bruggeworth with respect to any shares issued pursuant to an equity award granted during the Prohibited Activity Term would be required to be immediately paid to Qorvo; (d) any cash/incentive payments made during the Prohibited Activity Term would be required to be returned to Qorvo; and (e) any rights to future cash/incentive payments granted during the Prohibited Activity Term would be forfeited. Qorvo also has an offset right to recover such amounts against amounts otherwise due to Mr. Bruggeworth. For purposes of the employment agreement, “Prohibited Activity” includes (a) violation of certain restrictive covenants; (b) Mr. Bruggeworth’s engaging in willful conduct that results in an obligation to reimburse Qorvo under Section 304 of the Sarbanes-Oxley Act of 2002; or (c) Mr. Bruggeworth’s engaging in fraud, theft, misappropriation, embezzlement or dishonesty to the material detriment of Qorvo. “Prohibited Activity Term” means the period starting when Mr. Bruggeworth first engaged in Prohibited Activity conduct and without time limitation.

*Offer Letter Agreement with Mr. Klein.* In connection with his initial employment by TriQuint, Mr. Klein entered into an employment offer letter agreement in 2011 that specified his initial salary, target bonus and equity awards. This offer letter agreement was subsequently assumed by Qorvo in connection with the Business Combination. Under this offer letter agreement, in the event of a termination of employment without cause or a resignation by Mr. Klein for good reason, Mr. Klein is entitled to a lump sum severance payment equal to one year of base salary and continuation of health and life insurance benefits for 12 months.

Pursuant to the offer letter agreement, the term “termination for cause” means a termination of employment by the Company for any of the following reasons: (a) intentional failure to perform assigned duties; (b) personal dishonesty; (c) incompetence, as measured against standards generally prevailing in the industry; (d) willful misconduct; (e) any breach of fiduciary duty involving personal profit; (f) willful violation of any domestic or international law, rule, regulation or final cease and desist order; or (g) any sexual or other harassment of others.

Pursuant to the offer letter agreement, a “resignation for good reason” is deemed to occur if Mr. Klein resigns employment within sixty (60) days of the occurrence of any of the following that occur without the officer’s written consent: (a) a loss of the title; (b) a material reduction in duties or responsibilities; (c) any reduction in base salary or any target bonus (other than a reduction comparable in percentage to a reduction affecting other officers generally); (d) any material reduction in benefits (other than a reduction affecting the Company’s personnel generally); or (e) a company-mandated relocation of Mr. Klein’s principal place of employment or current principal residence by more than 50 miles from its respective location immediately prior to the resignation.

### Change in Control Agreements

We have entered into change in control agreements with each of our Named Executive Officers. The change in control agreements will end on the earliest of: (a) the first anniversary of the effective date, subject to automatic renewal for additional one-year periods unless we give notice to the officer that we do not wish to extend it; (b) the termination of the officer’s employment with us for any reason during the period from the effective date until the date that is ninety (90) days prior to a change in control; (c) the termination of the officer’s employment with us by the officer without good reason or by us with cause; or (d) the end of a two-year period following a change in control and the fulfillment by us and the officer of all obligations under the agreement.

Under these agreements, if a change in control occurs while the officer is our employee, and a qualifying termination of his employment with us occurs within the two-year period following the change in control (which will include the ninety (90) days prior to the date of the change in control in the case of a termination by us without cause), then he or she (or his or her legal representative) is entitled to certain compensation payments and benefits provided he or she has executed a general release of claims. A “qualifying termination” means: (a) our termination of the officer’s employment for a reason other than death, disability or cause; (b) the officer’s termination of his or her employment for good reason; or (c) the termination of the officer’s employment due to death following delivery of a notice of good reason by the officer, which condition constituting good reason remains uncured by us.

## Executive Compensation

A “change in control” is deemed to have occurred under the change in control agreements on the earliest of the following dates: (a) the acquisition by a person or entity of voting control over more than forty percent (40%) of the total voting power of our then outstanding voting stock; (b) a merger, consolidation or reorganization of us, in which holders of our common stock immediately prior to the transaction have voting control over less than sixty percent (60%) of the voting securities of the surviving corporation immediately after the transaction; (c) the sale or disposition of all or substantially all of our assets; or (d) a change in a majority of the Board within a 12-month period unless the nomination for election by our stockholders of each new director was approved by the vote of two-thirds of the members of the Board then still in office who were in office at the beginning of the 12-month period.

The agreements provide that, upon a qualifying termination after a change in control, we will pay a severance benefit to the officer. The severance benefit is equal to the sum of: (a) one times the highest annual rate of the officer’s base salary during the 12-month period before termination (two times in the case of Messrs. Bruggeworth and Murphy) plus (b) one times the officer’s target annual bonus opportunity based on the officer’s target bonus opportunity for the period in which the termination occurs (two times in the case of Messrs. Bruggeworth and Murphy).

