***Gray to Acquire Meredith Corporation's
Local Media Group and Become the Second
Largest TV Broadcast Group***

Disclaimer and Non-GAAP Financial Data

This presentation contains certain forward looking statements that are based largely on Gray's current expectations and reflect various estimates and assumptions. These statements may be identified by words such as "estimates", "expect," "anticipate," "will," "implied," "assume" and similar expressions. Forward looking statements are subject to certain risks, trends and uncertainties that could cause actual results and achievements to differ materially from those expressed in such forward looking statements. Such risks, trends and uncertainties, which in some instances are beyond Gray's control, include Gray's inability to complete its pending acquisitions of Meredith Local Media Group and Quincy (as defined herein) on the terms and within the timeframe currently contemplated, any material regulatory or other unexpected requirements in connection therewith, or the inability to achieve expected synergies therefrom on a timely basis or at all, the impact of recently completed transactions, estimates of future retransmission revenue, future expenses and other future events. Gray is subject to additional risks and uncertainties described in Gray's quarterly and annual reports filed with the Securities and Exchange Commission from time to time, including in the "Risk Factors," and management's discussion and analysis of financial condition and results of operations sections contained therein. Any forward looking statements in this presentation should be evaluated in light of these important risk factors. This presentation reflects management's views as of the date hereof. Except to the extent required by applicable law, Gray undertakes no obligation to update or revise any information contained in this presentation beyond the published date, whether as a result of new information, future events or otherwise.

Certain definitions, including the presentation of Combined Historical Basis ("CHB") data, and reconciliations of the Company's non-GAAP financial measures presented herein, including Operating Cash Flow ("OCF") as defined in the Senior Credit Agreement, are contained in the Appendix.

The financial information attributable to Meredith Local Media Group and Quincy for each of the periods presented are based on good faith estimates and assumptions of Gray management derived entirely from financial information provided by each respective entity in the due diligence process prior to our ownership and control thereof. Accordingly, although we believe such information to be accurate, such information cannot be independently verified by our management. This financial information also includes certain non-GAAP financial measures that are dependent on financial results that are not yet determinable with certainty. We are unable to present a quantitative reconciliation of the estimated non-GAAP financial measures to their most directly comparable GAAP financial measures because such information is not yet available and management cannot reliably estimate all of the necessary components of such GAAP measures without unreasonable effort or expense. In addition, we believe such reconciliation would imply a degree of precision that would be confusing or misleading to investors.

**“Combined Historical Basis” or
“CHB”**

Combined Historical Basis reflects financial results that have been compiled by adding Gray’s historical revenue and broadcast expenses to the historical revenue and broadcast expenses of the stations acquired in the Completed Transactions (defined below) and subtracting the historical revenues and broadcast expenses of stations divested in the Completed Transactions as if they had been acquired or divested, respectively, on January 1, 2018 (the beginning of the earliest period presented).

Combined Historical Basis financial information does not include any adjustments for other events attributable to the Completed Transactions except “Broadcast Cash Flow,” “Broadcast Cash Flow Less Cash Corporate Expenses,” “Operating Cash Flow” and “Operating Cash Flow as Defined in the Senior Credit Agreement” each give effect to expected synergies, and “Free Cash Flow” on a Combined Historical Basis gives effect to the financings and certain expected operating synergies related to the Completed Transactions. “Operating Cash Flow” and “Operating Cash Flow as Defined in the Senior Credit Agreement” on a Combined Historical Basis also reflects the add-back of legal and other professional fees incurred in completing acquisitions and synergies resulting from the acquisition of Raycom Media, Inc. Certain of the Combined Historical Basis financial information has been derived from, and adjusted based on, unaudited, unreviewed financial information prepared by other entities, which Gray cannot independently verify. We cannot assure you that such financial information would not be materially different if such information were audited or reviewed and no assurances can be provided as to the accuracy of such information, or that our actual results would not differ materially from the Combined Historical Basis financial information if the Completed Transactions had been completed at the stated date. In addition, the presentation of Combined Historical Basis, “Broadcast Cash Flow,” “Broadcast Cash Flow Less Cash Corporate Expenses,” “Operating Cash Flow,” “Operating Cash Flow as Defined in the Senior Credit Agreement,” “Free Cash Flow,” and the adjustments to such information, including expected synergies resulting from such transactions, may not comply with GAAP or the requirements for pro forma financial information under Regulation S-X under the Securities Act.

“Completed Transactions”

All acquisitions or dispositions completed as of April 30, 2021.

“Revenue”

Revenue is presented net of agency commissions.
