The Pactola Reservoir—Rapid Creek subwatershed boundary described within this land description was derived from GIS and used for convenience in computing acreage. This subwatershed is also known as Hydrological Unit Code (HUC) 101201100110. This land description intends to include all public lands administered by the USFS within this subwatershed. The actual boundary is intended to be the location of said subwatershed as it exists on the ground.

The areas described aggregate approximately 20,574 acres.

The purpose for the withdrawal requested by the USFS is to protect the cultural and natural resources of the Pactola Reservoir—Rapid Creek Watershed, including municipal water for Rapid City and Ellsworth Air Force Base, from the adverse impacts of minerals exploration and development.

The use of a right-of-way, interagency agreement, or cooperative agreement would not provide adequate protection of cultural and natural resources.

No additional water rights will be needed to fulfill the purpose of the requested withdrawal.

There are no suitable alternative sites, as the described lands contain the resource values that need protection.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Notice is hereby given that the USFS and the BLM will hold a joint public meeting in connection with the withdrawal application on Wednesday, April 26, 2023, from 4–8 p.m. MT, at the Best Western Ramkota Hotel, Conference Hall, 2111 N. LaCrosse St., Rapid City, SD 57701. The USFS will publish a notice of the time and place in a local newspaper at least 30 days before the scheduled date of the meeting. During the 90-day comment period, the BLM and USFS will hold additional meetings in other areas of the State, notices of which will be provided

in local newspapers or on agency websites.

For a period until March 21, 2025, the NFS lands described earlier will be segregated from settlement, sale, location, or entry under the public land laws, location and entry under the United States mining laws, and leasing under the mineral and geothermal leasing laws, subject to valid existing rights, unless the application is denied or canceled, or the withdrawal is approved prior to that date.

Licenses, permits, cooperative agreements, or discretionary land use authorizations of a temporary nature may be allowed with the approval of the authorized officer of the USFS during the temporary segregation period if they would comply with applicable USFS land use plans for public lands and NFS lands located within the requested withdrawal boundary.

The application will be processed in accordance with the regulations set forth in 43 CFR part 2300.

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice; amendment.

**SUMMARY:** In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the California Department of Parks and Recreation has amended a Notice of Intent to Repatriate published in the **Federal Register** on December 24, 2002. **DATES:** Repatriation of the cultural items in this notice may occur on or after April 20, 2023.

**ADDRESSES:** Dr. Leslie L. Hartzell, NAGPRA Coordinator, California Department of Parks and Recreation, P.O. Box 942896, Sacramento, CA 94296–0001, telephone (916) 653–5910, email [Leslie.Hartzell@parks.ca.gov](mailto:Leslie.Hartzell@parks.ca.gov).

**SUPPLEMENTARY INFORMATION:** This notice is published as part of the

National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the California Department of Parks and Recreation. The National Park Service is not responsible for the determinations in this notice. #### Amendment

This notice amends the determinations published in a Notice of Intent to Repatriate in the **Federal Register** (67 FR 78508, December 24, 2002). Repatriation of the items in the original Notice of Intent to Repatriate has not occurred. After the original notice was published, a request for the repatriation of the sacred objects listed in the notice was made by an individual claiming to be the direct lineal descendant of the individual who owned the sacred objects, and a preponderance of evidence supports this request.

#### Determinations (as Amended)

Pursuant to NAGPRA and its implementing regulations, and after consultation with the appropriate Indian Tribes and Native Hawaiian organizations, the California Department of Parks and Recreation has determined that:

- The 59 cultural items are specific ceremonial objects needed by traditional Native American religious leaders for the practice of traditional Native American religions by their present-day adherents.
- There is a relationship of shared group identity that can be reasonably traced between the cultural items in this notice and Robert Geary, a lineal descendant.

#### Requests for Repatriation

Additional, written requests for repatriation of the cultural items in this notice must be sent to the Responsible Official identified in **ADDRESSES**. Requests for repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural items in this notice to a requestor may occur on or after April 20, 2023. If competing

requests for repatriation are received, the California Department of Parks and Recreation must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the cultural items are considered a single request and not competing requests. The California Department of Parks and Recreation is responsible for sending a copy of this notice to the lineal descendant identified in this notice.
