4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. Ensure that these descriptions are updated on the Company's Profile on www.OTCMarkets.com.

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

In March 2015 the Company signed a Share Purchase Agreement to acquire the shares of Green M&A Solutions, a private US company that has 100% ownership of Green Mine Solutions ("GMS"), a Colombian company with active gold

mining operations. GMS has an interest in the La Palmichala property, located in the municipality of Remedios, in the Nordeste sub region of the Antioquía 15 Department, Colombia. The region of the property is on the El Silencio geological formation, which is one of the richest formations in Colombia. Green Mine Solutions has entered into Letter of Intent (LOI) for two mines and processing plants in San Pablo and Hídalgo, located 15 and 20 minutes respectively from La Palmichala, we are in default of the loan payment on this operation and we are waiting for the outcome of the Probate hearing from the deceased owners estate in order to proceed. GMS is also very active in the areas surrounding the mine, helping farmers to grow Inca Seeds (Sacha Inchi). Inca Seed (Sacha Inchi) is a product that is very rich in Omega 3 and is the primary crop in Colombia presently used for the substitution of illegal crops, such as the coca plant. ○ Financial Notes

D. NOTE 1-OVERVIEW

1.1 Liquidity

The accompanying unaudited consolidated financial statements have been prepared assuming that the Company will continue as a going concern. This contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The company change management as of July 7, 2016, after the death of the old CEO Tom Makmann. The new CEO Kate Bahnsen has negotiated and reduce the old liabilities of the company from \$ 3,886,793 to \$646,988. GMS Green Mind Solutions SAS a Colombian company started to work with farmers in Colombia in 2013 to develop an alternative crop to the illegal crops (Coca leaves).with Sacha Inchi a seed rich in Omega 3,6,9, and complete vegan protein with all 9 essential amino-acids and created Inca Worldwide. QED Connect invested in GMS to help them develop the Sacha Inchi seeds into a tasty snack, a powder and a beverage. Inca Worldwide was rebranded in 2021 as GMS Sacha Inchi. GMS teaches and buyers Sacha Inchi Seeds from farmers in the area surrounding mining communities and other farming areas in Colombia. The seeds are transforming into a tasty Snack and a powder. In 2020 the company started to develop the Sacha Inchi beverage. The Company markets all its products to private labels and multinational companies and its brand GMS Sacha Inchi is sold worldwide.

Any of the following factors could result in insufficient capital to fund the Company's operations for a period significantly shorter than twelve months:

- if the Company's capital requirements or cash flow vary materially from its current projections.
- if the Company is unable to timely raise capital for the requirements of its joint venture agreements and to cover its operating expenses; or
- if other unforeseen circumstances occur.

The Company's inability to fund its operations may require the Company to substantially curtail its business activities. These factors, among others, raise substantial doubt about the Company's ability to continue as a going concern. The Company's plans for correcting these deficiencies include ongoing efforts to raise new capital and negotiating suitable repayment terms for outstanding obligations. The unaudited consolidated financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from the inability of the Company to continue as a going concern.

1.2 NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1.2.1 Basis of Presentation

The accompanying unaudited consolidated financial statements of QED Connect, Inc. have been prepared in conformity with accounting principles regarding interim financial reporting. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for annual financial statements and should be read in conjunction with the unaudited consolidated financial statements previously reported by the Company. In the opinion of management, the accompanying unaudited financial statements contain most all adjustments, consisting only of adjustments of a normal recurring nature, necessary for a fair presentation of the Company's financial position as of December 31, 2022, and its results of operations for the periods presented. These unaudited consolidated financial statements are not necessarily indicative of results to be expected for future periods. The company has changed its name to Inca Worldwide Inc. The company is currently register in New York and is register in Nevada. The company has changed its business model and will be only concentrated in its GMSacha Inchi Snack, GMSacha Inchi Powder and GMSacha Inchi Beverage. The Mining operation and any other past agreement have been cancelled or move to a private company.

The Preferred Stock for the Purchase of the right to sell GMSacha Inchi products has yet to be issued, along with other Preferred Stocks.