In addition, the agreements provide that upon a qualifying termination after a change in control, all of our stock options, stock appreciation rights or similar stock-based awards held by the officer will be accelerated and exercisable in full, and all restrictions on any restricted stock, performance stock or similar stock-based awards granted by us will be removed and such awards will be fully vested. If the officer receives any payments or benefits under the agreement or under any other arrangement with us that may separately or in the aggregate constitute “parachute payments” within the meaning of Section 280G of the Code and it is determined that any of such payments will be subject to any excise tax pursuant to applicable provisions of the Code, we will pay to the officer either: (i) the full amount of such payments; or (ii) an amount equal to such payments reduced by the minimum amount necessary to prevent any portion of such payments from being an “excess parachute payment” (within the meaning of the Code), whichever amount results in the officer’s receipt, on an after-tax basis, of the greatest amount of payments notwithstanding that all or some portion of the payments may be subject to the excise tax (that is, there is no gross up provision). The agreements also provide that if the officer elects continuation coverage through our health plan, we will reimburse the officer for the difference between the monthly COBRA premium paid by the officer and the monthly premium amount required to be paid by our active employees for the same level of coverage under our health plan for a one-year period following termination (a two-year period in the case of Messrs. Bruggeworth and Murphy). We will also provide an annual payment equal to the amount necessary to pay any taxes imposed on the officer as a result of the officer’s receipt of health care reimbursements from us.

The agreements also provide that the officer is subject to certain confidentiality, nonsolicitation and noncompetition provisions. In the event the officer fails to comply with any of these provisions, he or she will not be entitled to receive any payment or benefits under the agreement. These payments also are subject to “clawback” restrictions in the event of certain prohibited conduct. The following table sets forth information about potential payments to the Named Executive Officers, assuming that their employment was terminated following a change in control of Qorvo as of April 1, 2021 (the last trading day of fiscal 2021) and that the price per share of our common stock on that date was \$192.90. The table also assumes prior payment of any remaining accrued annual bonus in accordance with the terms of our Short-Term Incentive Plan and any portion of base salary that would have been accrued but not yet paid as of April 3, 2021.

- (1) For Messrs. Bruggeworth and Murphy, the amount represents two times the highest annual rate of base salary during the twelve-month period before termination. For the other Named Executive Officers, the amount represents one times the highest annual rate of base salary during the twelve-month period before termination. The fiscal 2022 base salary adjustments for our Named Executive Officers became effective in the two-week payroll period (March 28, 2021 – April 10, 2021) that covered the first day of fiscal 2022 (April 4, 2021); as a result, the base salary amounts shown are calculated using the fiscal 2022 base salary rates. A portion of these amounts would be payable in a lump sum within 30 days following the date of termination, with the remainder to be paid in periodic installments, in accordance with our normal payroll practices, over a two-year period for Messrs. Bruggeworth and Murphy, and over a one-year period for the other Named Executive Officers.

- (2) For Messrs. Bruggeworth and Murphy, the amount represents two times the target annual bonus opportunity as defined in our Short-Term Incentive Plan for the year of termination. - (4) Represents the value of continuing health and welfare based on the monthly premiums paid by Qorvo at April 3, 2021 (for two years with respect to Messrs. Bruggeworth and Murphy, and one year with respect to the other Named Executive Officers).
- (5) Represents accrued vacation earned but not utilized, which would be payable in a lump sum within 30 days following the date of termination. The accrued vacation amounts shown are calculated using the fiscal 2022 base salary rates.

### Other Potential Payments Upon Resignation, Termination for Cause, Termination without Cause, Retirement or Constructive Termination

Other than potential receipt of a cash payment worth up to 26 weeks of base salary under our general severance program following an involuntary termination, Messrs. Murphy, Creviston and Fego are not entitled to any cash payments from Qorvo in the event of their resignation, termination with or without cause, retirement or constructive termination without a change in control. However, their unvested restricted stock units listed below may be subject to acceleration or may continue to vest if and as provided in individual agreements.

Name	Mark J. Murphy	Steven E. Creviston	Paul J. Fego
Stock Awards (1)	\$10,044,882	\$9,395,966	\$8,011,523

- (1) Represents the intrinsic value of service-based restricted stock units for these Named Executive Officers at April 3, 2021.

