

PLAYER FUN AND FUNDING FOR EDUCATION COMING TO IDAHO LOTTERY FROM SCIENTIFIC GAMES

Company Will Provide Idaho Lottery with World-leading Lottery Scratch Games and Access to Exciting Licensed Brands Portfolio

LAS VEGAS and ATLANTA – March 16, 2021 – [Scientific Games Corporation](#) (NASDAQ: SGMS) (“Scientific Games” or the “Company”) announces that its world-leading instant scratch games are coming to [Idaho Lottery](#) (or the “Lottery”) players, providing fun and entertainment while generating revenue for educational programs in the state. Scientific Games will design and manufacture Idaho Lottery scratch games under a new two-year contract, which begins in March 2021 and may be extended by the Lottery for up to six additional years.

Additionally, the Idaho Lottery will have access to the Company’s portfolio of popular licensed entertainment brands like *SLINGO*®, a combination of bingo and slots, and one of the lottery industry’s best performing extended play games.

“The Idaho Lottery is delighted to once again collaborate with Scientific Games on innovative new games and responsibly grow our scratch game portfolio,” said Idaho Lottery Executive Director Jeff Anderson. “The rapidly changing marketplace and consumer trends of the past year create opportunity to enhance our instant product portfolio through insights provided by Scientific Games’ business analytics platforms.”

The Lottery will benefit from Scientific Games’ analytics including *Game Gallery*™, which houses nearly 60,000 instant games and millions of weekly sales data points to help inform portfolio planning and game design.

“We share the Idaho Lottery’s excitement for game innovation, and our creative and marketing teams are looking forward to working together on new scratch games that will entertain players and help grow sales and funding for educational programs in the state,” said John Schulz, Senior VP, Instant Products for Scientific Games. “Scientific Games is a provider to the Top 10 performing instant game lotteries in the world, and our best practices over the past four decades have resulted in maximum proceeds to lottery beneficiary programs.”

Scientific Games is a U.S.-based company providing games, technology and services to more than 150 lotteries around the globe, including nearly every North American lottery. The Company is the largest creator, manufacturer and services provider of instant scratch games in the world, with its products responsibly driving more than 70% of U.S. instant game retail sales.

Forward-Looking Statements

In this press release, Scientific Games makes "forward-looking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements can be identified by words such as "will," "may," and "should." These statements are based upon management's current expectations, assumptions and estimates and are not guarantees of timing, future results or performance. Therefore, you should not rely on any of these forward-looking statements as predictions of future events. Actual results may differ materially from those contemplated in these statements due to a variety of risks, uncertainties and other factors, including those factors described in our filings with the Securities and Exchange Commission (the "SEC"), including Scientific Games' current reports on Form 8-K, quarterly reports on Form 10-Q and its latest annual report on Form 10-K filed with the SEC on March 1, 2021 (including under the headings "Forward-Looking Statements" and "Risk Factors"). Forward-looking statements speak only as of the date they are made and, except for Scientific Games' ongoing obligations under the U.S. federal securities laws, Scientific Games undertakes no obligation to publicly update any forward-looking statements whether as a result of new information, future events or otherwise.
