

ASGN Becomes Corporate Champion for Children's Hospital of Richmond at VCU

4/16/2024

RICHMOND, Va.--(BUSINESS WIRE)-- ASGN Incorporated (NYSE: ASGN), a leading provider of IT services and solutions to the commercial and government sectors, today announced its partnership with Children's Hospital of Richmond at VCU, furthering the Company's philanthropic efforts.

While Children's Hospital of Richmond at VCU (CHoR) has existed for more than 100 years, it opened the new Children's Tower this past April, consolidating pediatric inpatient, emergency, and trauma care in a state-of-the-art facility. Headquartered in Richmond, Virginia, ASGN actively engages in the local community, making CHoR a great fit for a partnership. As a member of CHoR's Corporate Champions program, ASGN and its Commercial Segment brand, Apex Systems, will provide support throughout 2024 to make a difference in the lives of hospital patients and families.

"I had the honor of touring the hospital's new Children's Tower recently, and I was impressed by the staff and facilities," said ASGN Chief Executive Officer, Ted Hanson. "ASGN and Apex Systems are proud to support the children's hospital in our flagship city of Richmond and together build upon the organization's commitment to health equity, innovation, and children."

"We are so appreciative of ASGN's support," stated Lauren Moore, President and CEO of Children's Hospital Foundation. "Their gift helps us take care of the children who live in Central Virginia, but their impact also extends beyond our region. We see kids from all over the Commonwealth, from most states in the country and even from international locations thanks to the expertise our team offers."

ASGN is committed to engaging with the communities in which its people live and serve. Philanthropic participation at ASGN continues to increase, with more than 6,000 hours volunteered in 2023, increasing by roughly 30 percent in the past 12 months to surpass the prior Company record of 4,700 volunteer hours.