In accordance with the terms of his employment agreement, Mr. Bruggeworth would have been entitled to the following payments from Qorvo upon the occurrence of any of the termination events described in the table below as of April 3, 2021. The table below assumes prior payment of any portion of base salary that would have been accrued but not yet paid as of April 3, 2021. Although Mr. Bruggeworth is also entitled to change of control benefits under his employment agreement, pursuant to the terms of his employment agreement, any benefits payable under his change in control agreement with Qorvo offset any benefits paid under his employment agreement following his termination. As of April 3, 2021, the benefits payable under his change in control agreement, as set forth in the above table, would have been equal to the change in control benefits payable under his employment agreement.

## Executive Compensation

- (1) With respect to the “Termination without Cause or for Good Reason” column, the amount shown represents two times base salary and would be payable in equal periodic installments, in accordance with the payroll schedule for our salaried personnel, over a two-year period. The base salary amount shown is calculated using the fiscal 2022 base salary rate.
- (2) Represents previously earned but unpaid bonus under our Short-Term Incentive Plan for a completed performance period, which would be payable in a lump sum within 30 days of the termination date. With respect to the “Termination Due to Death or Total Disability” column, the amount payable is the greater of the accrued annual bonus or the accrued target bonus, in each case for the performance period in which the termination date occurs, which would be payable in a lump sum within 45 days following the end of the performance period in which the termination date occurs. With respect to the “Termination without Cause or for Good Reason” column, the amount shown represents the accrued annual bonus, which would be payable within 45 days following the end of the performance period in which the termination date occurs. Under these severance scenarios, all or a portion of the accrued annual bonus may have already been paid or would nevertheless be payable without regard to the nature of Mr. Bruggeworth’s termination.
- (3) With respect to the “Termination without Cause or for Good Reason” column, the Special Bonus amount shown represents two times the target annual bonus opportunity as defined in our Short-Term Incentive Plan for the year in which the termination occurs, which would be payable in equal periodic installments, in accordance with the payroll schedule for our salaried personnel, over a two-year period. The bonus amount shown is calculated using the fiscal 2022 base salary rate. Mr. Bruggeworth is not entitled to a Special Bonus under the other severance scenarios set forth in the above table.
- (4) Represents the intrinsic value of unvested performance- and service-based restricted stock units as of April 3, 2021. With respect to the “Termination for Any Reason,” “Termination Due to Death or Total Disability,” “Termination Without Cause or For Good Reason” and “Termination Without Good Reason” columns, the amount shown: (a) reflects the value of unvested service-based restricted stock units which shall continue to vest if and as provided in an individual award agreement and (b) reflects that if and to the extent performance goals are deemed met, Mr. Bruggeworth shall be deemed to have earned a pro-rata number of performance-based restricted stock units for the relevant performance period. With respect to the “Termination for Cause” column, the amount shown: (a) reflects that Mr. Bruggeworth’s unvested service-based restricted stock units will be forfeited unless the Compensation Committee determines otherwise and (b) reflects that Mr. Bruggeworth’s unvested performance-based restricted stock units will be forfeited unless the Compensation Committee determines otherwise.
- (5) Represents the value of continuing health, welfare and other benefits through April 3, 2021, based on the monthly premiums paid by Qorvo at April 3, 2021.
- (6) Represents accrued vacation earned but not utilized, which would be payable in a lump sum within 30 days following the date of termination. The accrued vacation amount shown is calculated using the fiscal 2022 base salary rate.

As described above, in accordance with the terms of his offer letter agreement, Mr. Klein is entitled to a lump sum severance payment equal to one year of base salary and continuation of health and life insurance benefits for 12 months in the event of a termination of his employment without cause or a resignation by him for good reason. The table below shows the termination benefits that Mr. Klein would have been entitled to receive from Qorvo upon the occurrence of the termination events described as of April 3, 2021. The table below assumes prior payment of any portion of base salary that would have been accrued but not yet paid as of April 3, 2021.

James L. Klein		Termination for Any Reason	Termination without Cause or for Good Reason	Termination for Cause
Base Salary	(1)	\$ –	\$ 494,014	\$ –
Stock Awards	(2)	7,192,084	7,192,084	–
Benefits Continuation	(3)	–	22,081	–
Accrued Vacation	(4)	21,910	21,910	21,910
<b>Total</b>		<b>\$ 7,213,994</b>	<b>\$ 7,730,089</b>	<b>\$ 21,910</b>

- (1) Represents one year of base salary payable in a lump sum pursuant to the terms of Mr. Klein's employment offer letter agreement. The base salary amount shown is calculated using the fiscal 2022 base salary rate.
- (2) Represents the intrinsic value of unvested service-based restricted stock units as of April 3, 2021 that may be subject to acceleration or may continue to vest if and as provided in individual agreements.
- (3) Represents the value of continuing health and life insurance benefits for 12 months, based on the monthly premiums paid by Qorvo at April 3, 2021.
- (4) Represents accrued vacation earned but not utilized, which would be payable in a lump sum within 30 days following the date of termination. The accrued vacation shown is calculated using the fiscal 2022 base salary rate.

