

Press Release

Ad hoc announcement pursuant to Art. 53 LR – Urs Ryffel is elected to the Board of Directors

Bülach, 26 April 2024 – Urs Ryffel was elected to the Board of Directors of [Vetropack Holding Ltd](#) at the annual General Assembly on 25 April 2024.

Urs Ryffel was elected to the Board of Directors of the Vetropack Holding after being put forward as a candidate in November last year. His predecessor Urs Kauffmann did not stand for re-election at his own request. The 56-year-old Ryffel now assumes his new position with many years of industrial experience and expertise in managing international companies. “We are delighted to have found a colleague in Urs Ryffel who will ideally complement the Board of Directors,” says Claude R. Cornaz, Chairman of the Board of Directors.

After starting his career as project manager at ABB Kraftwerke AG, he presided over the global business unit Hydro Power Plant Service. He worked as Unit General Manager for Alstom Power Portugal S.A. in Lisbon from 1999 to 2001 and for Alstom Power Hydraulique S.A. in Paris from 2001 to 2002. In 2002, he joined HUBER+SUHNER AG, initially as Business Unit Manager. Since 2017, he has been leading the Group as CEO.

About Vetropack

The Vetropack Group numbers among Europe's leading manufacturers of glass packaging for the food and beverage industry, with around 3,800 employees and net sales of CHF 898.8 million in 2023. Vetropack has state-of-the-art production plants as well as sales and distribution offices in

Switzerland, Austria, the Czech Republic, Croatia, Slovakia, Ukraine, Italy, the Republic of Moldova and Romania.

Through our work, we enable people to enjoy food and beverages in the most elegant, safest and most responsible way. This is because glass is a sustainable packaging solution – and the perfect material to ensure that food is packaged safely. With our holistic Service plus+ approach, we help our customers to optimise their value chains and guarantee consumers' safety. To this end, we endeavour to build close and long-lasting relationships. Guided by our understanding of environmental responsibility and cost efficiency, we aim to minimise our carbon footprint throughout the supply chain, and we are committed to recycling as the key to optimising product life-cycles.
