

A photograph of a modern two-story house with a large garage. The house features dark green horizontal siding on the upper level and white horizontal siding on the lower level. The garage has white double doors with a small window above each door. The front entrance has a yellow double door. The house is illuminated by warm interior and exterior lighting. A large tree is on the right side of the house. The sky is a mix of purple, orange, and blue, suggesting dusk or dawn. The address number 4027 is visible on the left side of the house.

Forward-Looking Statements

Note: All statements in this presentation that are not historical facts should be considered as "Forward-Looking Statements" within the meaning of the "Safe Harbor" provisions of the Private Securities Litigation Reform Act of 1995. Such statements involve known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Such forward-looking statements include but are not limited to statements related to the Company's goals and expectations with respect to its financial results for future financial periods and statements regarding demand for homes and underlying factors. Although we believe that our plans, intentions and expectations reflected in, or suggested by, such forward-looking statements are reasonable, we can give no assurance that such plans, intentions or expectations will be achieved. By their nature, forward-looking statements: (i) speak only as of the date they are made, (ii) are not guarantees of future performance or results and (iii) are subject to risks, uncertainties and assumptions that are difficult to predict or quantify. Therefore, actual results could differ materially and adversely from those forward-looking statements as a result of a variety of factors. Such risks, uncertainties and other factors include, but are not limited to, (1) changes in general and local economic, industry and business conditions and impacts of a significant homebuilding downturn; (2) shortages in, and price fluctuations of, raw materials and labor, including due to geopolitical events, changes in trade policies, including the imposition of tariffs and duties on homebuilding materials and products and related trade disputes with and retaliatory measures taken by other countries; (3) the outbreak and spread of COVID-19 and the measures that governments, agencies, law enforcement and/or health authorities implement to address it, as well as continuing macroeconomic effects of the pandemic; (4) adverse weather and other environmental conditions and natural disasters; (5) the seasonality of the Company's business; (6) the availability and cost of suitable land and improved lots and sufficient liquidity to invest in such land and lots; (7) reliance on, and the performance of, subcontractors; (8) regional and local economic factors, including dependency on certain sectors of the economy, and employment levels affecting home prices and sales activity in the markets where the Company builds homes; (9) increases in cancellations of agreements of sale; (10) fluctuations in interest rates and the availability of mortgage financing; (11) changes in tax laws affecting the after-tax costs of owning a home; (12) legal claims brought against us and not resolved in our favor, such as product liability litigation, warranty claims and claims made by mortgage investors; (13) levels of competition; (14) utility shortages and outages or rate fluctuations; (15) information technology failures and data security breaches; (16) negative publicity; (17) high leverage and restrictions on the Company's operations and activities imposed by the agreements governing the Company's outstanding indebtedness; (18) availability and terms of financing to the Company; (19) the Company's sources of liquidity; (20) changes in credit ratings; (21) government regulation, including regulations concerning development of land, the home building, sales and customer financing processes, tax laws and the environment; (22) operations through unconsolidated joint ventures with third parties; (23) significant influence of the Company's controlling stockholders; (24) availability of net operating loss carryforwards; (25) loss of key management personnel or failure to attract qualified personnel; (26) increases in inflation; and (27) certain risks, uncertainties and other factors described in detail in the Company's Annual Report on Form 10-K for the fiscal year ended October 31, 2021 and the Company's Quarterly Reports on Form 10-Q for the quarterly periods during fiscal 2022 and subsequent filings with the Securities and Exchange Commission. Except as otherwise required by applicable securities laws, we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, changed circumstances or any other reason.

NON-GAAP FINANCIAL MEASURES:

Consolidated earnings before interest expense and income taxes ("EBIT") and before depreciation and amortization ("EBITDA") and before inventory impairment loss and land option write-offs and loss (gain) on extinguishment of debt ("Adjusted EBITDA") are not U.S. generally accepted accounting principles (GAAP) financial measures. The most directly comparable GAAP financial measure is net income. The reconciliation for historical periods of EBIT, EBITDA and Adjusted EBITDA to net income is presented in a table attached to this presentation.