## CEO Pay Ratio Disclosure

As required by Item 402(u) of Regulation S-K, we are providing the ratio of the annual total compensation of our CEO to the annual total compensation of our median employee. This ratio is a reasonable estimate calculated in a manner consistent with SEC rules. Because SEC rules for identifying the median employee allow companies to adopt a variety of methodologies, apply certain exclusions, and make reasonable estimates and assumptions that reflect their compensation practices, the pay ratio reported by other companies may not be comparable to the pay ratio reported below, as other companies have different employment and compensation practices, and may use different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

For purposes of identifying our median employee, we considered the individuals, excluding our CEO, who were employed by us and our consolidated subsidiaries on January 31, 2021, whether employed on a full-time, part-time, seasonal or temporary basis. We determined that, as of January 31, 2021, our global employee population consisted of 8,849 employees, with 4,538 located in the U.S. and 4,311 located outside the United States. In an effort to provide more information regarding the composition of our workforce, we will post on our corporate website our 2021 Consolidated EEO-1 report after submission of such report to the U.S. Equal Employment Opportunity Commission. We changed from using the last day of our most recent fiscal year as the determination date to a January 31 determination date for reasons of administrative efficiency. For purposes of applying the de minimis exemption under Item 402(u) of Regulation S-K, in identifying our median employee, we excluded 109 employees in the following jurisdictions (employees excluded in parentheses): Denmark (25), Finland (3), France (26), India (2), Ireland (51), Israel (1) and Sweden (1), which represent in the aggregate 1.2% of our global employee population. SEC rules also allow us to omit the employees of a newly-acquired entity from our pay ratio calculation for the fiscal year in which the acquisition becomes effective. As a result, when calculating our pay ratio, we excluded 31 employees acquired in connection with our acquisition of 7Hugs Labs S.A.S. in October 2020.

We used total cash compensation, consisting of base pay, annual incentive compensation and Company contributions to retirement plans for the 12-month period from February 1, 2020 through January 31, 2021, as our consistently applied compensation measure, and annualized compensation for all permanent employees who did not work for the entire measurement period. For employees paid other than in U.S. dollars, we converted their compensation to U.S. dollars using the applicable exchange rates in effect on January 31, 2021, and we did not make any cost-of-living adjustment.

Using the methodology described above, we identified our median employee from our 8,709 employees (excluding the non-U.S. employees under the de minimis exemption, the employees of the company acquired in fiscal 2021 and our CEO). We then calculated this individual's annual total compensation for fiscal 2021, which was \$55,522, in accordance with the same requirements for calculation of the annual total compensation of our Named Executive Officers for the Summary Compensation Table. With respect to the annual total compensation of our CEO, we used the amount reported for our CEO in the "Total" column for fiscal 2021 in the Summary Compensation Table, which was \$9,778,617.

Based on this information, for fiscal 2021, our CEO's annual total compensation was 176 times that of the annual total compensation of our median employee.

Our compensation philosophy is to pay our workforce competitively and equitably. We offer competitive pay packages across all geographies based on industry-specific compensation information in the local market, job responsibilities, and individual performance. In general, our compensation programs are applied consistently across the workforce, with a higher percentage of at-risk pay provided to our executives. We believe both our CEO and our employee compensation packages are appropriately structured to attract and retain the talent needed to deliver on our business plan and to drive long-term stockholder value.

## Director Compensation

### Director Compensation Philosophy

Directors who are full-time employees of Qorvo, such as Mr. Bruggeworth, receive no additional compensation for services as a director. Our philosophy is to provide competitive compensation necessary to attract and retain high-quality non-employee directors. The Board believes that a substantial portion of our non-employee directors' compensation should consist of equity-based compensation to assist in aligning directors' interests with the interests of our stockholders. The Compensation Committee periodically reviews our director compensation program and makes recommendations to the Board for changes to our program.

As described more fully below, the following table summarizes the annual compensation paid to our non-employee directors for the year ended April 3, 2021. Ms. Bruner did not serve as a director during the fiscal year ended April 3, 2021. Following a review by the Compensation Committee, no changes were made to our director compensation program for the year ended April 3, 2021.

(1) Mr. Quinsey declined to receive the additional \$20,000 to which he was entitled as the Lead Director for fiscal 2021.