1.2.2 Critical Accounting Policies and Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ materially from those estimates and assumptions. Certain amounts from prior periods have been reclassified to conform with current period presentation.

1.2.3 Cash and Cash Equivalents

The Company considers all cash and investments with original maturities of three months or less to be cash equivalents.

1.2.4 Property and Equipment

Property and equipment are stated at cost less accumulated depreciation. Expenditures for minor replacements, maintenance and repairs which do not increase the useful lives of the property and equipment are charged to operations as incurred. Major additions and improvements are capitalized. Depreciation and amortization are computed using the straight-line method over estimated useful lives of 5 years.

1.2.5 Intangible Assets

In accordance with ASC subtopic 350-10, Intangibles, Goodwill and Others, the goodwill impairment analysis compares the fair value of each reporting unit to its carrying value, including goodwill. The Company evaluates the remaining useful life of an intangible asset that is being amortized each reporting period to determine whether events and circumstances warrant a revision to the remaining period of amortization, and as such all Goodwill was written off in this accounting period.

1.2.6 Accounting for the Impairment of Long-Lived Assets

ASC subtopic 360-10-40, Property, Plant, and Equipment, Impairment of Disposal of Long-Lived Assets, requires that long-lived assets, such as property and equipment and purchased intangibles subject to amortization, be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of the asset is measured by comparison of its carrying amount to undiscounted future net cash flows the asset is expected to generate. If such assets are considered to be impaired, the impairment to be recognized is measured as the amount by which the carrying amount of the asset exceeds its fair market value. Estimates of expected future cash flows represent the Company's best estimate based on currently available information and reasonable and supportable assumptions. Any impairment recognized in accordance with ASC 360-10-40 is permanent and may not be restored. For the December 31, 2022, the Company did not recognize any impairment of long-lived assets in connection with ASC 360-10-40 based on its reviews.

1.2.7 Advertising

The Company charges advertising costs to expense as incurred. There were no advertising expenses for the twelve months' periods ending December 31, 2023.

1.2.8 Concentrations of Risk

Credit losses, if any, have been provided for in the financial statements and are based on management's expectations. The Company does not believe that it is subject to any unusual risks or significant risks in the normal course of its business.

1.2.9 Revenue Recognition

We recognize revenue in accordance with Staff Accounting Bulletin ("SAB") No. 104, Revenue Recognition, Corrected Copy. Under SAB No. 104, revenue is recognized when persuasive evidence of an arrangement exists, delivery has occurred or services have been rendered, the seller's price to the buyer is fixed or determinable, and collectability is reasonably assured. Revenue is recognized net of sales tax. We apply the specific provisions of SFAS No. 48, Revenue Recognition when Right of Return Exists. Under SFAS No. 48, product revenue is recorded at the transfer of title to the products to a customer, net of estimated allowances and returns and sales incentives. Transfer of title occurs and risk of ownership passes to a customer at the time of acceptance by the customer, depending on the terms of our agreement with a particular customer. For transactions not satisfying the conditions for revenue recognition under SFAS No. 48, product revenue is deferred until the conditions are met, net of an estimate for cost of sales.

1.2.10 Income Taxes

The Company accounts for income taxes under ASC topic 740, Income Taxes, ASC topic 740 defines an asset and liability approach that requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been recognized in the Company's financial statements or tax returns. ASC topic 740 further requires that a tax position must be more likely than not to be sustained before being recognized in the financial statements, as well as the accrual of interest and penalties as applicable on unrecognized tax positions. Deferred income taxes are recognized for the tax consequences in future years of differences between the tax basis of assets and liabilities and their financial reporting amounts at each period end, based on enacted tax laws and statutory tax rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized. The provision for income taxes represents the tax payable for the period, if any, and the change during the period in deferred tax assets and liabilities. The Company is working with GMS (Green Mind Solutions).

