CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.
2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)
3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)
4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.
5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)
6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as social benefits.
7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when available. Data on this table will be superseded by updated estimates. Regional estimates were controlled to the annual update to the National accounts released [August 26, 2021](#).

CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.
2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)
3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)
4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.
5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)
6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as social benefits.
7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when available. Data on this table will be superseded by updated estimates. Regional estimates were controlled to the annual update to the National accounts released [August 26, 2021](#).

CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.
2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)
3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)
4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.
5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)
6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as social benefits.
7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when available. Data on this table will be superseded by updated estimates. Regional estimates were controlled to the annual update to the National accounts released [August 26, 2021](#).

CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.
2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)
3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)
4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.
5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)
6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as social benefits.
7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when available. Data on this table will be superseded by updated estimates. Regional estimates were controlled to the annual update to the National accounts released [August 26, 2021](#).

CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.
2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)
3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)
4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.
5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)
6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as social benefits.
7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when available. Data on this table will be superseded by updated estimates. Regional estimates were controlled to the annual update to the National accounts released [August 26, 2021](#).

CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.
2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)
3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)
4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.
5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)
6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as social benefits.
7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when available. Data on this table will be superseded by updated estimates. Regional estimates were controlled to the annual update to the National accounts released [August 26, 2021](#).

CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.
2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)
3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)
4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.
5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)
6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as social benefits.
7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when available. Data on this table will be superseded by updated estimates. Regional estimates were controlled to the annual update to the National accounts released [August 26, 2021](#).

CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.
2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)
3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)
4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.
5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)
6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as social benefits.
7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when available. Data on this table will be superseded by updated estimates. CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.
2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)
3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)
4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.
5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)
6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as social benefits.
7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when available. Data on this table will be superseded by updated estimates. Regional estimates were controlled to the annual update to the National accounts released [August 26, 2021](#).

CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.
2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)
3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)
4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.
5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)
6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as social benefits.
7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when available. Data on this table will be superseded by updated estimates. Regional estimates were controlled to the annual update to the National accounts released [August 26, 2021](#).

CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.
2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)
3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)
4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.
5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)
6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as social benefits.
7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when available. Data on this table will be superseded by updated estimates. Regional estimates were controlled to the annual update to the National accounts released [August 26, 2021](#).

CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.

2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)

3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)

4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.

5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)

6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as social benefits.

7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when available. Data on this table will be superseded by updated estimates. Regional estimates were controlled to the annual update to the National accounts released [August 26, 2021](#).

CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.
2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)
3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)
4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.
5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)
6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as social benefits.
7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when available. Data on this table will be superseded by updated estimates. Regional estimates were controlled to the annual update to the National accounts released [August 26, 2021](#).

CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.
2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)
3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)
4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.
5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)
6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as social benefits.
7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when available. Data on this table will be superseded by updated estimates. Regional estimates were controlled to the annual update to the National accounts released [August 26, 2021](#).

CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.
2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)
3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)
4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.
5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)
6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as social benefits.
7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when available. Data on this table will be superseded by updated estimates. Regional estimates were controlled to the annual update to the National accounts released [August 26, 2021](#).

CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.
2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)
3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)
4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.
5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)
6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as social benefits.
7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when available. Data on this table will be superseded by updated estimates. Regional estimates were controlled to the annual update to the National accounts released [August 26, 2021](#).

CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.
2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)
3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)
4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.
5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)
6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as social benefits.
7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when available. Data on this table will be superseded by updated estimates. Regional estimates were controlled to the annual update to the National accounts released [August 26, 2021](#).

CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.
2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)
3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)
4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.
5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)
6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as social benefits.
7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when available. Data on this table will be superseded by updated estimates. Regional estimates were controlled to the annual update to the National accounts released [August 26, 2021](#).

CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.
2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)
3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)
4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.
5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)
6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as social benefits.
7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when available. Data on this table will be superseded by updated estimates. Regional estimates were controlled to the annual update to the National accounts released [August 26, 2021](#).

CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.
2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)
3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)
4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.
5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)
6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as social benefits.
7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when available. Data on this table will be superseded by updated estimates. Regional estimates were controlled to the annual update to the National accounts released [August 26, 2021](#).

CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.
2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)
3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)
4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.
5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)
6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as social benefits.
7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when available. Data on this table will be superseded by updated estimates. Regional estimates were controlled to the annual update to the National accounts released [August 26, 2021](#).

CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

(L) Less than \$50,000.

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.

2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)

3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)

4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.

5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)

6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures

7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when t

Data on this table will be superseded by updated estimates. Regional estimates were controlled to the annual update to the National accounts released [August 26, 2021](#).

CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.
2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)
3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)
4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.
5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)
6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as social benefits.
7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when available. Data on this table will be superseded by updated estimates. Regional estimates were controlled to the annual update to the National accounts released [August 26, 2021](#).

CARES -Coronavirus Aid, Relief, and Economic Security

NPISH -Nonprofit institutions serving households

1. A two percent reduction in reimbursements paid to Medicare service providers that went into effect in 2013 was initially suspended by the CARES Act. The resulting increased reimbursement rates went into effect beginning on May 1, 2020.
2. Unemployment insurance benefits were expanded through several programs that were initially established through the CARES Act. For more information, see [How will the expansion of unemployment benefits in response to the COVID-19 pandemic be recorded in the NIPAs?](#)
3. Economic impact payments, initially established by the CARES Act, provide direct payments to individuals. For more information, see [How are federal economic impact payments to support individuals during the COVID-19 pandemic recorded in the NIPAs?](#)
4. The Federal Emergency Management Agency (FEMA) was authorized to make payments from the Disaster Relief Fund to supplement wages lost as a result of the COVID-19 pandemic.
5. The Paycheck Protection Program, initially established by the CARES Act, provides forgivable loans to help small businesses and nonprofit institutions make payroll and cover other expenses. It also provides funding to reimburse private lending institutions for the costs of administering these loans. For more information, see [How does the Paycheck Protection Program impact the national income and product accounts \(NIPAs\)?](#)
6. The Department of Health and Human Services distributes money from the Provider Relief Fund to hospitals and health care providers on the front lines of the coronavirus response. This funding supports health care-related expenses or lost revenue attributable to COVID-19 and ensures uninsured Americans can get treatment for COVID-19. In the NIPAs, funds provided to nonprofit hospitals are recorded as social benefits.
7. The Coronavirus Food Assistance Program, initially established by the CARES Act, provides direct support to farmers and ranchers where prices and market supply chains have been impacted by the COVID-19 pandemic.

Note: BEA state per capita personal income statistics are calculated using unpublished Census Bureau midquarter population estimates. These midquarter estimates are based on the 2010 census. BEA will incorporate Census Bureau population estimates based on the 2020 census results when available. Data on this table will be superseded by updated estimates. Regional estimates were controlled to the annual update to the National accounts released [August 26, 2021](#).