### Equity Compensation

In fiscal 2021, each participating non-employee director who was re-elected received an annual restricted stock unit award, which we refer to as the annual RSU, pursuant to the 2012 Plan, with a value of \$200,025. These annual RSUs vest on the earlier of (a) the first anniversary of the grant date or (b) the day before the Company's first annual meeting of stockholders occurring after the grant date, in each case subject to continued service as of such date. See "Equity Compensation Plans – 2012 Stock Incentive Plan – Qorvo, Inc.," above for more information.

Non-employee directors are also eligible to receive discretionary stock-based awards, which may be granted under the 2012 Plan. See "Equity Compensation Plans – 2012 Stock Incentive Plan – Qorvo, Inc.," above. No discretionary equity awards were granted to non-employee directors in fiscal 2021.

### Other Compensation

We reimburse all non-employee directors for expenses incurred in their capacity as non-employee directors. Directors may defer all or a portion of their cash retainers by participating in our nonqualified deferred compensation plan. Commencing with stock awards first made after July 1, 2017, directors may also elect to defer receipt of shares of our common stock upon vesting. In addition, we offer participation in our group medical insurance program to any non-employee director who agrees to pay the full amount of the premium.

### Director Compensation for Fiscal Year Ending April 2, 2022

In May 2021, the Compensation Committee reviewed a report from Compensia on the philosophy, structure and amounts of compensation payable under our director compensation program in comparison to the Company's peer group (discussed on page 27). Based on this report, the Compensation Committee recommended, and the Board unanimously approved, the following changes to our director compensation program:

- An increase in the dollar value of the annual restricted stock unit award granted to non-employee directors from \$200,000 to \$220,000; and
- An increase in the annual retainer payable to our directors for board service from \$80,000 to \$85,000.

These changes will be effective immediately following the annual meeting. In May 2021, we also amended our Corporate Governance Guidelines to increase the stock ownership guidelines for our non-employee directors from three times their annual retainers to five times their annual retainers.

## EQUITY COMPENSATION PLAN INFORMATION

The following table summarizes information as of April 3, 2021 relating to our equity compensation plans, under which grants of stock options, restricted stock and other rights to acquire shares of our common stock may be made from time to time.

Plan Category	(a) Number of securities to be issued upon exercise of outstanding warrants and rights	(b) Weighted average exercise price of outstanding options, warrants and rights (1)	(c) Number of securities remaining available for future issuance under equity plans (excluding securities reflected in column (a))
Equity compensation plans approved by security holders	2,443,940	\$17.21	6,868,137 (2)
Equity compensation plans not approved by security holders (3)	–	–	254,189
<b>Total</b>	2,443,940 (4)		7,122,326

- (1) The weighted-average exercise price does not take into account restricted stock unit awards because such awards do not have an exercise price.
- (2) The total shares available for future issuance in column (c) may be the subject of awards other than options, warrants or rights granted under our 2012 Plan and 2013 Incentive Plan. For a more detailed discussion of these and other equity plans that have been approved by our stockholders, see “Equity Compensation Plans,” above. The number of securities remaining available for future issuance also includes securities that may be issued pursuant to the ESPP.
- (3) See “2015 Inducement Stock Plan” below for more details about our only equity compensation plan not approved by security holders.
- (4) Includes shares subject to issuance pursuant to outstanding stock options and restricted stock unit awards if certain performance-based and service-based conditions are met. For more detailed information, see “Performance-Based Restricted Stock Unit Awards” and “Service-Based Restricted Stock Unit Awards” under “Compensation Discussion and Analysis – Elements of Compensation,” above.

### 2015 Inducement Stock Plan

Effective January 1, 2015, the Company adopted the 2015 Inducement Stock Plan (the “2015 Plan”). The 2015 Plan is intended to comply with Nasdaq Listing Rule 5635(c)(4), which provides an exception to the stockholder approval requirements for the grant of equity awards as a material inducement to an individual entering into employment with the Company. The 2015 Plan provides for the issuance of a maximum number of the sum of 250,000 shares and any shares subject to an award granted under the 2008 Inducement Award Program (which was assumed by the Company from TriQuint effective upon the closing of the Business Combination) outstanding as of January 1, 2015, which award is later forfeited, cancelled, terminated or lapses for any reason.

The purposes of the 2015 Plan are to provide a material inducement for the best available persons to become employees of the Company or its affiliates, to attract and retain such employees, and to align the interests of such persons with the interests of the Company and its stockholders. The 2015 Plan authorizes the grant of nonstatutory stock options, restricted stock, restricted stock units, stock appreciation rights, performance awards, phantom stock awards and other stock or cash awards at the discretion of the compensation committee to new employees. No awards were made under the 2015 Plan during fiscal 2021.