1.2.11 Litigation and Other Contingencies

The Company discloses material contingencies deemed to be reasonably possible and accrues loss contingencies when, in consultation with legal advisors, the Company concludes that a loss is probable and reasonably estimable. The ability to predict the ultimate outcome of such matters involves judgments, estimates and inherent uncertainties. The actual outcome of such matters could differ materially from management's estimates.

Case No: CA10-1547

The CEO Katharina Nanny Bahnsen was able to negotiate the with Michael L Lattucca a settlement for the judgment that was paid to Mr. Michael L Lattucca in the first quarter of 2022 by Genesis Electronic Group and releasing QEDN from this liability.

On October 10, 2017 Mr. Lattucca posted on IHub:

Bazooka 1963 Tuesday, 10/10/17 02:54:19 PM Re: Greed Kills post# 54207 Post # 54208 of 54262 I have been on the sidelines for years watching and reading. It's time I come out for a brief visit to set the records straight. My name is Mike Lattucca, judgment creditor against QEDN, GEGI and Raymond F. Purdon. For the record I do not know Kate, never met her and frankly happy as hell I haven't. To me, it seems as though she and Ray Purdon are one and the same as they share the same addresses even though she claims Columbia. They treat their children the same in that Kate too lies to the court about her children and their needing of her. They both don't pay their bills legitimately but both use corporate funds as a cash dispenser. I can say with 100% certainty that Ray Purdon is a fraud. He has been found guilty of committing fraud on me, hence my punitive damages award. My wife and I (Who I don't beat LMAO) have a great relationship with Lisa Purdon, the mother of Purdon's 3 incredible children, Teddy, Abbey and Sarah. Our goal is to help make lemonade from something so incredibly awful as a father who turns his back on his kids while knowing their mother has never been the breadwinner but now must as their father is a deadbeat dad. We feel for her and the children and know someday they too will know who their father is. I have never been arrested in my

entire life. Although several would like you to believe I have, so as to cloud the judgments I have against them and their sleazy fraudulent companies. I have served proudly in the United States Marine Corps. Twice honorably discharged having returned to active duty for Operation Desert Storm. What were you dirt bags doing when I was serving honorably, learning how to defraud as many as possible? Here's the game changer for all of you here at GEGI and at QEDN. I have authorized my Attorneys to put the nuclear plan into motion. What does this mean? I never did this for the money. I did this to shut you down from hurting good innocent people so here we go... I am forcing both sleazy companies into involuntary bankruptcy. I have 3 creditors minimum per each judgment debtor as required and this will cease all trading, all debit card expenses, travel to Iceland or whatever else is occurring. So, let's see the volume jump through the roof today for both as this just may be your last day of trading. To those sitting on a bunch of stock... ouffffff good luck LMAO... Sergeant, Michael Lattuca, USMC in your _SS!
This matter is under investigation at the SEC both companies QEDN and GEGI are working to file a lawsuit against Mr. Lattuca and Mr. Brad Hughes for stock manipulation.
Mr. Lattuca has also posted a banner stating there is an order dissolving GEGI

A Florida court does not have any jurisdiction over a Nevada Corporation or can dissolve a Nevada Corporation. Mr. Lattuca and Mr. Brad Hughes are manipulating the shares of this company.
Case No: BC648277ot

On February 1, 2017 Tangiers filed a lawsuit against (QEDN) for two notes payable. The CEO has refused to issue shares to Tangiers till after March 31, 2017 because the Notes didn't had approval of the board of directors when they were signed by the old CEO. Inca Worldwide (QEDN) has till June 16, 2017 to respond to this lawsuit.

1.2.11 Computation of Net Loss (Loss) Per Common Share.

The Company calculates income/loss per share in accordance with FASB ASC topic 260, Earnings Per Share. Basic income/loss per share is computed by dividing the net income/loss available to common shareholders by the weighted-average number of common shares outstanding. Diluted income/loss per share is computed similar to basic loss per share, except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive.

2 NOTE 2 – FAIR VALUE MEASUREMENTS

The Company's financial assets that are measured on a recurring basis at fair value.

2.1 Level 1.

The Company utilizes the market approach to determine the fair value of its assets and liabilities under Level 1 of the fair value hierarchy. The market approach pertains to transactions in active markets involving identical or comparable assets or liabilities.

