### 4) Financial Statements

A. The following financial statements were prepared in accordance with:

- ☒ U.S. GAAP  
☐ IFRS

B. The financial statements for this reporting period were prepared by (name of individual)<sup>4</sup>:

Name: Luke Joseph  
Title: CEO, CFO  
Relationship to Issuer: CEO

Provide the financial statements described below for the most recent fiscal year or quarter. For the initial disclosure statement (qualifying for Pink Current Information for the first time) please provide reports for the two previous fiscal years and any subsequent interim periods.

- C. Balance sheet;
- D. Statement of income;
- E. Statement of cash flows;
- F. Statement of Retained Earnings (Statement of Changes in Stockholders' Equity)
- G. Financial notes; and
- H. Audit letter, if audited

You may either (i) attach/append the financial statements to this disclosure statement or (ii) file the financial statements through OTCIQ as a separate report using the appropriate report name for the applicable period end. ("Annual Report," "Quarterly Report" or "Interim Report").

If you choose to publish the financial statements in a separate report as described above, you must state in the accompanying disclosure statement that such financial statements are incorporated by reference. You may reference the document(s) containing the required financial statements by indicating the document name, period end date, and the date that it was posted to OTCIQ in the field below. Financial Statements must be compiled in one document.

---

Financial statement information is considered current until the due date for the subsequent report (as set forth in the qualifications section above). To remain qualified for Current Information, a company must post its Annual Report within 90 days from its fiscal year-end date and Quarterly Reports within 45 days of each fiscal quarter-end date.

## **5) Issuer's Business, Products and Services**

The purpose of this section is to provide a clear description of the issuer's current operations. In answering this item, please include the following:

- A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

Cal-Bay acquired a Financial-merchant card processing system, CB Green Card, that allows the legal payment to the dispensary by patients using the CB Green card for purchases within the dispensaries. Currently the legal use of credit cards to dispensaries for the purchase of Marijuana products has to date not been available due the nationwide dispute between state and Federal agencies as to the legality of the sale for Marijuana products; therefore, the majority of the transactions are on a cash only basis. The company's merchant processing system allows for the registered dispensaries to be able to accept and process the patients CB Green

**CAL-BAY INTERNATIONAL, INC.**  
**Notes To The Condensed Unaudited Financial Statements**  
**For The Years Ended June 30, 2022, And December 31, 2021**

**Note 1 – NATURE OF OPERATIONS**

Cal-Bay International, Inc. was incorporated under the laws of the State of Nevada on December 9, 1998.

Cal-Bay acquired a Financial, merchant card processing system, CB Green Card, that allows the legal payment to the dispensary by patients using the CB Green card for purchases within the dispensaries. Currently the legal use of credit cards to dispensaries for the purchase of Marijuana products has to date not been available due the nationwide dispute between state and Federal agencies as to the legality of the sale for Marijuana products; therefore the majority of the transactions are on a cash only basis. The company's merchant processing system allows for the registered dispensaries to be able to accept and process the patients CB Green card and have the proceeds deposited to their financial institution, creating an alternative to holding large amounts of non depositable cash to the banks and at the same time creating a verifiable transaction of sales for state and Federal tax collection agencies.

Cal-Bay has also developed a formula specifically designed for enhancing the growth of marijuana plants.

**Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

A summary of the significant accounting policies applied in the preparation of the accompanying financial statements follows.

*BASIS OF PRESENTATION*

The Company have been prepared in accordance with generally accepted accounting principles in the United States of America and are presented in US dollars. The Company's year-end is December 31.

*ESTIMATES*

The preparation of the financial statement in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

*CASH AND CASH EQUIVALENTS*

The Company maintains a cash balance in a non-interest-bearing account that currently does not exceed federally insured limits. For the purpose of the statements of cash flows, all highly liquid investments with an original maturity of years or less are considered to be cash equivalents. There were no cash equivalents as of June 30, 2022, or 2021.

## *INVENTORY*

Inventory is recorded at lower of cost or market; cost is computed on a first-in first-out basis. At June 30, 2022 and 2021 we had inventory of \$0 and \$0 respectively.

## *FINANCIAL INSTRUMENTS*

Fair value measurements are determined based on the assumptions that market participants would use in pricing an asset or liability. Accounting Standards Codification ("ASC") 820-10 establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. ASC 820 establishes a fair value hierarchy that prioritizes the use of inputs used in valuation methodologies into the following three levels:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets. A quoted price in an active market provides the most reliable evidence of fair value and must be used to measure fair value whenever available.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs which reflect a reporting entity's own assumptions about the assumptions that market participants would use for pricing an asset or liability. For example, level 3 inputs would relate to forecasts of future earnings and cash flows used in a discounted future cash flows method.

The recorded amounts of financial instruments, comprising cash, accounts payable and income tax payable, approximate their market values as of June 30, 2022, due to the short- term maturities of these financial instruments.

## *OTHER INTANGIBLE ASSETS*

Under ASC 350-50-1, costs incurred in the acquisition of an intangible asset are capitalized by the Company. Our intangible assets are related to the development of the CB Green Card and the formulation developed for the growth of cannabis plants; both which are being amortized to expense over the estimated useful life or period of benefit which is estimated to be 10 years using straight-line method

## *IMPAIRMENT OF LONG-LIVED ASSETS*

The Company evaluates the recoverability of long-lived assets and intangible assets and the related estimated remaining lives at each balance sheet date. The Company records an impairment or change in useful life whenever events or changes in circumstances indicate that the carrying amount may not be recoverable or the useful life has changed. At the quarter ended June 30, 2022, and year ended December 31, 2021, there is no impairment of long-lived assets or intangible assets.

