Re: Green Globe International, Inc. ("GGII") – Shell Status

Dear Mr. Nunnery:

In an email date December 8, 2021 you recommended that I should write, and post through OTCIQ, an official request for the removal of the "shell" status from our landing page at OTCMarkets.com.

In March 2021, Hempacco Co., Inc. (previously The Hempacco Co., Inc.) obtained control of GGII from the controlling shareholders at that time. On May 21, 2021 a share exchange occurred between GGII and Hempacco Co., Inc. that resulted in a reverse merger resulting in GGII become the sole shareholder of Hempacco Co., Inc.

Hempacco Co., Inc. has been in business in San Diego, CA since April 1, 2019 and is a manufacturer of hemp smokables and related products. More information can be found on our website, [About Us - Hempacco, Co. Inc. \(hempaccoinc.com\)](http://hempaccoinc.com)

In addition to being the parent company of a successful operating entity, GGII has entered into several new business ventures, on its own account, with joint venture partners in the area of CBD nutraceuticals products. GGII now has its own physical office space located in Scottsdale, Arizona, and is planning to acquire its own manufacturing capability in the near future.

The Directors of GGII can attest that all necessary conditions now exist, (as stipulated by the SEC Rule 405) such that GGII should no longer be classified as a shell. We respectfully request that the "Shell" notice status be removed from our OTC markets web page.

You requested an effective date for this change: Although technically not a shell since May 21, 2021, the non-shell status has changed considerably in the remaining months of 2021, and as the backdating of the change in status would not provide any benefits at this point, we would be happy to have the status corrected as of **January 1, 2022**.

Should you require any additional supporting information please contact the undersigned at your earliest convenience.

Sincerely,

A handwritten signature in blue ink, appearing to read "Neville Pearson". The signature is fluid and cursive, with a large initial "N".

CFO and Director,