2.2 Level 2.

The fair values determined through Level 2 of the fair value hierarchy are derived principally from or corroborated by observable market data. Inputs include quoted prices for similar assets, liabilities (risk adjusted), and market-corroborated inputs, such as market comparables, interest rates, yield curves, and other items that allow value to be determined.

2.3 Level 3.

The fair values determined through Level 3 of the fair value hierarchy are derived principally from unobservable inputs to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset (or similar assets) at the measurement date. As of September 30, 2016, no fair value measurements for assets or liabilities under Level 3 were recognized in the Company's consolidated financial statements. There were no changes in the Company's valuation techniques during the twelve months ending September 30, 2016. The Company is not exposed to changes in interest rates which could result in cash flow risks.

3. NOTE 3- FURNITURE AND EQUIPMENT

The intellectual property rights and web sites have been identified as intangible assets with indefinite useful lives. Since the Company had recognized the acquired assets as long-lived assets, the acquired assets will not be amortized but the Company will conduct an annual review for impairment of the asset values in accordance with ASC 360-10-40, and as such 100% of the value of those assets was removed from the Balance sheet as of December 31, 2015.

When the Company acquired Green M&S, it elected to not book the reserves of the Gold Mine, but to keep track of its value off the Mineral deposits using the Jennings Capital formula per the ASC 360- 10-40 Report as we understood it, which based on the valuation and type of the Gold reserves at per ounce, valued the mine at \$16,318,995 when Gold was at \$1800 per oz. This valuation was also based on the Company being able to fully mechanize the mine, which has not happened. The current value of the mine based on the above formula and the current Gold values at \$1,084 less ore that has been mined as of December 31, 2014 is \$10,907,415. The officers of the Corporation shall consist of a president, secretary, treasurer, and also may have one or more vice presidents, assistant secretaries and assistant treasurers and such other officers as the Board of Directors may from time to time deem advisable. Any officer may hold two or more offices in the Corporation, and may or may not also act as a Director.

b) The officers of the Corporation shall be elected by the Board of Directors at the regular annual meeting of the Board following the annual meeting of shareholders.

c) Each officer shall hold office until the annual meeting of the Board of Directors next succeeding his or her election, and until his or her successor shall have been duly elected and qualified, subject to earlier termination by his or her death, resignation or removal.

Section 2 - Resignation Any officer may resign at any time by giving written notice of such resignation to the Corporation.

Section 3 - Removal Any officer appointed by the Board of Directors may be removed by a majority vote of the Board, either with or without cause, and a successor appointed by the Board at any time, and any officer or assistant officer, if appointed by another officer, may likewise be removed by such officer.

Section 4 - Remuneration

The remuneration of the Officers of the Corporation may from time to time be determined by the Directors or, if the Directors decide, by the shareholders.

ARTICLE V: SHARES OF STOCK

Section 1 - Certificate of Stock

a) The shares of the Corporation shall be represented by certificates or shall be uncertificated shares.

b) Certificated shares of the Corporation shall be signed, either manually or by facsimile, by officers or agents designated by the Corporation for such purposes, and shall certify the number of shares owned by the shareholder in the Corporation. Whenever any certificate is countersigned or otherwise authenticated by a transfer agent or transfer clerk, and by a registrar, then a facsimile of the signatures of the officers or agents, the transfer agent or transfer clerk or the registrar of the Corporation may be printed or lithographed upon the certificate in lieu of the actual signatures. If the Corporation uses facsimile signatures of its officers and agents on its stock certificates, it cannot act as registrar of its own stock, but its transfer agent and registrar may be identical if the institution acting in those dual capacities countersigns or otherwise authenticates any stock certificates in both capacities. If any officer who has signed or whose facsimile signature has been placed upon such certificate, shall have ceased to be such officer before such certificate is issued, it may be issued by the Corporation with the same effect as if he were such officer at the date of its issue.