## *INCOME TAXES*

We account for income taxes in accordance with FASB ASC 740, Income Taxes which requires the recognition of deferred tax liabilities and assets for the expected future tax consequences of events that have been included in the financial statement or tax returns. Under this method, deferred tax liabilities and assets are determined based on the difference between financial statements and tax basis of assets and liabilities using enacted tax rates in effect for the year in which the differences are

expected to reverse. Under FASB ASC 740, the effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period the enactment occurs. A valuation allowance is provided for certain deferred tax assets if it is more likely than not that the Company will not realize tax assets through future operations. The effect on the deferred income tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

When tax returns are filed, it is highly certain that some positions taken would be sustained upon examination by the taxing authorities, while others are subject to uncertainty about the merits of the position taken or the amount of the position that would be ultimately sustained. In accordance with ASC 740-10, the benefit of a tax position is recognized in the financial statements in the period during which, based on all available evidence, management believes it is more likely than not that the position will be sustained upon examination, including the resolution of appeals or litigation processes, if any. Tax positions taken are not offset or aggregated with other positions. Tax positions that meet the more-likely-than-not recognition threshold are measured as the largest amount of tax benefit that is more than 50 percent likely of being realized upon settlement with the applicable taxing authority. The portion of the benefits associated with tax positions taken that exceeds the amount measured as described above should be reflected as a liability for unrecognized tax benefits in the accompanying balance sheets along with any associated interest and penalties that would be payable to the taxing authorities upon examination.

## *REVENUE RECOGNITION*

Effective July 1, 2019, the Company adopted the Financial Accounting Standards Board (“FASB”) standard update ASU 2014-09, “Revenue from Contracts with Customers,” (“Topic 606”) which provides a principles-based, five-step approach to measure and recognize revenue from contracts with customers. Revenue is recognized when the following criteria are met:

- Identification of the contract, or contracts, with a customer;
- Identification of the performance obligations in the contract;
- Determination of the transaction price;
- Allocation of the transaction price to the performance obligations in the contract; and
- Recognition of revenue when, or as, we satisfy performance obligation.

The adoption of this guidance did not have a material impact on the Company’s consolidated statement of operations, cash flows, and balance sheet as of the adoption date or for the quarters ended June 30, 2022, and 2021, respectively.

The Company's revenues have been generated primarily through the sales of licensing rights to its CB Green Card and the formula for marijuana growth. Revenues from non-refundable licensing and distribution fees are recognized upon receipt of the payment if the license has stand-alone value and we do not have ongoing involvement or obligations.

For the quarters ended June 30, 2022 and 2021, all sales and license payments met the above criteria or in the case of one contract, the only continuing involvement was to sell our products to the distributor at pricing that is consistent with market transactions, thereby allowing for the recognition of revenue for the licensing and distribution arrangements upon receipt.

When non-refundable license fees do not meet this criteria the license revenues are recognized over the expected period of performance. We periodically review for any expected period of substantial involvement under the agreements that provide for non-refundable up-front payments and license fees. If ever applicable, we will adjust the amortization periods when appropriate to reflect changes in assumptions relating to the duration of our expected involvement.

At the quarter ended June 30, 2022, we received \$0 for licensing rights to the CB Green Card and at the year ended December 31, 2021, we received \$0 for licensing rights to the CB Green Card

## *TRADE RECEIVABLES*

Trade Receivables are the amount of billed or unbilled claims or other similar items subject to uncertainty concerning their determination or ultimate realization under contracts that are expected to be collected in the next rolling twelve months following the latest balance sheet presented. Our policy on receivables varies per customer, but in no case do we allow for a receivable to be outstanding for more than 12 months. As of June 30, 2022, we had no open trade receivables.

#### *ADVERTISING COSTS*

The Company's policy regarding advertising is to expense advertising when incurred. The Company incurred advertising and marketing expense of \$0 during the quarter ended June 30, 2022, and \$0 during the quarter ended June 30, 2021.

#### *NET INCOME (LOSS) PER SHARE OF COMMON STOCK*

The Company computes net income (loss) per share in accordance with ASC 105, "Earnings per Share" which requires presentation of both basic and diluted earnings per share on the face of the statement of operations. Basic income (loss) per share is computed by dividing net income (loss) available to common shareholders by the weighted average number of outstanding common shares during the period. Diluted loss per share gives effect to all dilutive potential common shares outstanding during the period. Dilutive loss per share excludes all potential common shares if their effect is anti-dilutive. For the quarter ended June 30, 2022, and 2021 there were no diluted shares.

#### *RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS*

The Company has reviewed all recently issued, but not yet effective, accounting pronouncements and does not believe the future adoption of any such pronouncements may be expected to cause a material impact on our financial condition or the results of its operations.

#### **Note 3 – GOING CONCERN**

The financial statements have been prepared on a going concern basis which assumes the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future.

The financial statements do not include any adjustments relating to the recoverability and classification of assets or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

#### **Note 4- PROPERTY AND EQUIPMENT**
