

30 April 2021

Quarterly Report to 31st March 2021

Highlights

- Additional metallurgical testwork on full scale production unit to be undertaken during April and May
- A \$5.6 million oversubscribed share placement has been completed, with funds used to pay off debt and strengthen balance sheet
- Placement cornerstoned by Swiss investment company D.A.CH.S. Capital AG
- KIS secures a \$10 million loan over a 10-year term from the Tasmanian Government to support the redevelopment of Dolphin Tungsten Project
- Further project funding is progressing
- Commodity price strengthening, with APT prices having increased by 30% since beginning of FY21
- Cash balance at 31 March 2021 of \$8.5 million prior to repayment of loan of \$4.7 million

King Island Scheelite Limited (ASX: KIS) ("the Company") provides its activities report for the quarter ended 31 March 2021, detailing the Company's activities and those at its 100%-owned Dolphin Tungsten Project ("Dolphin"), one of the world's richest tungsten deposits, located on King Island, Tasmania.

Dolphin Tungsten Project, King Island Tasmania

Update on metallurgical testwork using multi gravity separators

On 9 December 2020, the Company in an ASX announcement advised:

"The results achieved in the pilot scale (notional 200 kg/hr) machine are extremely encouraging and have prompted the Company to verify the scale-up factors in a full-scale commercial machine using its own ore. KIS is currently in negotiation with a UK-based equipment manufacturer regarding renting or pre-purchasing a commercial-grade machine to evaluate a larger bulk sample in early 2021."

The Company is pleased to advise that a rental/purchase agreement was concluded with the suppliers early in the quarter. The machine arrived in Burnie on 1 April 2021 with testing starting the following week.

Following the quarter end, the first stage of "sighter" tests using the full-scale production unit, focusing on metallurgical performance and throughput, commenced.

Further optimisation tests are planned over the next few weeks with the aim to increase recovery and grade of product at optimal throughput rates and determine the number of MGS units that will need to be installed in the final concentrate plant.

Corporate

Strongly supported \$5.6 million placement

In March, King Island Scheelite completed a placement of 28 million shares at \$0.20 per share, raising \$5.6 million. The shares were issued pursuant to Section 708A of the Corporations Act and ASX Listing Rule 7.1. MAC Equity Partners was Lead Manager.

The placement, which was oversubscribed, was cornerstoned by Swiss investment company D.A.CH.S. Capital AG, which subscribed for 20 million shares. The balance of the shares was allocated to Australian professional investors introduced by MAC Equity Partners.

The Company will apply funds raised to paying off term debt of \$4.7 million, plus accrued interest, which the Company had previously incurred in acquiring fixed property adjacent to the Dolphin mine site and working capital to advance the Dolphin Project. The remaining \$0.5 million debt will be converted to equity subject to FIRB approval.

With a significantly strengthened balance sheet, the Company looks forward to negotiating from a much better position the debt and equity components required to fund the redevelopment of the Dolphin tungsten mine.

Following these transactions, the Company's assets are unencumbered with \$500,000 debt remaining, awaiting conversion into equity following FIRB approval.

Government Loan

In February, King Island Scheelite announced that it has secured financial support through a loan of \$10 million from the Tasmanian Government.

The proceeds will support the Company's redevelopment of its Dolphin Tungsten Project.

The Tasmanian Government facility is on the following key terms:

- Loan term of 10 years
- Interest only on a monthly basis, then fixed principal plus interest payable monthly, commencing on the first day of the month following the second anniversary of the initial loan drawdown
- No penalties for early repayment
- Security and other terms, including conditions precedent, are in line with facilities of this nature
- All other capital raisings necessary to deliver the project being successful
- Formal loan and security documentation being agreed and executed

Extraordinary General Meeting

The Company provided notice that the General Meeting of Shareholders will be held at Suite 26.01, Level 26, Suncorp Place, 259 George Street, Sydney NSW 2000 commencing 11.00AM AEST on Monday 3 May 2021.

Due to current government guidelines regarding COVID-19, persons proposing to attend the General Meeting in person are requested to contact the Company by email at kis@kisltd.com.au at least 5 business days prior to the Meeting, so that appropriate arrangements can be made.

Exercise of options and cash balance

During the period 18.3 million 10c options expiring on 1 August 2021 were exercised, providing the Company with additional cash of \$1.8 million.

The Company's cash position as at 31 March 2021 was \$8.53 million, prior to repaying the loan of \$4.7 million together with accrued interest amounting to \$357,511.

Financing Proposals

The Company's debt arrangers are advancing discussions on a project debt facility. In addition, the Company is continuing discussions with equity brokers to arrange the balance of the required funding.

The Company anticipates that these discussions will be finalised late this quarter or early in the following quarter.

Tungsten Market Update

The price of Ammonium Paratungstate has increased by more than 30% since 1 July 2020, reaching US\$270-US278/mtu at the end of March 2021. The price is now higher than pre COVID-19 and represents the quicker than expected recovery of the tool market and restocking of inventories. Market commentators remain of the opinion that the price will reach US\$300/mtu before the end of the year.

COVID-19 Restrictions

The Company continues to adhere to best practices in relation to the COVID-19 pandemic. Meetings generally continue to be held remotely and the Company and its consultants have progressed optimising various aspects of Dolphin whilst so doing.

The Company holds the following licences and leases as at 31 March 2021:

	Interest
Exploration Licence EL19/2001 at Grassy, King Island (91 sq kms)	
(expires 14 December 2022)	100%
Mining Lease CML 2080P/M at Grassy, King Island (566 hectares)	
(expires 5 June 2029)	100%

There have been no mining tenements acquired or disposed during the Quarter.

There were no substantive mining exploration activities during the Quarter.

Payments to related parties of the entity and their associates

The amount included in section 6.1 of the Appendix 5B includes cash payments of \$87,000 in directors' fees and remuneration.

This market announcement has been approved by the Board of King Island Scheelite Limited.

	Not ap	plicable		
		•		

Subsequent event

On 1 April 2021, the total loan facility provided by CJRE Maritime Pty, Ltd in the amount of \$4.7m, was repaid with accrued interest.

Compliance statement

- 1 This statement has been prepared in accordance with accounting standards and policies which comply with Listing Rule 19.11A.
- 2 This statement gives a true and fair view of the matters disclosed.

Date: 30 April 2021

Authorised by: Board

(Name of body or officer authorising release - see note 4)

Notes

- 1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
- 2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, AASB 6: Exploration for and Evaluation of Mineral Resources and AASB 107: Statement of Cash Flows apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
- 3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
- 4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
- 5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

ⁱ Following is a summary of the expenditure incurred on exploration & evaluation activities during the quarter (Item 1.2 (a)):