c) If the Corporation issued uncertificated shares as provided for in these Bylaws, within a reasonable time after the issuance or transfer of such uncertificated shares, and at least annually thereafter, the Corporation shall send the shareholder a written statement certifying the number of shares owned by such shareholder in the Corporation.

d) Except as otherwise provided by law, the rights and obligations of the holders of uncertificated shares and the rights and obligations of the holders of certificates representing shares of the same class and series shall be identical.

e) If a share certificate:

(i) is worn out or defaced, the Directors shall, upon production to them of the certificate and upon such other terms, if any, as they may think fit, order the certificate to be cancelled and issue a new certificate;

(ii) is lost, stolen or destroyed, then upon proof being given to the satisfaction of the Directors and upon and indemnity, if any being given, as the Directors think adequate, the Directors shall issue a new certificate; or

(iii) represents more than one share and the registered owner surrenders it to the Corporation with a written request that the Corporation issue in his or her name two or more certificates, each representing a specified number of shares and in the aggregate representing the same number of shares as the certificate so surrendered, the Corporation shall cancel the certificate so surrendered and issue new certificates in accordance with such request.

Section 2 - Transfers of Shares

a) Transfers or registration of transfers of shares of the Corporation shall be made on the stock transfer books of the Corporation by the registered holder thereof, or by his or her attorney duly authorized by a written power of attorney; and in the case of shares represented by certificates, only after the surrender to the Corporation of the certificates representing such shares with such shares properly endorsed, with such evidence of the authenticity of such endorsement, transfer, authorization and other matters as the Corporation may reasonably require, and the payment of all stock transfer taxes due thereon.

b) The Corporation shall be entitled to treat the holder of record of any share or shares as the absolute owner thereof for all purposes and, accordingly, shall not be bound to recognize any legal, equitable or other claim to, or interest in, such share or shares on the part of any other person, whether or not it shall have express or other notice thereof, except as otherwise expressly provided by law.

Section 3 - Record Date

a) The Directors may fix in advance a date, which must not be more than 60 days permitted by the preceding the date of a meeting of shareholders or a class of shareholders, or of the payment of a dividend or of the proposed taking of any other proper action requiring the determination of shareholders as the record date for the determination of the shareholders entitled to notice of, or to attend and vote at, a meeting and an adjournment of the meeting, or entitled to receive payment of a dividend or for any other proper purpose and, in such case, notwithstanding anything in these Bylaws, only shareholders of records on the date so fixed will be deemed to be the shareholders for the purposes of this Bylaw.

b) Where no record date is so fixed for the determination of shareholders as provided in the preceding Bylaw, the date on which the notice is mailed or on which the resolution declaring the dividend is adopted, as the case may be, is the record date for such determination.

Section 4 - Fractional Shares Notwithstanding anything else in these Bylaws, the Corporation, if the Directors so resolve, will not be required to issue fractional shares in connection with an amalgamation, consolidation, exchange or conversion. At the discretion of the Directors, fractional interests in shares may be rounded to the nearest whole number, with fractions of 1/2 being rounded to the next highest whole number, or may be purchased for cancellation by the Corporation for such consideration as the Directors determine. The Directors may determine the manner in which fractional interests in shares are to be transferred and delivered to the Corporation in exchange for consideration and a determination so made is binding upon all shareholders of the Corporation. In case shareholders having fractional interests in shares fail to deliver them to the Corporation in accordance with a determination made by the Directors, the Corporation may deposit with the Corporation's Registrar and Transfer Agent a sum sufficient to pay the consideration payable by the Corporation for the fractional interests in shares, such deposit to be set aside in trust for such shareholders. Such setting aside is deemed to be payment to such shareholders for the fractional interests in shares not so delivered which will thereupon not be considered as outstanding and such shareholders will not be considered to be shareholders of the Corporation with respect thereto and will have no right except to receive payment of the money so set aside and deposited upon delivery of the certificates for the shares held prior to the amalgamation, consolidation, exchange or conversion which result in fractional interests in shares.

