GILAT PRESS RELEASE

Africa's Largest Satellite Cellular Backhaul Network Extends Coverage with Gilat's Technology to a Dozen Countries in Africa

*Africa Mobile Networks (AMN) deploys hubs and places additional orders
of Gilat cellular backhaul terminals to serve multiple Tier-1 Telcos in Africa*

Petah Tikva, Israel, November 15, 2021 -- Gilat Satellite Networks Ltd. (Nasdaq: GILT, TASE: GILT), a worldwide leader in satellite networking technology, solutions and services, announced today that Africa's largest satellite cellular backhaul network is extending its coverage to a dozen countries in Africa. Africa Mobile Networks (AMN) has deployed Gilat hubs and placed additional orders of Gilat cellular backhaul terminals to serve multiple Tier-1 Telcos in Africa.

"AMN has selected Gilat, due to its superior cellular backhaul over satellite technology, to support the extension of Africa's largest satellite-based network," said Michael Darcy, CEO AMN. "We are pleased to contribute to closing the digital divide by furthering the reach of our network with Gilat's SkyEdge II-c Capricorn VSATs, reaching more of the population in Africa."

"Gilat highly values its long-lasting partnership with AMN and shares a common goal of enhancing the lives of people in Africa with high quality connectivity," said Michal Aharonov, Chief Commercial Officer at Gilat. "Gilat is working closely with AMN to further expand cellular backhaul reach in additional sites and regions throughout the coming years, including migration to 4G as the requirement for data communication rises."

About AMN

AMN's mission is to build mobile network base stations serving rural communities in sub-Saharan Africa which have no existing service, providing mobile network operators with a Capex-free route to add new subscribers and new revenues and with incremental costs. The vision of AMN is a fully-connected Africa, with no community of any significant size being without basic telecommunications services to deliver social, economic, educational and other benefits to the population. For more information contact AMN at info@africamobilenetworks.com

About Gilat

Gilat Satellite Networks Ltd. (NASDAQ: GILT, TASE: GILT) is a leading global provider of satellite-based broadband communications. With 30 years of experience, we design and manufacture cutting-edge ground segment equipment, and provide comprehensive solutions and end-to-end services, powered by our innovative technology. Delivering high value competitive solutions, our portfolio comprises of a cloud based VSAT network platform, high-speed modems, high performance on-the-move antennas and high efficiency, high power Solid State Amplifiers (SSPA) and Block Upconverters (BUC).

Gilat's comprehensive solutions support multiple applications with a full portfolio of products to address key applications including broadband access, cellular backhaul, enterprise, in-flight connectivity, maritime, trains, defense and public safety, all while meeting the most stringent service level requirements. Gilat controlling shareholders are the FIMI Private Equity Funds. For more information, please visit: www.gilat.com
