PGIM

Active Global Investment Manager Across a Broad Range of Private and Public Asset Classes

Earnings Contribution to Prudential

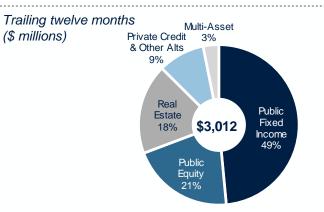

3rd Party Net Flows

Key Priorities

- Maintain strong investment performance⁽²⁾
 - Percentage of AUM⁽³⁾ outperforming public benchmarks: 3 Year: 89%, 5 Year: 94%, 10 Year: 96%
- Capture synergies with broader Prudential enterprise and leverage scale to drive operating leverage
- Globalize the product and client footprint and continue to diversify into alternatives and other high margin areas
- Selectively acquire new capabilities through programmatic M&A opportunities

Asset Management Fees

(1) Based on pre-tax adjusted operating income excluding Corporate & Other operations.

(2) PGIM calculations as of March 31, 2021 for \$845 billion of third-party AUM managed against public benchmarks. Past performance is not a guarantee or reliable indicator of future results. All investments involve risk, including the possible loss of capital. Performance is defined as outperformance (gross of fees) relative to each individual strategy's respective benchmark(s).

Represents PGIM's benchmarked AUM (77% of total third-party AUM is benchmarked over 3 years, 70% over 5 years, and 47% over 10 years, respectively). This calculation does not include non-benchmarked assets (including general account assets and assets not managed by PGIM). Returns are calculated gross of investment management fees, which would reduce an investor's net return. Excess performance is based on all actively managed Fixed Income, Equity, and Real Estate AUM for Jennison Associates, PGIM Fixed Income, Quantitative Management Associates (QMA), PGIM Real Estate, PGIM Private Capital, and PGIM Global Partners.

(4) Items specific to the second quarter include seasonal premiums, expenses, and underwriting seasonality and COVID-19 impacts. See Appendix for details.

COVID-19 Potential Net Mortality Sensitivity

- Mitigating mortality risk with longevity risk
- Compared to general population, impacts are mitigated by our younger age distribution, lower insured mortality reflecting impact of underwriting, and offsets associated with longevity business
- For every incremental 100,000 U.S. fatalities⁽¹⁾:
 - May result in ~\$85 million in reduced earnings
 - Impact depends on factors such as infection and fatality rates, geographic concentration, the insured vs. general population mortality, the speed and effectiveness of the vaccine rollout, and U.K. fatalities

Net Mortality Experience⁽²⁾

(1) Sensitivity includes the impact of U.K. fatalities using the U.S. fatalities as a proxy.

(2) Mortality experience compared to expectations includes Individual Life, Group Life, and International Businesses. Longevity experience compared to expectations includes Retirement.

Forward-Looking Statements and Non-GAAP Measures

Certain of the statements included in this presentation, including those regarding our plans to transform our business over the next three years including our plan to reallocate capital and return money to shareholders, expected cost savings, becoming a higher growth and less market sensitive business, the funding of potential acquisitions, share repurchases, and those under the headings "Key Priorities", "Adjusted Operating Income & EPS Considerations", "COVID-19 Potential Net Mortality Sensitivity", "Adjusted Operating Income Rollforward by Business", and "Seasonality of Key Financial Items" constitute forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Words such as "expects", "believes", "anticipates", "includes", "plans", "assumes", "estimates", "projects", "intends", "should", "will", "shall", or variations of such words are generally part of forward-looking statements. Forward-looking statements are made based on management's current expectations and beliefs concerning future developments and their potential effects upon Prudential Financial, Inc. and its subsidiaries. Prudential Financial, Inc.'s actual results may differ, possibly materially, from expectations or estimates reflected in such forward-looking statements. Certain important factors that could cause actual results to differ, possibly materially, from expectations or estimates reflected in such forward-looking statements can be found in the "Risk Factors" and "Forward-Looking Statements" sections included in Prudential Financial, Inc.'s Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q. Our (i) plans to transform our business over the next three years including our plan to reallocate capital and return money to shareholders, expected cost savings, plans to become a higher growth and less market sensitive business, funding of potential acquisitions, share repurchases, "Key Priorities", and "Adjusted Operating Income & EPS Considerations" are subject to the risk that we will be unable to execute our strategy, (ii) "Seasonality of Key Financial Items" is subject to the risk that different earnings and expense patterns will emerge, and (iii) "COVID-19 Potential Net Mortality Sensitivity" is subject to the risk that actual deaths, mortality/morbidity losses, and expenses will exceed, possibly materially, those indicated, in each case, because of economic, market or competitive conditions, or other factors, including the impact of the COVID-19 pandemic. Prudential Financial, Inc. does not undertake to update any particular forward-looking statement included in this presentation.

This presentation includes references to adjusted operating income, adjusted book value, and adjusted operating return on equity, which is based on adjusted operating income and adjusted book value. Consolidated adjusted operating income, adjusted book value, and adjusted operating return on equity are not calculated based on accounting principles generally accepted in the United States of America (GAAP). For additional information about adjusted operating income, adjusted book value, and adjusted operating return on equity and the comparable GAAP measures, including reconciliations between the comparable measures, please refer to our quarterly results news releases, which are available on our website at www.investor.prudential.com. Reconciliations are also included as part of this presentation.

Our 2Q21 earnings rollforward is based on adjusted operating income. Due to the inherent difficulty in reliably quantifying future realized investment gains/losses and changes in asset and liability values given their unknown timing and potential significance, we cannot, without unreasonable effort, provide rollforward based on income from continuing operations, which is the GAAP measure most comparable to adjusted operating income.

Prudential Financial, Inc. of the United States is not affiliated with Prudential plc which is headquartered in the United Kingdom.