ARTICLE VI: DIVIDENDS

a) Dividends may be declared and paid out of any funds available therefor, as often, in such amounts, and at such time or times as the Board of Directors may determine and shares may be issued pro rata and without consideration to the Corporation's shareholders or to the shareholders of one or more classes or series.

b) Shares of one class or series may not be issued as a share dividend to shareholders of another class or series unless such issuance is in accordance with the Articles of Incorporation and: (i) a majority of the current shareholders of the class or series to be issued approve the issue; or (ii) there are no outstanding shares of the class or series of shares that are authorized to be issued as a dividend.

ARTICLE VII: BORROWING POWERS

a) The Directors may from time to time on behalf of the Corporation:

(i) borrow money in such manner and amount, on such security, from such sources and upon such terms and conditions as they think fit,

(ii) issue bonds, debentures and other debt obligations either outright or as security for liability or obligation of the Corporation or another person, and 29

(iii) mortgage, charge, whether by way of specific or floating charge, and give other security on the undertaking, or on the whole or a part of the property and assets of the Corporation (both present and future).

b) A bond, debenture or other debt obligation of the Corporation may be issued at a discount, premium or otherwise, and with a special privilege as to redemption, surrender, drawing, allotment of or conversion into or exchange for shares or other securities, attending and voting at shareholder meetings

of the Corporation, appointment of Directors or otherwise, and may by its terms be assignable free from equities between the Corporation and the person to whom it was issued or a subsequent holder thereof, all as the Directors may determine.

ARTICLE VIII: FISCAL YEAR The fiscal year end of the Corporation shall be fixed, and shall be subject to change, by the Board of Directors from time to time, subject to applicable law.

ARTICLE IX: CORPORATE SEAL The corporate seal, if any, shall be in such form as shall be prescribed and altered, from time to time, by the Board of Directors. The use of a seal or stamp by the Corporation on corporate documents is not necessary and the lack thereof shall not in any way affect the legality of a corporate document.

ARTICLE X: AMENDMENTS

Section 2 - By Directors The Board of Directors shall have the power to make, adopt, alter, amend and repeal, from time to time, Bylaws of the Corporation.

ARTICLE XI: DISCLOSURE OF INTEREST OF DIRECTORS

- a) A Director who is, in any way, directly or indirectly interested in an existing or proposed contract or transaction with the Corporation or who holds an office or possesses property whereby, directly or indirectly, a duty or interest might be created to conflict with his or her duty or interest as a Director, shall declare the nature and extent of his or her interest in such contract or transaction or of the conflict with his or her duty and interest as a Director, as the case may be.
- b) A Director shall not vote in respect of a contract or transaction with the Corporation in which he is interested and if he does so his or her vote will not be counted, but he will be counted in the quorum present at the meeting at which the vote is taken.  - (ii) a contract or transaction made or to be made with or for the benefit of a holding corporation or a subsidiary corporation of which a Director is a director or officer;
 - (iii) a contract by a Director to subscribe for or underwrite shares or debentures to be issued by the Corporation or a subsidiary of the Corporation, or a contract, arrangement or transaction in which a Director is directly or indirectly interested if all the other Directors are also directly or indirectly interested in the contract, arrangement or transaction;
 - (iv) determining the remuneration of the Directors;
 - (v) purchasing and maintaining insurance to cover Directors against liability incurred by them as Directors; or
 - (vi) the indemnification of a Director by the Corporation.

c) A Director may hold an office or place of profit with the Corporation (other than the office of Auditor of the Corporation) in conjunction with his or her office of Director for the period and on the terms (as to remuneration or otherwise) as the Directors may determine. No Director or intended Director will be disqualified by his or her office from contracting with the Corporation either with regard to the tenure of any such other office or place of profit, or as vendor, purchaser or otherwise, and, no contract or transaction entered into by or on behalf of the Corporation in which a Director is interested is liable to be voided by reason thereof.

d) A Director or his or her firm may act in a professional capacity for the Corporation (except as Auditor of the Corporation), and he or his or her firm is entitled to remuneration for professional services as if he were not a Director.

e) A Director may be or become a director or other officer or employee of, or otherwise interested in, a corporation or firm in which the Corporation may be interested as a shareholder or otherwise, and the Director is not accountable to the Corporation for remuneration or other benefits received by him as director, officer or employee of, or from his or her interest in, the other corporation or firm, unless the shareholders otherwise direct.

