

TILL 2023 ANNUAL FINANCIAL STATEMENT FILING DELAYED

Vancouver, British Columbia, Canada, May 2, 2024: Till Capital Corp. (TSX-V:TIL) (“Till” or “Company”) announces that it is late in filing its audited financial statements for the year ended December 31, 2023 and certain related filings.

On April 30, 2024, Till was required to file:

- a. audited annual financial statements for the year ended December 31, 2023 as required by Part 4 of National Instrument 51-102 *Continuous Disclosure Obligations*;
- b. management's discussion and analysis relating to the audited annual financial statements, as required by Part 5 of National Instrument 51-102 *Continuous Disclosure Obligations*; and
- c. CEO and CFO certificates relating to the audited annual financial statements, as required by National Instrument 52-109 *Certification of Disclosure in Issuers' Annual and Interim Filings* (collectively, the “**required filings**”).

Till currently anticipates the required filings will be delayed until on or about May 15, 2024. The sale of the Company's wholly-owned subsidiary Omega Insurance Holdings Inc. was completed on October 12, 2023. The audit of Omega's transition to IFRS 17 in 2023 is proving to be more time-consuming than it or the Company had expected. The Company expected Omega to be in a position to complete an audit in time to meet the April 30, 2024 filing deadline, but it became apparent on April 22, 2024 that Omega will require additional time. The Company anticipates that this may delay the required filings being made by up to two weeks beyond the filing deadline.

In light of these circumstances, the Company applied to and received from the British Columbia Securities Commission, as principal regulator for the Company, the imposition of a management cease trade order (the "MCTO") under National Policy 12-203 – Management Cease Trade Orders ("NP 12-203") throughout the duration of the default. The MCTO restricts trading in securities of the Company by the CEO and CFO of the Company until such time as the required filings have been made by the Company and the MCTO is no longer in effect. The MCTO does not affect the ability of other persons to trade in the securities of the Company.

The Company confirms that it will satisfy the provisions of the alternative information guidelines under NP 12-203 by issuing bi-weekly default status reports in the form of news releases for so long as it remains in default of the above-noted filing requirements. The

Company also confirms that there is no other material information relating to its affairs that has not been generally disclosed. Other than as disclosed herein, the Company is up to date in its filing obligations.