## PROPOSAL 2 – APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

As required by Section 14A of the Exchange Act, we are asking our stockholders to approve, on a non-binding, advisory basis, the compensation of our Named Executive Officers as disclosed in accordance with SEC rules in the “Executive Compensation” section of this proxy statement. This proposal, commonly known as a “say-on-pay” proposal, gives our stockholders the opportunity to express their views on our Named Executive Officers’ compensation as a whole. At our 2015 annual meeting, our stockholders voted, on an advisory basis, to include an annual “say-on-pay” proposal in our proxy materials. In accordance with this advisory vote, we determined that we will include a “say-on-pay” proposal in our proxy materials for each annual meeting of stockholders until the next advisory vote on the frequency of future “say-on-pay” votes. As required by Section 14A of the Exchange Act, at the annual meeting, our stockholders will once again have the opportunity to vote on the frequency of future “say-on-pay” votes (see Proposal 3).

The vote on Proposal 2 is not intended to address any specific item of compensation or any specific Named Executive Officer, but rather the overall compensation of all of our Named Executive Officers and the philosophy, policies and practices described in this proxy statement. The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or the Board. The say-on-pay vote will, however, provide information to us regarding stockholder sentiment about our executive compensation philosophy, policies and practices, which the Compensation Committee will consider when setting executive compensation for the remainder of the current fiscal year and beyond. Our Board of Directors and our Compensation Committee value the opinion of our stockholders, and to the extent there is any significant vote against the Named Executive Officer compensation as disclosed in this proxy statement, the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

We believe that the information provided within the “Executive Compensation” section of this proxy statement demonstrates that our executive compensation program was designed appropriately and is working to ensure management’s interests are aligned with our stockholders’ interests to support long-term value creation. Highlights of our executive compensation program include the following:

- A significant portion of each Named Executive Officer’s potential total annual compensation, consisting of base salary and short-term incentive award opportunities, is intended to be at-risk and is linked to our operating performance.
- Long-term equity-based compensation, consisting of performance-based and service-based restricted stock unit awards, makes up a significant portion of the overall compensation of our Named Executive Officers. Performance-based equity awards granted in fiscal 2021 were linked to achievement during certain specified periods of key Company projects or initiatives that the Compensation Committee believes have the potential to impact long-term stockholder value creation. No minimum equity award is guaranteed.
- The Compensation Committee generally has referred to peer group data to help establish base salaries and target total direct compensation for each Named Executive Officer. In addition to considering the peer group data, the Compensation Committee also considers each Named Executive Officer’s performance, level of responsibility in comparison to the other Named Executive Officers and other internal equitable considerations when establishing base salaries and short-term and long-term incentive award opportunities, and then makes adjustments it deems appropriate.
- We prohibit the backdating or spring-loading of equity awards.
- We prohibit the repricing of stock options or stock appreciation rights without stockholder approval.
- We do not provide perquisites to our Named Executive Officers.
- Our securities trading policy and Corporate Governance Guidelines prohibit any hedging of our securities by our employees, including our executive officers. This includes engaging in any type of short sale or purchasing any financial instrument (including prepaid variable forward contracts, equity swaps, collars and exchange traded funds) or engaging in any transaction that, in either case, hedges or offsets, or is designed to hedge or offset any risk of decrease in the market value of our common stock. Accordingly, none of our directors or executive officers has engaged in any hedging transaction with respect to our common stock.
- Our securities trading policy and Corporate Governance Guidelines prohibit any pledging of our securities by our employees, including our executive officers. Accordingly, none of our executive officers has pledged our common stock.
- We have established stock ownership guidelines for our Named Executive Officers and impose compensation recovery (“clawback”) restrictions in our senior officer equity awards in the event of certain prohibited conduct.

## Proposal 2 – Approval of the Compensation of our Named Executive Officers

---

Accordingly, we are asking our stockholders to vote “FOR” the following resolution at the annual meeting:

“RESOLVED, that the compensation paid to the Company’s Named Executive Officers, as disclosed in the proxy statement for the Company’s 2021 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and related narrative discussion, is hereby APPROVED.”

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.**

### **PROPOSAL 3 – ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS**

As required by Section 14A of the Exchange Act, we are once again seeking the input of our stockholders on the frequency with which we will hold a non-binding, advisory vote on the compensation of our Named Executive Officers. In voting on this proposal, stockholders are provided with four choices. Stockholders may indicate their preference as to whether the advisory vote on the compensation of our Named Executive Officers should occur every (a) one year, (b) two years or (c) three years; or stockholders may abstain from voting on this proposal.

At our 2015 annual meeting, a majority of our stockholders voted for an annual advisory vote, and we have conducted annual advisory votes at every subsequent annual meeting. It is the opinion of the Board that the frequency of the stockholder vote on the compensation of our Named Executive Officers should continue to be every year so that stockholders may continue to annually express their views on our executive compensation program.