ARTICLE XII: ANNUAL LIST OF OFFICERS, DIRECTORS AND REGISTERED AGENT 31 The Corporation shall, within sixty days after the filing of its Articles of Incorporation with the Secretary of State, and annually thereafter on or before the last day of the month in which the anniversary date of incorporation occurs each year, file with the Secretary of State a list of its president, secretary and treasurer and all of its Directors, along with the post office box or street address, either residence or business, and a designation of its resident agent in the state of New York. Resolución N° 21936

Ref. Expediente N° SD2022/0073981

"Por la cual se concede un registro"

LA DIRECTORA DE SIGNOS DISTINTIVOS (E)

En ejercicio de sus facultades legales, en particular las conferidas por el Decreto 4886 de 2011, y

CONSIDERANDO

Que por solicitud presentada el 22 de julio de 2022, GMS-GREEN MIND SOLUTIONS SAS solicitó el registro de la Marca GMSACHA INCHI (Mixta) para distinguir los siguientes productos de la clasificación internacional de Niza comprendidos en la clase:

32: Aguas [bebidas]; aguas minerales [bebidas]; batidos [bebidas de fruta, en las que predomina la fruta]; bebidas a base de frutas; bebidas con sabor a frutas; bebidas de guaraná; bebidas sin alcohol que contienen jugos vegetales; bebidas sin alcohol que contienen zumos vegetales; jugos vegetales [bebidas]; zumos vegetales [bebidas]; bebidas a base de semillas que no sean sucedáneos de la leche.

Que el signo solicitado fue publicado en la Gaceta de la Propiedad Industrial No. 969, sin que se presentaran oposiciones por parte de terceros.

Que atendiendo las disposiciones establecidas en la Decisión 486 de la Comunidad Andina, encuentra la Dirección que de conformidad con el artículo 150 de aquella, es deber de la oficina realizar el examen de registrabilidad de un signo teniendo en cuenta todas y cada una de las causales de irreregistrabilidad determinadas por los artículos 135 a 137 de la mencionada Decisión, que permitan a la Oficina Nacional Competente pronunciarse sobre la concesión o denegación del registro. Sobre este particular, ha expuesto el Tribunal de Justicia de la Comunidad Andina lo siguiente:

"El artículo 150 de la Decisión 486 dispone que vencidos los 30 días otorgados por el artículo 148 si no se hubiesen presentado oposiciones, la oficina nacional competente procederá a realizar el examen de registrabilidad, de donde resulta que el mismo es obligatorio y debe llevarse a cabo aún en el caso de que no se hubieran presentado oposiciones y, en consecuencia, la oficina nacional competente en ningún caso queda eximida de realizar el examen de fondo para conceder o negar el registro. En el caso de que se hayan presentado oposiciones, la oficina nacional competente se pronunciará sobre las oposiciones y sobre la concesión o denegatoria del registro de la marca."

De esta manera, el Tribunal ha establecido cuatro características del examen de registrabilidad a realizarse por la Oficina Nacional Competente, a saber: i) debe ser realizado de oficio; ii) es integral; iii) debe plasmarse en una resolución motivada y iv) es autónomo.² Sobre la realización de oficio del examen y su integralidad, el Tribunal ha manifestado lo siguiente:

1. *El examen de registrabilidad se realiza de oficio. La Oficina Nacional Competente debe realizar el examen de registrabilidad así no se hubieren presentado oposiciones, o no hubiere solicitud expresa de un tercero.*

1 Tribunal de Justicia de la Comunidad Andina. Proceso 16-IP-2003

2 Tribunal de Justicia de la Comunidad Andina. Proceso 85-IP-2013

Resolución N° 21936

Ref. Expediente N° SD2022/0073981

2. *El examen de registrabilidad es integral. La Oficina Nacional Competente al analizar si un signo puede ser registrado como marca debe revisar si cumple con todos los requisitos de artículo 134 de la Decisión 486, y luego determinar si el signo solicitado encaja o no dentro de alguna de las causales de irreregistrabilidad consagradas en los artículos 135 y 136 de la misma norma. (...)*³

Capacidad del signo para constituir marca

De conformidad con el artículo 134 de la Decisión 486 de la Comunidad Andina, puede constituir marca cualquier signo que resulte apto para distinguir productos o servicios en el mercado y que a su vez sea susceptible de representación gráfica.

