U.S. Auto Parts Network, Inc. Reports Second Quarter Results

-- Net sales \$84.3 million.

-- Adjusted EBITDA \$4.6 million.

-- Gross margin 33.7%.

CARSON, Calif., Aug. 9, 2011 /PRNewswire/ -- U.S. Auto Parts Network, Inc. (NASDAQ: PRTS), one of the largest online providers of automotive aftermarket parts and accessories, today reported net sales for the second quarter ended July 2, 2011 of \$84.3 million compared with Q2 2010 net sales of \$53.2 million. Excluding \$24.8 million of revenues from the acquisition of J.C. Whitney, Legacy net sales were \$59.5 million, an increase of 11.8% over Q2 2010 net sales. Q2 2010 net sales includes the impact of a \$2.0 million non-cash reduction of reported sales from a change in the Company's revenue recognition. Excluding the impact of the change in revenue recognition on Q2 2010 sales, Legacy net sales for Q2 2011 increased 7.8%. Q2 2011 net loss was \$2.6 million or \$0.08 per share, compared with Q2 2010 net income of \$0.5 million or \$0.01 per diluted share. Q2 2011's net loss includes a net loss of \$4.1 million or \$0.13 per share related to J.C. Whitney of which \$1.5 million of the loss, net of tax was attributable to restructuring and integration expenses. The Company generated Adjusted EBITDA of \$4.6 million for the quarter compared to \$5.0 million for Q2 2010. Excluding J.C. Whitney's Adjusted EBITDA of \$(0.6) million and related \$1.5 million of restructuring and acquisition expenses as well as \$0.2 million of legal fees to protect intellectual property; Adjusted EBITDA was \$5.2 million, an increase of 3.8% over Q2 2010. For further information regarding Adjusted EBITDA, including a reconciliation of Adjusted EBITDA to net income (loss), see non-GAAP Financial Measures below.

"Our business faced some difficult headwinds in the quarter and while we did not achieve the top line growth we would like or expect, we did manage to grow both sales and Adjusted EBITDA for our legacy business in the quarter." stated Shane Evangelist. "We also made considerable progress integrating J.C. Whitney and anticipate the technology integration being completed by the end of this quarter."

Q2 2011 Financial Highlights

- Net sales for Q2 2011 increased by 58.4% from Q2 2010. Excluding the acquisition of J.C. Whitney and the change in the Company's revenue recognition in Q2 2010, Q2 2011 Legacy net sales increased 7.8% primarily from a 6.0% increase in e-commerce sales and an 8.2% increase in online marketplace sales. The increase in e-commerce sales resulted from a 9% increase in unique visitors, a 1% increase in revenue capture, a 2% decline in average order value, and a 3% decline in conversion.

- Gross profit for Q2 2011 increased 54.5% from Q2 2010. Excluding the acquisition of J.C. Whitney, gross profit was \$20.2 million, an increase of 9.9%. Gross margin decreased 0.9% to 33.7% of net sales compared with Q2 last year. Excluding the acquisition of J.C. Whitney, gross margin was 34.0% down from 34.6% in Q2 2010 but up from 33.4% in Q4 2010. Gross margin was unfavorably impacted by a mix shift from body to engine parts partially offset by price increases in both body and engine parts.
- Online advertising expense, which includes catalog costs, was \$7.6 million or 9.8% of Internet and catalog net sales for the second quarter of 2011. Excluding J.C. Whitney, online advertising expense was 7.0% of Internet net sales, up 0.7% from the prior year. Marketing expense, excluding advertising expense, was \$6.8 million or 8.0% of net sales for the second quarter of 2011 compared to 7.5% in the prior year period. Excluding J.C. Whitney, marketing expense without advertising was \$4.7 million or 7.9% of Q2 2011 net sales, up 0.4% from the prior year. The increase is primarily due to higher amortization from software deployments this year and additional marketing services.
- General and administrative expense was \$8.4 million or 10.0% of net sales for the second quarter 2011 which includes \$1.5 million of integration expenses for Whitney. Excluding the acquisition of J.C. Whitney and the legal fees to protect our intellectual property Q2 2011 G&A expense was 8.0% of net sales, down 1.7% from Q2 2010. This decrease reflects fixed cost leverage from higher sales.
- Fulfillment expense was \$4.6 million or 5.4% of net sales in the second quarter of 2011. Excluding the acquisition of J.C. Whitney, Q2 2011 fulfillment expense was 6.2% of net sales, up from 5.5% last year. The increase is primarily due to higher depreciation and amortization expense from software deployments.
- Technology expense was \$1.9 million or 2.3% of net sales in the second quarter of 2011. Excluding the acquisition of J.C. Whitney, technology expense for Q2 2011 was 2.0% of net sales, down 0.2% reflecting fixed cost leverage on higher sales.
- Capital expenditures, inclusive of non-cash accrued asset purchases and property acquired under capital leases for the second quarter of 2011 were \$3.4 million, of which \$0.7 million consisted of J.C. Whitney expenditures. Included in capital expenditures were \$3.1 million of internally developed software and website development costs.