Homebuilding gross margin, before cost of sales interest expense and land charges, and homebuilding gross margin percentage, before cost of sales interest expense and land charges, are non-GAAP financial measures. The most directly comparable GAAP financial measures are homebuilding gross margin and homebuilding gross margin percentage, respectively. The reconciliation for historical periods of homebuilding gross margin, before cost of sales interest expense and land charges, and homebuilding gross margin percentage, before cost of sales interest expense and land charges, to homebuilding gross margin and homebuilding gross margin percentage, respectively, is presented in a table attached to this presentations.

Adjusted pretax income, which is defined as income before income taxes excluding land-related charges and loss on extinguishment of debt is a non-GAAP financial measure. This presentation also presents income before income taxes adjusted to exclude the impact of incremental phantom stock expense. The most directly comparable GAAP financial measure is income before income taxes. The reconciliation for historical periods of adjusted pretax income to income before income taxes is presented in a table attached to this presentation.

SG&A excluding the impact of incremental phantom stock expense is a non-GAAP financial measure. The most directly comparable GAAP financial measure is SG&A, to which SG&A excluding the impact of incremental phantom stock expense is reconciled herein.

Total liquidity is comprised of \$225.1 million of cash and cash equivalents, \$7.3 million of restricted cash required to collateralize letters of credit and \$125.0 million availability under the senior secured revolving credit facility as of July 31, 2022.

What's new about the Hovnanian story?

	Then	Now
Footprint	Multiple underperforming markets	Focused on stronger markets with improving share
Profitability and margin improvement	Unprofitable	Profitable
Cash flow generation	Insufficient to adequately address debt maturities and grow business	Material excess operating cash flow after land reinvestment
Inventory strategy	Over-reliance on off-market costly financing to acquire lots, reducing returns	Increased inventory efficiency driving high turnover and ROI
Maturity profile	Short dated; difficulty extending near term maturities	Significant runway, strategic priority to repay debt

Successfully implementing strategies for long-term profitability and value creation

Growth-oriented strategy	Grow revenues to improve scale and enhance margin profile	Risk-adverse land strategy and maintain multi-year lot supply	High return on invested capital and sharpened asset efficiency	Generate excess cash flow and improve balance sheet flexibility

Focused on deleveraging and enhancing our debt structure

Strategy

- ✓ Deleverage through debt repayment and growth in earnings
- ✓ Paid off 2022 and 2024 notes
- ✓ Multi-year, well-laddered debt maturity structure
- ✓ Proactively refinance high cost of debt at upcoming call dates
- ✓ Issue future note tranches in sizes to achieve HY index inclusion, secondary market liquidity and price transparency
- ✓ Reduce reliance on secured debt; unencumber balance sheet

Phantom Stock Expense

Total SG&A Expense

(\$ in millions)

- In 2019, we granted phantom stock awards in lieu of actual equity under our long-term incentive plan ("LTIP")
- This was done in the best interest of shareholders to avoid dilution concerns associated with our low stock price of \$14.50 at the time of grant
- Expense related to the phantom stock varies depending upon our common stock price at quarter end, is a non-cash expense through fiscal 2021, and is reflected in our total SG&A expenses
- SG&A expenses in the third quarter of fiscal 2021 included \$6.7 million of incremental benefit due to the phantom stock awards, which is solely related to our common stock price decreasing from \$132.59 at the end of the second quarter to \$104.39 at the end of the third quarter.
- SG&A expenses in the fourth quarter of fiscal 2021 included \$5.3 million of incremental benefit due to the phantom stock awards, which is solely related to our common stock price decreasing from \$104.39 at the end of the third quarter to \$84.26 at the end of the fourth quarter.
- SG&A expenses in the first quarter of fiscal 2022 included \$5.7 million of incremental expense due to the phantom stock awards, which is solely related to our common stock price increasing from \$84.26 at the end of the fourth quarter to \$96.88 at the end of the first quarter.
- SG&A expenses in the second quarter of fiscal 2022 included \$6.0 million of incremental benefit due to the phantom stock awards, which is solely related to our common stock price decreasing from \$96.88 at the end of the first quarter to \$46.02 at the end of the second quarter.
- SG&A expenses in the third quarter of fiscal 2022 included \$0.3 million of incremental expense due to the phantom stock awards, which is solely related to our common stock price increasing from \$46.02 at the end of the second quarter to \$48.51 at the end of the third quarter.
