Federal Communications Commission

To Whom It May Concern:

I am requesting a waiver of filing window deadline. I have submitted FCC Form 471, application # 221016645. Our billed entity number is 210363. Our FCC registration number is 0031338924.

The reason I am requesting this waiver is that I need the funding to pay for dedicated internet access for our school. I am new to the grant application process. I applied through the USAC portal. I began an application to both the E-Rate and the Emergency Connectivity Fund. I began both application inside the filing window and mistakenly thought that both were completed on time.

I am asking for you to please excuse my mistake and grant a waiver to the deadline for our application. Although we are a small rural school, we are making every effort to provide updated technology and opportunities to our students. This coming school year we have worked hard to acquire a laptop/device for every student in every class room. Our teachers will be using a smart board (view board) in every classroom for the first time. Our high school students are taking online courses with the local college. With these advances, we need adequate internet service. The internet service we have used is not sufficient to meet our growing needs. This funding I am requesting will provide that.

Thanking you in advance for your consideration.

Sincerely,

A handwritten signature in black ink that reads "Regina Vance". The signature is fluid and cursive.  
Regina Vance, Principal