Cash, cash equivalents and investments were \$21.1 million and debt was \$21.0 million at

July 2, 2011. The Company includes \$3.8 million of auction rate preferred securities in long-term assets, in investments. Cash, cash equivalents and investments decreased by \$3.0 million over the previous quarter primarily due to integration expenses and capital expenditures related to J.C. Whitney and a \$1.0 million pay down of long-term debt.

Non-GAAP Financial Measures

Regulation G, "Conditions for Use of Non-GAAP Financial Measures" and other provisions of the Securities Exchange Act of 1934, as amended, define and prescribe the conditions for use of certain non-GAAP financial information. We provide "Adjusted EBITDA," which is a non-GAAP financial measure. Adjusted EBITDA consists of net income before (a) interest income (expense), net; (b) income tax provision (benefit); (c) amortization of intangibles; (d) depreciation and amortization; (e) share-based compensation expense; (f) legal cost to enforce intellectual property rights and (g) restructuring costs related to the JCW acquisition.

The Company believes that this non-GAAP financial measure provides important supplemental information to management and investors. This non-GAAP financial measure reflects an additional way of viewing aspects of the Company's operations that, when viewed with the GAAP results and the accompanying reconciliation to corresponding GAAP financial measures, provides a more complete understanding of factors and trends affecting the Company's business and results of operations.

Management uses Adjusted EBITDA as a measure of the Company's operating performance because it assists in comparing the Company's operating performance on a consistent basis by removing the impact of items not directly resulting from core operations. Internally, this non-GAAP measure is also used by management for planning purposes, including the preparation of internal budgets; for allocating resources to enhance financial performance; for evaluating the effectiveness of operational strategies; and for evaluating the Company's capacity to fund capital expenditures and expand its business. The Company also believes that analysts and investors use adjusted EBITDA as a supplemental measure to evaluate the overall operating performance of companies in our industry. Additionally, lenders or potential lenders use Adjusted EBITDA to evaluate the Company's ability to repay loans.

This non-GAAP financial measure is used in addition to and in conjunction with results presented in accordance with GAAP and should not be relied upon to the exclusion of GAAP financial measures. Management strongly encourages investors to review the Company's consolidated financial statements in their entirety and to not rely on any single financial measure. Because non-GAAP financial measures are not standardized, it may not be possible to compare these financial measures with other companies' non-GAAP financial measures having the same or similar names. In addition, the Company expects to continue to incur expenses similar to the non-GAAP adjustments described above, and exclusion of these items from the Company's non-GAAP measures should not be construed as an inference that these costs are unusual, infrequent or non-recurring.

Safe Harbor Statement

This press release contains statements which are based on management's current expectations, estimates and projections about the Company's business and its industry, as well as certain assumptions made by the Company. These statements are forward looking statements for the purposes of the safe harbor provided by Section 21E of the Securities Exchange Act of 1934, as amended and Section 27A of the Securities Act of 1933, as amended. Words such as "anticipates," "could," "expects," "intends," "plans," "potential," "believes," "predicts," "projects," "seeks," "estimates," "may," "will," "would," "will likely continue" and variations of these words or similar expressions are intended to identify forward-looking statements. These statements include, but are not limited to, the Company's

expectations regarding its future operating results and financial condition, impact of changes in our key operating metrics, our potential growth, our liquidity requirements, and the status of our auction rate preferred securities. We undertake no obligation to revise or update publicly any forward-looking statements for any reason. These statements are not guarantees of future performance and are subject to certain risks, uncertainties and assumptions that are difficult to predict. Therefore, our actual results could differ materially and adversely from those expressed in any forward-looking statements as a result of various factors.

Important factors that may cause such a difference include, but are not limited to, the Company's ability to integrate and achieve efficiencies of acquisitions, economic downturn that could adversely impact retail sales; marketplace illiquidity; demand for the Company's products; increases in commodity and component pricing that would increase the Company's per unit cost and reduce margins; the competitive and volatile environment in the Company's industry; the Company's ability to expand and price its product offerings, control costs and expenses, and provide superior customer service; the mix of products sold by the Company; the effect and timing of technological changes and the Company's ability to integrate such changes and maintain, update and expand its infrastructure and improve its unified product catalog; the Company's ability to improve customer satisfaction and retain, recruit and hire key executives, technical personnel and other employees in the positions and numbers, with the experience and capabilities, and at the compensation levels needed to implement the Company's business plans both domestically and internationally; the Company's cash needs, including requirements to amortize debt; regulatory restrictions that could limit the products sold in a particular market or the cost to produce, store or ship the Company's products; any changes in the search algorithms by leading Internet search companies; the Company's need to assess impairment of intangible assets and goodwill; and the Company's ability to comply with Section 404 of the Sarbanes-Oxley Act and maintain an adequate system of internal controls; any remediation costs or other factors discussed in the Company's filings with the Securities and Exchange Commission (the "SEC"), including the Risk Factors contained in the Company's Annual Report on Form 10-K and Quarterly Reports on Form 10-Q, which are available at www.usautoparts.net and the SEC's website at www.sec.gov. You are urged to consider these factors carefully in evaluating the forward-looking statements in this release and are cautioned not to place undue reliance on such forward-looking statements, which are qualified in their entirety by this cautionary statement. Unless otherwise required by law, the Company expressly disclaims any obligation to update publicly any forward-looking statements, whether as result of new information, future events or otherwise.