Según dicha disposición pueden constituir marca las palabras o combinaciones de palabras; las imágenes, figuras, símbolos, gráficos, logotipos, monogramas, retratos, etiquetas, emblemas y escudos; los sonidos y los olores; las letras y los números; un color delimitado por una forma, o una combinación de colores; la forma de los productos, sus envases o envolturas, así como cualquier combinación de estos signos o medios.

Causales de irreregistrabilidad

La Decisión 486 de la Comisión de la Comunidad Andina contempla en sus artículos 135 y 136 dos conjuntos de disposiciones tendientes a prohibir el registro como marca de aquellos signos que se encuadren en los supuestos de hecho allí previstos.

Se le conoce al primer grupo de prohibiciones contenidas en el artículo 135 como causales absolutas de irreregistrabilidad de los signos dado que, o no pueden ser marca o el legislador considera que no pueden ser apropiados en exclusiva. Por su parte, al grupo de causales contenidas en el artículo 136 se les conoce como causales relativas, en la medida en que pudiendo el signo constituir marca, su apropiación afectaría derechos adquiridos por terceros.

Si luego de realizado el examen de registrabilidad por la Oficina Nacional Competente, esta determinare que el signo solicitado para registro como marca se encuentra incurso en alguna de las causales de irreregistrabilidad de los artículos 135 o 136 mencionados, denegará el registro. En caso contrario la Oficina Nacional Competente deberá conceder el registro.

Aunado a lo anterior, la Decisión 486 ha establecido en su artículo 137 la posibilidad para la Oficina Nacional Competente de denegar el registro del signo, en caso de que, únicamente con base en indicios razonables, pueda inferir que este fue solicitado con la finalidad de perpetrar, facilitar o consolidar un acto de competencia desleal.

De otra parte, el artículo 15 de la Decisión 876 de la Comunidad Andina contempla "Régimen Común sobre Marca País", estableció que la Oficina Nacional Competente denegará, de oficio o a petición de parte, el registro de cualquier signo distintivo que sea idéntico o similar a una marca país protegida, a menos que la solicitud de registro sea realizada por el mismo titular, por quien ejerza los derechos de la marca país o por cualquier persona expresamente autorizada. En consecuencia, la Oficina Nacional Competente consultará las marcas país comunicadas en el marco de la Decisión 876 de 2021 y las tendrá en cuenta al adoptar decisiones sobre el registro de signos distintivos.

Registrabilidad del signo solicitado

³ Tribunal de Justicia de la Comunidad Andina. Proceso 180-IP-2006.

Resolución N° 21936

Ref. Expediente N° SD2022/0073981

Esta Dirección ha procedido a realizar el examen de registrabilidad del signo GMSACHA INCHI (Mixta), lo cual le ha permitido concluir lo siguiente.

En primer lugar, debe indicarse que el signo GMSACHA INCHI (Mixta) constituye marca conforme a lo establecido en el artículo 134 de la Decisión 486. En este mismo sentido, el signo solicitado para registro no se encuentra incurso en ninguna de las causales de irregistrabilidad del artículo 135 de dicha decisión.

Por su parte, revisado el Registro Público de la Propiedad Industrial, y adicionalmente al no haberse presentado oposiciones fundamentadas que pudieran desvirtuar el registro de la marca, se concluye que el signo solicitado para registro no se encuentra incurso en ninguna de las causales de irregistrabilidad del artículo 136 de la mencionada norma comunitaria andina.