As an advisory vote, this proposal is not binding on the Company, the Compensation Committee or the Board. Notwithstanding the advisory nature of the vote on this proposal, the Board and the Compensation Committee value the opinions expressed by stockholders and will consider the outcome of the vote when making a determination as to the frequency of future advisory votes on the compensation of our Named Executive Officers. The frequency receiving the greatest number of votes cast – one year, two years or three years – will be deemed by us as the frequency that has been recommended by our stockholders.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR “1 YEAR” ON THE ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.**

## PROPOSAL 4 – RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed Ernst & Young LLP (“EY”) to audit the consolidated financial statements of Qorvo for fiscal 2022. EY, an independent registered public accounting firm, has served as Qorvo’s independent auditor since fiscal 2019. A representative from EY is expected to be present at the annual meeting and will have the opportunity to make a statement if he or she desires to do so and is expected to be available to respond to appropriate questions.

Although stockholder ratification of the appointment is not required by law, we desire to solicit such ratification as a matter of good governance. If the appointment of EY is not approved by a majority of the shares present in person or represented by proxy at the annual meeting and entitled to vote, the Audit Committee will consider the appointment of another independent registered public accounting firm for fiscal 2022.

### THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING APRIL 2, 2022.

#### Independent Registered Public Accounting Firm Fee Information

The following table shows the aggregate fees that were paid or accrued for the audit and other services provided by EY for fiscal years 2021 and 2020.

*Audit-Related Fees.* For fiscal year 2021, this category includes fees for transactional due diligence services provided by EY. For fiscal year 2020, this category includes fees for due diligence services provided by EY in connection with our acquisitions of Active-Semi International, Inc., Cavendish Kinetics Limited and Decawave Limited.

*Tax Fees.* This category consists of professional services rendered by our independent registered public accounting firm for tax compliance, tax planning and tax advice. The services for the fees disclosed under this category include tax return preparation, tax planning, research and technical tax advice.

*All Other Fees.* This category includes the aggregate fees for products and services provided by our independent registered public accounting firm that are not reported above under “Audit Fees,” “Audit-Related Fees” or “Tax Fees.”

The Audit Committee has considered the compatibility of the non-audit services performed by and fees paid to EY in fiscal years 2021 and 2020, and the proposed non-audit related services and proposed fees for fiscal year 2022 and has determined that such services and fees are compatible with the independence of EY. All services were approved by the Audit Committee prior to such services being rendered.

## REPORT OF THE AUDIT COMMITTEE

Each member of the Audit Committee is an independent director under existing Nasdaq listing standards and SEC requirements. In addition, the Board of Directors has determined that each of Ms. Bruner, Mr. Gardner, Mr. Harding, and Mr. Quinsey is an “audit committee financial expert,” as defined by SEC rules.

In the performance of its oversight function, the Audit Committee has reviewed and discussed the audited consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee also has reviewed and discussed with management and the independent registered public accounting firm management’s assessment of the effectiveness of our internal control over financial reporting and the independent registered public accounting firm’s evaluation of our internal control over financial reporting.

The Audit Committee reviewed with the independent registered public accounting firm its judgments as to the quality, not just the acceptability, of our accounting principles and discussed with the independent registered public accounting firm such other matters as are required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board standards and the Securities and Exchange Commission.

The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm’s communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm that firm’s independence.

Based upon the discussions and review described above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended April 3, 2021 for filing with the SEC. This report has been prepared by members of the Audit Committee. Current members of this committee are:

Jeffery R. Gardner (Chair)  
Judy Bruner  
John R. Harding  
Roderick D. Nelson  
Ralph G. Quinsey

## RELATED PERSON TRANSACTIONS

### Related Person Transactions Policy

The Board maintains a written policy regarding transactions that involve Qorvo and any of its executive officers, directors, director nominees or five percent or greater stockholders or their affiliates, which are referred to generally as “related persons.” The Governance and Nominating Committee will analyze and consider any such transaction in accordance with this written policy in order to determine whether the terms and conditions of the transaction are substantially the same as, or more favorable to Qorvo than, transactions that would be available from unaffiliated parties.

The policy governs the procedures for review and consideration of all “related person transactions,” as that term is defined in the policy, to help ensure that any such transactions are timely identified and given appropriate consideration. Generally, any current or proposed financial transaction, arrangement or relationship in which a “related person” had or will have a direct or indirect material interest, in an amount exceeding \$120,000 and in which Qorvo was or will be a participant, requires the approval of the Governance and Nominating Committee or a majority of the disinterested members of the Board. Before granting such approval, the Governance and Nominating Committee will consider all of the relevant facts and circumstances to ensure that the proposed transaction is in the best interest of Qorvo and its stockholders. The term “related person” is defined by the policy and by Item 404 of Regulation S-K.

In conducting its review of any proposed related person transaction, the Governance and Nominating Committee will consider all of the relevant facts and circumstances available to the Governance and Nominating Committee, including but not limited to (a) the benefits to Qorvo; (b) the impact on a director’s independence in the event the related person is a director, an immediate family member of a director or an entity in which a director is a partner, stockholder or executive officer; (c) the availability of other sources for comparable products or services; (d) the terms of the proposed related person transaction; and (e) the terms available to unrelated third parties or to employees generally in an arms-length negotiation. No member of the Governance and Nominating Committee will participate in any review, consideration or approval of any related person transaction with respect to which such member or any of his or her immediate family members is the related person.

The Governance and Nominating Committee may, from time to time as it determines in its discretion to be appropriate, review periodically any previously approved or ratified related person transaction to determine if it is in the best interests of Qorvo and our stockholders to continue, modify or terminate such related person transaction.

We did not engage in any related person transactions during the year ended April 3, 2021.

## PROPOSALS FOR 2022 ANNUAL MEETING

Pursuant to SEC Rule 14a-8, under certain conditions, stockholders may request that we include a proposal in our proxy materials for a forthcoming meeting of Qorvo stockholders. Any stockholder desiring to include a proposal in our proxy materials pursuant to Rule 14a-8 must ensure that we receive the proposal at our principal executive office in Greensboro, North Carolina by March 1, 2022 in order for the proposal to be eligible for inclusion in our proxy statement and proxy card relating to our 2022 Annual Meeting.

If a stockholder desires to propose any business from the floor during the meeting (other than pursuant to Rule 14a-8 or our proxy access bylaw provisions), our bylaws provide that the stockholder must deliver or mail timely advance written notice of such business to our principal executive office. Under our bylaws, to be timely, such stockholder's notice generally must be delivered to our Secretary not later than the close of business on the 90th day before the first anniversary of the date of the preceding year's annual meeting and not earlier than the close of business on the 120th day prior to such anniversary. In the event that the date of the annual meeting is more than 30 days before or more than 60 days after the first anniversary date of the preceding year's annual meeting, then notice by the stockholder must be delivered not earlier than the close of business on the 120th day prior to the annual meeting and not later than the close of business on the 90th day prior to the annual meeting, or by the 10th day following the notice date for such meeting if the first public announcement of the date of the annual meeting is less than 100 days prior to the date of such annual meeting.

If a stockholder desires to propose a director candidate for nomination to the Board of Directors pursuant to our proxy access bylaw provisions, our bylaws provide that the stockholder must deliver or mail timely advance written notice of such nomination to our principal executive office. Under our bylaws, to be timely, such stockholder's notice generally must be delivered to our Secretary not later than the close of business on the 120th day before the first anniversary of the date the definitive proxy statement was first sent to stockholders in connection with the preceding year's annual meeting and not earlier than the close of business on the 150th day before such anniversary. In the event that the date of the annual meeting is more than 30 days before or more than 60 days after the anniversary of the preceding year's annual meeting, or if no annual meeting was held in the preceding year, then notice by the stockholder must be delivered not earlier than the close of business on the 150th day prior to such annual meeting and not later than the close of business on the later of the 120th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made.

Each item of business proposed by a stockholder, including director nominations, must be made in accordance with our bylaws, our Corporate Governance Guidelines and any other applicable law, rule or regulation. In addition, any notice of a proposed director candidate must also comply with our bylaws, including the criteria set forth under "Procedures for Director Nominations" on page 14 of this proxy statement. If written notice is not given in accordance with these requirements, the proposal or nomination will be considered deficient or untimely, as applicable, and Qorvo may exclude such business from consideration at the meeting.

If the proposal or proposed director candidate is permitted to be considered at the meeting, the proxies appointed pursuant to the proxy card will have discretionary authority to vote for or against the matter even if the proposal or proposed director candidate was not discussed in the proxy statement. Assuming that the date of our annual meeting of stockholders is not advanced or delayed in the manner described above:

- Appropriate notice of a proposal or proposed director candidate (other than pursuant to Rule 14a-8 or our proxy access bylaw provisions) for the 2022 Annual Meeting would need to be delivered to our principal executive office no earlier than April 12, 2022 and no later than May 12, 2022 to be considered timely.
- Appropriate notice of a proposed director candidate pursuant to the proxy access provisions of our bylaws for the 2022 Annual Meeting would need to be delivered to our principal executive office no earlier than January 30, 2022 and no later than March 1, 2022.
